All appraisements are under the control of the board, which may approve or disapprove of the same, in whole or in part, and may, at any time, direct a re-appraisement or new appraisement to be made. Upon receiving such annual rental, the Register shall immediately transmit the same to the State Treasurer and take his receipt therefor in duplicate, filing one receipt with the State Auditor and preserving the other in the office of the State Board of Land Commissioners. If stone, coal, coal oil, gas, or other mineral or precious metals be found upon the State land, such land may be leased for the purpose of obtaining therefrom the stone, coal, coal oil, gas, or other mineral, or precious metals, for such length of time, and conditioned upon the payment to the board of such royalty upon the product, as the State Board of Land Commissioners may determine.

If, by any mistake or error, any money has been, or shall hereafter be, paid on account of any sale or lease of State lands, or if any land or timber shall have been, or shall hereafter be, sold by the State, or lease executed, which land or timber shall have been, or shall hereafter be, by a court or tribunal of competent jurisdiction, adjudged to belong to another than the State of Idaho, at the date of such sale or the execution of such lease, a claim shall be presented to the State Board of Examiners, and, if authorized by them, the Auditor shall draw a warrant in favor of the party paying said money, and the State Treasurer shall pay the same out of the fund into which such money was deposited or placed. If through any fraud, deceit or misrepresentation, any party or parties shall procure the issuing of any lease for State lands the board shall have the authority to cancel such lease.

Historical: Laws 1905, 131, Sec. 16.

Same: Bond of Lessee: Cutting Timber.

sales when, in their judgment, there has been fraud or collusion, or for any other reason, which in the judgment of said board justifies the rejection of said bids. If the amount of the annual rental bid be not paid forthwith by the highest bidder, together with the expenses of such sale, if the board shall require the same to be paid as hereinbefore provided, said lease may be immediately re-offered again in the same manner at public auction.

If any land be sold on which surface improvements have been made by a lessee, said improvements shall be appraised under the direction of the State Board of Land Commissioners. When lands on which improvements have been made, as above, are sold, the purchaser, if other than the owner of said improvements shall pay the appraised value of said improvements to the owner thereof, taking a receipt therefor, and shall deposit such receipt with the State Board of Land Commissioners before he shall be entitled to a certificate of purchase or patent of said land. When, in the judgment of the board, a bond by a purchaser of State lands is necessary, the State board shall require such purchaser to give a bond, upon such conditions as the board may determine. Whenever a purchaser of any State land shall have complied with all the conditions of the sale, and paid all purchase money with the lawful interest thereon, he shall receive a deed for the land purchased; such deed shall be signed by the Governor, and countersigned by the Register, and attested with the seal of the State Board of Land Commissioners, and said deed shall operate to convey to the purchaser a good and sufficient title in fee simple. due, and that unless such amount be paid within sixty days after the date of mailing such letter and notice, the board will declare all rights of the purchaser in and to said land forfeited and the certificate and contract relating thereto annulled. After the expiration of said period of sixty days, the State Board of Land Commissioners shall declare such forfeiture, and shall annul said contract and certificate. Proposals to Construct Irrigation Works.

Sec. 1615. Any person, company of persons, association or incorporated company, constructing, having constructed or desiring to construct, ditches, canals or other irrigation works to reclaim land under the provisions of this chapter, shall file with the board a request for the selection, on behalf of the State, by the board, of the land to be reclaimed, designating said land by legal subdivisions. This request shall be accompanied by a proposal to construct the ditch, canal or other irrigation works necessary for the complete reclamation of the land asked to be selected. The proposal shall be prepared in accordance with the rules of the board and with the regulations of the Department of the Interior; and shall be accompanied by the certificate of the State Engineer that application for permit to appropriate water has been filed in his office, together with the State Engineer's report thereon. It shall state the source of water supply, the location and dimensions of the proposed works, the estimated cost thereof, the price and terms per acre at which perpetual water rights will be sold to settlers on the land to be reclaimed, said perpetual rights to embrace a proportionate interest in the canal or other irrigation works, together with all the rights and franchises attached thereto. In the case of incorporated companies it shall state the name of the company, the purpose of its incorporation, the names and places of residence of its directors and officers, the amount of its authorized and of its paid up capital. If the applicant is not an incorporated company, the proposal shall set forth the name or names of the party or parties, and such other facts as will enable the board to determine his or their financial ability to carry out the proposed undertaking.

Sec. 1616. A certified check for a sum not less than two hundred and fifty dollars, not more than two thousand five hundred dollars, as may be determined by the rules of the board, shall accompany each request and proposal, the same to be held as a guarantee of the execution of the contract with the State, in accordance with its terms, by the party submitting such proposal, in case of the approval of the same and the selection of the land by the board, and to be forfeited to the State in case of failure of said parties to enter into

a contract with the State in accordance with the provisions of this chapter.

This application for a permit shall be of a form prescribed by the State Engineer and shall be accompanied by two copies of a map of the land to be selected, and it shall show accurately the location and dimensions of the proposed irrigation works. Submission of Proposal to State Engineer.

Sec. 1618. Immediately upon the receipt of any request and proposal, as designated in Section 1615, it shall be the duty of the Register to examine the same and ascertain if it complies with the rules of the board and the regulations of the Department of the Interior. If it does not, it is to be returned for correction; but, if it does so comply, it shall be submitted to the State Engineer, who shall examine the same and make a written report to the board, stating whether or not the proposed works are feasible; whether the proposed diversion of the public waters of the State will prove beneficial to the public interest; whether there is sufficient unappropriated water in the source of supply; and whether or not a permit to divert and appropriate water through the proposed works has been approved by him; whether the capacity of the proposed works is adequate to reclaim the land described; whether or not the proposed cost of construction is reasonable; and whether or not the maps filed in his office comply with the requirements of said office and the regulations of the Department of the Interior; also whether or not the lands proposed to be irrigated are desert in character and such as may properly be set apart under the provisions of the aforesaid act of Congress and the rules and regulations of the Department of the Interior thereunder. Whenever the State Engineer shall be unable from an examination of the maps and field notes submitted for his examination, to determine whether or not the proposed irrigation works are feasible and adequate, whether or not the proposed cost of construction is reasonable, or whether or not the proposed diversion of the public water would be beneficial to the public interest, and whether or not the lands proposed to be irrigated are of such a character as to come under the provisions of the aforesaid act of Congress, it shall be his duty to make, or cause to be made

by some qualified assistant, such survey or examination as will enable him to report intelligently thereon to the board.

Historical: Laws 1899, 282, Ch. 2, Sec. 9; re-enacting Laws 1895, 215, Ch. 2, Sec. 9. "Register" inserted for "secretary," to conform to Laws 1905, 131, Sec. 30.

Comparative Legislation: See Rev. Stat. Wyoming, 1899, Sec. 943.

Approval of Application by Board.

Sec. 1619. On receipt of the report of the State Engineer the Register shall place the request and proposal with the Engineer's report thereon before the board for its consideration. In case of approval the board shall instruct the Register to file in the local land office a request for the withdrawal of the land described in said proposal. No request on which the State Engineer has reported adversely, either as to the water supply, the feasibility of the construction, the cost or capacity of the works, or as to the character of the lands sought to be irrigated, shall be approved by the board.

Historical: Laws 1899, 282, Ch. 2, Sec. 10; re-enacting Laws 1895, 215, Ch. 2, Sec. 10. "Register" inserted for "secretary," to conform to Laws 1905, 131, Sec. 30.

Adverse Report by Engineer.

Sec. 1620. In case the State Engineer shall report adversely upon the proposed irrigation works, or where requests and proposals are not approved by the board, the said board shall notify the parties making such proposal of such action and the reasons therefor. The parties so notified shall have sixty days in which to submit a satisfactory proposal; but the board may, at its discretion, extend the time to six months.

Historical: Laws 1899, 282, Ch. 2, Sec. 11; re-enacting Laws 1895, 215, Ch. 2, Sec. 11. "The said board" inserted before "shall notify," to complete the sense.

Comparative Legislation: See Rev. Stat. Wyoming, 1899, Sec. 945.

Contract With Proposed Contractor.

Sec. 1621. Upon the withdrawal of the land by the Department of the Interior, it shall be the duty of the board to enter into a contract with the parties submitting the proposal, which contract shall contain complete specifications of the location, dimensions, character and estimated cost of the proposed ditch, canal or other irrigation works; the price and terms per acre at which such works and perpetual water rights shall be sold to settlers; and the price and terms upon which the State is to dispose of the lands to settlers. This contract shall not be entered into on the part of the State until the withdrawal of the lands by the Department of the Interior and the filing of a satisfactory bond on the part of the proposed contractor for irrigation works, which bond shall be in a penal sum equal to five per cent of the estimated cost of the works, and shall be conditioned for the faithful performance of the provisions of the contract with the State.

Historical: Laws 1899, 282, Ch. 2, Sec. 12; re-enacting Laws 1895, 215, Ch. 2, Sec. 12.

Comparative Legislation: See Rev. Stat. Wyoming, 1899, Sec. 946.

Same: Limitations on Terms.

Sec. 1622. No contract shall be made by the board which requires a greater time than five years for the construction of the works, and all contracts shall state that the work shall begin within six months from date of contract; that at least one-tenth of the construction work shall be completed within two years from the date of said contract; that construction shall be prosecuted diligently and continuously to completion, and that a cessation of work under the contract with the State for a period of six months after the second year, without the sanction of the board, will forfeit to the State, all rights under said contract.

Comparative Legislation: See Rev. Stat. Wyoming, 1899, Sec. 947.

Forfeiture of Contract for Contractor's Default.

Sec. 1623. Upon the failure of any parties, having contracts with the State for the construction of irrigation works, to begin the same within the time specified by the contract, or to complete the same within the time or in accordance with the specifications of the contract with the State, to the satisfaction of the State Engineer, it shall be the duty of the Register to give such parties written notice of such failure; and, if after a period of sixty days from the sending of such notice, they shall have failed to proceed with the work or to conform to the specifications of their contract with the State, the bond and contract of such parties and all works constructed thereunder shall be at once and thereby forfeited to the State; and it shall be the duty of the board at once so to declare and to give notice once each week, for a period of four weeks, in some newspaper of general circulation in the county in which the work is situated, and in one newspaper at the State capital in like manner and for a like period, of the forfeiture of said contract, and that upon a fixed day proposals will be received at the office of the board in the Capitol at Boise City for the purchase of the incompleated works and for the completion of said contract, the time for receiving said bids to be at least sixty days subsequent to the issuing of the last notice of forfeiture. The money received by the board from the sale of partially completed works under the provisions of this section shall first be applied to the expenses incurred by the State in their forfeiture and disposal, and to satisfying the bond; and the surplus, if any exists, shall be paid to the original contractors with the State.

Historical: Laws 1899, 282, Ch. 2, Sec. 14; re-enacting Laws 1895, 215, Ch. 2, Sec. 14. "Register" inserted for "secretary," to conform to Laws 1905, 131, Sec. 30.

Comparative Legislation: See Rev. Stat. Wyoming, 1899, Sec. 948.

State Not to Be Responsible for Work.

Sec. 1624. Nothing in this chapter shall be construed as authorizing the board to obligate the State to pay for any work constructed under any contract, or to hold the State in any way responsible to settlers for the failure of contractors to complete the work according to the terms of their contracts with the State.

Historical: Laws 1899, 282, Ch. 2, Sec. 15; re-enacting Laws 1895, 215, Ch. 2, Sec. 15.

Comparative Legislation: See Rev. Stat. Wyoming, 1899, Sec. 949.

Publication of Notice of Opening.

Sec. 1625. Immediately upon the withdrawal of any land for the State by the Department of the Interior, and the inauguration of work by the contractor, it shall be the duty of the board, by publication once each week in some newspaper of the county in which said lands are situated, and one newspaper at the State Capital, for a period of four weeks, to give notice that said land, or any part thereof as the board in its discretion may deem is for the best interest of the State, is open for settlement, the price for which said land will be sold to settlers by the State and the contract price at which settlers can purchase water rights or shares in such works.

Comparative Legislation: See Rev. St. Wyoming, 1899, Sec. 950.

Application to Enter Land.

Sec. 1626. Any citizen of the United States, or any person having declared his intention to become a citizen of the United States (excepting married women) over the age of twenty-one years, may make application, under oath, to the board, to enter any of said land in an amount not to exceed one hundred and sixty acres for any one person; and such application shall set forth that the person desiring to make such entry does so for the purpose of actual reclamation, cultivation and settlement in accordance with the Act of Congress and the laws of this State relating thereto, and that the applicant has never received the benefit of the provisions of this chapter to an amount greater than one hundred and sixty acres, including the number of acres specified in the application under consideration. Such application must be accompanied by a certified copy of a contract for a perpetual water right, made and entered into by the party making application with the person, company or association who has been authorized by the board to furnish water for the reclamation of said lands; and, if said applicant has at any previous time entered lands under the provisions of this chapter he shall so state in his application, together with description, date of entry and location of said land. The board shall thereupon file in its office the application and papers relating thereto, and, if allowed, issue a certificate of location to the applicant. All applications for entry shall be accompanied by a payment of twenty-five cents per acre, which shall be paid as a partial payment on the land if the application is allowed; and all certificates when issued shall be recorded in a book to be kept for that purpose. If the application is not allowed, the twenty-five cents per acre accompanying it shall be refunded to the applicant. The board shall dispose of all lands accepted by the State under the provisions of this chapter at a uniform price of fifty cents per acre, half to be paid at the time of entry and the remainder at the time of making final proof by the settler.

Historical: Laws 1899, 282, Ch. 2, Sec. 17; re-enacting Laws 1895, 215, Ch. 2, Sec. 17.

Comparative Legislation: See Rev. St. Wyoming, 1899, Sec. 951.

Disposition of Proceeds of Sale.

Sec. 1627. As provided in the act of Congress all moneys received by the board from the sale of lands selected under the provisions of this chapter shall be deposited with the State Treasurer, and such sums as may be necessary shall be available for the payment of the expenses of the board and of the State Engineer's office incurred in carrying out the provisions of this chapter.

Such expenses shall be paid by the State Auditor in the manner provided by law, upon vouchers duly approved by the State Board of Examiners, for the work performed under the direction of the State Board of Land Commissioners, and by the State Engineer for all work performed by the State Engineer's office; and any balance remaining over and above the expense necessary to carry out the provisions of this chapter, shall constitute a trust fund in the hands of the State Treasurer to be used only for the reclamation of other arid lands.

Historical: Laws 1899, 282, Ch. 2, Sec. 18; re-enacting Laws 1895, 215, Ch. 2, Sec. 17. Inserting "under the direction of the State Board of Land Commissioners" for "its" before "direction." The word "its" was evidently a mistake as the work is not

performed under the direction of the Board of Examiners, but of the Land Board.

Comparative Legislation: See Rev. St. Wyoming, 1899, Sec. 952.

Proof of Reclamation by Settlers.

Sec. 1628. Within one year after any person, company or persons, association or incorporated company, authorized to construct irrigation works under the provisions of this chapter, shall have notified the settlers under such works that they are prepared to furnish water under the terms of their contract with the State, the said settler shall cultivate and reclaim not less than one-sixteenth part of the land filed upon, and within two years after the said notice the settler shall have actually irrigated and cultivated not less than one-eighth of the land filed upon, and within three years from the date of said notice the settler shall appear before the register of the State Board of Land Commissioners, a judge or clerk of any court of record within the State, or commissioners to be designated by the board, within the State, and make final proof of reclamation, settlement and occupation, which proof shall embrace evidence that he is the owner of shares in the works which entitled him to a water right for his entire tract of land sufficient in volume for the complete irrigation and reclamation thereof; that he has been an actual settler thereon and has cultivated and irrigated not less than one-eighth part of said tract; and such further proof, if any, as may be required by the regulations of the Department of the Interior and the Board. The officer taking this proof shall be entitled to receive a fee of two dollars, which fee shall be paid by the settler and shall be in addition to the price paid to the State for the land: *Provided*, That when the Register of the board takes final proof, all fees received by him shall be turned into the State Treasury. The commissioners appointed by the board are hereby authorized to administer oaths. All proofs so received shall be submitted by the Register to the Board, and shall be accompanied by the final payment for said land, and upon approval of the same by the board the settler shall be entitled to his patent. If

the land shall not be embraced in any patent theretofore issued to the State by the United States, the proofs shall be forwarded to the Secretary of the Interior, with the request that a patent to said lands be issued to the State.

When the works designed for the irrigation of lands under the provisions of this chapter shall be so far completed as to actually furnish an ample supply of water in a substantial ditch or canal to reclaim any particular tract or tracts of such lands, the State of Idaho shall, through the State Board of Land Commissioners, make proof of such fact, and shall apply for a patent to such lands in the manner provided in the regulations of the Department of the Interior.

Historical: Laws 1895, 215, Ch. 2, Sec. 19; re-enacting Laws 1899, 282, Ch. 2, Sec. 19; amended Laws 1901, 191, Sec. 7; amended Laws 1905, 95, Sec. 1. The words "Secretary or" appearing before "Register" in the proviso are omitted, as the office of

secretary is supplanted by that of Register under the 1905 law. See Laws 1905, 131, Sec. 30.

Comparative Legislation: See Rev. St. Wyoming, 1899, Sec. 953.

Water Contracts a Lien on Land: Foreclosures.

Sec. 1629. Upon the issuance of a patent to any lands by the United States to the State, notice shall be forwarded to the settler upon such land. It shall be the duty of the board, under the signature of the president attested by its Register, to issue a patent to said lands from the State to the settler.

The water rights to all lands acquired under the provisions of this chapter shall attach to and become appurtenant to the land as soon as title passes from the United States to the State. Any person, company or association, furnishing water for any tract of land shall have a first and prior lien on said water right and land upon which said water is used, for all deferred payments for said water right; said lien to be in all respects prior to any and all other liens created or attempted to be created by the owner and possessor of said land; said lien to remain in full force and effect until the last deferred payment for the water right is fully paid and satisfied according to the terms of the contract under which said water right was acquired. The contract for the water right upon which the aforesaid lien is founded shall be recorded in the office of the recorder of the county where said land is situate.

Upon default of any of the deferred payments secured by any lien under the provisions of this chapter, the person, company or persons, association or incorporated company, holding or owning said lien, may foreclose the same according to the terms and conditions of the contract granting and selling to the settler the water right. All sales shall be advertised in a newspaper of general circulation, published in the county where said land and water right is situate, for six consecutive weeks, and shall be sold to the highest bidder at the front door of the court house of the county, or such place as may be agreed upon by the terms of the aforesaid contract. And the sheriff of said county shall in all such cases give all notices of sale, and shall sell all such lands and water rights, and shall make and execute a certificate of sale to the purchaser thereof. And at such sale no person, company or persons, association or incorporated company, owning and holding any lien, shall bid in or purchase any land or water right at a greater price than the amount due on said deferred payment for said water

right and land, and the costs incurred in making the sale of said land and water right.

At any time within nine months after the foreclosure sale by the sheriff of the land and water rights aforesaid, the original owner against whom the lien has been foreclosed, may apply to the person, company of persons, association or incorporated company, purchasing at such sale, to redeem such land and water rights and the purchaser shall assign the certificate of sale of such land and water rights to such original owner, upon the payment by him within such nine months, of the amount of the lien for which the same was sold at such foreclosure sale, together with the interest, costs and fixed charges thereon.

Where the lien holder becomes the purchaser at such foreclosure sale, if such land and water rights are not redeemed by the original owner within nine months, then at any time within three months after the expiration of such nine months, any person desiring to settle upon and use such land and water rights, may apply to the purchaser at such foreclosure sale to redeem such land and water rights, and such purchaser shall assign the certificate of sale of such land and water rights to the person desiring to redeem the same, upon the payment by him, within such three months, of the amount of the lien for which the same was sold at such foreclosure sale, together with the interest, costs and fixed charges thereon.

Upon issuing any certificate of sale, it shall be the duty of the sheriff to file for record in the office of the recorder of the county where such land is situated, a certified copy of such certificate of sale; and, in case the original owner shall redeem the land and water rights sold as aforesaid, he shall file for record in the office of such recorder, the certificate of sale assigned to him by the purchaser as aforesaid, upon his redemption of such land and water rights. In case the land and water rights shall be redeemed by any person other than the original owner, the sheriff shall, upon presentation of such certificate, issue a deed for such land and water rights to the person so redeeming the same. If the land and water rights shall not be redeemed by any person within the times and in the manner hereinbefore provided, it shall be the duty of the sheriff, upon presentation of the certificate of sale by the original purchaser, to issue a deed to such purchaser. Where such land and water rights are not purchased by the lien holder at such foreclosure sale, it shall be the duty of the sheriff to first pay the lien holder out of the proceeds of such sale, the amount of the lien, together with all interest, costs and fixed charges thereon, and to pay any balance remaining to the person against whom such lien has been foreclosed, and for his services in such cases the sheriff shall receive the same fees as are provided by the law in civil cases.

Historical: Laws 1899, 282, Ch. 2, Sec. 20; re-enacting Laws 1895, 215, Ch. 2, Sec. 20. "Recorder" inserted throughout for "county clerk" to conform to local nomenclature.

Comparative Legislation: See Rev. St. Wyoming, 1899, Secs. 954 to 962 inclusive.

Rights of Way for Canals.

Sec. 1630. The maps in the office of the board of the lands selected under the provisions of this chapter, shall show the location of the canals or other irrigation works approved in the contract with the

board, and all lands filed upon shall be subject to the rights of way of such canals or irrigation works. Each right of way shall embrace the entire width of the canal and such additional width as may be required for its proper operation and maintenance, the width of right of way to be specified in the contracts provided for in this chapter.

Board to Prescribe Rules: Reports of Contractors.

Sec. 1631. The board shall provide suitable rules for the filing of proposals for constructing irrigation works, and for the entry of and payment for the land by settlers, and for the forfeiting of entry by settlers upon failure to comply with the provisions of this chapter. There shall be kept in the office of the board, for public inspection, copies of all maps, plats, contracts for the construction of irrigation works, and of the entries of lands by settlers. The board shall require from each person, company of persons, association or incorporated company engaged in the construction of irrigation works, under the provisions of this chapter, an annual report, to be submitted to the board on or before November 1st of each year. This report shall show the number of water rights sold, the number of users of water under said irrigation works, the legal subdivisions of land for which water is to be furnished, the names of the officers of the company, the acreage of land which the said irrigation works are prepared to supply with water, and such other data as the board sees fit to require. The rules required by this section may be waived in the case of irrigation works being constructed by a person, colony or association of persons to furnish water for land settled upon and being reclaimed by themselves.

Sec. 1632. The board shall prescribe the duties of all its employees and shall collect the following fees:

For filing each application, one dollar; for making certified copies of papers or records the same fee as provided for to be charged by the Secretary of State for like services. The money collected for fees shall be paid to the Treasurer of the State and by him credited to the fund created by virtue of this chapter.

Such map shall be drawn on tracing linen on a scale of not less than one thousand feet to the inch, and shall be accompanied by the field notes of survey of such irrigation works.

In the case of a reservoir the maps shall show by contour lines, at intervals not greater than ten feet, the topographic features of such reservoir site, and shall state the capacity of such reservoir in acre feet; and when the dam or embankment of such reservoir shall be more than ten feet in height, plans showing the construction of such dam or embankment shall be filed in duplicate in the office of the State Board of Land Commissioners and in the office of the State Engineer. It shall be the duty of the Register of the State Board of Land Commissioners, upon the granting of the said rights of way, to note the same upon the plats of the said lands on file in his office.

The board of county commissioners of each county within the State shall meet on the second Monday in July of each year to examine the assessment roll, and shall equalize the assessment of property of the county and of any city, town, village and independent school district authorized by law to collect revenue as in this chapter provided, for taxation within their respective counties. It is hereby made the duty of the board of county commissioners, at such meeting, to enforce and compel an assessment of the property within their respective counties, and in any such city, town, village and independent school district, at a fair cash value, and in so doing such board of county commissioners shall examine such assessment roll, name by name, together with the valuation of property of each taxpayer assessed, and shall raise or cause to be raised any assessment of property, which, in the judgment of the board, has not been assessed at a fair cash value. Such board must continue in session, for the purpose of equalizing such assessment, until the business of equalization is disposed of.

Change in Assessment: Notice to Owner.

Sec. 1699. During the session of the board of county commissioners sitting as a board of equalization, it may direct and require the assessor to assess any taxable property that has escaped assessment, increase any valuation, or add to the amount, number, quantity, or value of any property, when a false, inaccurate, or incomplete list has been furnished or rendered; and in making such alterations, additions, or new assessments, he shall note the previous assessments "cancelled" and such new entries, with the alterations and additions, shall be deemed the true assessment of the property affected thereby. When any assessment made by the assessor is deemed by the board so incomplete or inaccurate as to render doubtful the collection of the tax thereon, the board shall direct him to make a new assessment thereof, as hereinbefore provided, marking such defective assessment "cancelled." All persons whose assessment is altered, modified, or affected in the amount of valuation of property charged to them, shall be notified by the clerk of said board, by letter deposited in the United States mail, postpaid and addressed to such person interested, at least ten days before the final action is taken in fixing and equalizing such assessment, of the day fixed when he may be heard upon the matters affecting the assessment of his property for taxation, which shall be on the fourth Monday in July of each year, or as soon thereafter as he can be heard or his matter be reached.

Powers of Board: The board of equalization has power under this section to raise the assessment of an individual taxpayer, and it will be presumed that in doing so they act upon proper evidence. *Murphy v. Board of Equalization* (1899) 6 Ida. 745; 59 Pac. 715.

Notice to Taxpayer: This section only requires notice to be mailed to persons who have already been assessed and whose assessments are altered, modified or affected in the

amount of valuation charged to them; there is no requirement that a notice be mailed to a person who has never been assessed and whose assessment is ordered by the board. Every person who has not been assessed prior to the date on which the assessor delivers the assessment roll to the clerk of the board has notice that the board will order his property assessed if they discover it, and if he wants to know the amount for which his property is assessed, or to be heard in relation thereto, he should appear during the session convened on the fourth Monday in July, and present his grievances. *Inland Lumber etc. Co. v. Thompson* (1905) 11 Ida. 508; 83 Pac. 933.

Equalization of Valuations.

Sec. 1706. The State Board shall equalize the valuation of property throughout the State as follows:

By classes, as shown by the abstracts transmitted from the various counties, county by county; in such equalization said board shall have power to increase the total valuation of any class of property

in the county as shown by the abstracts from that county when, in the opinion of the board, the valuation of that class, appearing in said abstract, is not just and equal as compared with the valuation of other classes of property in that county, or in other counties, because of its being less than the true valuation, as determined by such comparison, and the said board shall have power to decrease the valuation of any class of property, when, in the opinion of the board, the valuation of that class of property, appearing in the abstract is not just and equal, as compared with other classes of property in that county, or in other counties, because of its being in excess of the true valuation as determined by such comparison.

Second. The State Board shall have power to add to, or deduct from, the aggregate valuation, as shown by such abstracts, of all property in any county, such a percentage of such aggregate valuation as may be necessary, in the opinion of the board, to establish uniformity and equality of valuations among the several counties of the State.

The rate of the percentage of increase or decrease made by the board, either in equalizing among the classes of any county or in equalizing the aggregate of the counties, shall in all cases be even and not fractional. The increase or decrease made by the board in equalizing among the counties by aggregate, shall, in no case, increase or decrease the total valuation of the State, as shown by the total sum of all valuations as stated in the abstracts returned, by an amount exceeding fifteen per centum of said total aggregate valuation of the State.

Third. The State Board of Equalization shall have power to require the attendance of the assessors of the various counties of the State at such times and places as may be required by said board to assist the board in its duties, and the necessary expenses of said assessors in attending such meetings shall be a county charge.

Fourth. The State Board of Equalization, for the purposes of considering questions of taxation with the assessors of the several counties of the State, and for such other business as may be brought before the board, shall meet on the third Monday of January in each year, and at such other times as the chairman of the board may designate, but no taxes shall be equalized at said meetings.

Historical: Laws 1901, 233, Sec. 70. See Laws 1893, 72, Secs. 5, 6; re-enacted Laws 1905, 101, Sec. 15; re-enacted Laws 1899, 254, Sec. 16; amended Laws 1899, 452; Sec. 1.

Change in Valuations: Under the act of 1891, which is superseded by this and other sections of the present law, it was held that the power given the board to raise or diminish the valuation of the several counties could

only be exercised by adding to or deducting from the aggregate valuation of real and personal property by percentage, and that the board had no power to raise or diminish any class of property by percentage or otherwise, nor to assess or fix the value of any property. *Orr v. State Board of Equalization* (1891) 3 Ida. 190; 28 Pac. 416.

Transmission of Statement to County Auditor.

Sec. 1707. Within five days after the State Board shall have completed the equalization of valuations as by this article provided, the State Auditor, as secretary of said board, shall transmit by registered mail to the county auditor of each county, a certified statement showing the changes, if any, that have been made by said board in

the valuation of any class or of all classes of property in the county to which such statement is sent, or the changes in the aggregate valuation of all property in said county. The county auditor to whom such statement is sent shall forthwith, upon receipt thereof, proceed to enter in the assessment book of his county for the then current year, the changes (if any) that have been certified in such statement. When the entries herein required to be made by the county auditor have all been made, the county auditor shall forward to the State Auditor an affidavit setting forth the fact that all changes certified to him by the State Auditor have been entered as required by law.

Historical: Laws 1901, 233, Sec. 71. See Laws 1893, 72, Sec. 7; amended Laws 1895, 101, Sec. 15; re-enacted Laws 1899, 254, Sec. 16.

Board to Prescribe Rules.

Sec. 1708. The State Board shall prescribe such rules and regulations, not inconsistent with the provisions of this chapter, as shall be necessary to carry this chapter into effect; for the government of assessors in matters affecting the performance of the duties of the State Board and for the government of county auditors in the performance of their duties under this chapter; and generally for the government of county assessors and county auditors as may be required in connection with the equalization of valuations by said State Board. The said board shall provide, for the use of the board and of county auditors, such forms as are herein not otherwise provided for.

Assessment of Telegraph, Telephone and Railroad Companies.

Sec. 1710. The State Board of Equalization shall have exclusive power to assess and value for purposes of taxation all telegraph and telephone lines and the "railroad track" and "rolling stock" and franchises of all persons, companies, or corporations owning, operating or constructing any telegraph or telephone lines, or railroads wholly or partly within this State.

For the purposes of this chapter, "railroad track" shall be deemed to include the right of way, station, and other necessary grounds, superstructures upon such right of way, station, and other grounds, and all other immovable property used, operated, or occupied by any person, company or corporation, owning, operating or constructing any line of railroad, wholly or partly within this State, and reasonably necessary to the maintenance and operation of such road.

For the purposes of this chapter "rolling stock" shall be deemed

to include all movable property owned, used, occupied by, or operated in connection with, any railroad, wholly or partly within this State.

All property belonging to any person, company, or corporation, owning, operating, or constructing any railroad wholly or partly within this State, not included within the terms "railroad track" or "rolling stock," namely, property not reasonably necessary for the maintenance and successful operation of such road, consisting of vacant lots and tracts of lands, and lots and tracts of land together with the buildings thereon used for non-railroad business purposes; also tenement and residence property (except section houses); also hotels and eating houses situate more than one hundred feet from main line track shall be assessed by county assessors as other property is assessed in this State.

Assessment of Railroad Property: Machinery and repair shops or other buildings not situated on the strip of land granted to a railroad as right of way by act of Congress March 3, 1875, should be assessed by the county assessor and not by the Territorial Board of Equalization. ute. *O. S. L. Ry. v. Gooding*, post.) *O. S. L. Ry. v. Yeates* (1888) 2 Ida. 397; 17 Pac. 457.

The term, "right of way" as used in this section, embraces only such land as is used as a way for the road and not such additional ground as may be used for the convenience of the railroad, but not as a part of its way; such additional ground is to be assessed by the county assessors and not by the State Board of Equalization. *O. 1913 Spec. 832
Sec. 1714. The State Board shall determine the total value of each telegraph or telephone line and of all instruments used in connection therewith, and shall apportion such total value among the several counties into or through which such line passes, in the proportion which the number of miles of such line situated in each of such counties respectively bears to the entire length of such line within the State. The said board shall determine the total value of each railroad by adding together the value of the franchise, "railroad track" and "rolling stock" thereof, and shall apportion such total value among the several counties into or through which the main line of such railroad passes, in proportion to the total length of such line in the several counties respectively. After the board shall have determined such total valuation as aforesaid, said board shall assess such telegraph, telephone and railroad property for each mile thereof; which assessed value per mile shall be determined by dividing the total valuation, as determined by said board, by the number of miles of main line, or main track within the State.

Statement: Transmission to County Auditor.

Sec. 1715. When the total valuation of the telegraph, telephone and railroad property has been determined and assessed and apportioned as provided in Section 1714, the State Auditor shall prepare a statement to be sent to each county in which such telegraph, telephone or railroad property may be situated, specifying the number of miles of such line or road within the county, the assessed value per mile and the number of miles of main line or main track in each district, city or incorporated town therein. Such statement shall be certified by the State Auditor and sent to the county auditor of each county in which any part of such telegraph, telephone or railroad property may be situated, and shall be sent at the same

time that the statements provided for in Section 1707, are transmitted.

The county auditor of each county to which such statement is sent shall immediately enter in the assessment book for that year the amount of such telegraph, telephone or railroad property so certified, and the assessed value thereof, to the proper owner, and said county auditor shall also divide and adjust among the several districts, cities and incorporated towns and villages, independent school districts, and cities, towns and villages, organized under special laws or charters that are authorized as provided by law to adopt the provisions of this chapter, the proper amount and value of such property falling within each respectively; and for such purpose the auditor shall be furnished each year by the assessor with a statement of the number of miles of main track within each such revenue district.

The State Board of Equalization must complete the assessment, valuation and equalization of all property hereinbefore mentioned on the fourth Monday in August of each year, and on that day it shall be their duty to ascertain the total assessed valuation of all property subject to taxation in the State. The State Board of Equalization shall on that day determine the amount of the State tax which each county must pay to the State, by apportioning the aggregate tax among the several counties of the State in the exact proportion that the total assessed valuation of each county, as shown by the assessment roll and subsequent assessment roll thereof for the year next preceding, bears to the aggregate assessment valuation of all the counties of this State for such preceding year; and for purpose of ascertaining such several and aggregate valuations, the board shall examine the annual reports of valuations made by the county auditors to the State Auditor, and such other reports as they may deem necessary.

Sec. 1718. The State Auditor may have printed each year an assessment book, and also subsequent and delinquent assessment books, in the form herein provided, for each county in the State: *Provided*, That any county so specifying may have such subsequent assessment book bound with the assessment book, occupying the final requisite number of pages, as may be indicated, in which must be listed by the assessor, alphabetically arranged according to the owner's name, all property within the county; and in which must be specified, in separate columns, according to the classification provided for by the form of assessment roll under the appropriate head; when no head is given in case of personal property then under the head "not otherwise classified."

Such listing shall include: The name and residence of the person to whom the property is assessed. the sum of one hundred dollars for any failure to fully enumerate and classify the classes of property according to the classification herein provided for, or according to the requirements of the form of assessment roll herein designated, to be recovered on his official bond for the use of the county. All classifications may be made by abbreviating to the first letter, or first two letters when necessary to avoid confusion, of the word or words necessary to indicate the class or kind of property. The cash value of real estate, other than city or town lots. The kind and cash value of improvements on such real estate. The cash value of city or town lots. The cash value of improvements on city and town lots. assessment is invalid where the different kinds of taxes are not separately set down in the assessment roll. *People v. Moore* (1877) 1 Ida. 662.

Under the revenue act of 1869 it was held that possessory claims in public lands must be listed as real estate, whereas improvements thereon must be listed as personal property. *People v. Owyhee Mining Co.* (1871) 1 Ida. 409.

Printing of Assessment Rolls.

Sec. 1726. The State Auditor may have, each year, such a number of assessment, subsequent and delinquent assessment rolls printed in such form, appropriate changes being made to adapt the same to the necessities of subsequent and delinquent rolls, and uniformly, stoutly and economically bound and supplied with detached leather alphabetical tabs, in number sufficient to enable him to furnish one of each such rolls, to each county in the State. He shall let the printing and binding of all such rolls in any one year to a single firm or concern at the most reasonable rate obtainable for the work, which, in all cases, must be of good quality. Each assessor in the several counties of the State shall, on or before the first day of May in each year preceding the year for which such roll is required, notify the State Auditor of the number of pages required by him in the assessment, subsequent and delinquent assessment rolls of his county, and also of the number of tax statements required by him for the year; and thereupon the State Auditor shall have such tax statements so printed, and such assessment, subsequent and delinquent assessment rolls printed and bound with the number of pages required by each, and the name of the county and the year inserted in the assessment book and tax statement forms to make the same appropriate for each county; and he shall provide that such assessment rolls by him ordered shall be sent by the makers thereof direct to the assessors of the several counties; payment therefor to be made by the State, and shall be collected and paid for as other claims against the State are. The State Auditor shall certify to the State Board of Equalization the amount for which each county is chargeable on account of such assessment roll and tax statement which shall be the actual cost thereof to the State; and thereupon the State Board shall add such amounts to the amount of State tax apportioned to such county to be paid as a part of such State tax.

I, _____, assessor (or deputy assessor, as the case may be) of _____ county, do swear that between the second Monday in January and the first day of July, nineteen hundred and _____, I have made diligent inquiry and examination to ascertain all the property, real and personal, within the county, (or within the subdivision thereof assessed by me, as the case may be) _____ subject to assessment by me, and that the same has been listed and assessed on the assessment book, equally and uniformly, according to the best of my judgment, information and belief, at its full cash value; and that I have faithfully complied with all the duties imposed on the assessor under the revenue laws; and that I have not imposed any unjust or double assessment through malice or ill-will or otherwise; nor allowed anyone to escape a just and equal assessment through favor or reward or otherwise.

But the failure to take or subscribe such affidavit as required by this section shall not in any manner affect the validity of the assessment. The making of such affidavit is declared, however, to be a duty pertaining to the office of every assessor in this State, and when the same is to be made by the deputy assessor, it shall be the duty of the assessor to have the same properly made. In every case where the said affidavit is omitted from any assessment roll so completed as aforesaid, the board of equalization of the county must require the assessor to make the same or to have the same made by the deputy assessor, and upon the refusal or neglect of such assessor to supply such affidavit forthwith, the chairman of the board of county commissioners must immediately file, in the District Court of the county, an information, in writing, verified by his oath, charging such assessor with refusal or neglect to perform the official duties pertaining to his office, and thereupon he must be proceeded against as in such case provided by law.

All taxes included in the delinquent roll, charged on account of double assessments, property erroneously assessed, or which, by reason of any bona fide error of the assessor, or for any lawful reason, should not be collected, and which has not been therefore deducted, shall be reported to the board of county commissioners at their first regular meeting after the settlement of the tax collector with the auditor, and if the said board is satisfied that the same should not be collected, they shall order the auditor to cancel the same upon said roll; and thereupon the auditor, after cancelling each of such items on said delinquent roll, shall credit the assessor with the amount of all such cancellations in his property tax account with the county. The county commissioners of the various counties in the State of Idaho, shall have power to refund to the tax payer any money to which he may be entitled by reason of the taxes upon property having been paid twice for the same year, or any moneys to which any tax payer may be entitled by reason of the double assessment or erroneous assessment of property through clerical or other errors, or where, in the judgment of the county commissioners, the assessment upon property was so grossly overestimated that the same was a mistake. The said money shall be refunded by warrants drawn on the current expense fund of the county. The county commissioners shall also have power to refund, in the same manner, money paid by any purchaser of property at a delinquent tax sale where it is afterwards found that the property purchased has been erroneously sold or the sale thereof is void. Poll Tax Book.

Sec. 1858. It is the duty of the assessor of each county, during the month of January next succeeding any general election, to copy into a book furnished him by the board of county commissioners of his county, to be known as the "Poll Tax Book", the name of every person on the registrar's "Register of Qualified Electors," subject to payment of a poll tax. The names must be alphabetically arranged according to the first letter of the family name, and said book must be kept in his office as a public record. Such officer must, from time to time, add to the lists in said book, under the proper letter, the names of any residents of his county, or of any persons who may have become residents of said county, or who may attain their majority, who are subject to the payment of a poll tax. And any resident of the county may require such officer to insert in said book, under the proper letter, any omitted name of any resident of said county who is subject to the payment of a poll tax, and for the wilful omission from the proper place in said book, of the name of any resident of his county subject to the payment of a poll tax, such officer forfeits to the school fund of his county the sum of twenty-five dollars for each name so wilfully omitted, to be recovered in an action on his official bond by the county superintendent of public instruction.

Historical: Laws 1901, 298, Sec. 17.

Liability of Collector for Poll Taxes.

Sec. 1859. Such officer must, at the regular meeting of the board of county commissioners on the second Monday in September in each year, produce his poll tax book to the board, and he must be charged with one poll tax for every name in said book, and can only be discharged by showing that he has collected the tax of every person named in said book, or that those from whom he has failed to collect

such poll tax have died, removed from the county, or become exempt, or that, for some other sufficient reason, the tax in such case could not be collected; and every poll tax from which he is not thus discharged by the board, he must collect before the day on which he is required herein to return to the auditor all poll tax receipts, or be finally charged therewith: *Provided*, That the delivery of the poll tax receipt of any person whose property has been sold for taxes to the county, attached to the tax certificate therefor, shall be deemed a collection of such poll tax; and the board must cause action to be brought upon the official bond of such officer for the amount of such final charge, together with the amount of any other poll taxes he has wilfully failed to collect; and in any such action, proof that the name of any delinquent is on his poll tax book, and that he was not discharged from the collection of the tax from such delinquent by the commissioners, or that any resident of the county had given him the name of any delinquent as that of any person subject to the payment of such tax, is prima facie evidence of such wilful neglect by the officer and can only be rebutted by proof that the tax is paid, or that the alleged delinquent is exempt or not subject to poll tax in the county, or that it could not be collected by the means afforded by law.

Return of Two Dollar and Fifty Cent Receipts.

Sec. 1860. Historical: Laws 1901, 298, Sec. 19.

Erasure of Names on Book.

Sec. 1861. No name once entered on said poll tax book must be erased therefrom except by the direction of the board of county commissioners, on the ground that the party is not subject to the tax; and any name once placed on a poll tax book must be carried to the new books successively to be prepared after each general election unless so directed to be omitted.

Apportionment of Poll Tax Money.

Valuation of Mines for Taxation.

Sec. 1863. All mines and mining claims, both placer and rock in place, containing or bearing gold, silver, copper, lead, coal, or other valuable mineral or metal deposits, after purchase thereof, from the United States, shall be taxed at the price paid the United States therefor, unless the surface ground, or some part thereof, of said mine or mining claim is used for other than mining purposes, and has a separate and independent value for such other purposes, in which case said surface ground, or any part thereof so used for other than mining purposes, shall be taxed at its value for such other purposes, and all machinery used in mining, and all property and surface improvements upon mines or mining claims, which have a value separate and independent of such mines or mining claims, and the net annual proceeds of all mines and mining claims shall be taxed: *Provided*, That nothing in this chapter contained must be construed so as to exempt from taxation improvements, buildings, erections, structures or machinery placed upon any mining claim, or used in connection therewith.

Historical: Laws 1903, 4, Sec. 1.
The proviso is the last sentence of Sec. 8 (Sec. 1868 post).

Net Profits Defined.

Sec. 1864. The term "net profits," as employed in this chapter, means the amount of money received from the mining of said metals or minerals from said mine or mining claim, after the deduction of the actual expenditure of money and labor in and about extracting the metals and minerals from the mine or mining claim, and transporting the same to the mill, concentrator or reduction works, and the reduction thereof, and the conversion of the same into money, or its equivalent, and also the deduction of all moneys expended for necessary labor, machinery and supplies needed and used in the mining operations, for the improvements necessary in and about the mine or mining claim, for reducing ores, for the construction of the mills and reduction works used and operated in connection with the mine or mining claim, for transporting the ore, and for extracting the metals and minerals therefrom; but the money invested in the mine, or improvements made during any year except the year immediately preceding such statement, must not be included therein. Such expenditures do not include the salaries, or any portion thereof, of any person or officers not actually engaged in the working of the mine, or personally superintending the management thereof.

Historical: Laws 1903, 4, Sec. 4.

Statement of Net Profits.

Sec. 1865. Every person, corporation or association, engaged in mining upon any quartz vein or lode, or placer mining claim, containing gold, silver, copper, lead, coal or other precious and valuable minerals or metals, or mineral or metal deposits, must between the first day of January and the first day of May in each year, make out a statement of the net profits derived from the mining of said metals or minerals, from each mine or mining claim owned or worked by such person, or from each group of mines or mining claims worked by a common system of development, during the year preceding the first day of January. Such statement must be verified by the oath of such person, or superintendent or managing agent of such corporation or association, who must deliver the same to the assessor of the county in which such mines are situated.

Historical: Laws 1903, 4, Sec. 2.

Statement as to Entire Group.

Sec. 1866. Where the same person or company or association is operating two or more mining claims under one general system of mining or development, the product of which group of mines is mingled and treated as one mining operation, the statement of the owner provided herein to be made, and the assessment provided herein to be made by the assessor, shall be made as to such entire group, and need not be made as to each particular mining claim constituting said group.

Historical: Laws 1903, 4, Sec. 5.

False Statements Constitute Perjury.

Sec. 1867. If any one herein required to make a statement, shall knowingly and wilfully swear to any false statement contained therein, then such person shall be guilty of perjury, and shall be prosecuted and punished as provided for in other cases of perjury.

Historical: Laws 1903, 4, Sec. 10.

Cross Reference: Punishment for perjury: Sec. 6486.

Examination of Books: Penalty for False Statement.

Sec. 1868. The assessor, after such statement has been rendered, shall have the right to examine the books and accounts of any person, corporation or association engaged in mining as mentioned in this chapter, in order to verify the statement made by such person, corporation or association, and if from such examination he finds such statement false, he must assess the net proceeds in the same manner as if no statement had been made and delivered, by making an estimate from the best sources within his reach, and if satisfied that the false statement was intentionally so made, he shall add as a penalty therefor, to the amount of the net proceeds so found, fifty per cent thereof, which amount thus increased shall constitute the sum upon which the taxes must be levied and collected, and such assessment shall be binding, effectual and lawful, and the value so fixed by the assessor shall not be reduced by the county board of equalization.

All information derived from any examination of the books and accounts made pursuant to this chapter by the assessor, or any one acting for him or representing him, shall be deemed to be and held as confidential communications not to be communicated to any other person by the person making such examination, or any one to whom the knowledge of such examination or facts therein disclosed shall come, except when it becomes necessary as a part of the performance of the public duty of such person to disclose the same in any proceeding affecting the validity of said assessment or taxation, or for the prosecution for perjury of the person required to make the statement mentioned in this chapter. Any person or officer making such disclosure or violating such confidence, except as herein provided, shall be deemed guilty of a felony, and upon conviction thereof shall be removed from office and punished as in case of other felonies.

Assessment Without Statement.

Sec. 1869. If any person, corporation or association, engaged in mining as mentioned in this chapter, refuses or neglects to make and deliver to the assessor of the county where the mines are located, the statement mentioned in this chapter, such assessor must list the property and assess, according to his knowledge and information, the amount of said tax in the manner provided by the law for the assessment of other property where no statement is furnished.

Historical: Laws 1903, 4, Sec. 7.

Assessment Book.

Sec. 1870. The assessor must prepare at the time of the preparation of the general assessment book, another assessment book called the "Assessment Book of the Net Profits of Mines," alphabetically arranged, in which must be listed the net profits of all the mines in his county, and in which must be specified in separate columns and under appropriate heads:

1. The name of the owner or owners of the mines;

Erection of Court House and Provision for Offices.

Sec. 1931. The board must cause to be erected or furnished, a court house, jail and such other public buildings as may be necessary, and must, when necessary, provide offices with necessary furniture for the sheriff, clerk of the District Court and ex-officio auditor and recorder, county treasurer, prosecuting attorney, probate judge, county assessor, county surveyor and superintendent of public instruction, and must draw warrants in payment of the same: *Provided*, That the contract for the erection of any such buildings must be let, after thirty days' notice for proposals, to the lowest bidder who will give security for the completion of any contract he may make respecting the same: And, *Provided, further*, No contract must be let under the provisions of this section when the expenses thereunder will exceed one thousand dollars. The board must also provide all necessary books of record for the county auditor and recorder, county treasurer, county assessor, and tax collector, clerk of the District Court, probate court, county surveyor, county superintendent of public instruction, and the books and stationery for the use of the board, and so much as is necessary for the use of said county officers in the transaction of official business.

Historical: Rev. St. 1887, Sec. 1761. (See 8 Ter. Ses. (1875) 520, Sec. 13); amended Laws 1905, 228, Sec. 1.

Application: This section does not apply to contracts for the purchase of real estate for the erection of a

court house, when the purchase of such ground would not create an indebtedness on the part of the county in excess of the revenue of the county for the year in question, after deduct-

ing from said revenue all indebtedness incurred by said county up to the time of said purchase. *Ball v. Bannock Co.* (1897) 5 Ida. 602; 51 Pac. 454.

Same: Bond Election.

Sec. 1932. Whenever the interests of any county require it, and the board of commissioners of the county deem it for the public good to purchase a site and erect thereon a court house and jail, or either thereof, and furnish the same; and the expense of purchasing such site, or erecting such buildings of suitable size and capacity and furnishing the same would exceed the revenue of one year applicable to that purpose, and the board deems it for the public good to bond the county for the purpose of providing funds therefor, the board of commissioners may, by a resolution adopted at a regular or any special meeting called for that purpose, call a special election for such purpose, or submit, at any general election, the question of issuing negotiable coupon bonds to an amount deemed necessary to defray the expenses of purchasing such site and erecting and furnishing such buildings.

Historical: Laws 1905, 73, Sec. 1.

Repeal: This section repeals Revised Statutes, Sec. 1762. Decisions under the repealed section are as follows:

Cited: *Bannock Co. v. Bunting* (1894) 4 Ida. 156; 37 Pac. 277; *McNutt v. Lemhi Co.* (1906) 12 Ida. 63; 84 Pac. 1054.

Construction With Constitution: Under the provisions of this section, a bridge cannot be built at a cost exceeding \$1000, unless one-third of the taxpayers who are voters petition therefor, but since the adoption of the Constitution this provision has been changed and only applies when the revenue for the fiscal year is not exceeded, for if such cost exceeds the revenue of the fiscal year, the bridge cannot be built without a two-thirds vote. *Dunbar v. Board of Commrs.* (1897) 5 Ida. 407; 49 Pac. 409.

Advertisement for Bids: In the matter of advertising for bids and letting contracts for public buildings or improvements, the provisions of this section must be substantially followed, and before a board of county commissioners can legally advertise for competitive bids for the erection of a bridge, they must adopt plans and specifications of such bridge, and said notice must contain explicit specifications of the proposed bridge. Any contract made without adopting such specifications, or made when the specifications have been adopted after publication of the notice, is void. *Andrews v. Board of Commrs. of Ada Co.* (1900) 7 Ida. 453; 63 Pac. 592. The contract must be let to the lowest responsible bidder. *Ib.*

Purchase of Site and Letting of Contract.

Sec. 1933. If two-thirds of the qualified electors of the county voting at such election, vote in favor of the issuance of the bonds, the board of commissioners shall select and purchase, or, if necessary, cause to be condemned, for the use of the county, a suitable site for said buildings, and cause to be prepared plans and specifications for such court house and jail, or either thereof as the case may be, and advertise in a weekly newspaper of the county for thirty days calling for sealed proposals or bids for the construction of said buildings. The published notice shall contain a general statement of the character and limited cost of the building or buildings, and state that the plans and specifications thereof may be found and examined in the office of the clerk of the board, and state the day when the sealed proposals will be opened and considered. The sealed proposals must be opened and considered publicly, and the contract let to the lowest

responsible bidder, unless all bids are rejected; and if all bids are rejected, the board may advertise for new bids, or let the contract, provided it be for a less sum than that offered by the lowest bidder. The board must require a good and sufficient bond of the contractor conditioned for the faithful performance of the contract according to the plans and specifications. The board shall have full power and authority to do and perform any act in relation to purchasing such site and erecting said buildings, at any special or called meeting when all members of the board are present, or at any regular meeting of the board.

Statutes Governing Election and Bond Issue.

Sec. 1934. The board shall be governed in calling and holding said election, and in the issuance and sale of said bonds, and in providing for the payment of the interest thereon, and for their redemption, by the provisions of Article 6 of this chapter, being Sections 1960 to 1972 inclusive of these Codes.

Historical: Laws 1905, 73, Secs. 2, 4, combined and re-written so as to refer to the proper article and sec-

tions of these Codes instead of to the sections of the Revised Statutes referred to in the original act.

Bounty on Wild Animals.

Sec. 1935. The board of county commissioners of each county shall, upon a petition of one-fourth of the qualified voters who are taxpayers of the county, fix and determine the bounty for the destruction of each coyote, wildcat, fox, lynx, bear, squirrel, rabbit, gopher, muskrat, and nondescript and badger, and to prescribe rules for making proof of such destruction; and obtaining such bounty: *Provided*, That in no case shall the bounty for rabbits, gophers or squirrels be more than five cents for each animal destroyed.

Historical: Rev. St. 1887, Sec. 1760; amended Laws 1899, 20, Sec. 1; re-enacting Laws 1890-91, 31, Sec. 1. Omitting "panther, cougar, lion" which are covered by Laws 1905, 206,

which repeals all conflicting acts and parts of acts. This act, omitting the repealing clause, is found in Sec. 1939 post.

Special Tax for Bounty.

Sec. 1936. In order to pay bounties provided for in the preceding section, the board of county commissioners of any county in which a bounty for any or all the animals in said section has been offered, are hereby authorized and required to levy and cause to be collected a special tax of not more than one-half of one per cent on all taxable property in said county. Said levy shall be made at the same time that other taxes are levied and collected as other taxes are collected,

and when so collected shall be paid into the county treasury, and shall then become a special fund to be known as the scalp fund.

California Legislation: See Pol.

Code 1872, Sec. 4046, subd. 23; Deering's Code, ib.; Kerr's Code, ib.

Proof of Claim.

Sec. 1937. Any person desirous of obtaining any bounty offered for the destruction of any animals mentioned in Section 1935, shall present to the board of county commissioners a verified statement showing the number and kind of animals destroyed by the person seeking the bounty, and that the animals destroyed by him were killed in the county in which application for bounty is made. Such person shall also be required to furnish to the board of county commissioners the scalps or ears of the animals destroyed: *Provided*, Any party residing over ten miles from the county seat may make affidavit before any one authorized to administer oaths in said county, and said commissioners shall allow such claim when accompanied with the scalps from said animals. Said scalps and ears shall be immediately destroyed in the presence of the county commissioners.

Historical: Rev. St. 1887, Sec. 1760b.

Provisions Superseded: This section was superseded by Laws 1901, 205, Secs. 2 and 3, with respect to the animals enumerated in the latter

act. State v. Adams (1905) 10 Ida. 591; 79 Pac. 398. But the law of 1901 was expressly repealed by Laws 1905, 69, and this section is here treated as revived, as it was not totally repealed by the 1901 law.

Surplus Transferred to Current Expense Fund.

Sec. 1938. The county commissioners of any county in which a scalp fund shall have been established, may at the end of any quarter when there is a deficiency in the current expense fund of said county and a surplus in the scalp fund in excess of one hundred dollars, transfer all of such surplus exceeding one hundred dollars to the current expense fund, after all the warrants previously drawn on such scalp fund shall have been paid, and whenever there shall occur a deficiency in the scalp fund, the treasurer shall transfer from the current expense fund to the scalp fund, a sufficient amount of money to supply the deficiency, if not in excess of the amount previously transferred to the said current expense fund, and at the time due the scalp fund.

Historical: Rev. St. 1887, Sec. 1760c.

Bounties on Cougars, Lions and Panthers.

Sec. 1939. There shall be paid out of the current expense fund of each county for the destruction of each cougar, lion or panther, the sum of fifteen dollars. Proof of such destruction shall be made by the exhibition of the hide of such animal or animals with the right foreleg to the knee joint intact, which shall be skinned out in the presence of the board of county commissioners and the bone thereof destroyed by them. The claim must be presented with an affidavit stating that such lion, cougar or panther was destroyed in the county in this State where the claim was presented, naming the

county, and also the date when such animal or animals were killed, naming the postoffice nearest the place where the same were killed.

Historical: Laws 1905, 206, Sec. 1.

Extermination of Pests.

Sec. 1940. The board of county commissioners of any county in this State, on the petition of one hundred or more of the taxpayers of the county, at the time taxes are levied by them for State and county purposes, may and they are hereby empowered to levy a tax of not exceeding five mills on the dollar of the assessed valuation of all taxable property within such county, for the purpose of exterminating crickets, grasshoppers, rodents and rabbits, such tax to be collected in the same manner as other county taxes are collected, and to be placed in a fund known as the "Pest Fund."

Historical: Laws 1907, 24, Sec. 1.

Same: Board of Control.

Same: Payment of Claims.

Sec. 1942. All claims for services rendered hereunder shall be presented to the said board of control and by them presented and filed with the board of county commissioners, and by said commissioners allowed and paid out of said pest fund in the same manner as other bills against the county are allowed and paid.

Check List of Bills Allowed.

Sec. 1943. The board must require their clerk, at the close of every session, to furnish them with a list of all bills and accounts

of every nature approved by them at said session, giving the name of each person in whose favor an account or bill of any kind or nature has been allowed, with the amount allowed him and out of what fund the same is to be paid. They must compare their list with the record of their proceedings, and if not found correct, make it so and certify to said list and file it with the county treasurer, and the treasurer must pay no warrant drawn on any fund in the county treasury that does not correspond with the files furnished him by the board.

Historical: Rev. St. 1887, Sec. 1766.

Transfer of Moneys.

Sec. 1944. The board must not transfer any money from one fund to another, nor in any manner divert the money in any fund to other uses, except in cases expressly provided and permitted by law, nor make any preferred creditor, nor cause any warrant to be drawn payable out of its order except on the order of the District Court in cases provided by law, and the county treasurer must in all things observe these instructions: *Provided*, That when any money shall have been assessed and collected in any of the counties of this State, and the same set apart as a separate fund, for a special purpose, and from any cause the money in said fund shall have become inoperative for the purpose for which said fund was created, it shall be lawful for the board of county commissioners in such cases to transfer the money in said fund to such fund as the board of county commissioners may deem best.

Historical: Rev. St. 1887, Sec. 1767.
See 5 Ter. Ses. (1869) 100, Sec. 10.

Prohibitions on Allowance of Claims.

Sec. 1945. The board must not for any purpose contract debts or liabilities, except in pursuance of law. They must not allow any account, or cause or permit any warrant to be issued to any county or precinct officer entrusted with the collection, safe keeping or disbursement of the public funds, who has failed to make any statement or settlement of his accounts, as required by law, or who has failed to account for and pay over the public funds received by him when, and as required by law, or who is in any way a delinquent or defaulter in his trust, nor to any delinquent tax payer. They must not allow any account, or cause or permit any warrant to be drawn in favor of any person who is liable, either as principal or surety, upon any official or other bond, cognizable by the board, after a breach of such bond, or upon any recognizance in a criminal action or proceeding in the county, after the forfeiture of such recognizance. They must not provide any stationery for any officer, to be used for any purpose or act for which such officer is allowed a fee by law. They must not allow any account or claim of any officer while he neglects or refuses to perform any duty required of him by law.

Omitting "They must not allow any | deputy of any officer, or cause or per-

mit any warrant to be drawn therefor, except to and through, and in the name of his principal." That clause is superseded by Laws 1899, 405, Sec. 4, providing that the salaries of deputies shall be paid in the same manner that the salaries of county officers are paid. (Code, Sec. 2119.)

California Legislation: See Pol. Code 1872, Sec. 4070; Deering's Code, ib.; Kerr's Code, ib.

Officers Not to Present Claims.

Sec. 1946. No county officer must, except for his own services, present any claim, account or demand for allowance against the county, or in any way advocate the relief asked on the claim or demand made by another. Any citizen and tax payer of the county in which he resides may appear before the board and oppose the allowance of any claim or demand made against the county.

Historical: Rev. St. 1887, Sec. 1772.

California Legislation: Same with first sentence omitted: Pol. Code 1872, Sec. 4071; similar as amended: Deering's Code, ib.; Kerr's Code, ib.

Advancing Money for County: A member of the board of commissioners who advances a fee to an attorney employed by the board, is entitled to receive the amount so advanced from the county; he is not barred from presenting his claim by the provisions

Action to Recover Fees: In an action by an officer against a county to recover fees alleged to be due such officer, the complaint must show that such officer is not in arrears as to public funds collected by him, and that his bill as presented to the commissioners was itemized and verified. of this section. *Ponting v. Isaman* (1901) 7 Ida. 581; 65 Pac. 434.

Allowance of Illegal Compensation: An order of the board of county commissioners allowing one of their number compensation to which he is not entitled by law, is void and may be collaterally attacked, and the county may sue to recover back compensation so paid. (*Stockslager, C. J., dissents.*) *Kootenai Co. v. Dittmore* (1906) 12 Ida. 758; 88 Pac. 232.

Claims to Be Verified.

Sec. 1947. The board of commissioners must not hear or consider any claim in favor of an individual against the county unless an account properly made out, giving all items of the claim, duly verified as to its correctness, and that the amount claimed is justly due, is presented to the board within a year after the last item of the account accrued.

Cited: *Rankin v. Jauman* (1895) 4 Ida. 394; 39 Pac. 1111.

Allowance of Expenses: Accounts of a county officer against the county for expenses incurred in his official capacity and while on official business, can only be considered by the board of county commissioners as a part of such officer's quarterly statement and cannot be considered as an

independent claim or account. *Clyne v. Bingham Co.* (1900) 7 Ida. 75; 60 Pac. 76.

Apportionment of Road Taxes: This section does not apply to a municipality which claims 25 per cent of the road taxes collected against property situated within its corporate limits, and such percentage should be paid over by the county without the presentation of a claim therefor; it is immaterial that no such claim is made within a year after the collection of the tax by the county. *Village of Mountainhome v. Elmore Co.* (1904) 9 Ida. 410; 75 Pac. 65.

Same: Other Claims Need Not Be Passed Upon.

Sec. 1948. No account must be necessarily passed upon by the board unless made out as prescribed in the preceding section, and filed by the clerk at least one day prior to the session at which it is asked to be heard.

Historical: Rev. St. 1887, Sec. 1774.
California Legislation: Same: Pol.

Code 1872, Sec. 4073; Deering's Code, ib.; Kerr's Code, ib.

Partial Allowance and Reconsideration.

Sec. 1949. When the board finds that any claim presented is not payable by the county, or is not a proper county charge, it must be rejected. If they find it to be a proper county charge, but greater in amount than is justly due, the board may allow the claim in part and draw a warrant for the portion allowed, on the claimant filing a receipt in full for his account. If the claimant is unwilling to receive such amount in full payment, the claim may be again considered at the next regular succeeding session of the board, but not afterwards.

Historical: Rev. St. 1887, Sec. 1775.

California Legislation: Same: Pol. Code 1872, Sec. 4074; Deering's Code, ib.; Kerr's Code, ib.

Cited: Campbell v. Commrs. Logan Co. (1894) 4 Ida. 181; 37 Pac. 329.

Acceptance of Warrant: A claimant cannot accept a county warrant for a portion of his claim allowed by the commissioners, and sue the county for the balance, but must either acquiesce in the determination of the board and accept the warrant in full settlement of his claim, or refuse the warrant and submit the whole claim to the court. Eakin v. Nez Perce Co. (1894) 4 Ida. 131; 36 Pac. 702. Nor can a claimant who accepts his warrant appeal from the order of the board disallowing his claim in full. Ellis v. Bingham Co. (1900) 7 Ida. 86; 60 Pac. 79.

Reconsideration of Claim: If an account presented to the board of

county commissioners is disallowed in part and the claimant is unwilling to receive such amount in full payment the claim may again be considered at the next regular succeeding session of the board, but not afterwards. Clyne v. Bingham Co. (1900) 7 Ida. 75; 60 Pac. 76.

Illegal Allowances: The claim of a sheriff against the county for serving subpoenas in some other county, is an unnecessary expense, as subpoenas should be sent to the sheriff of the county where the witness may be, and any allowance of such claim is wrongful and in violation of law. Ib.

Same—Action to Recover: Where the county commissioners illegally allow a claim of a county officer and county money is paid in settlement of such claim, the county may sue to recover the amount of such payment. Ada Co. v. Gess (1895) 4 Ida. 611; 43 Pac. 71.

Appeal From Order of Board.

Sec. 1950. Any time within twenty days after the first publication or posting of the statement, as required by Paragraph 19 of Section 1917, an appeal may be taken from any act, order or proceeding of the board, by any person aggrieved thereby, or by any tax payer of the county when any demand is allowed against the county or when he deems any such act, order or proceeding illegal or prejudicial to the public interests; and no such act, order or proceeding whatever, which directly or indirectly renders the county liable for the payment of the sum of three hundred dollars or over, or its equivalent, shall be valid until after the expiration of the time allowed for appeal or until such appeal, if taken, shall be finally determined; but there is excepted from the operation hereof all orders for the payment of those sums specially directed by law to be paid, or payments in fulfillment of acts or proceedings made and confirmed according to the provisions hereof.

Cross Reference: Appeals from commissioners' orders relating to change of highways across private

lands: Sec. 933; from order revoking toll road, bridge or ferry license: Sec. 1046; from orders relating to formation of good road districts: Sec. 1051; from order granting or refusing a liquor license: Sec. 1508.

Who May Appeal: The county attorney may appeal to the District Court for an order of the board of county commissioners refusing to comply with his request to require certain officers to turn certain fees into the county treasury. Rhea v. Board of Co. Commrs. (1906) 12 Ida. 455; 88 Pac. 89.

This section applies only to persons and taxpayers and has no application to the county itself, and a failure to appeal from an order of the board of commissioners does not preclude the county from resisting the enforcement of a claim illegally allowed by the board of commissioners. (Stockslager, C. J., dissents.) McNutt v. Lemhi Co. (1906) 12 Ida. 63; 84 Pac. 1054. Kootenai Co. v. Dittemore (1906) 12 Ida. 758; 88 Pac. 232.

Appealable Orders: The following orders are appealable: Discretionary orders; Meller v. Board of Co. Commrs. of Logan Co. (1894) 4 Ida. 44; 35 Pac. 712. An order for the issuance and sale of funding bonds; Mason, etc., Co. v. Lieuellen (1895) 4 Ida. 415; 39 Pac. 1117. An order allowing a claim for printing the delinquent tax list; Jolly v. Woodward (1895) 4 Ida. 496; 42 Pac. 512. An order fixing the salaries of county officers; Reynolds v. Board of Commrs. (1899) 6 Ida. 787; 59 Pac. 730. An order opening a private road; Latah Co. v. Hasfurther (1907) 12 Ida. 797; 88 Pac. 433.

But owners through whose lands a private road is opened need not appeal, but may refuse to accept the award and compel condemnation proceedings by the county. *Ib.*

Non-Appealable Orders: No appeal lies from an order of the board of commissioners sitting as a board of equalization. Gen. Custer Min. Co. v. Van Camp (1884) 2 Ida. 40; 3 Pac. 22. Featham v. Board of Commrs. (1904) 10 Ida. 182; 77 Pac. 332. Humbird Lumber Co. v. Morgan (1904) 10 Ida. 327; 77 Pac. 433.

Time for Appeal: A person aggrieved by an order of the board of commissioners need not wait until the statement provided for in Rev. St. Sec. 1759, paragraph 19, shall have been published or posted, but may take his appeal forthwith. Ravenscraft v. Board of Commrs. (1897) 5 Ida. 178; 47 Pac. 942.

Effect of Appeal: An appeal taken under this section is not the commencement of a new action or proceeding, but is a mere transfer of the original proceedings from one tribunal to another. Van Camp v. Board

of Commrs. (1884) 2 Ida. 29; 2 Pac. 721.

Collateral Actions Prohibited: This section prescribes an adequate remedy for contesting claims illegally allowed by the board of county commissioners, and precludes a resort to equity by action to restrain the county treasurer from paying warrants issued on such claims. Picotte v. Watt (1892) 3 Ida. 447; 31 Pac. 805.

This statute provides a speedy and adequate remedy by which tax payers may procure a review of illegal action by the board of commissioners, and precludes resort to writ of review. Rogers v. Hays (1893) 3 Ida. 597; 32 Pac. 259.

Where no appeal is taken from an order of the county commissioners making a jury list, the District Court has no jurisdiction to quash the panel on ex parte motion of the prosecuting attorney. Heitman v. Morgan (1905) 10 Ida. 562; 79 Pac. 225.

A person aggrieved by an order of the board of county commissioners establishing a school district, should appeal from such order under this section and cannot attack the order for want of jurisdiction of the commissioners to make the same in a collateral proceeding. School District No. 25 v. Rice (1905) 11 Ida. 99; 81 Pac. 155.

Where the action of the board of commissioners in constituting a justice's precinct is merely voidable, and not absolutely void, it can be reviewed only on appeal and cannot be questioned in an action of quo warranto to try title to the office of justice in such precinct. Johnston v. Savidge (1905) 11 Ida. 204; 81 Pac. 616.

Collateral Actions Allowed: The fact that an appeal may be taken from an order of the commissioners allowing the account of a county officer, does not preclude the maintenance of a suit by the county to recover the amount of the account if the same is illegally allowed. Ada Co. v. Gess (1895) 4 Ida. 611; 43 Pac. 71.

Where a county is seeking to protect itself against the payment of warrants illegally or fraudulently issued by its board of commissioners, this section does not provide a plain, speedy and adequate remedy at law, and the county may sue to cancel such warrants. (Point reversed and overruled. Rehearing opinion 5 Ida. 188; 47 Pac. 824.) Co. of Ada v. Bullen Bridge Co. (1896) 5 Ida. 79; 47 Pac. 818.

The remedy to correct errors and irregularities in the action of a board of commissioners acting in a matter over which such board has jurisdiction, is solely by appeal. But where a board, in violation of the constitution, incurs a large debt in excess of the revenues for the fiscal year, without submitting such question to the

voters, such board is not acting within its jurisdiction, and the action is void, and may be attacked directly, indirectly or collaterally at any time or

place. *Dunbar v. Board of Commrs. of Canyon Co.* (1897) 5 Ida. 407; 49 Pac. 409. (Modifying *Morgan v. Board*, 4 Ida. 418; 39 Pac. 1118.)

Notice and Bond: Time of Hearing.

Sec. 1951. Such appeal may be taken to the District Court, or the Judge thereof, of the judicial district of which the county is a part, by serving upon the clerk of the board a notice of appeal so referring to the act, order or proceeding appealed from as to identify it. Upon notice in writing of such appeal being brought by any person to the attention of such Judge, he shall fix the earliest time, and a place convenient to himself, for the hearing of such appeal, which may be heard in a summary manner before him, or his court, and when, in his opinion, no serious injury will result from delay, the hearing shall be had during the next term of his court in the county from which the appeal comes. When the appeal is made for the purpose of protecting the interests of the county and of the people, no requirement shall be made of the appellant for security of costs, except that when the District Judge shall be of opinion that such appeal is not made in good faith, but is for delay and vexation, he may require the appellant to enter into an undertaking with good sureties in an amount sufficient to secure the payment of costs, and in all other cases like undertaking shall be required.

Historical: Rev. St. 1887, Sec. 1777; amended Laws 1895, 50, Sec. 1; re-enacted Laws 1899, 248, Sec. 1.

Necessity of Undertaking: No undertaking on appeal is necessary either on an appeal from an order of the board of county commissioners to the District Court, or from the District Court to the Supreme Court, on the same question, unless required by the Judge of the District Court for reasons mentioned in this section. *Ravenscraft v. Board of Commrs.* (1897) 5 Ida. 178; 47 Pac. 942.

An appellant from an order of a board of county commissioners must file an undertaking when the appeal is not taken for the purpose of protecting the interests of the county, or his appeal will be dismissed. *Davis v. Elmore Co.* (1904) 9 Ida. 764; 76 Pac. 910.

The giving of a bond is not a jurisdictional prerequisite to the perfection of an appeal from an order of a board of county commissioners, and such an appeal should not be dismissed for failure to give the bond in the absence of an order of the District Judge requiring the bond. *Great Northern*

Ry. Co. v. Kootenai Co. (1904) 10 Ida. 379; 78 Pac. 1078.

Discretion of Court: This provision vests the District Judge with discretionary power and a judgment entered hereunder, after hearing, finding that no necessity exists for an immediate hearing of an appeal from an order made by a board of county commissioners, and continuing the matter until the next regular term of the District Court, is an exercise of such discretionary power, and mandamus will not lie to compel such court to reverse its decision and hear the case. (Sullivan, C. J., dissents.) *Board of Commrs. of Shoshone Co. v. Mayhew* (1897) 5 Ida. 572; 51 Pac. 411.

Pleadings Not Required: Under the territorial statute governing appeals from county commissioners, it was held that no other written pleadings than the notice of appeal are required, and questions of law may be presented by motion to dismiss, by inspection or by demurrer. *Gorman v. Co. Commrs.* (1877) 1 Ida. 655.

Transmission of Papers.

Sec. 1952. When such appeal is taken the clerk of the board must, within five days, transmit to such District Judge a copy of the notice of appeal, the order, decision or proceeding appealed from, together with the accounts, bills, contracts or papers connected therewith and necessary to a proper hearing thereof; or, when this is not practicable, certified copies thereof, and of the record.

Historical: Rev. St. 1887, Sec. 1778 (see 5 Ter. Ses. (1869) 100, Sec. 20); amended Laws 1895, 50, Sec. 1; re-enacted Laws 1899, 248, Sec. 1.

Filing of Transcript: If appellant fails to file the transcript provided for in this section within the time limited, such appeal should be dismissed. *Clyne v. Bingham Co.* (1900) 7 Ida. 75; 60 Pac. 76. *Ellis v. Bingham Co.* (1900) 7 Ida. 86; 60 Pac. 79.

Transmission of Papers: An appeal from the county commissioners is perfected by the service of notice, and the transmission of papers by the clerk is a purely ministerial act, the neglect of which by him for the period prescribed by this section does not divest the District Court of jurisdiction of the appeal. *Humbird Lumber Co. v. Kootenai Co.* (1904) 10 Ida. 490; 79 Pac. 396.

Disposition of Appeal: Costs.

Sec. 1953. Upon the appeal, the matter must be heard anew and the act, order or proceeding so appealed from may be affirmed, reversed or modified; and, from the decision of the District Court, or Judge, either party may, within ninety days, appeal to the Supreme Court. Either of said courts, or said Judge, may make any rules necessary to a proper and speedy hearing in such appeals.

The costs shall be taxed against the losing party, except that when the appeal is taken in good faith to protect the interests of the county and the people, they shall not be taxed against the appellant; and, if it clearly appears that the order or proceeding appealed from was made fraudulently or in reckless disregard of the interests of the county or people, they may be taxed against those commissioners personally who assented to such order or proceeding.

Historical: Rev. St. 1887, Sec. 1779 (see 5 Ter. Ses. (1869) 100, Sec. 19); amended Laws 1895, 50 Sec. 1; re-enacted Laws 1899, 248, Sec. 1. "Ninety days" inserted for "five days" in reference to appeals to the Supreme Court, on the authority of Laws 1899, 273, Sec. 1, Subd. 4 (Codes, Sec. 4807) as construed in *Latah County v. Hasfurther* (1907) 12 Ida. 797; 88 Pac. 433.

Trial De Novo: On an appeal from an order of the board of commissioners allowing a claim, the case should be tried anew, and evidence should be received on the issue involved. *Fisher v. Board Co. Commrs. Bannock Co.* (1895) 4 Ida. 381; 39 Pac. 552. *Latah Ca. v. Hasfurther* (1907) 12 Ida. 797; 88 Pac. 433. And since the trial must be de novo, the court can not act on a stipulation of the district attorney that the action of the commissioners was proper. *Campbell v. Board of Commrs.* (1896) 5 Ida. 35; 46 Pac. 1022. After the trial, no new trial is authorized. *Mahoney v. Board*

of Co. Commrs. (1902) 8 Ida. 375; 69 Pac. 108.

On an appeal from an order of the board of county commissioners allowing a claim, the issue may be submitted to the jury. *Fisher v. Board of Co. Commrs. Bannock Co.* (1895) 4 Ida. 381; 39 Pac. 552. But the court need not submit the case to the jury when, on the appellant's own showing he is not entitled to recover. *Gorman v. Co. Commrs.* (1877) 1 Ida. 655.

Defect in Statement: The respondent in an appeal from the board of county commissioners is not injured by a defect in the statement in the notice of appeal, where he appears in the District Court and moves for a further specification of the grounds of appeal, and the motion is complied with. *Fisher v. Board of Commrs. Bannock Co.* (1895) 4 Ida. 381; 39 Pac. 552.

Judgment: On appeal from an order of the county commissioners disallowing a claim, the court should either affirm the order, reverse it, annul it or modify it and send the order as modified back to the board with appropriate directions; it is improper for the court to enter a judgment on the claim against the county. *Gorman v. County Commrs.* (1876) 1 Ida. 627.

Dissatisfied Claimant May Sue.

Sec. 1954. A claimant dissatisfied with the rejection of his claim or demand, or with the amount allowed him on his account, may sue the county therefor at any time within six months after the final action of the board, but not afterward; and if in such action judg-

ment is recovered for more than the board allowed, on presentation of the judgment the board must allow and pay the same, together with the costs adjudged; but if no more is recovered than the board allowed, the board must pay the claimant no more than was originally allowed.

Warrants: How Drawn and Presented.

Sec. 1955. Warrants drawn by order of the commissioners on the county treasury for the current expenses during each year, must specify the liability for which they are drawn, and when they accrued, and must be paid in the order of presentation to the treasurer. If the fund is insufficient to pay any warrant, it must be registered, and thereafter paid in the order of its registration.

Commissioners Must Be Disinterested.

Sec. 1956. No member of the board must be interested, directly or indirectly, in any property purchased for the use of the county, nor in any purchase or sale of property belonging to the county, nor in any contract made by the board or other person on behalf of the county, for the erection of public buildings, the opening or improvement of roads, or the building of bridges, or for other purposes.

and the necessity for the payment of a small amount of costs arose, and a member of the board of commissioners advanced the required sum, the allowance of the sum so advanced by the board will not be reversed on appeal. Osborne v. Ravenscraft (1897) 5 Ida. 612; 51 Pac. 618.

Same: Transfer of License Applications.

Sec. 1957. Whenever an application is made to the board for an order, franchise or license, relating to any toll road, bridge, ferry or other subject over which the board has jurisdiction, in which a majority of the board are not disinterested, the application, by order of the board, must be transferred to the District Court of the county; the clerk of the board must thereupon certify the application and all orders and papers relating thereto to the court to which the transfer is ordered; and thereafter the court to which the same is certified has full jurisdiction to hear and determine the application.

Historical: Rev. St. 1887, Sec. 1783.

California Legislation: Similar, but application is transferred "to the board of supervisors of an adjoining

county," also additional provision: Pol. Code 1872, Sec. 4078; as amended: Deering's Code, ib.; Kerr's Code, ib.

Claims of Commissioners Must Be Verified.

Sec. 1958. All claims against the county presented by members

of the board of commissioners for service rendered by them, must be verified as other claims, and must state that the service has been actually rendered.

Commissioners May Issue Funding Bonds.

Sec. 1960. The board of county commissioners of any county in this State, may issue negotiable coupon bonds of their county for the purpose of paying, redeeming, funding or refunding the outstanding indebtedness of the county, as hereinafter provided, whether the indebtedness exists as warrant indebtedness, or bonded indebtedness. Said bonds shall be issued as near as practicable in denominations of one thousand dollars each, but bonds of the denominations of five hundred and one hundred dollars may be issued when necessary. Said bonds must bear interest at a rate of not to exceed six per cent per annum, the interest to be paid on the first day of January and the first day of July in each year, at the office of the county treasurer, or at such bank in the City of New York as may be designated by the board of county commissioners; such bonds to be redeemed by the county in the following manner: Ten per cent of the total amount issued to be paid in ten years from the date of issue; and ten per cent annually thereafter until all of said bonds are paid. But said bonds of any part thereof may, at the option of

the county issuing the same, be redeemed at any time after ten years from the date of their issue, provided such time and option be stated upon the face of each bond, and each bond must be redeemed in the order it is numbered.

Historical: Rev. St. 1887, Sec. 3602; amended Laws 1899, 136, Sec. 1; re-enacting Laws 1895, 56, Sec. 1.

What May Be Funded: This section authorizes counties not only to fund their bonded indebtedness, but also their warrant indebtedness. *Bannock Co. v. Bunting* (1894) 4 Ida. 156; 37 Pac. 277.

Curative Act: Since this and the

following sections re-enact the funding act of March 8, 1895, and the act of March 6, 1899, (Laws 1899, p. 368) validates bonds issued under the act of 1895, bonds issued under said last mentioned act are binding county obligations, notwithstanding defects in the manner of passage of such act. *Crocheron v. Shea* (1899) 6 Ida. 593; 57 Pac. 707.

Prerequisites to Issuance.

Sec. 1961. For the purpose of extending the time of payment of said outstanding indebtedness, or reducing the interest charged, or when the interests of the county require it, the board may issue said bonds, in exchange for bonds, theretofore issued by the county, or for valid and legal warrants of the county, then outstanding, and may do so by resolution of the board at a regular meeting thereof, and without a vote of the people. Before any bonds shall be issued or exchanged under this section, the board of county commissioners shall ascertain that the bonds or warrants the payment of which is to be extended, or which are to be taken in exchange for the new issue of bonds, are valid and legal obligations to the county, and their finding of fact shall be entered of record on the minutes of their proceedings at least ten days before any exchange is made, as herein provided. The said board shall also, before issuing any bonds under this section, deduct from the total outstanding legal indebtedness of the county at the time of the issue of said bonds, the cash on hand in the treasury of the county, that is available for the payment of said legal indebtedness, or any part thereof, and the issue of bonds as in this section provided for, shall in no case exceed the aggregate or total legal indebtedness of the county then outstanding, less the cash on hand to be applied in payment and discharge of said indebtedness.

Historical: Rev. St. 1887, Sec. 3603; amended Laws 1899, 136, Sec. 1; re-enacting Laws 1895, 56, Sec. 1.

Conclusiveness of Order: An order of the board of commissioners, made in accordance with this section, fixing the indebtedness of the county and

providing for the issuance of funding bonds, which is affirmed on appeal to the District Court, cannot be thereafter collaterally attacked. *Blaine Co. v. Smith* (1897) 5 Ida. 255; 48 Pac. 286.

Building, Road and Bridge Bonds.

Sec. 1962. When the interests of the county require it and the board of commissioners of the county deem it for the public good to bond the county to fund or refund the outstanding obligations of the county, or bond the county for the purpose of acquiring funds for purchasing a site and erecting a court house and jail or a jail thereon, or for the construction or repair of roads or bridges, or to assist any city or village in said county in constructing a free bridge over any navigable stream within, or partly within, or adjoining, the limits of any such city or village, or for any one or more of said

purposes, and the indebtedness or liability of the county that may be created by the bonding, funding or refunding aforesaid, or in purchasing a site and erecting a court house and jail or a jail thereon, and for the construction or repair of roads or bridges, or for assisting any city or village in the construction of any such free bridge as aforesaid, or for any one or more of said purposes, exceeds the income or revenue of the county for that year, the board of commissioners may issue bonds of the county as provided by Section 1960: *Provided*, That the issuance of such bonds be first authorized by a vote of two-thirds of the qualified electors of the county, voting at an election held for that purpose, as hereinafter provided: And *Provided, further*, That before the board of county commissioners shall issue any bonds to fund or refund the indebtedness of the county as in this section provided, they shall deduct from the legal indebtedness of the county, at the time of the issue of said bonds, the cash on hand in the county treasury applicable to the discharge of said indebtedness, and may issue bonds for the remainder of the indebtedness.

Tax Levy for Interest and Sinking Fund.

Sec. 1963. The board must cause to be levied annually, upon all the taxable property of the county, in addition to other authorized taxes, a sufficient sum to pay the interest on all bonds disposed of in pursuance of this article, and must, at least one year before such bonds become due, and in time to provide the means for their payment, cause to be levied a sufficient additional sum to pay said bonds as they become due, and all such taxes must be levied, assessed and collected as other county taxes are levied, assessed and collected, until the bonds so issued are fully paid, including the interest thereon. The faith, credit, and all taxable property within the limits of the county, as constituted at the time of such issue, are, and must continue, pledged to the payment of said bonds. Should the tax for the payment of interest on any bonds issued under the provisions of this article, at any time not be levied or collected in time to meet such payment, the interest must be paid out of any moneys in the county general, or current expense, fund, and the moneys so used for such payment of interest must be repaid to the fund from which so taken, out of the first moneys arising from taxes collected on interest account as herein provided, and any excess over and above the interest charge shall be placed in a sinking fund, to be known as the "Bond Tax Sinking Fund." The moneys in the sinking fund created under this section may be invested in bonds or warrants of the State, or bonds issued by any county or city or school district in any State of the United States; and the county treasurer may, when authorized at a regular meeting of the board of county commissioners, make the investment for the county.

Bond Tax Levies in New Counties and Segregated Areas.

Sec. 1964. Should any part of a county that has incurred a bonded indebtedness be cut off and annexed to another county, or erected into a new or separate county, the assessor of the county to which the segregated portion is attached, or the assessor of the new county created as aforesaid, shall, upon notice from the board of county commissioners of the original county from which such segregated portion was detached, given at the regular session of the board when county and State taxes are levied, collect in said segregated territory, and in addition to the other taxes collected by him for county and State purposes, and at the same time and in the same manner, the tax levied by said board of commissioners as herein provided; and the laws of the State relating to the levy and collection of taxes, and prescribing the powers, duties and liabilities of officers charged with the collection and disbursement of the revenue arising from taxes, are made applicable to this article. The money collected by the assessor as aforesaid shall be paid over by the treasurer of the county collecting it to the treasurer of the county losing the said territory, and for the purposes herein directed, but such segregated territory so attached to another county, or erected into a new county, shall be relieved of the annual tax, levied as provided in the foregoing section, when the county acquiring the same, or the new or separate county, pays to the county losing the territory, that proportion of the whole indebtedness, together with legal interest thereon, that the assessed value of property in the segregated territory bears to the assessed value of the property in the whole county, as constituted before the division or segregation thereof.

Form of Bonds.

Sec. 1965. The bonds mentioned in this article must be signed by the chairman of the board of county commissioners, attested by the clerk of said board and bear the seal of said board, and be countersigned by the county treasurer of the county. Each bond must state upon its face the amount for which the same is issued, the date of issue, time and place of payment, and rate of interest, and must also recite that it is issued in conformity with the provisions of this article, and this article must be printed upon the back of each bond. There must be attached to each bond, when negotiated, semi-annual interest coupons covering the interest expressed in the bond from the date of issue until paid; the coupons annexed to such bonds must be signed by the treasurer of the county. Each coupon must bear a number corresponding to the number of the bond to which it is attached, and must state upon its face the amount for which the same is issued, the date of issue and the date and place of payment thereof.

Historical: Rev. St. 1887, Sec. 3607; amended Laws 1899, 136, Sec. 1; re-enacting Laws 1895, 56, Sec. 1.

Sale and Redemption of Bonds.

Sec. 1966. The said board of county commissioners must give at least twenty days' notice by publication in some newspaper published in the county, if there be one, otherwise by three notices posted up in the county, one of which must be at the court house door, of its intention to issue, negotiate and sell such bonds, or of its intention to issue such bonds for exchange, and shall invite bidders therefor. Said bonds must be sold or exchanged upon the best terms and upon the lowest rate of interest at which said bonds can be sold or exchanged, and the said board shall have the right to reject any or all of the bids offered, and may re-advertise for bids as herein provided for, by original notice. If the offers for purchase or exchange are accepted, the board must procure the proper engraving and printing of said bonds, which must be numbered consecutively, and must be duly registered by the auditor of the county in a book kept for that purpose; and therein must be stated the number, date, amount of bond, time and place of payment, rate of interest, number of coupons attached and any other proper description thereof for future identification. The said board must, from time to time, in such amounts as it may deem best, and in accordance with its contract, deliver said bonds to the county treasurer, and take and file his receipt therefor, and charge him with all bonds so delivered. Any duties required of said board in pursuance of the provisions of this section may be performed at any general, special or called meeting thereof. The treasurer must, under the general supervision of said board, deliver said bonds for cash, or exchange them for any of the county indebtedness for the redemption of which they were issued, but in no case must said bonds be sold or exchanged for less than their face or par value and accrued interest at time of disposal; nor must any county indebtedness be redeemed at more than its face value and any interest that may be due thereon. If any portion of said bonds issued for the redemption of prior indebtedness are sold for money, the proceeds thereof must be applied exclusively toward the redemption of said county indebtedness for the redemption of which such bonds were issued. The treasurer must give notice, as provided by law, of his readiness to redeem such indebtedness, and thereafter interest thereon shall cease. When the treasurer redeems any county indebtedness, he must indorse, by writing or stamping in ink, on the face of the paper evidencing such indebtedness so redeemed, the time when, and the amount for which, redeemed; whether by money or the exchange of bonds, and the words "redeemed" and "cancelled." He must also keep a record of all bonds disposed of by him, showing their number, rate of interest, date and amount of sale, when, where and to whom payable; and if exchanged, for what, which record he must keep open for inspection for the public at all reasonable office hours. He must make such detailed statements to, and as often as required by, said board, of all his transactions under the provisions of this article, and return to the board evidences of indebtedness redeemed by him, cancelled as aforesaid.

re-enacting Laws 1895, 56, Sec. 1.

Application of Proceeds of Bond Issue.

Sec. 1967. It shall be the duty of the county treasurer to apply the funds derived from the sale of bonds to the payment of the indebtedness herein mentioned and to no other purpose: *Provided*, That after the expiration of one year from the date of the issuance of said bonds, all money derived from the sale of said bonds remaining in the treasury may be transferred to the current expense fund of said county by order of the board of county commissioners, and thereafter any and all warrants or other representative of the indebtedness for the redemption of which said bonds were issued, shall be paid out of said current expense fund when presented for payment. It shall be the duty of the county officials to levy, collect and apply the taxes herein provided for to the payment of interest and to the redemption of the principal of the bonds in the manner specified and for no other purpose, and any failure to comply with the conditions of this article by the proper officers, or any neglect or refusal to levy and collect any such taxes as aforesaid, shall be deemed a misdemeanor, and any county official guilty of the same, must, upon conviction, be fined in the amount equal to the sum that should have been levied, or for any misappropriation he shall be fined in the amount equal to the sum misappropriated, and imprisoned in the county jail for the term of not less than three months nor more than six months.

Notice of Bond Election.

Sec. 1968. If the question of bonding the county as herein provided, is to be submitted to the voters of the county at a special election held for that purpose, the board shall cause printed or written notices of the intention to hold such an election to be posted in two or more conspicuous places in each precinct of the county, and shall also cause a printed notice of the intention to hold such an election to be published in one or more newspapers of the county, if any newspapers are printed therein. The said notices shall recite the action of the board in deciding to bond the county, the purpose thereof, and the amount of the bonds that are to be issued, and shall also specify the day of the election, the time during which the ballot box shall be open, which shall not be less than six hours; the notices posted in each of the several precincts shall also name the place of holding such election. The notices herein provided for shall be posted, or posted and published, at least twenty days before such election. Every male person over the age of twenty-one years, who is a citizen of the United States, and shall have resided in the State six months immediately preceding the election at which he offers to vote, and in the county thirty days, shall be entitled to vote at such election.

Conduct of Election: Application of Election Law.

Sec. 1969. Such election shall be held in all respects in conformity with the general election laws so far as the same may be applicable,

except as herein provided, but all that part of the general election law relative to the apportionment of registrars and the registration of voters, the appointment of judges and clerks, and the establishment of voting booths and printing of an official ballot, and providing for an official stamp, and method of voting as provided in Sections 423, 424 and 425 of the general election law, shall not apply.

Historical: Laws 1899, 136, Sec. 1; re-enacting Laws 1895, 56, Sec. 1. The reference to Secs. 77, 78 and 79 of the general election law was to the sec-

tions of 1891, and not of the 1899 law. Those sections are 423-425 of these Codes.

Officers of Election: Canvass of Returns.

Sec. 1970. The board of county commissioners shall appoint two judges and one clerk of election in each precinct, for the purpose of holding such election, and upon the failure of either to act, the electors present at the opening of the polls may fill vacancies. Bonds of Officers: Amount of Penalty.

Sec. 1987. County, district and precinct officers must execute official bonds in the following amounts:

1. County commissioners each in the sum of five thousand dollars;
2. Probate judges each in the sum of five thousand dollars;
3. County treasurers each in double the probable amount of money that may at any time come into his hands as such treasurer, to be fixed by the board of county commissioners, but in no case to be less than ten thousand dollars;
4. Sheriffs each in the sum of ten thousand dollars;
5. Clerks of the District Court each in the penal sum of five thousand dollars, with two sufficient sureties, to be approved by the Judge of the District, conditioned that he will faithfully perform the duties of his office and at all times account for and pay over all moneys in his hands as clerk; and the penalty of such bond may at any time be increased by the Judge of the District. The clerk may require a bond from any deputy.
6. County recorders each in the sum of not less than five nor more than twenty thousand dollars, to be fixed by the board of county commissioners, and to cover his duties and liabilities as recorder, auditor and clerk of the board of county commissioners;
7. Assessors each in the sum of five thousand dollars;
8. Tax collectors each in the sum of not less than five nor more

than fifty thousand dollars, to be fixed by the board of county commissioners;

9. Prosecuting attorneys each in the sum of two thousand dollars;

11. County surveyors each in the sum of two thousand dollars, and with at least two sureties for the faithful and impartial performance of his duties;

12. Coroners each in the sum of one thousand dollars;

13. Public administrators each in the sum of two thousand dollars;

14. Justices of the peace and constables, each in the sum of not less than five nor more than ten hundred dollars.

Historical: Rev. St. 1887, Sec. 1828, forms the basis of this section. Subd. 5 is compiled from Rev. St. Sec. 274; that section required the clerk to deposit his bond with the Territorial Controller (now State Auditor), but in view of the fact that the clerk was at that time a district officer, there being but one clerk for each judicial district, that part of the section is deemed inapplicable to the present status of the clerk's office, which is, as defined by Const. Art. 18, Sec. 6, purely a county office. Subd. 8 (Subd. 7 of the original section) is given as amended by Laws 1888-89, 20. Subd. 9 (Subd. 8 of the original section) has "prosecuting attorneys" for "district attorneys" to conform with the present system. Subd. 10 (Subd. 9 in old section) "county superintendent of public instruction" inserted for "school superintendent," and "two" for "one" thousand dollars to conform to Laws 1899, 306, Secs. 1, 2. Subd. 11 (Subd. 10 of old section) is compiled from

Laws 1899, 295, Sec. 5. In this subdivision, too, a slight change is possibly made from the actual written law, as the 1899 law required the county surveyor to file his bond with the county commissioners. It is thought, however, that the meaning of this section is simply that the bond shall be filed with the county commissioners for their approval and then recorded in the official bond record the same as bonds of other county officers. No good reason is apparent for making a distinction in the case of county surveyors, and as a matter of practice none is made. It may also be noted that the change made in this section with reference to clerks of the District Court is also sanctioned by practice.

Deposit of County Funds.

Sec. 2013. The county treasurer of each and every county of the State of Idaho shall deposit, and at all times keep on deposit, for safe keeping, in the State, national or private banks doing business in the county, of approved and responsible standing, the amount of moneys in his hands held by him as such county treasurer. And such bank, located in the county, may apply for the privilege of keeping on deposit such moneys or some part thereof. All such deposits shall be subject to payments when demanded by the county treasurer on his check, and any bank receiving and holding any such deposit as aforesaid, shall be required to pay, and shall pay, to the county, for the privilege of holding the same, not less than two per cent per annum upon the amount so deposited as herein provided; subject, also, to such regulations as are imposed by law and the rules adopted by the county treasurer for receiving and holding such deposits. The treasurer shall not give preference to any one or more banks applying to be made such depositories, as in this article provided, in the amount he may so deposit, but shall keep deposited with each of the said banks such part of said moneys, so on deposit, as the par value of securities, or the penalty in the bond furnished by said bank, is a part of the sum of all of the penalties of all the bonds, and the par value of all the securities, so furnished by the banks so applying to be made such depositories, so that such moneys may at all times be deposited with said banks pro rata as to the penalty of the bond, or

the par value of the securities furnished by them, respectively: *Provided*, The treasurer shall not have on deposit in any bank at any time more than the par value of the securities, nor more than three-fourths of the amount of the bond given by said bank: *Provided further*, That where a surety bond in some responsible surety company shall be furnished to the satisfaction and approval of the board of county commissioners, as hereinafter provided, the amount on deposit may equal, but shall not exceed, ninety per cent of the penalty of the bond; but in no case shall the amount deposited by him in any bank exceed one hundred per cent of its paid-up capital stock. The board of county commissioners of the several counties of this State shall, at their regular meeting in April, fix the rate of interest to be paid on such deposits, which shall be not less than the rate hereinbefore, in this section, established, and which rates, when so established, shall not be changed for such period of one year.

Premium to Be Paid by Banks: Statements.

Sec. 2014. The amount to be paid by any and all banks, under the provision of this article, for the privilege of keeping such public funds on deposit, shall be computed on the average daily balance of the public moneys kept on deposit therewith, and shall be credited and paid to the county quarterly on the first days of January, April, July and October of each year, and such depository shall, quarterly, on the days aforesaid, render a statement, in duplicate, to the treasurer and auditor, showing the amounts so credited. The treasurer shall require, and it is hereby made the duty of every such depository to keep, accurate accounts of all such moneys deposited with it, showing the amount deposited and when deposited, and to render, at the beginning of each and every month, to the treasurer and auditor a statement, in duplicate, showing the daily balance of the county moneys held by it during the month next preceding, and the interest thereon; and all sums paid to the county for the privilege of keeping said moneys on deposit as aforesaid, shall be credited by the treasurer to the account of the current expense fund. The treasurer shall not make such deposits in any bank or banks other than those which shall have complied with the provisions of this article.

Historical: Laws 1905, 99, Sec. 2.

Bonds of Depositories: Sureties: Deposits Outside of County.

Sec. 2015. For the security of funds so deposited under the provisions of this article, the county treasurer shall require all such depositories to deposit securities of the kind and character hereinafter described, or to give bonds for the payment of such deposits and the interest thereon. Said bonds, when given, shall run to the State of Idaho, and, together with the securities offered, are to be approved by the board of county commissioners. Said bonds shall be conditioned that the depository shall, at the beginning of each and every month, render to the treasurer and auditor a statement, in duplicate, showing the daily balance and the amount of money of the county held by it during the month preceding, and the amount

of the interest thereon, and for the payment of the said deposit and the interest thereon, as hereinbefore provided, when demanded by the county treasurer on his check at any time, and generally, to do and perform whatever may be required by the provisions of this article, and for a faithful discharge of the trust reposed in such depository. The said bonds shall be in substance the same as those provided to be given by banks seeking to be made depositories of State funds, the necessary changes being made therein.

No person in any way connected with any bank seeking to be made a depository, as owner, part owner, officer or stockholder, shall be accepted as a surety on any bond to be given by such bank under the provisions of this article, for a greater amount than the assessed value of his real and personal property situated in the county, other than bank and corporation stocks, money, notes and bonds, as shown by the last preceding annual assessment thereof, and deducting therefrom any and all liens and encumbrances thereon, and it shall be the duty of the county commissioners, before accepting any such bond, to carefully examine the assessment rolls and the records and such other sources of information as may be available to ascertain the real financial worth of such surety or sureties. Where the penalty of the bond exceeds ten thousand dollars, each surety may become severally liable for any sum less than the whole amount that he may specify that he stands for, and in all such cases if there should be any default of the principal, each surety shall be held for the whole amount that he agrees to stand for, but may compel his solvent co-sureties to contribute pro rata in the event that he pays for more than his share: *Provided*, That in all such cases the aggregate amount for which all the sureties stand good must be at least twenty-five per cent more than the penalty of the bond. Sureties shall be required to justify in double the amount for which each, respectively, becomes liable on said bond; in all other respects the justification of sureties shall be as required by Section 4934 of these Codes. All bonds and securities, after approval, shall be deposited with and held by the county auditor. It shall be the duty of the prosecuting attorney to enter and prosecute to final determination all suits for the recovery of any penalty arising under the conditions of any bond required to be given by the provisions of this article. Said bonds shall be deposited with the county auditor.

Where there are no banks in said county, or where the banks in said county neglect or refuse to apply to be made depositories, as provided in this article, the said moneys shall be deposited in banks outside of the county, but within the State of Idaho, having sufficient capital stock, under the same conditions and terms as if in the county; and where the bank or banks in the county have not sufficient capital stock to receive said moneys under this article, moneys to the extent of one hundred per cent of the paid-up capital stock of said bank or banks, applying to be made depositories under the provisions of this article, shall be deposited with the said bank or banks in the county, and the moneys remaining shall be deposited in banks outside of the county as is hereinbefore in this section provided.

Special Deposits.

Sec. 2016. It shall be lawful for the treasurer, until such time as the county shall provide a vault for the use of the county treasurer, to deposit any funds in his hands not deposited under the provisions of this article on special deposit with such banks of approved standing and responsibility within this State as will charge the least amount for the services of keeping such funds on such special deposit; the expense for such service to be borne by the county making such deposits, and claims therefor to be approved and allowed out of the current expense fund of the county.

Historical: Laws 1905, 99, Sec. 4.

Sec. 2018. All personal bonds shall be investigated and the sufficiency of the same or the sureties thereon determined, as often as once every six months, and they shall be renewed every two years. The board of county commissioners may cause an investigation to be made at any time to ascertain the sufficiency of any bond or security

offered or given under this article, and to require new or additional security whenever in their judgment the safety of any deposit of county moneys under this article requires it: and such deposit shall be withdrawn unless such new or additional security be given. Any expense incurred in carrying out the provisions of this article shall be audited by the board of county commissioners, and, when allowed, paid out of the current expense fund of the county. The county treasurer shall not be liable personally, or upon his official bond, for any moneys that may be lost by reason of the failure or insolvency of any bank which becomes a depository under this article. It is the duty of every county treasurer to file a report in writing, verified by his affidavit, with the county auditor on the last business day of each and every month, showing exactly how much cash he has in the treasury and in what bank or banks deposited, and if in more than one, how much in each, which reports shall be carefully examined by the board of county commissioners at the next regular session following the filing of the same, and compared by them with the books of the treasurer at least twice a year, and if they shall find that the treasurer has wilfully made any false statement therein he may be suspended or removed from office.

2051. Liability for neglect or omission.

Duties of Clerk.

Sec. 2049. The clerk of the District Court must perform such duties as are prescribed in the Code of Civil Procedure and in the Penal Code, and such duties as may be required of him by the rules and practice of the court.

Historical: Rev. St. 1887, Sec. 270. Omitting "for each judicial district" as the clerks are county officers under Const. Art. 18, Sec. 6. The power to appoint deputies conferred by Rev. St. Sec. 271, is conferred by the same section of the Constitution, and as the deputy referred to in Sec. 271, was authorized in view of the system of but one clerk to each district, that section is treated as superseded. Secs. 1975 and 1979 of these Codes also preserve the power of the clerk to appoint a deputy.

Cross Reference: Election and term of office: Const. Art. 5, Sec. 16. May be empowered by commissioners to

For duties in civil and criminal cases and in respect to court proceedings generally, see Code of Civil Procedure and Penal Code.

Attendance on Court.

Sec. 2050. The clerk must in person or by deputy attend every term of the District Court held in his county. All acts done and process issued by the deputy must be in the name of his principal.

Historical: Rev. St. 1887, Secs. 272, 273. Omitting the provisions of Sec. 272 requiring the deputy to reside at the county seat of the county for which he is appointed and to perform all the duties of the office in the absence of his principal. These provisions related solely to the old

system under which the clerk was a district officer and was required for that reason to have a deputy in each county. As there is now a clerk resident of the county seat in each county, the reason for the omitted provisions no longer exists.

Liability for Neglect or Omission.

Sec. 2051. For any wrongful act or omission to perform any duty imposed by law, by himself or his deputy, the clerk is liable on his official bond to any person injured.

All warrants issued by the auditor shall be upon the warrant blanks of the series for the year chargeable with the amount for which such warrant is issued, and the number, date, and amount of each, and the name of the person to whom payable, and the purpose for which drawn must be stated thereon. When the amount for which a warrant is to be drawn is greater than the sum of two hundred dollars, the auditor shall issue therefor warrants in sums of two hundred dollars or fraction thereof, unless there is cash in the county treasury in the fund against which such warrant is drawn for the payment of the same on presentation. The auditor and treasurer of each county must, on the second Mondays in January, April, July and October, make a joint statement to the board of commissioners, showing the whole amount of collections (stating particularly the source of each portion of the revenue) from all sources paid into the county treasury; the funds among which the same was distributed, and the amount to each; the total amount of warrants drawn and paid, and on what fund; the total amount of warrants drawn and unpaid; accounts or claims audited, or allowed and unpaid, and the fund out of which they are to be paid, and generally make a full and specific showing of the financial condition of the county. Said auditor and treasurer shall cause to be published a summary of said statements in some newspaper published in the county.

Annual Statement of Financial Condition of County.

Sec. 2058. Every county auditor must, on or before the second Monday in April of each year, prepare, in duplicate, an exact and full statement, under oath, of the financial condition of his county for the fiscal year last preceding, one of which statements shall be filed in the office of the State Auditor, and the other with the board of county commissioners of the county.

Such statement must clearly set forth the following: The total assessed valuation of the county for each year; the amount of the tax levy on each one hundred dollars' valuation for each several purpose for which levied, stating it, and the total amount of the tax levy for each year. Therefrom shall be deducted the amount of double assessments, uncollected taxes or other credits ordered by the board of county commissioners to be given to the assessor on account of the roll for that year, showing the actual amount of revenue obtainable from such roll. Thereafter shall follow a statement in which shall be charged to each separate fund for which a levy was made, the proportion of net revenue, which may be obtained for such fund from such levy, and also all amounts ordered to be transferred thereto as provided by law, and also all revenues received for such year for each of said funds from sources other than property tax. There shall be credited against such revenue, shown in each fund, the amount allowed by the board of county commissioners, for which warrants have been ordered in such year, payable out of such fund; and which amounts shall be classified into warrants drawn and paid, warrants drawn and not paid, and warrants ordered and not drawn. There shall also be credited, in the statement of the appropriate funds, the amount paid on account of court orders; witness certificates; bonds and coupons; State, ad valorem, wagon road or other levies; current expense; road; bridges; general school purposes; interest on warrants paid; and generally, of all amounts paid out of the revenues of the year on account of each of the several funds, or transferred therefrom as provided by law, and the amount of delinquent tax due to each of such funds from the revenue of such year. The amount of cash in the treasury to the credit of each of such funds shall be credited therein; and said statement of each of said funds shall be balanced, as the condition thereof shall require by carrying to the credit of such account "surplus revenue over expenditures" or by debiting the account with "deficit of revenue to meet expenditures."

The auditor must, at the close of such report, make recapitulation of the total revenues, and expenditures for the year, and must compute the exact levy which would have been required or the net amount of the assessment roll for the year, to pay such expenditures and make a statement of the same.

A further showing shall be made in said statement, as follows: A statement of the actual amount and character of the bonded indebtedness of the county, if any, and the rate of interest thereon, together with the amount of the floating indebtedness, at the date of

said statement, and the amount of cash on hand in the treasury, applicable to the payment thereof. There shall be a detailed showing made in said statement as to the amount of expenditure made in said year in said county on account of current expense, other than for roads and bridges, wherein the total amount of such expenditures shall be debited and a credit made against the same for the several classified items of expenditure, in the amount shown by each.

Such classification and summarized details shall be as nearly as practicable as follows:

To total amount of expenditure for the year payable out of current expense fund \$.....

By care of poor: Medical attendance. \$.....; burials,; temporary aid, \$.....

St. 1887, Secs. 2050-2057; amended Laws 1890-91, 46, prescribing the duties of the district attorney, which were rendered obsolete by the amendment, in 1895, of Const. Art. 5, Sec. 18, creating the office of prosecuting attorney. The words "county attorney" are changed throughout to "prosecuting attorney" to conform to the nomenclature of the Constitution."

Qualifications.

Sec. 2080. No person shall be eligible to the office of prosecuting attorney who is not an attorney and counselor at law duly licensed to practice as such in the District Courts of the State. No prosecuting attorney shall hold any other county or State office during his term of office as prosecuting attorney.

Employment of Special Counsel: This act, in providing for a district attorney, does not impair the power

of the county commissioners to employ special counsel to perform legal services for the county as authorized by Rev. St. Sec. 1759, subd. 13. (Code Sec. 1917. Anderson v. Shoshone Co. (1898) 6 Ida. 76; 53 Pac. 105.

Officers to Receive Salaries and Account for Fees.

Sec. 2115. The salaries of county officers as full compensation for their services must be paid quarterly from the county treasury, upon the warrants of the county auditor, and before being paid to such officers, must be allowed and audited by the board of commissioners as other claims against the county, and no officer or deputy must retain out of any money, in his hands belonging to the county, any salary, but all actual and necessary expenses incurred by any county officer or deputy in the performance of his official duty shall be a legal charge against the county, and may be retained by him out of any fees which may come into his hands. All fees which may come into his hands from whatever source, over and above his actual and necessary expenses, shall be turned into the county treasury at the end of each quarter. He shall, at the end of each quarter, file with the clerk of the board of county commissioners, a sworn statement, accompanied by proper vouchers, showing all expenses incurred and all fees received, which must be audited by the board as other accounts.

Historical: Laws 1899, 405, Sec. 1.

Cross Reference: County officers and deputies shall receive quarterly salaries in full compensation for their services and actual and necessary expenses incurred in the performance of their official duties, and shall turn all fees received over and above expenses into the county treasury: Const. Art. 18, Sec. 7. To keep account of fees: Sec. 342.

Constitutionality: The act of which this section was the first section (Laws 1899, 405), is constitutional except in so far as it authorizes county commissioners to fix their own salaries. *Stookey v. Board of Commrs.* (1899) 6 Ida. 542; 57 Pac. 312. The

objectionable provision has been superseded by Laws 1901, 226. (See Sec. 2117.)

Accounts of Officers: A bill of a county officer for expenses incurred in his official capacity while on official business, can only be considered by the commissioners as a part of the officer's quarterly statement and cannot be made an independent claim or account. *Clyne v. Bingham Co.* (1900) 7 Ida. 75; 60 Pac. 76.

A charge made by a county officer for living expenses is not an expense incurred in the performance of official duty such as to be payable by the county. *Ib.*

It should fully appear from the of-

ficer's quarterly statement in what manner and for what reasons the expenses presented in such statement were incurred. The statement should be sworn to and be accompanied by proper vouchers proving the disbursements. The claim of an officer presented in the following form: "August 13, State v. Dan Hopkins, hotel and horse feed, \$15.50", is a "lump sum" and should not be considered. *Ib.* An account of an officer against the county presented in the following form: "Mileage, 8 miles, serving subpoenas, \$2.80" is too indefinite to answer the requirements of law. *Ellis v. Bingham Co.* (1900) 7 *Ida.* 86; 60 *Pac.* 79.

An account of an officer against the county for expense presented in the following form: "State of Idaho v. James Southwick, et al, serving nine

warrants of arrest, \$18.00", is vague and indefinite. Such account should specify the names of the defendants arrested, and show in what courts the action was pending and specify in general terms the charge in the warrant against the parties arrested. *Ib.*

Accounting for Fees: Fees received by the county treasurer in acting as ex-officio public administrator, must be accounted for and reported to the county and cannot be retained by the officer for his personal or individual use. *In re Rice* (1906) 12 *Ida.* 305; 85 *Pac.* 1109.

The fees "received" by an officer for which he must account to the county, include fees earned, though not collected, by the officer. *Naylor v. Vermont etc. Co.* (1898) 6 *Ida.* 251; 55 *Pac.* 297.

Refusal to Account Is Embezzlement.

Sec. 2116. Any county officer or deputy who shall neglect or refuse to account for and pay into the county treasury any money received as fees or compensation in excess of his actual and necessary expenses, incurred in the performance of his official duties, within ten days after his quarterly settlement with the county, shall be guilty of embezzlement of public funds, and be punishable as provided for such offense.

Historical: Laws 1899, 405, Sec. 2.

Cross Reference: Similar provision: Const. Art. 18, Sec. 9. Embez-

zlement by public officers: Sec. 7066; punishment: Sec. 7076.

Salaries of Commissioners: Classification of Counties.

Sec. 2117. For the purpose of fixing the annual salaries of county commissioners in the several counties of the State of Idaho, the counties are hereby divided into three classes.

The following counties shall constitute the counties of the first class, to-wit: Idaho, Kootenai, Latah, Nez Perce, Shoshone, and Ada.

The following counties shall constitute the counties of the second class, to-wit: Bannock, Blaine, Bingham, Boise, Canyon, Elmore, Fremont, Oneida, Owyhee and Washington.

The following counties shall constitute the counties of the third class, to-wit: Bear Lake, Cassia, Custer, Lemhi, Lincoln, and Twin Falls.

The annual salaries of county commissioners in counties of the first class shall be seven hundred dollars, and all actual and necessary expenses; for counties of the second class five hundred dollars, and all actual and necessary expenses; for counties of the third class, three hundred dollars, and all actual and necessary expenses. The term "actual and necessary expenses" shall be deemed to include all traveling expenses incurred by any county officer when absent from his residence, in performance of the duties of his office.

Historical: Laws 1901, 226, Secs. 1, 2, 3. Twin Falls county is declared to be a county of the third class by the act creating it: See Laws 1907, 40, Sec. 2. No provision was made in the

Bonner County act (Laws 1907, 47) and as there is no reason for including the county in one class rather than another, the Commissioner has referred the matter to the Legislature.

Necessary Expenses: The actual necessary expenses of county officers include their board when absent from

their residence in the performance of their official duties. *Corker v. Pence* (1906) 12 Ida. 152; 85 Pac. 388.

Salaries of County Officers.

Sec. 2118. It shall be the duty of the board of county commissioners of each county, at its regular session in April next preceding any general election, to fix the annual salaries of the several county officers, except prosecuting attorneys, to be elected at said general election, for the term commencing on the second Monday in January next after said meeting, and in no case shall the salary of any county officer be less than the lowest amount hereinafter designated for such officer, and in no case shall it be higher than the highest amount hereinafter designated for such officer. The salary of prosecuting attorney shall be fixed at the regular July session next preceding each general election.

The sheriff shall receive a salary of not less than eight hundred dollars per annum, and not to exceed two thousand dollars per annum; he shall be allowed in addition to such salary as fixed by said board, the actual and necessary expenses for care of each prisoner confined in the county jail.

The clerk of the District Court and ex-officio auditor and recorder shall receive a salary of not less than eight hundred dollars per annum and not to exceed two thousand dollars per annum.

The assessor and ex-officio tax collector shall receive a salary of not less than eight hundred dollars per annum, and not to exceed three thousand dollars per annum.

The county treasurer shall receive a salary of not less than five hundred dollars per annum and not to exceed fifteen hundred dollars per annum.

The prosecuting attorney shall receive a salary of not less than five hundred dollars per annum and not to exceed fifteen hundred dollars per annum.

The probate judge shall receive a salary of not less than five hundred dollars per annum and not to exceed fifteen hundred dollars per annum.

The county superintendent of public instruction shall receive a salary of not less than two hundred fifty dollars per annum, and not to exceed twelve hundred dollars per annum.

The county surveyor shall receive a salary of not less than fifty dollars per annum, and not to exceed eight hundred dollars per annum.

The coroner shall receive a salary of not less than fifty dollars per annum, and not to exceed three hundred dollars per annum.

Historical: Laws 1899, 405, Sec. 3, with the exception of the last paragraph of the section which was held unconstitutional in *Stookey v. Board of Commissioners*, 6 Ida. 542; 57 Pac. 312. The paragraph is also superseded by Laws 1901, 226 (Code Sec. 2117). The provisos to the first paragraph relative to fixing salaries for the years 1899-1900 are omitted as obsolete. "Prosecuting attorney" inserted for "county attorney" throughout.

Cited: *Mombert v. Bannock Co.* (1904) 9 Ida. 470; 75 Pac. 239.

Duty in Fixing Salaries: This act does not delegate to the county commissioners a legislative power in the matter of fixing the salaries of county officers, but a quasi judicial power under which the commissioners should take into consideration the various elements which go to determine what salary should be paid, and from their determination an appeal lies to the District Court as in other cases. *Reynolds v. Board of Commrs.* (1899) 6 Ida. 787; 59 Pac. 730.

Appointment and Compensation of Deputies.

Sec. 2119. The sheriff, and the clerk of the District Court and ex-officio auditor and recorder, shall be empowered by the board of county commissioners to appoint such deputies and clerical assistance as the business of their offices may require, said deputies to receive such remuneration as may be fixed by said board of county commissioners, which remuneration shall be paid quarterly in the same manner as the salaries of the county officers are paid: *Provided*, That any of the officers mentioned in this section requiring the services of one or more deputies or requiring clerical assistance shall, for a period of at least thirty days before any regular meeting of the board of county commissioners, publish a notice in some newspaper at the county seat, or if no newspaper is published at the county seat, then in some other newspaper published in the county, or if no newspaper be published in the county, then by posting a notice in his office for a period of thirty days before said regular meeting, of his intention to apply to the board of county commissioners for a deputy or deputies or for clerical assistance, and no deputy shall be appointed or clerical assistance allowed by said board until due proof of the publication of said notice shall have been furnished said board and the necessity for said assistance is satisfactorily shown, and any taxpayer in the county shall have a right to appear before said board and protest against said appointment and show cause why said assistance should not be allowed: *Provided, further*, That during the terms of the District Court, the District Judge may authorize said officers to employ such temporary assistance as they may need, and his certificate shall be sufficient proof to the board of the necessity of such employment.

Historical: Laws 1899, 405, Sec. 4.

county officers to appoint deputies:

Counties Organized in the Future.

Sec. 2120. Counties created or organized hereafter shall be governed by the provisions hereof, and the boards of county commissioners of such newly created organized counties shall respectively fix and determine at their first meeting the salaries to be paid the several county officers as herein provided for.

Attendance on Courts: The sheriff is not entitled to compensation for attendance upon the District or any other courts. *Campbell v. Commrs. Logan Co.* (1894) 4 Ida. 181; 37 Pac. 329; *Eakin v. Nez Perce Co.* (1894) 4 Ida. 131; 36 Pac. 702.

Board of Prisoners: The sheriff must file vouchers for expenses incurred by him in boarding county prisoners in order to have his claim

therefor allowed. *Mombert v. Bannock Co.* (1904) 9 Ida. 470; 75 Pac. 239.

Expenses Under Attachment: Keepers' fees can only be allowed by

order of court, and the prevailing party is not entitled to recover keepers' fees that have not been allowed by order of court. *Berry v. G. V. B. Mining Co.* (1897) 5 Ida. 691; 51 Pac. 746.

Expense incurred by the sheriff in hauling lumber taken under a writ of attachment, from the sawmill where it was attached, to a neighboring town, for the purpose of sale, is an unnecessary expense and not taxable as costs in the case. *McConnell v. McCormick* (1891) 3 Ida. 227; 28 Pac. 421.

The probate judge may charge and collect the following fees: When sitting as a committing magistrate in preliminary examinations, three dollars; for the trial of criminal causes, five dollars; for issuing warrant of arrest, fifty cents; for taking bail after commitment, fifty cents; for examination of insane person, five dollars. Historical: Laws 1899, 116, Sec. 3; re-enacting Laws 1890-91, 174, Sec. 3. Omitting the sentence providing for the payment of compensation when

fees fall below the minimum salary, as superseded by Laws 1899, 405 (Code Secs. 2115-2120) establishing the salary system.

As the auditor, he is allowed and may receive, when not otherwise provided by law, fees as follows: For administering each oath, including a jurat, if required, twenty-five cents; for each paper filed, ten cents; for making records or furnishing copies thereof, twenty cents per folio.

Historical: Laws 1899, 116, Sec. 4; re-enacting Laws 1890-91, 174, Sec. 4. Fees of Constable.

Sec. 2127. A constable is allowed and may collect and receive for any services required of him by law, fees as follows: For serving summons in civil cases, for each defendant, fifty cents; for summoning a jury before a justice of the peace, one dollar and fifty cents; for taking a bond required to be taken, fifty cents; for summoning each witness, twenty-five cents; for serving an attachment against the property of the defendant, one dollar; for receiving and taking care of property on execution, attachment or order, his actual necessary disbursements and expenses, to be allowed by the justice who issued the process, upon satisfactory proof that such charges are correct, not to exceed two dollars per day; for collecting all sums of money on execution, three per centum to be charged against the defendant in the execution; for serving a warrant or order for the delivery of personal property or making an arrest in civil cases, one dollar; constables must receive mileage at the rate of twenty cents per mile for each mile necessarily traveled, in going only; for services in criminal cases, the same fees as sheriffs are authorized to receive for like services; for all other services, except attending court, the same fees as are allowed sheriffs for similar services.

Historical: Rev. St. 1887, Sec. 2136.
See 8 Ter. Ses. (1875) 566, Sec. 34.
The provision fixing the constable's mileage is taken from Rev. St. Sec. 2126. The reason for the change is given in the note, *infra*. No change is made in the provision for services in

criminal cases except to omit the words "and travel" for the reason that sheriff's fees under the amendment of 1891, and 1899 referred to in the case in the note, are the same as under Rev. St. 2126, and the reference therefore remains accurate.

Cross Reference: Fees for inspecting cattle for shipment: Sec. 1248. Fees with reference to estrays: Sec. 1299.

Fees in Criminal Cases: This section allows constables to charge in criminal cases the same fees which

were allowed sheriffs in such cases by Rev St. Sec. 2126, and does not allow constables the fees which sheriffs were entitled to under the act of 1891, which amended Sec. 2126. *Ellis v. Bingham Co.* (1900) 7 Ida. 86; 60 Pac. 79.

Fees to Be Prepaid.

Sec. 2128. The officers mentioned in this title are not in any case, except for the State or county, to perform any official service unless upon prepayment of the fees prescribed for such services by law, except as in the succeeding sections provided; and *Provided further*, That the Attorney General or any prosecuting attorney may cause subpoenas to be issued on behalf of the State, without paying or tendering fees in advance to any officers, and on such payment the officer must perform the services required. For every failure or refusal to perform official duty when the fees are tendered, the officer is liable on his official bond.

Historical: Rev. St. 1887, Sec. 2137. The words "by law" are transposed to clarify the construction, and the further proviso is taken from Rev. St. Sec. 2146, the balance of which relates to witness' fees, and is transferred to C. C. P. Sec. 6143.

Not Repealed: This section is not amended or repealed by Laws 1891,

175, which fixes the fees of county officers. *Naylor v. Vermont etc. Co.* (1898) 6 Ida. 251; 55 Pac. 297.

Action for Fees: This section entitles officers to demand the prepayment of fees as a condition precedent to the performance of service, but does not preclude such officers, in case they do not demand prepayment, from afterwards maintaining an action to recover the fees allowed for such services. *Ib.*

No Fee in Habeas Corpus.

Sec. 2129. No fee or compensation of any kind must be charged or received by any officer for duties performed or services rendered in proceedings in habeas corpus; nor shall any county officer charge any fee against, or receive any compensation whatever from, the State for any services rendered in any action or proceeding in which the State of Idaho, or any State board, or State officer in his official capacity, is a party.

No Fee to Be Charged to Pensioners.

Sec. 2129a. No judge or clerk of court, county clerk, county auditor or any other county officer shall be allowed to charge any honorably discharged soldier or seaman, or the widow, orphan or legal representative thereof, any fee for administering any oath or giving any official certificate for the procuring of any pension, bounty or back pay, nor for administering any oath or oaths and giving the certificate required upon any voucher for collection of periodical dues from the pension agent, nor any fee for services rendered in perfecting any voucher. Any such officer who may require and accept fees for such services shall be deemed guilty of a misdemeanor, and on conviction thereof shall be fined in any sum not less than ten dollars, nor more than fifty dollars.

Every officer whose fees are herein ascertained must publish and set up in his office fair tables of his fees, according to this title, within one month after he enters upon the duties of his office, in some conspicuous place, for inspection of all persons who have business in his office, upon pain of forfeiting for each day a sum not exceeding twenty dollars, which may be recovered by any person by action before any justice of the peace of the same county, with costs.

Historical: Rev. St. 1887, Sec. 2139.

Execution for Fees.

Sec. 2131. If any clerk, sheriff, justice of the peace, or constable, shall not have received any fees which may be due him for services rendered in any suit or proceeding, he may have execution therefor, in his own name, against the party from whom they are due, to be issued from the court in which the action is pending.

fixes the fees of county officers. *Naylor v. Vermont etc. Co.* (1898) 6 Ida. 251; 55 Pac. 297.

Folio Defined.

Sec. 2132. The term "folio" when used as a measure for computing fees or compensation, shall be construed to mean one hundred words, counting every three figures necessarily used as a word. Any portion of a folio, when in the whole draught or paper, should there not be a complete folio, and when there should be an excess over the last folio exceeding a quarter, shall be computed as a folio. The filing of a paper shall be construed to include the certificate of the same.

Historical: Rev. St. 1887, Sec. 2141.

Limitation on Mileage of Officer.

Sec. 2133. When any sheriff, constable or coroner serves more than one process in the same case, not requiring more than one journey from his office, he shall receive mileage only for the most distant service.

Receipt for Fees.

Sec. 2134. Entry of Town Sites.

Sec. 2147. It is the duty of the corporate authorities of any city or incorporated town, or the probate judge of any county in which is situated any unincorporated town, to enter at the proper land office of the United States such quantity of land as the inhabitants of such city or town may be entitled to claim, in the aggregate, according to the population, in the manner required by the laws of the United States and the regulations prescribed by the Secretary of the Interior of the United States, and make and sign all necessary declaratory statements, certificates and affidavits, or other instruments requisite to carry into effect this title and Chapter 8 of Title 32 of the Revised Statutes of the United States, and to make proof, when required, of the facts necessary to establish the claim of such inhabitants to the lands so granted by the laws of Congress.

Historical: Rev. St. 1887, Sec. 2200.
(See 8 Ter. Ses. (1875) 698, Sec. 1);
amended Laws 1905, 84, Sec. 1.

Conveyance: How Executed.

Sec. 2148. Any such corporate authorities, or judge, holding the title to any such lands in trust, as declared in said acts of Congress, must, by a good and sufficient conveyance, grant and convey the title to each and every block, lot, share or parcel of the same to the person entitled thereto, according to his rights or interest in the same as they exist, in law or equity, at the time of the entry of such lands, and when any parcel or share of such lands is occupied or possessed by one or more persons, claiming the same by grant, lease or sale, the respective rights and interests of such persons, in relation to each other in the same, are not changed or impaired by any such conveyance. Every conveyance, by such corporate authorities or

judge, pursuant to the provisions of this title, must be so executed and acknowledged as to admit the same to be recorded, and if made previous to the issuing of the patent for such lands, it must contain a covenant that the grantor will, after the issuing of such patent, execute, acknowledge and deliver to the grantee, his heirs or assigns, such further conveyance as may be or become necessary to fully vest and perfect the title to the lands therein described in the grantee, his heirs or assigns.

Historical: Rev. St. 1887, Sec. 2201, 8 Ter. Ses. (1875) 698, Sec. 2.

California Legislation: See Pol. Code 1872, Sec. 4442; Deering's Code, ib.; Kerr's Code, ib.

Nature of Trust: The trust imposed on the mayor of an incorporated town under the townsite law, is for the benefit of the inhabitants, first as individuals and then, collectively, as a community. The title to the occupied lots is vested in the trustee for the benefit of the several occupants at the time of the entry, and neither the surveyor nor the mayor

can deprive them of that title, *Scully v. Squier* (1907) 13 Ida. ...; 90 Pac. 575.

Survey of Townsite: The surveyor, in platting a townsite, cannot make a paper street and deprive the actual occupants of vested rights in the premises occupied by them; his only authority is to plat the town in conformity to the use and occupancy of the lots and blocks, and he cannot establish streets through and over buildings, nor cut off any portion or part of a building for street purposes. *Ib.*

Notice of Entry.

Sec. 2149. At any time after the entry of such lands, and before three months from the date of the receipt of a patent therefor, the corporate authorities or judge entering the same, must give public notice of such entry by posting the notice thereof in at least three public places in said town, and by publishing such notice in a newspaper printed and published in the county in which such town is situated, or in case there is no such newspaper, then in some newspaper printed and published at the seat of government; such notice must be published once in each week for at least three successive weeks, and must contain the name of the town and an accurate description of the lands so entered as the same are described in the certificate of entry, duplicate receipt for the purchase money thereof issued at the time of entry, or in the patent in case patent has issued.

Historical: Rev. St. 1887, Sec. 2202. (See 8 Ter. Ses. (1875) 698, Sec. 3); amended Laws 1905, 84, Sec. 2.

Claims for Lots.

Sec. 2150. Every person, association or company claiming to be entitled to such lands, or to any block, lot, share or parcel thereof, must, within sixty days after the first publication of such notice, in person or by duly authorized agent or attorney, sign a statement in writing containing an accurate description of the particular parcel or parts in which he claims to have an interest, and the specified right, interest or estate therein, which he claims to be entitled to receive, also a brief statement of the facts upon which such right, interest or estate depends for its validity, and deliver the same to such corporate authorities or judge, and all persons failing to sign and deliver such statement, within the time specified in this section, are, as against any claimant, forever barred the right of claiming or recovering such lands, or any interest therein. In case any lots,

pieces or parcels of land remain unclaimed and unconveyed at the end of said sixty days, all such lots shall revert to and become the property of such town.

Historical: Rev. St. 1887, Sec. 2203.
(See 8 Ter. Ses. (1875) 698, Sec. 4);
amended Laws 1905, 84, Sec. 3.

Appointment of Appraisers.

Sec. 2151. The corporate authorities of such town, in case the same be incorporated, shall appoint, by order, resolution or ordinance, a board of appraisers, to consist of three freeholders or householders of such town, who shall have no interest in such unclaimed or unconveyed lots or parcels of land, or the improvements thereof. Each of said appraisers shall take an oath to faithfully discharge his duties as such appraiser, and shall file such oath in the office of the clerk of such municipality before commencing his duties as such appraiser. In case such appraisers should fail or neglect to make appraisements hereinafter specified and file the same with said clerk for a period of more than ten days after their appointment, then said corporate authorities may appoint a new board of appraisers for the purposes herein provided. It shall be the duty of such corporate authorities to appoint such appraisers within thirty days after the time has expired for persons to present claims for lots, pieces or parcels of land in such town.

Historical: Laws 1905, 84, Sec. 4.
Omitting the concluding clause relating to appointment of appraisers with-

in thirty days after the taking effect of the act, as now obsolete.

Appraisement of Unclaimed Lots.

Sec. 2152. Said appraisers shall appraise all lots, pieces or parcels of land, unclaimed or not conveyed by virtue of any law, in such town, at their just and full cash value, and file their written appraisement thereof with said clerk. Said appraisement shall contain a description of each lot, piece or parcel of land so appraised, and a statement of the cash value of the same. Said appraiser shall make a separate statement of the value of such lots, pieces and parcels of land without improvements, and the value of such improvements, and the aggregate value of both. There shall be attached to such appraisement a written affidavit of said appraisers verifying each statement of such appraisement and alleging that each of such lots and parcels of land is appraised at its just and full value. This appraisement shall be required only in cases where the time has expired by law for claimants to file their statements.

Historical: Laws 1905, 84, Sec. 5.

Notice of Sale.

Sec. 2153. The mayor or president of the board of trustees, as the case may be, shall, upon the filing of such appraisements, give notice signed in his official capacity of the time and place of sale of such lots and parcels of land by an advertisement published once a week for three successive weeks in some newspaper published in the county where such town is situated, or, if no newspaper is published in said county, then in the paper published nearest such town.

Such sale shall be advertised to be made at some public place in said town, and to be sold at some specified time between the hours of sunrise and sunset.

Historical: Laws 1905, 84, Sec. 6.

Conduct of Sale: Reappraisement and Resale.

Sec. 2154. Such lots or parcels of land shall be sold at public vendue to the highest bidder for cash, and shall be offered for sale singly, unless a greater price can be obtained by selling several lots or parcels of land together, in which case several lots or parcels can be sold together after an attempt has been first made to sell the same singly. Such sale may be continued, if necessary, from day to day, for a period not to exceed three days at any one sale. In case all said lands are not sold at the first sale, the sale of the remaining lands shall be advertised as many times as may be necessary to sell said lands, and all sales subsequent to the first sale shall be advertised and conducted the same as the first sale. No lot or parcel of land shall be sold at less than its appraised value. A new appraisement may be had of all lands remaining unsold: *Provided*, That such new appraisement shall not be made oftener than once every three months. Such new appraisement shall be made by a new board of appraisers, to be appointed in the same manner as the first board of appraisers were appointed, or by the old board of appraisers.

Historical: Laws 1905, 84, Sec. 7. "Once every" inserted before "three months" in the proviso. The concluding clause, "or by the old board of

appraisers" has been transposed. Both changes are made to more clearly express the meaning.

Purchase by Entryman.

Sec. 2155. Notice to Commence Suit.

Sec. 2159. Note: Title 13, Pol. Code. Rev. St. 1887, treated of the subject "Towns and villages." This title was amended by Laws 1890-91, 159; re-enacted Laws 1899, 106. The act which forms the basis of this title is found in Laws 1893, 97; re-enacted Laws 1899, 192. In *City of Wardner v. Pelkes*, 8 Ida. 333; 69 Pac. 64, the Supreme Court held that the act of 1893 repealed "all prior acts upon the subject," but in the later case of *Jack v. Village of Grangeville*, 9 Ida. 291; 74 Pac. 969, the court decided, without referring to the *Wardner* case, that Rev. St. Sec. 2230, Subd. 12, was not repealed by the 1893 law, and was still in force. Giving effect, so far as possible, to both these decisions, the commissioner has omitted from this title, the legislation prior to the act of 1893, with the exception of Subd. 12 of Sec. 2230, which is appended to Sec. 2238.

City of the Second Class Defined.

Sec. 2170. All cities, towns and villages containing more than one thousand and less than fifteen thousand inhabitants shall be cities of the second class, and be governed by the provisions of this chapter, unless they shall adopt a village government as hereinafter provided.

Historical: Laws 1899, 192, Sec. 1; re-enacting Laws 1893, 97, Sec. 1.

Comparative Legislation: See Neb. Cobbey's An. Stat. Vol. 2, Sec. 8600.

Cited: In re Francis (1900) 7 Ida. 98; 60 Pac. 561.

Definition: The words, "City, Town

or Village," and, "City or Town," are used indiscriminately and without any purpose to distinguish between the words "town" and "village". *Brown v. Village of Grangeville* (1902) 8 Ida. 784; 71 Pac. 151.

General Repeal: This act provides

a complete scheme for the incorporation and government of cities, and repeals all prior acts on the subject. *City of Wardner v. Pelkes* (1902) 8 Ida. 333; 69 Pac. 64.

No Involuntary Corporations: Since, under Section 40 of the act of which this section is a part, the inhabitants

of any territory must make application therefor in order to become a city of the second class, this section does not create involuntary municipal corporations. *Carson v. City of Genesee* (1903) 9 Ida. 244; 74 Pac. 862.

Division Into Wards.

Sec. 2171. Each city of the second class shall be divided into not less than two nor more than six wards, as may be provided by ordinance of the city council thereof, and each ward shall contain, as nearly as practicable, an equal number of legal voters and an area as equal to each other as practicable.

Historical: Laws 1899, 192, Sec. 2; re-enacting Laws 1893, 97, Sec. 2.

Comparative Legislation: See Neb. Cobbeys An. Stat. Vol. 2, Sec. 8601.

Annexation of Adjacent Territory.

Sec. 2172. Whenever any land lying contiguous or adjacent to any city, town, or village in the State of Idaho, or to any addition or extension thereof, shall be, or shall have been, by the owner or proprietor thereof, or by any person by or with the owner's authority or acquiescence, laid off into lots or blocks, containing not more than five acres of land each, whether the same shall have been, or shall be, laid off, sub-divided or platted in accordance with any statute of this State or otherwise, or whenever the owner or proprietor, or any person by or with his authority, has sold, or begun to sell off such contiguous or adjacent lands by metes and bounds in tracts not exceeding five acres, it shall be competent for the council or board of trustees, as the case may be, by ordinance, to declare the same, by proper legal description thereof, a part of such city, town or village.

Historical: Laws 1905, 391, Sec. 1. "The owner's" inserted for "his be-

fore "authority" in line 4, to more clearly express the meaning.

Annexation Ordinance to Be Filed: Survey.

Sec. 2173. It shall be the duty of the clerk of any city, town or village, upon the taking effect of such ordinance, to file with the county recorder of the county in which said city, town or village is located, a copy of the said ordinance duly certified as to the correctness thereof, under the corporate seal of such city, town or village; and to order the same surveyed, if the council or board of trustees shall so direct, the cost of said survey to be pro rated according to the amount of land surveyed, and assessed to the then owners of said lands, and the assessments handled the same as a regular tax; and thereupon and thereafter the corporate limits of such city, town or village shall extend to and include such land, and thereafter all property and persons within the limits of such annexed tract of land shall be subject to the provisions of all by-laws and ordinances of the said city, town or village, and to the police regulations thereunder.

Historical: Laws 1905, 391, Sec. 2; amended Laws 1907, 309, Sec. 1.

Effect of Annexation.

Sec. 2174. From the date of the filing of the certified copy of said

ordinance with the county recorder as provided for in the preceding section, all the property situated within the said annexed territory, and the inhabitants thereof, shall be subject to taxation, as other property and persons within the corporate limits of such city, town or village, and all road taxes and licenses collected therein thereafter shall be distributed in accordance with law, as though said annexed portion had been a part of the said city, town or village from the date of its incorporation.

Historical: Laws 1905, 391, Sec. 3.

Organization of Village Into City.

Sec. 2175. Whenever any village containing more than one thousand inhabitants desires to discontinue its organization as a village and organize as a city of the second class, and a number of the qualified electors of said village equal to three-fifths of the total vote as shown by the last preceding general village election held in said village, shall petition the board of trustees of such village therefor, upon the filing of said petition with the village clerk of said village, it shall be the duty of the board of village trustees to forthwith pass and publish a resolution, in the manner provided for the passage and publication of village ordinances, declaring such municipal corporation to be a city of the second class and changing the corporate name of such municipality from the village of (inserting the corporate name of the village) to the city of (inserting the corporate name of such city). In the event no general village election has ever been held in said village, then, for the purpose of this and the following sections, the village trustees may, on their own investigation, determine whether the voters signing said petition equal in number three-fifths of the total vote of the village, or such fact may be established by the affidavits of competent persons. Such resolution shall also find the existence of the above jurisdictional facts. Upon the passage, approval and publication of such resolution, it shall be the duty of the clerk of such village to record the same in the general ordinance or record book of such village, in the manner provided for the recording of ordinances, and to forthwith make out a true copy of the same, duly certified by him, and deliver the same to the clerk of the board of county commissioners of the county in which said municipality may be situated, and such board of county commissioners, at their next ensuing general or special meeting, shall cause the resolution to be entered and recorded therein, the same as the original order of incorporation of such municipality as a village was recorded.

Historical: Laws 1903, 216, Sec. 1; amended Laws 1907, 217, Sec. 1. "General" inserted for "equal" village election, line 14, to express the meaning.

Number of Signers: The provisions of this section which require the petition to be signed by a number of qualified electors equal to three-fifths of the vote "as shown by the latest preceding general village election," is directory merely; the material and

essential requirement is that three-fifths of the electors shall petition for the change, and it is immaterial whether an election has or has not been previously held in the village. In case no election has been held, the number of qualified electors required to sign the petition is a fact to be determined by the usual modes of proof. *Boyd v. Bickel* (1907) 13 Ida. —; 89 Pac. 631.

Division Into Wards.

Sec. 2176. Upon the passage of the resolution mentioned in the preceding section, it shall be the duty of the board of trustees of such village to enact an ordinance dividing such municipality into wards in the manner required by the city councils in cities of the second class.

Historical: Laws 1903, 216, Sec. 2.

Conduct of First Election.

Sec. 2177. The next biennial or general election, succeeding the passage of said resolution, held within such municipality, shall be conducted in the manner required for the conducting of elections in cities of the second class. The officers elected at such election shall be the same as in cities of the second class organized under the general laws of this State, and the board of trustees shall have full power to prescribe by ordinance such rules and regulations, not in conflict with the general laws of the State, for the conduct of such election as may be necessary for the carrying into effect of the provisions of this chapter. In all matters pertaining to such election the officers of such village shall have the same powers, except as herein otherwise provided, as are conferred upon the officers of cities of the second class in the performance of like duties. For the purposes of such election, such municipality shall be considered as a city of the second class, and such election may be conducted in its corporate name of the "city of (naming it)."

Historical: Laws 1903, 216, Sec. 3.
"Biennial" inserted for "annual" in
the first line, as municipal elections

now occur biennially. See Laws 1905,
385, Sec. 1 (Code Sec. 2245).

When Village Becomes a City.

Sec. 2178. Upon the election and qualification of the officers provided for by the general laws applicable to cities of the second class and by this chapter, at such election, such municipality shall cease to be a village and shall become and be a city of the second class, and thenceforth shall be known as the "City of, " and shall thereafter have the same powers and duties, and be subject to the same liabilities, as though originally incorporated as a city of the second class under the general laws of the State.

Historical: Laws 1903, 216, Sec. 4.

Delivery of Books and Papers.

Sec. 2179. Upon the qualification of the city officers elected as herein provided, all books, papers, records, money and property of such village, shall be delivered over to the proper officers of such city, and the authority of the board of trustees and of all village officers shall cease from and after the taking effect of the city government in such former village.

Historical: Laws 1903, 216, Sec. 5.

Existing Rights and Obligations Not Affected.

Sec. 2180. Any city organized under the provisions of this and the five preceding sections shall, for all purposes, be deemed and taken to be in law the identical corporation theretofore incorporated and

existing; and such reorganization shall in no wise affect or impair the title to any property owned or held by such corporation or in trust therefor, or any debts, demands, liabilities or obligations existing in favor of or against such corporation, or any proceeding then pending, nor shall the same operate to repeal or affect in any manner any ordinance theretofore passed or adopted and remaining unrepealed, or to discharge any persons from any liability, civil or criminal then existing, for any violations of any such ordinance; but such ordinances, so far as the same are not in conflict with the general laws, shall be and remain in force until repealed or amended by the said city council: *Provided*, That proceedings theretofore commenced shall, after such reorganization, be conducted in the same manner as though the change herein provided for had not taken place.

Historical: Laws 1903, 216, Sec. 6.

Proof of Corporate Existence.

Sec. 2181. All courts holden within the county in which such city is situated shall take judicial notice of the corporate capacity and existence of such city, and of the fact that such city is identical with, and a continuation of, such municipality formerly organized as a village. In all other courts of the State the corporate capacity and existence of such city may be proven by copies of the resolution discontinuing the village government of such municipality, and declaring the same to be a city, and of the original order of incorporation of said municipality as a village, duly authenticated and certified by the clerk of the board of county commissioners, in whose office such records exist, to be correct copies of such proceedings as the same appear of record in his office.

Historical: Laws 1903, 216, Sec. 7.

Powers of Cities.

Sec. 2182. Cities of the second class in their corporate capacities are authorized and empowered to enact ordinances for the following purposes, in addition to other powers granted by this title:

6. To provide for and regulate the lighting of the streets, public buildings and grounds, and the erection of lamp posts, and to levy and collect a special tax therefor, upon all the taxable property within the city limits.

7. To purchase and own grounds for, and to erect and establish market houses and market places.

8. To provide for the erection and government of any useful or necessary buildings for the use of the city.

9. To procure fire engines, hooks, ladders, buckets and other apparatus, and to organize fire engine, hook and ladder and bucket companies and to prescribe rules of duty, and the government thereof, with such penalties as the council may deem proper, not exceeding one hundred dollars, and to make all necessary appropriation therefor.

10. To elect one of the council who shall be styled the "president of the council," and who shall preside at all meetings of the council in the absence of the mayor; and, in the absence of the president, to elect one of their own body to occupy his place temporarily, who shall be styled "acting president of the council," and the president and acting president, when occupying the place of mayor, shall have the same privileges as other members of the council; and all acts of the president or acting president, while so acting, shall be as binding upon the council and upon the city as if done by the mayor.

Petition: An attempted incorporation of a town is void where the petition for incorporation fails to describe the metes and bounds of any tract of land whatever. *Ib.*

Order: The fact that the order of the board of commissioners declaring a town incorporated, fails to designate the metes and bounds of the town, does not affect the legality of the incorporation, where the petition for incorporation clearly designates said boundaries, and the order refers to the petition and grants it without change or modification. State v. Inhabitants of Pocatello (1891) 3 Ida. 174; 28 Pac. 411.

The fact that the order incorporating a city does not state that two hundred or more inhabitants are "legal residents" of the territory described in the petition, does not render the order void where the same uses the words "taxable inhabitants," and shows that a sufficient number of taxable inhabitants signed the petition. City of Wardner v. Pelkes (1902) 8 Ida. 333; 69 Pac. 64.

Validity in General: Where a petition for the incorporation of a city is signed by a majority of the taxable male inhabitants, and designates the name of the proposed city, and also

the metes and bounds of legal subdivisions according to the United States survey, and the order of incorporation recites the presentation of the petition signed by the taxable inhabitants of the city, finds that the prayer of the petition is reasonable, designates the metes and bounds in accordance with the petition and directs that thenceforth the inhabitants within the described boundaries shall be a body politic under the name and style of the said city, this section is substantially complied with, although the petition and order refer to the proceedings as brought under Sec. 2224 of the Revised Statutes instead of under this section. *Ib.*

Collateral Attack: In an action attacking the validity of the incorporation of a village on the ground that the petition praying for such incorporation was not signed by a majority of the taxable male inhabitants residing within the boundaries of said village, it must affirmatively appear from the proceedings attacking such incorporation that said petition was not signed by a majority of such taxpayers. In re Francis (1900) 7 Ida. 98; 60 Pac. 561.

Where the board of commissioners in making an order incorporating a city, finds that the proposed boundaries are reasonable, any person who is aggrieved thereby has his remedy by appeal, and the incorporation will not be held void because the boundaries are improperly fixed, in the absence of any showing that the boundaries so fixed include an unreasonable amount of land. City of Wardner v. Pelkes (1902) 8 Ida. 333; 69 Pac. 64.

Additional Powers of Cities and Villages.

Sec. 2238. In addition to the powers hereinbefore granted to cities and villages under the provisions of this chapter, any city or village may, by ordinance or by-law:

First. Levy taxes for general revenue purposes not to exceed ten mills on the dollar, in any one year, on all the property within the limits of said city or village, taxable according to the laws of the State of Idaho, the valuation of such property to be ascertained from the books or assessment rolls of the tax collector of the proper county.

Second. Levy any other tax or special assessment authorized by law.

Third. Establish, lay out, alter, open any streets or alleys, and improve, repair, light, grade or sprinkle, drain the same and remove any and all obstructions therefrom, establish grades and construct bridges, cross-walks, culverts and sewers thereon, and repair and maintain the same; cause to be planted, set out and cultivated shade trees along the lines thereof or therein; and defray the expenses of the same out of the general fund of such city or village, not exceeding two mills of the levy for general purposes, or defray the expenses of the same by a special assessment in accordance with the provisions of the fifth subdivision of this section.

Fourth. Provide by general ordinance for the construction and repair of sidewalks and for the laying of temporary plank sidewalks upon the natural surface of the ground without regard to grades, upon streets not permanently improved, and provide for the assessment of the cost thereof on the property in front of which the same shall be constructed, repaired or laid.

Fifth. Curb, plank, pave, gravel, macadamize, gutter, grade or sprinkle any highway, street or alley therein, in whole or in part, and levy a special tax on the lots and parcels of land fronting on such highway, street or alley, to pay the expense thereof. But, unless a majority of the resident owners of the property subject to assessment for such improvement petition the council or trustees to make the same, such improvement shall not be made unless three-fourths of all the members of such council or trustees, shall, by an affirmative vote, at a regular meeting, assent to and order the same.

Sixth. Assessments made under the provisions of Subdivision Fifth of this section shall be made, assessed and collected in the following manner:

1. The assessment or cost of any work or improvement provided for in Subdivision Fifth of this section, shall be assessed upon the lots and land fronting thereon, each lot being separately assessed for the full debt thereof in proportion to the benefits to the property to be benefited, sufficient to cover the total expense of the work to the center of the street on which it fronts.

2. The expense of all improvements in the space formed by the junction of two or more streets, or wherein one main street terminates

in or crosses another main street, and also all street crossings or cross-walks, shall be paid by such city or village.

3. When any work or improvement mentioned in this section is done or made on one side of the center line of said alleys or public ways, the lots fronting on that side only shall be assessed to cover the expenses of said work, according to the provisions of this section.

4. The city council or trustees shall, before or during the grading, paving or other improvement of any street or alley, the cost of which is to be levied and assessed upon the property benefited, first pass, at a special meeting, a resolution or ordinance declaring its intention to make such improvement, and stating in such resolution or ordinance the name of the street or alley to be improved, the points between which said improvement is to be made, the general character of the proposed improvement and the estimate of the cost of the same, and that the cost of the same is to be assessed against the property abutting (and included in the assessment district herein provided) on such street proposed to be improved, and shall fix the time, not less than ten days, in which protests against said proposed improvement may be filed in the office of the city clerk. It shall be the duty of such clerk to cause such resolution to be published in the official newspaper of the city in at least two consecutive issues before the time fixed in such resolution for filing such protests and affidavit of such publication shall be filed on or before the time fixed for such filing. If protests against the proposed improvement by the owners of more than two-thirds of the front feet of lots and lands abutting on such proposed improvement and included in the assessment district therein provided, be filed on or before the date fixed for such filing, the council or trustees shall not proceed further with the work unless three-fourths of the members of said council or board of trustees shall vote to proceed with such work. If no such protest is filed, or if such protest is filed and three-fourths of the council or trustees shall vote to proceed with such work, the council or trustees shall, at its next regular meeting, proceed to consider the same, and shall then or at a subsequent time proceed to enact an ordinance for such improvement. By the provisions of such ordinance, a local improvement district shall be established to be called "Local Improvement District No.," which shall include all the property fronting on the street to be improved, between the points named in such resolution, to the distance back from such street, if platted in blocks, to the center of the blocks; if platted in lots only, to the center of the lots, and if not platted to the distance of one hundred and twenty-five feet. Such ordinance shall provide that such improvements shall be made and that the cost and expense thereof shall be taxed and assessed upon all property in such local improvement district, which cost shall be assessed in proportion to the number of feet of such lands and lots fronting thereon, and included in said improvement district, and in proportion to the benefits derived by said improvements: *Provided*, That the city council or trustees may expend from the general fund for such purposes such sums as in their judgment may be fair and equitable in consideration of benefits accruing to the general public by reason of such improvement.

The expense of all improvements in the space formed by the junction of two or more streets, or where one main street terminates in or crosses another main street, and also all necessary street crossings or cross-ways at corners, and intersections of streets, and the expense of establishing, building and repairing bridges in such city, shall be paid by such city. The expense incurred in making and repairing sewers in any street shall be paid by the city. When any work for improvement mentioned in this section is done or made on one side of the center lines of said streets, avenues or public highways, the lots or portions of lots fronting on that side only shall be assessed to cover the expenses of said work according to the provisions of this section. Whenever any expense or cost of work shall have been assessed on any lands, the amount of said expenses shall become a lien upon said lands, which shall take precedence of all other liens, and which may be foreclosed in accordance with the provisions of the Code of Civil Procedure.

Such suit shall be in the name of the City of (naming it) as plaintiff, and in any such proceedings where the court trying the same shall be satisfied that the work has been done or material furnished, which, according to the true intent of this section, would be properly chargeable upon the lot or lands through or by which the street, alley or highway improved or repaired may pass, a recovery shall be permitted or a charge enforced to the extent of the proper proportion or the value of the work, or material which would be chargeable on such lot or land notwithstanding any informalities, irregularities or defects in any of the proceedings of such municipal corporation or any of its officers.

5. Upon the passage of an ordinance as herein provided the committee on streets, together with the city engineer, or other proper authority of such city, town or village, shall make out an assessment roll according to the provisions of the said ordinance, and shall certify the same to the council or trustees of such city, town or village.

6. Upon receiving the said assessment roll, the clerk of such city, town or village shall give notice by three successive publications in the official newspaper of such city, town or village that such assessment roll is on file in his office, the date of filing of same, and said notice shall state a time at which the council or trustees will hear and consider objections to said assessment roll by the parties aggrieved by such assessments. The owner or owners of any property which is assessed in such assessment roll, whether named or not in such roll, may, within ten days from the last publication provided herein, file with the clerk his objections in writing to said assessment.

7. At the time appointed for hearing objections to such assessment the council shall hear and determine all objections which have been filed by any party interested to the regularity of the proceedings in making such assessment and the correctness of such assessment, or of the amount levied on any particular lot or parcel or land; and the council shall have the power to adjourn such hearing from time to time, and shall have power, in their discretion, to revise, correct, confirm or set aside such assessment and to order that such assess-

ment be made de novo, and such council shall pass an order approving and confirming said assessment as corrected by them, and their decision and order shall be a final determination of the regularity, validity and correctness of said assessment to the amount thereof, levied on each lot and parcel of land.

8. Any person who has filed objections to such assessment or re-assessment as hereinbefore provided, shall have the right to appeal to the District Court of this State and county in which said city or village may be situated.

9. Such appeal shall be taken by filing a written notice of appeal with the clerk of such city or village within ten days after such assessment or re-assessment roll shall have been approved and confirmed by the council or trustees, and said notice shall describe the property and the objections of such appellant to such assessment, and such appellant shall also file with the clerk of the District Court aforesaid within twenty days from the approval and confirmation of such roll by the council or trustees, a copy of said notice of appeal, assessment or re-assessment roll and proceedings thereon, certified by the clerk of such city or village, together with a bond to such city or village, conditioned to pay all costs that may be awarded against the appellant in such sum not less than two hundred dollars and with such security as shall be approved by the judge of said court, and the case shall be docketed by the clerk of such court in the name of the person taking the appeal, against the city or village as "An appeal from assessments." Said cause shall then be at issue and shall have precedence over all civil cases pending in said court, except proceedings under the act relating to eminent domain by cities and towns, actions of forcible entry and detainer. Such appeal shall be tried in said court as in the case of equitable causes except that no pleadings shall be necessary. The judgment of the court shall be either to confirm, modify or annul the assessment in so far as the same affects the property of the appellant, from which judgment an appeal shall lie to the Supreme Court, as in other causes. In case the assessment is confirmed, the fees of the clerk of the city or village for copies of the record shall be taxed against the appellant with other costs.

10. All such assessments shall be known as "Special assessments for improvements," and shall be levied and collected as a separate tax in addition to the taxes for general revenue purposes to be placed on the tax roll for collection, subject to the same penalties and collected in the same manner as other city or village taxes.

11. Whenever the mayor and council, or trustees, of any city or village shall, under authority vested in them by any law of this State and the charter of such city or village, cause any street, avenue or alley in such city or village to be graded, curbed, graveled, paved, repaired or macadamized, or any other local improvements, the expense of which is chargeable to the abutting, adjoining, contiguous or approximate property, they may, in their discretion, provide for the payment of the costs and expenses thereof by installments, instead of levying the entire tax or special assessment for such costs at one time, and for such installment they may issue, in the name of such city or village, improvement bonds of the district, which shall

include the adjoining, contiguous and approximate property liable to assessment for such local improvement according to the city or village charter, payable in installments of equal amounts each year; none of which bonds nor any of the installments shall run longer than five years nor bear interest exceeding eight per centum per annum.

Such bonds may be issued to the contractors constructing the improvement in payment thereof, or the mayor and council, or trustees by charter and ordinance of said city or village, or other authorized officer or officers of said city or village, may sell the same at not less than their par value, net, and pay the proceeds thereof to the contractor. Such bonds shall not be issued in amount in excess of the contract price of the work or improvement, except that the installment coupons shall include the interest on such installments to the maturity thereof. The bonds shall be of such denomination as the mayor and council, or trustees, shall deem proper. When district bonds are issued under this section for improvements, the cost of which is by law charged by special assessment against specific property, the mayor and council, or trustees, or other authorized officer, board or body, shall levy special assessments each year sufficient to redeem the installments of such bonds next thereafter maturing, but in computing the amount of special assessment to be levied against each piece of property liable therefor, interest thereon not exceeding eight per cent per annum from the date of the issuance of said bonds until the maturity of the installments of bonds next thereafter maturing. Such assessments shall be made upon the property chargeable for the cost of such improvements, respectively, and shall be levied and collected in the same manner as may be provided by law, and the charter and ordinance of such city for the levy and collection of special assessments for such improvements where no bonds are issued, except as otherwise provided by this section. But the basis of such assessment, whether upon such assessed valuation, frontage, or otherwise liable for such costs, shall be retained for the assessment of succeeding installments of said bonds. The owner of any piece of property liable for any special assessment may redeem his property from such liability by paying the entire assessment chargeable against his property (upon the city clerk mailing him a written or printed notice) thirty days before the issuance of the bonds or after the issuance of the bonds by paying all the installments of the assessments which have been levied and also the amount of unlevied installments with interest on the latter at the rate of eight per centum per annum from the date of the issuance of the rate bonds to the time of maturity of the last installment. In all cases where installments of the assessments not yet levied and paid as above provided, whether before or after the issuance of the bonds, the same shall be paid to the city treasurer, who shall receipt therefor, and all sums so paid shall be applied solely to the payment of such improvements or the redemption of the bonds issued therefor.

When any piece of property has been redeemed from liability for the cost of any improvement as herein provided, such property shall not thereafter be liable for further special assessments for the costs of such improvement except as hereinafter provided.

No suit to set aside the special assessment or to enjoin the making of the same shall be brought, nor any defense to the validity thereof be allowed after the expiration of thirty days from the time the amount due on each lot or piece of ground liable for such assessment is ascertained and confirmed by the council or trustees. The funds arising by such assessment shall be applied solely towards the redemption of said bonds.

12. Such bonds, when issued to the contractor constructing the improvement in payment thereof or when sold as above provided, shall transfer to the contractor, or either owner or holder, all the right and interest of such city or village in and with respect to every such assessment, and the lien thereby created against the property of such owners assessed as shall have not availed themselves of the provisions of this section in regard to the redemption of their property as aforesaid, shall authorize said contractor and his assigns, and the owners and holders of said bonds, to receive, sue for and collect, or have collected, such assessment embraced in any such bond or through any of the methods provided by law for the collection of assessments for local improvements.

And if the city shall fail, neglect or refuse to pay said bonds, or to promptly collect any of such assessments when due, the owner of any such bonds may proceed in his own name to collect such assessment and foreclose any lien thereof in any court of competent jurisdiction, and shall recover, in addition to the amount of such bonds and interest thereon, five per centum, together with the costs of such suit, including a reasonable sum as attorneys' fees.

Any number of holders of such bonds for any single improvement may join as plaintiff, and any number of holders of the property on which the same are a lien, may be joined as defendants in such suit. And such bonds shall be equal liens upon the property for the assessments represented by such bonds without priority of one over another to the extent of the several assessments against the several lots and parcels of land.

13. In all cases of special assessments for local improvements of any kind against any property, persons or corporations whatsoever, wherein said assessments have failed to be valid in whole or in part for want of form or sufficiency, informality or irregularity or non-conformance with the charter provisions of laws governing such assessments, the city council or trustees or other authorized board or body shall be and they are hereby authorized to re-assess such special taxes or assessments and to enforce their collection in accordance with the provisions of law existing at the time the re-assessment is made; and it is further provided that whenever, for any cause, mistake or inadvertence the amount assessed shall not be sufficient to pay the cost of the improvement made and enjoyed by owners of property in the local assessment district where the same is made, that it shall be lawful, and the city council or trustees, or other authorized board or body, is hereby directed and authorized to make re-assessments on all the property in said local assessment district sufficient to pay for such improvement, such re-assessment to be made and collected in accordance with the provisions of the law or ordinance existing at the time of its levy.

14. Nothing shall be construed as repealing or modifying any existing manner and method for cities of the first class, or those organized under special or local laws, to make improvements as herein provided for, but shall be construed as an additional and concurrent power and authority. Any city whose charter provides for the issuance of bonds for local improvements payable only from the proceeds of special assessments, is hereby authorized to issue such bonds in the manner and with the effect provided in this section, and the holder of any such bond shall look only to the fund provided by such assessment for the principal or interest of such bond.

15. MUNICIPAL ELECTIONS.

2250. Registration books and electors' oaths.	

Time for Holding Elections.

Sec. 2245. On the first Tuesday of April, 1909, and biennially thereafter an election shall be held in each city and village governed by this title, for officers as in this title provided. All of such officers shall be elected and hold their respective offices for a term of two years, and until their successors are elected and qualified. At said election the qualified voters of such city may cast their ballots between the hours of nine o'clock A. M. and seven o'clock P. M.

Historical: Laws 1899, 192, Sec. 60; re-enacting Laws 1893, 97, Sec. 60; amended Laws 1905, 385, Sec. 1. "1909" inserted for "1905."

Comparative Legislation: See Neb. Cobby's An. Stat. Vol. 2, Sec. 8700.

Notice of Election.

Sec. 2246. The board of trustees shall give public notice of the time and place of holding each election; said notice to be given not less than ten nor more than twenty days previous to the election.

Historical: Laws 1899, 192, Sec. 50; re-enacting Laws 1893, 97, Sec. 50. "Each" is inserted for "such" before "elections" and the position of this section is changed. The section originally appeared in the subdivision of the act relating to village government, and required notice of "such" elections to be given. A careful search of the subdivision failed to disclose any election mentioned therein to which the section could apply. The

Nebraska statute from which the law was taken, verbatim, has "each" election. The substitution is made on the authority of that act, and the position is changed as above noted, so that it is believed that the ambiguity is cleared, and the legislative intent effectuated.

Comparative Legislation: See Neb. Cobby's An. Stat. Vol. 2, Sec. 8690.

Filling Vacancies Among Judges and Clerks.

Sec. 2247. If, on any day appointed for holding any election under the provisions of this title, any of the judges or clerks of election shall fail to attend, the electors present may fill such vacancies from among the qualified electors present.

Historical: Laws 1899, 192, Sec. 51; re-enacting Laws 1893, 97, Sec. 51. The position of this section is changed for the reason stated in the note to the preceding section.

Comparative Legislation: See Neb. Cobby's An. Stat. Vol. 2, Sec. 8691.

Qualifications of Electors.

Sec. 2248. All qualified electors of this State who shall have resided within the limits of any city of the second class, or village, for three months preceding any election therein, shall be entitled to vote at all city and village elections.

Historical: Laws 1899, 192, Sec. 61; re-enacting Laws 1893, 97, Sec. 61.

Comparative Legislation: See Neb. Cobby's An. Stat. Vol. 2, Sec. 8701.

Appointment of Registrars.

The council of every city, and board of trustees of every village in the State of Idaho shall, biennially, not more than two months before every village or city election, appoint a registrar for each ward or election precinct in such city or village, who shall perform the same duties, as nearly as may be, as are required of the registrars of election precincts under the general laws of the State.

Historical: Laws 1905, 36, Sec. 1. Omitting "immediately after the passage of this act" and inserting "biennially" for "annually." This act was approved March 10, 1905, at which

time the law provided for annual municipal elections. But by an act approved March 15, 1905, (Laws 1905, 385, Sec. 2245, Ante), biennial elections were provided for.

Registration Books and Electors' Oaths.

Sec. 2250. The city or village clerk, as the case may be, shall provide, at the expense of the city or village, registration books and blank elector's oaths, in form similar to those used for county and State registration, and such other materials as may be necessary to carry out the purposes of this chapter.

tion books: Sec. 394; of electors' oaths: Sec. 396.

Notice to Register.

Sec. 2251. Such registrars shall take the statutory oath of office, and shall give notice substantially as required of registrars in cases of State and county registration: *Provided*, That such notice shall re-

quire the registrar to be at his place of registration on the four Saturdays next preceding the day of election, and registration on other days during the same period shall be under the same regulations as are provided by law for State and county registration.

Historical: Laws 1905, 36, Sec. 3. "Statutory" inserted for "constitutional" oath of office. There is no constitutional oath except for members of the Legislature. See Const. Art. 3. Sec. 25.

Cross Reference: Oath of office: Sec. 268. Notice of registration: Sec. 396.

Compensation of Registrars.

Sec. 2252. The compensation of registrars shall be the same as that of the registrars appointed under the general laws of the State, and shall be paid by the city or village as the case may be.

MUNICIPAL IMPROVEMENT BONDS.

Section	Section
2315. Purposes for which bonds may be issued.	2319. Issue and sale of bonds.
2316. Bond ordinance and election.	2320. Tax levy for interest and sinking fund.
2317. Denomination, interest and maturity of bonds.	2321. Use of proceeds: Duties of officers.
2318. Interest coupons and form of bond.	2322. Power to collect tax: Refunding bonds.

Purposes for Which Bonds May Be Issued.

Sec. 2315. Every city or town incorporated under the laws of the Territory of Idaho, or of the State of Idaho, shall have power and authority to issue municipal coupon bonds, not to exceed at any time in the aggregate fifteen per cent of the real estate value of said city or town according to the assessment of the preceding year, for any or all of the following purposes:

1. To provide for the construction and maintenance of necessary water works and supplying the same with water, and to provide lights for streets, public buildings and grounds.
2. To provide for the laying, constructing, equipment and maintenance of sewers and drains.
3. To provide for the grading, paving, construction and laying out of streets and alleys.
4. To provide for the funding, refunding, purchase and redemption of the outstanding indebtedness of such city or town.

5. To provide for the establishment and maintenance of hospitals, pest houses, and cemeteries, either within or without the corporate limits of such city or town.

6. To provide for the purchase, improvement, equipment and maintenance of lands for the use of public parks, either within or without the corporate limits of such city or town.

7. To provide for the purchase, erection, construction, and furnishing of public buildings and building sites for the use of such city or town.

8. To provide for the establishment, equipment and maintenance of a fire department and for the purchase of suitable and necessary apparatus and buildings and building sites for the use thereof and for all other necessary public improvements.

Bonds may be issued under the fourth subdivision of this section for the purpose of funding, refunding, purchase or redemption of the outstanding indebtedness of any such city or town, when the same can be done to the profit and benefit of such city or town and without incurring any additional liability, without the submission of the question of the issuance of such bonds to the electors of the city or town.

Historical: Laws 1899, 29, Secs. 1, 8; re-enacting Laws 1890-91, 53, Secs. 1, 8; amended Laws 1893, 34, Sec. 1. The concluding paragraph is Sec. 8.

Definition: The words "town" and "village" are used in the statutes synonymously, and a granting of powers to towns to issue municipal coupon bonds includes villages. *Brown v. Village of Grangeville* (1902) 8 Ida. 784; 71 Pac. 151.

Bond Ordinance and Election.

Sec. 2316. Whenever the common council of such city or the trustees of such town, or other legislative body of any such city or town, shall deem it advisable to issue the coupon bonds of such city or town for any of the purposes aforesaid, the mayor and common council of such city or the trustees of such town shall provide therefor by ordinance, which shall specify the purpose of issuing such proposed bonds; if it is to create a new debt, the object thereof must be stated, or, if it is to fund or refund any existing indebtedness, it must be described; and, when it consists of warrants or other securities, they must be described by giving their number, date and amount and the fund out of which the same, according to the terms thereof, are payable; and the ordinance shall declare the purpose and the total amount for which such bonds shall be issued and designate the provisions to be made to pay the interest on such bonds as it falls due, and also to constitute a sinking fund for the payment of the principal thereof within twenty years from the time of the issuance of the same, and shall also provide for the holding of an election of the qualified electors who are taxpayers of such city or town, of which thirty days' notice, to be provided for in such ordinance, shall be given in a newspaper of such city or town designated in said ordinance. Such election shall be conducted as other city elections. The voting at such election must be by ballot, and the ballot used shall be substantially as follows: "In favor of issuing bonds to the amount of dollars for the purpose stated in Ordinance No.,"

and "Against issuing bonds to the amount of dollars for the purpose stated in Ordinance No....."

If at such election held as provided for in this chapter, two-thirds of the qualified electors, who are taxpayers in such city or town, voting at such election, assent to the issuing of such bonds and the incurring of the indebtedness thereby created for the purpose aforesaid, such bonds for said purpose shall be issued in the manner hereinafter provided.

Historical: Laws 1899, 29, Sec. 2; re-enacting Laws 1890-91, 53, Sec. 2; amended Laws 1895, 70, Sec. 1.

Sufficiency of Ordinance: The provision of this section which requires the bonding ordinance to specify the purpose of issuing the proposed bonds, is not complied with by an ordinance stating the purpose of the bonds to be "to fund the outstanding indebtedness of said city." *Coffin v. Richards* (1899) 6 Ida. 741; 59 Pac. 562.

Sufficiency of Notice: Where the

mayor publishes a proclamation for a period of more than thirty days in a newspaper published in the city, giving the time and place when an election will be held to vote upon a proposition to issue bonds for municipal improvement, there is a sufficient compliance with this section. *Sommercamp v. Kelly* (1902) 8 Ida. 712; 71 Pac. 147.

Sufficiency of Ballot: A ballot in the exact language of this section is sufficient. *Brown v. Village of Grangeville* (1902) 8 Ida. 784; 71 Pac. 151.

Denomination, Interest and Maturity of Bonds.

Sec. 2317. Said bonds shall be known as municipal coupon bonds of (name of city or town, county and State) and shall be issued as near as practicable in denominations of one thousand dollars each, but bonds of the denomination of five hundred or one hundred dollars may be issued when necessary, and each bond shall be made payable within twenty years from the date of its issuance. Said bonds must bear interest at a rate not exceeding six per centum per annum, to be paid on the first day of January and first day of July in each year at the office of the city or town treasurer, or at such banking house or trust company in the City of New York as may be designated by the mayor and common council of the city or trustees of the town issuing such bonds, at the option of the holder thereof. Such bonds shall be redeemable at the pleasure of the city or town at any time after the expiration of ten years from the date of the issuance, and each bond must be redeemed in the order it is numbered.

Historical: Laws 1899, 29, Sec. 3; re-enacting Laws 1890-91, 53, Sec. 3; amended Laws 1895, 70, Sec. 1.

Interest Coupons and Form of Bonds.

Sec. 2318. The bonds mentioned in the preceding section must have attached to each bond, when negotiated, semi-annual interest coupons covering the interest expressed in the bond from the date of issue until paid. Such bonds must be signed by the mayor or chairman of the board of trustees and attested by the city or town clerk, and bear the city or town seal, and be countersigned by the city or town treasurer, and the coupons attached to such bonds must be signed by the city or town treasurer. Each coupon must have annexed to the same a number corresponding with the number of the bond, and each bond must state upon its face the amount for which the same is issued, the date of issue, and be made payable to or bearer, and must also recite that it is issued in conformity with the provisions of this chapter.

Historical: Laws 1899, 29, Sec. 4;
re-enacting Laws 1890-91, 53, Sec. 4;
amended Laws 1895, 70, Sec. 1.

Issue and Sale of Bonds.

Sec. 2319. The said mayor and common council or board of trustees must give notice by publication in some newspaper published in the city or town—if in a weekly paper, in four issues thereof; if in any other paper, for four weeks—of its intention to issue and negotiate such bonds, and invite bidders therefor, and, after ascertaining the best terms upon, and the lowest interest at, which such bonds can be negotiated, must secure the proper engraving or printing thereof, and thereafter must have them consecutively numbered and otherwise properly prepared and executed; and, when so executed, they must each be registered by the city or town clerk in a public record book to be kept for that purpose, and therein must be stated the number, date, amount of each bond, time and place of payment, rate of interest, number of coupons attached, and any other proper description thereof for future identification. Then said mayor and common council or trustees must from time to time, in such amounts as they may deem best, deliver said bonds to the city or town treasurer and take and file his receipt therefor, and charge him with all bonds so delivered; and any duties required of said mayor and common council or trustees by virtue of this chapter, may be performed at any general, special or called meeting thereof. The city or town treasurer must, under the general supervision of said mayor and common council or trustees, sell said bonds for cash, and in no case must said bonds be sold for less than their face, or par value, and the accrued interest at time of disposal. All proceeds derived from sale of said bonds must be applied exclusively to the purpose for which said bonds are issued. Said city or town treasurer must keep a record of all bonds disposed of, showing their number, rate of interest, date and amount of sale, and when and where payable, which record he must keep open for the inspection of the public at all reasonable office hours; and he must make such detailed statements to, and as often as required by, said mayor and common council or trustees, of all of his transactions under the provisions of this chapter.

resolution or ordinance shall fix the time, not less than five days, in which protests against said proposed improvements and works may be filed in the office of the city clerk, and it shall be the duty of such clerk to cause such resolution or ordinance, after the same shall become a law, to be published in the official newspaper of the city or village in at least one issue before the time fixed in such resolution or ordinance for filing such protest, and an affidavit of such publication shall be filed with the clerk on or before the time fixed for the hearing of such protest.

If protests against the proposed improvements by owners of more than two-thirds of the front feet of lots of land included within the assessment district therein provided shall be filed on or before the day fixed for such filing, the council or trustees shall not proceed further with such work unless three-fourths of the members of the council or board of trustees shall vote to proceed with such work.

If no such protest is filed, or if such or any protest is filed, and after hearing the same, three-fourths of the city council, or trustees, shall vote to proceed with such work, the council or trustees shall at the next regular meeting proceed to consider the same, and shall then, or at any subsequent time proceed to enact an ordinance for such improvement. By the provisions of such ordinance, a local improvement district shall be established to be called "Local Sewerage Improvement District No. (numbering it)", which shall include all the property fronting on the street or streets and all the lots and parcels of lands included within the boundary lines of the said local sewerage improvement district as heretofore designated by the said council or board of trustees, other than such property and is occupied by streets or alleys. Such ordinance shall provide that such sewerage improvement shall be made and that the cost and expense thereof shall be fixed and assessed upon all the property in such local sewerage improvement district, which costs shall be assessed in proportion to the property front feet of such lands or lots included in said sewerage improvement district as hereinbefore stated, and as in this chapter provided and in proportion to the benefits derived by said sewerage improvement: *Provided*, That the city council or trustees may expend from the general fund for such purposes such sums as in their judgment may be fair and equitable in consideration of the benefits accruing to the general public by reason of such sewerage improvement.

4. The expense of repairing and maintaining such sewer system and sewerage disposal works, when completed, shall be paid and borne by the city or village. Whenever any expense or cost of work shall be assessed on any land, lots, or pieces or parcels of land, the amount of said assessment or expenses shall become a lien upon such lands, lots or parcels of land, and shall take precedence of all other liens and may be foreclosed in accordance with the provisions of law.

Such suit or suits may be in the name of the city or village of (naming it), as plaintiff. And in such proceedings, where the court trying the case shall be satisfied that the work has been done or material furnished, which, according to the true intent of this chapter or any ordinance passed in connection therewith by

such city or village, would be properly chargeable upon the lot or lands thereby, or along such lots or lands, or that the same or any part thereof may be of benefit to or are within the boundary lines of such improved district, a recovery shall be permitted and a charge enforced to the extent of the proper proportion or value of the work or labor or material which would be chargeable upon such lot or land notwithstanding any informalities, irregularities or defects in any of the proceedings of such municipal corporation, or any of its officers.

5. Upon the passage of an ordinance as herein provided, the committee on streets, together with the sewer committee, or other proper authority of said city, town or village, shall make out an assessment roll according to the provisions of said ordinance, and shall certify the same to the council or trustees of said city, town or village.

6. Upon receiving said assessment roll, the clerk of said city, town or village shall give notice by two successive publications in the official newspaper of said city, town or village that said assessment roll is on file in his office, and the date of filing the same, and said notice shall state the time at which the council or trustees will hear and consider objections to said assessment roll, by the parties or any party aggrieved by such assessment. The owner or owners of any property which is assessed in such assessment roll, whether named there or not in such assessment roll, may within ten days of the last publication provided herein, file with the clerk his or her objections, in writing, to said assessment or any portion thereof, which objections must be definite and specific as to the property or piece of property included in said assessment roll to which said objection is made, as well as specific grounds of such objections.

7. At the time appointed for hearing said objections to such assessment, the council or trustees shall hear and determine all objections which have been filed by any parties interested to the regularity of the proceedings in making such assessment, and the correctness of such assessment, and the amount levied upon any lot, part or parcel of land, and the council or trustees shall have power to adjourn such hearing from time to time and shall have power in their discretion to overrule such objections in whole or in part, or to revise, correct, confirm, set aside, or to order such assessment to be made de novo, and such council or trustees shall make an order approving and confirming such proceedings and assessments as corrected by them, and their decision shall be a final determination of the regularity, validity and correctness of said assessment to the amount thereof levied on each lot or parcel of land.

8. Any person who has filed objections to such assessment or re-assessment, as herein provided, shall have the right to appeal to the District Court of this State in and for the county in which the said city, town or village may be situated.

9. Such appeal shall be made by filing written notice of appeal with such clerk of said city, town or village, within five days after such assessment or re-assessment roll shall have been approved and confirmed by the said council or trustees, and the said notice shall describe the property and the objections of such appellant to such

assessment, and such appellant shall also file with the clerk of the District Court, aforesaid, within fifteen days after the approval and confirmation of such roll by the council or trustees, a copy of said notice of appeal, assessment or re-assessment roll or proceedings thereon, certified by the clerk of such city, town or village, together with a bond to such city, town or village, conditioned to pay all costs that may be awarded against the appellant in such sum not less than two hundred dollars with such surety as shall be approved by the judge of the said court, and the case shall be docketed by the clerk of the said court in the name of the person taking such appeal against such city, town or village, as "an appeal from assessment." Said cause shall then be at issue and shall have precedence over all civil cases pending in said court, except the proceedings relating to the act of eminent domain by cities or towns, actions of forcible entry and detainer. Such appeals shall be tried in said court as in the case of equitable causes except that no pleadings shall be necessary. The judgment of the court shall be either to confirm, modify or annul the assessment, in so far as the same affects the property of the appellant, from which judgment an appeal shall lie in the Supreme Court, as in other cases. In case the assessment is confirmed the fees of the clerk of the city, town or village for copies of the record shall be taxed against the appellant with other costs.

10. All such assessments shall be known as "special assessments for sewerage improvements," and shall be levied and collected as separate taxes in addition to the taxes for general revenue purposes, to be placed on the tax roll for collection subject to the same penalties in collection, and in the same manner as other city, town or village taxes.

11. Whenever the mayor or council or trustees of any city, town or village, shall, under authority in them vested under any law of this State or this chapter or the charter or ordinance of such city, town or village, cause any sewerage work or improvement to be done under the provisions of this chapter, or the laws aforesaid, or any sewerage disposal works to be built or constructed thereunder, the expense of which is chargeable to the property within the limits and boundary lines of the sewerage district, or any sewerage district formed, ordered or laid out under the provisions of this act, they may, in their discretion, provide for the payment of the costs and expense of such improvement by bonds of the district which shall include the property liable to assessment for the payment of the cost and expense of such improvement according to the city, town or village charter, this chapter or any ordinances passed in connection with this chapter, for the purposes of such improvement. Such bonds may be issued to the contractor constructing or building such sewer system, or sewerage disposal works, or portion thereof, or other improvements connected therewith in payment thereof; or the mayor and council, or the trustees of such city, town or village, or other officer or officers of such city, town or village thereto authorized by charter or ordinance, may sell the same at not less than their par value, net, and pay the proceeds to the contractor. Such bonds shall not be issued in excess of the contract price and expense of such work or improvement; such bonds may be issued in the

name of the city, town or village in which such improvement district is situated, which shall be known and designated as "Special Assessment Sewerage Improvement Bonds, District No. (naming it," which shall include all property liable for assessment within the boundary lines of said improvement district, for such local sewerage improvement according to the city, town or village charter, this chapter or any ordinances passed in connection with this chapter for the purposes of such improvement: *Provided, however,* That in determining the amount for which such bonds may be issued the interest coupon thereunto attached shall not be included. Said bonds shall by their terms be made payable on or before a date not to exceed ten years from and after the date of issue of such bonds, which latter date may be fixed by resolution or order by the council or trustees of the city, town or village; and shall bear such interest as may be provided by charter or ordinance, not exceeding eight per cent per annum. Such bonds shall be in such denomination as shall be provided in the ordinance ordering their issue and shall be numbered from one upward, consecutively, and such bond and coupon shall be signed by the mayor and attested by the clerk or comptroller of such city: *Provided, however,* That said coupons may in lieu of being so signed have printed thereon fac-simile of the signatures of said officers; and each bond shall have the seal of such city, town or village affixed thereto and shall refer to the improvement for the payment of which the same shall be issued. Each bond shall provide that the principal sum thereon named and the interest thereon, shall be payable out of the local improvement fund created for the payment of the cost and expense of such improvement, and not otherwise.

When district bonds are issued under this act for such improvement or improvements, the costs of which are by law charged by special assessment against the property within any improved district, the council, or trustees, or other authorized officer, board or body, shall assess the costs and expense of such improvement against the lots and parcels of land included within such improvement district, and which under the provisions of law and the charter or ordinances of such city, town or village shall be liable therefor; but the ordinance levying such assessment shall declare that the sum charged thereby against each of said lots or parcels of land may be paid in equal annual installments; the number of which installments shall be equal to the number of years which the bonds issued to pay for the improvement may run, with interest upon the whole sum so charged at a rate fixed by ordinance; and each year thereafter one of such installments, together with the interest due thereon, and on all installments thereafter to become due, shall be collected in such manner as shall be provided by law and the charter or ordinances of such city, town or village for the collection of assessments for such improvements in cases where no bonds are issued.

The owner of any lot or parcel of land charged with any such assessments may redeem the same from all liability for such assessment by paying the entire assessment charged against such lot or parcel of land, without interest, within thirty days after notice to him of such assessment, which notice shall be given as follows: The city treasurer shall, as soon as the assessment roll has been placed

in his hands for collection, publish a notice in the official newspaper of the city, town or village, for ten consecutive days, or two consecutive weekly issues, that the said roll is in his hands for collection and that any assessment therein may be paid at any time within thirty days from the date of the first publication of such notice without penalty, interest or cost. The bonds herein provided for shall not be issued prior to twenty days after the expiration of the thirty days above mentioned, but may be issued at any time thereafter. The owner of any such lot or parcel of land may redeem the same from all liability for said assessment at any time after said thirty days by paying all the installments of said assessment remaining unpaid and charged against such property at the time of such payment with interest thereon at the rate of not to exceed eight per cent per annum from the date of issuance to the time of maturity of the last installment. In all cases where any assessment or any installment thereof is paid as herein provided the same shall be paid to the city treasurer, or officer whose duty it is to collect said assessment, and all sums so paid shall be applied solely to the payment of the cost and expense of such improvement and the redemption of the bonds issued therefor.

Where any piece of property has been redeemed from liability of the costs for any improvements as herein provided, such property shall not thereafter be liable for further assessment for the costs of such improvement except as hereinafter provided. No suit to set aside the said special assessment or to enjoin the making of the same shall be brought or any objection to the validity thereof shall be allowed after the expiration of thirty days from the date the amount due on each lot or piece of ground liable for such assessment is ascertained or confirmed by the council or trustees. The funds raised by such assessment shall be applied solely towards the redemption of said bonds, and the costs and expenses of such improvement.

The city treasurer or other authorized officer of such city, town or village shall pay the interest on the bonds authorized to be issued by this chapter out of the respective local improvement funds from which they are payable. Whenever there shall be sufficient money in any local improvement fund against which bonds have been issued under the provisions of this chapter, over and above sufficient for the payment of interest on all unpaid bonds, to pay the principal of one or more bonds, the treasurer shall call in and pay such bonds: *Provided*, That such bonds shall be called in and paid in their numerical order: *Provided, further*, That such call shall be made by publication in the city official newspaper on the day following the delinquency of any installment of the assessment or as soon thereafter as practicable, and shall state that Bonds No. (giving the serial number or numbers of the bonds called) will be paid on the day the next interest coupons on said bonds shall become due, and interest on said bonds shall cease upon such date.

12. Such bonds when issued to the contractor constructing said work or improvements in payment thereof, or when sold as above provided, shall transfer to the contractor, or other owner or holder, the right or interest of such city, town or village in or with respect to every assessment and the lien thereby created against the property

of the owners assessed who shall not have availed themselves of the provisions of this act in regard to the redemption of their property, as aforesaid, and shall authorize said contractor, and his assigns and the owners and holders of said bonds to receive, sue for and collect every such assessment embraced in any such bond by or through any of the methods provided by law for the collection of assessments for local improvements. And if the city, town or village shall fail, neglect or refuse to pay said bonds, or to properly collect any such assessments when due, the owner of any such bonds may proceed in his own name to collect such assessments and foreclose the lien thereof in any court of competent jurisdiction, and shall recover, in addition to the amount of such bonds, and interest thereon, five per cent together with the costs of such suit.

Any number of holders of such bonds for any single assessment or improvement may join as plaintiff, and any number of owners of property on which the same are a lien may be joined as defendants in such suit. And such bonds shall be equal liens upon the property as assessments represented by such bonds, without priority of one over the other to the extent of the several assessments to the several lots and parcels of land.

13. In all cases of special assessments in local sewerage improvements or sewerage disposal works, of any kind, against any property, person or corporation whatsoever, where any such assessments have failed to be valid in whole or in part for want of form, or of sufficient informality or irregularity, or non-conformance with the charter, ordinances or provisions of law governing such assessments, the city council or trustees, or other authorized bodies or board shall be and they are hereby authorized to re-assess such special taxes or assessments and to enforce their collection in accordance with the provisions of law existing at the time the re-assessment was made; and it is further provided that whenever, for any cause, mistake or inadvertence, the amount assessed shall not be sufficient to pay the costs of sewerage improvement made and enjoined on the property, or on the owners of property in the local assessment district where the same is made, that it shall be lawful and the city council or trustees, or other authorized body or board is hereby directed and authorized to make re-assessment upon all the property in said local assessment district to pay for such improvements, such re-assessment to be made and collected in accordance with the provisions of law or ordinances existing at the time of the levy.

14. Nothing shall be construed as repealing or modifying any existing laws and methods for cities of the first or second class or that are organized under special or local laws, to make improvements as herein provided for, but shall be construed as additional and concurrent power and authority. Any city whose charter provides for the issuance of bonds for local improvements payable only from the proceeds of special assessments, is hereby authorized to issue such bonds in the manner and in the effect provided in this section, and the owner of any bonds shall look only to the fund provided by such assessment for the principal and interest of such bonds.

15. The holder of any bond issued under the authority of this chapter shall have no claim therefor against the city, town or village

by which the same is issued in any event, except for the collection of the special assessment made, for the work of improvement for which said bond was issued, but this remedy in case of non-payment shall be confined to the enforcement of such assessment. A copy of this subdivision shall be plainly written, printed or engraved upon the face of each bond so issued.

16. In the construction of a sewer or sewerage system under the provisions of this chapter, no sewer or sewerage system which shall be laid, placed or constructed parallel to any water main, water pipe or conduit, shall be laid, placed or constructed within at least six feet of such water main, water pipe or conduit: *Provided, however,* That this provision of this chapter shall not apply to place or places where said sewer or sewer system shall have to cross either under or over any such water pipe, work or conduit.

Historical: Laws 1905, 334, Sec. 12.

Assessment of Benefits: An assessment made under this section should be made with reference to the frontage of the lots and lands and the benefits to be derived to the abutting property by reason of the sewer improvement; the number of front feet of lots and lands is not the sole controlling fact for consideration in the levy of a special assessment. *Blackwell v. Village of Coeur d'Alene* (1907) 13 Ida. ...; 90 Pac. 353.

Contest of Proceedings: A property owner desiring to contest the collection or levy of a sewer assessment, must make his protest or initiate his proceedings within the time required by this section, or he will be precluded from thereafter doing so, except in cases where the board of trustees or council acts without jurisdiction. *Ib.*

Redemption of Property: Any property owner may redeem his property

from the lien of the assessment by paying the whole thereof, and at the same time paying all interest which has accrued up to the time of the payment of the assessment; the redemptioner need not pay interest to the date of maturity of the final payment if he redeems prior to that time. *Ib.*

Rights of Bondholder: In case municipal authorities fail or neglect to collect sewer district assessment or the property owner refuses or neglects to pay the same, the warrant or bondholder may compel the municipal authorities to act by writ of mandate, or may proceed in the ordinary way to foreclose his lien through the District Court in the same manner as he would foreclose any other mortgage or lien; the claim or lien is a charge in rem only and is not enforceable against the person of the owner but only against the property. *Ib.*

Committee to Supervise Construction Work.

Sec. 2354. All sewerage improvement, or the construction of sewerage disposal works, as contemplated in this chapter, shall be made and done under the supervision of the sewer committee who are authorized to receive bids for the construction and making of the same, and to enter into such contract or contracts as may be necessary to have such work or improvements completed as soon, and in such a manner, as may be consistent with the proper procedure. All contracts for such work or improvements shall provide that the same shall be completed in all things with strict accordance with the plans and specifications for such improvements, as shall be provided for by said committee, its engineers or surveyors. No contract herein provided for shall go into effect, in so far as the committee or city, town or village are concerned, to be binding upon it or them, until the assessment herein provided for shall be confirmed; and in the event the assessment or the assessment rolls herein provided for shall not be confirmed, then such contracts shall be of no further force or effect.

Historical: Laws 1905, 334, Sec. 13.

Committee to Turn Over System.

Sec. 2355. Whenever and as soon as the sewer system herein provided for is, in the judgment of the committee, ready for use, the committee shall turn the said sewer system and disposal works over to the mayor and city council, or town and village trustees, as the case may be for the purpose of maintaining, operating and conducting the said sewer system and disposal works, and thereafter the power and authority hereby given to the sewer committee to build, keep, conduct and maintain said sewer system and disposal works therein, shall be exercised by said council or trustees. The committee shall turn over the sewer system to said city, town, or village, and all property pertaining thereto, together with all the books, profiles, papers, maps, and accounts relating to the building, construction or purchase thereof, as the case may be, and the city council or trustees shall thereupon take possession and charge of, as well the management, conducting and maintaining the same, and in so doing, it may alter, improve, and extend such works from time to time as the growth of the city, town, or village, or the wants and conveniences of the inhabitants thereof, may require, and the committee may turn over a completed portion or portions of such work to the council or trustees before the final completion thereof by it, and as often and as fast as such portion is turned over to the council or trustees, they must accept the same and conduct and maintain it accordingly.

Historical: Laws 1905, 334, Sec. 14.

Maps and Plans to Be Kept.

Sec. 2356. The committee shall cause accurate profiles, maps, plans, and specifications to be made of the lines of sewerage as actually built and constructed, so as to show the location of the branches, nye branches, manholes, lampholes, flushes and flushing tanks, the depth of the sewer, the size of the pipe used in connection therewith, and any other information that may be of value and convenience for future reference or information for the city, town, or village, or its officer or officers.

Historical: Laws 1905, 334, Sec. 15.

Quarterly Statements of Committee.

Sec. 2357. The committee shall cause a quarterly statement in detail of its receipts and disbursements to be made and signed by its chairman and clerk, and filed with the city clerk, who shall preserve the same among the files of the city, town, or village office, which statement shall be received and acted upon by the council or trustees; and said committee shall file with said clerk, to be acted upon by the said council or trustees, a full, true and correct statement quarterly of all the property, implements, and material in its possession and pertaining to the sewer system, together with the condition and value thereof.

Historical: Laws 1905, 334, Sec. 16.

Regulation of System by City.

Sec. 2358. Upon the turning over of the said sewerage system, or any part thereof, by the said committee to the said council or trus-

tees, said city, town or village shall have power to pass ordinances fixing the tolls, rents, rates, rules, and regulations for the use of such sewer and sewerage system, where same is used by persons residing or not residing within the district, or persons residing without the corporate lines of said city, town, or village, who may use the same or any part thereof, or through whose property the same may pass and who may desire the use thereof.

Historical: Laws 1905, 334, Sec. 17.

Same: Powers of City.

Sec. 2359. Said cities, towns, or villages shall have the power to pass any and all ordinances for the enforcement of the provisions of this chapter, or for the future use, care and operation in any manner of said sewer or sewerage system, or sewerage disposal work or works, providing penalties not inconsistent with the laws of the State of Idaho for the enforcement of such rules, ordinances and regulations concerning or connected therewith.

Historical: Laws 1905, 334, Sec. 18.

Validating Prior Assessments and Bonds.

Sec. 2360. All acts of whatsoever kind and nature done and performed, as well as all bonds or other evidence of indebtedness heretofore issued or ordered issued, or assessments for sewer improvements made, by cities, towns, or villages of the State of Idaho under and by virtue of "an act entitled an act to authorize and empower cities, towns, and villages, within the State of Idaho to construct, maintain and operate a sewerage system and sewerage disposal works, appointing a committee therefor, and defining and regulating their powers and duties; providing for the levying of a special assessment of such works and the expenses connected therewith, and providing for the penalty of non-compliance therewith," approved the 20th day of February, 1903, are, and the same shall be, hereby legalized, validated and confirmed in every particular, form or respect.

Application to Pay Assessment in Installments.

Sec. 2361. Whenever, in any incorporated city, town or village within this State, having a population of one thousand or more, according to the last official census made by the State or general Govern-

ment, the common council, board of trustees, or other competent authority of such city, shall have proceeded to improve any street, or part of street, or to lay any sewer, within the corporate limits thereof, and shall have assessed the cost of such improvement or sewer to the property benefited thereby, or liable therefor, according to the provisions of the charter of such city, it shall be lawful for the owner of any property so assessed for such an improvement or sewer, at any time within ten days after notice of such assessment is first published, to file with the auditor, clerk, or other city officer, who by the provisions of the charter thereof, keeps the records of such city, a written application to pay said assessments in installments; and such written application shall state that the said applicant and property owner does hereby waive all irregularities or defects, jurisdictional or otherwise, in the proceedings to improve the street, or lay the sewer for which said assessment is levied, and in the apportionment of the cost therefor. Said application shall contain a provision that the said applicant and property owner agrees to pay said assessment in ten annual installments, with interest at the same rate on all of said assessments which have not been paid as that expressed in the bond issued to pay for such improvement. Said application shall also contain a statement by lots or blocks, or other convenient description, of the property of the applicant assessed for such improvement or sewer. No application as aforesaid, shall be received and filed by the auditor, clerk, or other officer, if the amount of such assessment with any previous assessment for street improvement or sewers assessed against the same property and remaining unpaid, shall equal or exceed the valuation of said property, as shown by the last tax roll of the county in which it is situated: *Provided*, That the bonds herein authorized to be issued shall not be issued unless the total amount due from all persons who shall file applications for permission to pay assessments in installments as in this chapter provided, (after deducting all applications which are by the terms of this section required to be rejected) shall aggregate the sum of one thousand dollars. The majority of the owners of the property so assessed may select a competent person to inspect such improvement under the direction of the city engineer of said city. If an inspector be so selected by such owners of property so assessed, he shall be paid out of the funds available for such street improvements or sewers, the sum of three dollars per diem for time actually engaged in such work of inspection.

Historical: Laws 1905, 297, Sec. 1.

Applications to Be Kept.

Sec. 2362. The auditor, clerk or other officer who is charged with keeping the records of such city, town or village, shall keep all such applications as are specified in the preceding section in convenient form for examination. The applications received for each street improvement and each sewer shall be separate, and he shall also enter in a book kept for that purpose, under separate heads for each street improvement and each sewer, the date of filing of each application, the name of the applicant, a description of the property and the amount of the assessment as shown in the application.

Historical: Laws 1905, 297, Sec. 2.

Lien of Assessments.

Sec. 2363. After the expiration of the time for filing application for the payment of assessments for improvement of streets or laying of sewers by installments, as provided in Section 2361, the auditor, clerk, or other officer shall enter, in a docket kept for that purpose, under separate heads for each street or sewer by name or number, a description of each lot or parcel of land or other property against which such assessment is made, or which bears or is chargeable with the cost of such improvement or sewer, with the name of the owner and the amount of such unpaid assessment. Such docket shall stand thereafter as a lien docket, as for taxes assessed and levied in favor of such city, and for the amounts of such unpaid assessment therein docketed, with interest on said unpaid assessment at the rate of not to exceed eight per cent per annum, against each such lot or parcel of land or other property, until such assessments and interest are paid in the manner hereinafter provided; and all unpaid assessments and interest shall be and remain a lien on each lot or parcel of land or other property, respectively, in favor of such city, town or village, and such lien shall have priority over all other liens and encumbrances whatsoever.

Historical: Laws 1905, 297, Sec. 3.

Issuance, Sale and Redemption of Bonds.

Sec. 2364. When in any city, town or village (within the terms of this chapter), such bond lien docket shall be made up as hereinafter provided, as to the assessments for the improvement of streets or the laying of sewers, such city, town or village, shall, by ordinance, authorize the issuance of its bonds in convenient denominations not exceeding one thousand dollars each, and in all equal to the total amount of unpaid assessments, for such street improvement and sewers, and for which applications to pay under the provisions of this chapter have been filed, as shown by said bond lien docket; and such bonds shall, by the terms thereof mature in ten years from the date thereof, and be payable in gold coin of the United States of America, and bear interest, not to exceed eight per cent per annum, payable semi-annually, said interest to be evidenced by coupons attached to said bonds: *Provided*, Said bonds shall mature serially, one tenth thereof during each year, and the right to take up and cancel one-tenth of said bonds upon the payment of the face value thereof with accrued interest to date of payment, at any semi-annual date, at or after one year from the date of such bond or bonds, shall be, and hereby is, vested in the city, town or village issuing such bonds. Notice stating that certain bonds are to be taken up and cancelled as aforesaid, and that the interest thereon shall cease at the interest payment period next following, shall be published in a newspaper printed and published and of general circulation in the county where such bonds are issued, not less than twice during the month preceding the semi-annual period: *Further provided*, That if said bonds are made payable at a bank in a state or city without the State of Idaho, it shall be the duty of the city treasurer to mail a marked copy of the paper containing said notice forthwith to said bank; and after said semi-annual period, interest upon the bonds designated in such notice shall cease. Such

bonds before issuance shall be signed by the mayor, president, or other executive head of such city, town or village, countersigned by its auditor, clerk, or other recording officer, and authenticated by the seal of such city, town or village attached thereto; and shall be registered consecutively by number and denomination of each in a book to be kept by the auditor, clerk, or other recording officer of such city, town or village, to be known and designated as "The Improvement Bond Register." Each of such bonds, whether issued for the improvement of streets, or the laying of sewers, shall have distinctly and plainly inscribed or printed on the face thereof the registered number of such bond and the words "Improvement Bonds," with the name of the city, town or village, issuing the same. Such bonds shall be advertised for sale and sold for the highest price obtainable, but for not less than par and accrued interest; and the proceeds thereof shall be paid by the purchaser to the treasurer of such city, town or village, and the par value thereof credited to the respective street improvement and sewer fund, for which said bonds are issued; and the accrued interest and premium accruing from the sale of said bonds shall be credited to the general fund of said city, town or village, the fund from which interest is paid on street and sewer warrants, or to the improvement bond sinking fund, as the common council, board of trustees or other competent authorities shall direct.

Historical: Laws 1905, 297, Sec. 4.

Collection of Installments.

Sec. 2365. Thereafter there shall be due and payable annually, for ten consecutive years, to the treasurer, city clerk, tax collector, or other proper officer of such city, town or village, by the owner of each lot or parcel of land assessed for the improvement of any street or the laying of any sewer, whose application to pay the cost of such improvement or sewer by installments has been filed as provided in Section 2361, ten per cent of the cost of such improvement or sewer assessed against the property of such owner, as appears by the bond lien docket described in Section 2363, with the amount of one year's interest, at not to exceed eight per cent per annum on unpaid assessments or installments. The first payment aforesaid shall be due and payable at the expiration of one year from the date of said assessment in the bond lien docket, and subsequent payments at the expiration of each year thereafter. Should such owner or owners neglect or refuse to pay the sum or sums aforesaid as the same shall become due and payable, for a period of twenty days, then the same shall be collected in the same manner and with the same penalties as delinquent street or sewer assessments are collected in such city, town or village. It shall be the duty of the auditor, clerk, or other recording officer charged with keeping the records of such city, town or village, when the installments and interest on any assessment in the bond lien docket are due, to make the proper extensions of such installments and interest on said bond lien docket, and to turn the same over to the tax collector, treasurer, or other proper officer of said city, town or village, whose duty it shall be to notify the owner or owners of property that the installments aforesaid are due and payable, but a failure of such owner or owners to receive such notice shall not be taken or held to prevent the collection of the same as

herein provided. The treasurer of such city, town or village shall issue a receipt to the person or persons paying said installments and interest, and shall file duplicates of said receipts with the auditor, clerk or other recording officer, and when the treasurer, clerk, tax collector or other proper officer, whose duty it is to collect taxes, returns said bond lien docket, said auditor, clerk or other recording officer shall make the proper entries on said bond lien docket, showing the amount of each payment and the date thereof: *Provided, however,* That at any time after the issuance of such bonds any owner at the time being of any such lot or parcel of land, or other property against which such assessment is made and lien docketed, may pay into the treasury of such city, town or village, the whole amount of such assessment and for which such lien is docketed, together with the full amount of interest and cost accrued thereon to the next semi-annual interest date after such payment, and, upon producing to the auditor, clerk or other recording officer of such city, town or village, the receipt of the treasurer or other proper tax collector thereof (in which receipt shall be not only stated the amount of such payment, but also a description of the lot or parcel of land or other property, upon which such payment is made), such auditor, clerk or other recording officer, shall enter in such lien docket, opposite the entry of the lien therein, the fact of such payment and the date thereof, and that the lien thereof is discharged.

The amount of such funds paid on account of installments, and interest on unpaid installments, shall be paid to the credit of funds to be known and designated as "Improvement Bond Sinking Fund" and "Improvement Bond Interest Fund" respectively. The amount placed to the credit of the "Improvement Bond Sinking Fund," shall, from time to time, under the direction of the common council, board of trustees or other competent authorities, be deposited in such bank as will pay the highest rate of interest, or be invested in, or used for the purchase of, improvement bonds of such city, town or village at par. In the purchase of improvement bonds the accrued interest thereon shall be paid out of the improvement bond interest fund, and all interest received by the treasurer on account of coupons due shall be placed to the credit of the improvement bond interest fund. Interest due on improvement bonds shall be paid out of the improvement bond interest fund. All bonds purchased by a city, town, or village, shall be held by the treasurer thereof as a sinking fund, and shall be disposed of by direction of the common council, board of trustees or other competent authority, when required for the redemption of bonds previously issued as they shall become due and payable.

Who May Propose Organization.

Sec. 2372. Whenever fifty, or a majority of the holders of title, or evidence of title, to lands susceptible of one mode or irrigation from a common source and by the same system of works, desire to provide for the irrigation of the same, or when for other reasons they desire to organize the proposed territory into one district, they may propose the organization of an irrigation district under this title: *Provided*, Said holders of title or evidence of title shall hold such title or evidence of title to at least one-fourth part of the total area of the land in the proposed district, which will be assessable for the purposes of the district. The equalized county assessment roll next preceding the presentation of a petition for the organization of an irrigation district shall be sufficient evidence of title for the purpose of this title, but other evidence may be received, including receipts or other evidence of the rights of entrymen on lands under any law of the United States or of this State, and such entrymen shall be competent signers of such petition, and the lands on which they have made such entries shall, for the purposes of said petition, be considered as owned by them.

Constitutionality: This act is a re-

enactment of the district law of 1899, and is substantially the same as the Wright law of California and is constitutional. *Nampa etc. Irr. Dist. v. Brose* (1905) 11 Ida. 474; 83 Pac. 499.

Petition for Organization.

Sec. 2373. A petition shall be first presented to the board of county commissioners of the county in which the greatest proportion of the proposed district is situated, signed by the required number of holders of title or evidence of title to the required area of such proposed district, evidenced as above provided, which petition shall set forth and describe, with the degree of certainty required by law in a tax roll, all the lands proposed to be included in said district, and shall state whether it is proposed to purchase irrigation works already in operation or to construct new works, or as the case may be, and shall pray that the same be organized into an irrigation district. The petition, together with all maps, cross sections and papers filed therewith, shall, at all proper hours, be open to public inspection at the office of the clerk of the board of county commissioners between the date of their said filing and the date of the final hearing thereon.

with additional provisions: Henning's Gen. Laws 559, Sec. 2.

Procedure on Petition.

Sec. 2374. If it be proposed by said petition to construct new works for the irrigation of said lands, or to purchase works only partially completed and not yet in operation, the petitioners must accompany the petition with a map of the proposed district. Said map shall show the location of the proposed canal or other works by means of which it is intended to irrigate the proposed district, and of all the canals situated within the boundaries of the proposed district: *Provided*, That canals that only pass through said lands and which do not in fact irrigate any of the same need not be shown. If said water supply be from natural streams, the flow of said stream or streams shall be stated in terms of cubic feet per second. If the water supply for said district is to be gathered by storage reservoirs, said map shall show the location of said proposed reservoirs, and shall give their capacity in acre feet. Said map shall be drawn to a scale of two inches to the mile. Cross sections of the proposed canal, and all canals existing within the boundaries of said proposed district, and shown on said map, and of all proposed dams and embankments, shall be given in sufficient number to show the contemplated mode of construction, and the capacity shall be given in cubic feet per second of the proposed and said existing canals. Such cross sections shall be drawn to a scale of ten feet to the inch, and said map and cross sections, together with an estimate of the cost of such works, shall be certified to by a well known and competent irrigation engineer. The petitioners must also accompany the petition with a bond, to be approved by the said board of county commissioners, in double the amount of the probable cost to the county of organizing such district, conditioned that the bondsmen will pay all said costs, in case said organization be not effected. Such petition may be filed with the clerk of the board of county commissioners at any time, and on such filing said clerk shall publish a general notice that (giving the first name on the petition) and others have filed a petition for the organization of an irrigation district. If it be proposed in said petition to construct

a new canal system, such notice shall state that fact and give the numbers of the sections in which the lands are situated which it is proposed to include in said district, but if it is proposed to purchase a canal already in operation, the notice shall state that fact and give the name by which such canal system is generally known, and shall state that the lands covered by said canal system are the lands proposed to be included in such district. The notice shall further state the time at which such petition will be presented to the board of county commissioners, which time shall be during a regular meeting of said board or a special meeting called for that purpose, and such notice shall be published two weeks before the day on which the same is to be presented, and if any portion of such proposed district be within another county or counties, then said notice shall be published in a newspaper published in each of said counties. When such petition is presented, the said board shall set a time for a hearing upon the same, which time shall not be less than four nor more than eight weeks from the date of presentation. A notice of the time of such hearing shall be published by said board, at least three weeks before the time of such hearing, in a newspaper published within each of the counties in which any part of said district is situated. A copy of such petition and all maps and other papers filed with the same shall be filed in the office of the State Engineer at least four weeks before the date set for such hearing. It shall be the duty of the State Engineer to examine such petition, maps and other papers, and, if he deem it necessary, to further examine the proposed district, the works proposed to be purchased, or the location of the works to be constructed, and he shall prepare a report upon the matter in such form as he deems advisable, and submit the same to the board of county commissioners at the meeting set for the hearing of said petition. Whenever the State Engineer shall report to the board of county commissioners against the organization of such district, said board of county commissioners shall refuse to further consider such petition unless it be requested in writing so to do by three-fourths of the land owners in said proposed district, such ownership to be determined as provided in Section 2372, and at the time set for said hearing the said board may, on receiving an adverse report from the State Engineer, adjourn the proceedings for two weeks for the purpose of enabling the petitioners to file a request for such further proceedings. In any case, the petitioners may amend such plan of irrigation at such hearing to meet the approval of the State Engineer or as they may find advisable, and when they shall have determined to proceed with the matter, said board may adjourn such hearing from time to time, not exceeding four weeks in all, and on the final hearing may make such changes in the proposed boundaries as they may find proper, and shall make an order on their records describing the lands which they shall have determined to include in said district, and stating that such lands will be organized into an irrigation district if the vote of electors thereafter to be taken on the proposition shall be favorable to such organization: *Provided*, That any person whose lands are susceptible of irrigation from the same source may, in the discretion of the board, upon application by him, have such lands included in said district. Such board shall also make

an order dividing the district into three divisions of as nearly equal size as may be practicable which shall be numbered first, second and third; and one director, who shall be an elector and resident in the division, shall be elected from each division by the district at large.

Historical: Laws 1907, 484, Sec. 1; amending, by addition of Sec. 2A, Laws 1903, 150.

Notice of Election: Qualifications of Voters.

Sec. 2375. Said board shall then give notice of an election to be held in such proposed district for the purpose of determining whether or not the same shall be organized under the provisions of this title. Such notice shall describe the lands in said district with the certainty required in an ordinary deed and shall state the name of the proposed district as designated by the board of commissioners, and shall state that a map showing the lands in said district is on file in the office of the board of county commissioners, which map, if not previously made as required herein, shall be made by the petitioners after the determination of said commissioners of the question of what lands shall be included in the proposed district, and if previously made, lands added to said district or deducted therefrom by the board may be indicated thereon. Said notice shall be published for four weeks prior to such election, in a newspaper published within each of said counties as aforesaid. Such notice shall require the electors to cast ballots which shall contain the words "Irrigation District..... Yes," or "Irrigation District..... No," or words equivalent thereto, and also the name of one person from each such division for director of said district. No person shall be entitled to a vote at any election held under the provisions of this title unless he shall possess all the qualifications required of electors under the general laws of the State, and be a holder of land and a resident in the proposed district: *Provided*, That when it is proposed in said petition to build new irrigation works, all persons who possess the qualifications of electors under the general laws of the State and residing within any county in which said district or any part thereof is situated, and competent to sign said petition, shall be permitted to vote at all elections, and hold office in said district, until such irrigation works are complete and in operation.

California Legislation: See Henning's Gen. Laws, 561, Sec. 6.

Conduct of Elections.

Sec. 2376. Such election shall be conducted as nearly as practicable in accordance with the general laws of the State: *Provided*, No particular form of ballot shall be required, and that the provisions of the election laws as to the form and distribution of ballots shall not apply. At the time of making said order, said board of county commissioners shall establish as many election precincts not exceeding three, as may be necessary and define the boundaries thereof, which boundaries, when the district is divided into three precincts, shall be the same as the division boundaries above provided for, and which said precincts may thereafter be changed by the board

of directors of such district except in case of three precincts. Said board shall appoint a registrar for each precinct so established, who shall have the same powers and shall perform the same duties and receive the same compensation as registrars under the general election laws of the State, but there shall be added to the usual elector's oath the following words: "And I am a resident and holder of land within the boundaries of the Irrigation District," or the following words: "And I am a resident of this county and a holder of land within the boundaries of the Irrigation District." Said board shall also appoint three judges of election for each such election precinct who shall perform the same duties as near as may be as judges of election under the general laws of the State.

Canvass of Votes: Completion of Organization.

Sec. 2377. Immediately after any election for voting upon the organization of an irrigation district, the judges of said election shall forward the official results of said election to the clerk of said board of county commissioners. The said board of county commissioners shall meet within ten days after said returns are received, and shall proceed to canvass the votes cast thereat, and if upon such canvass it appears that two-thirds of the votes cast are "irrigation District Yes," the said board shall, by order entered on its minutes, declare such territory duly organized as an irrigation district, under the name and style theretofore designated, and shall declare the persons receiving respectively the highest number of votes for such several offices to be duly elected to such offices. No action shall be commenced or maintained, or defense made affecting the validity of such organization after two years from and after the making and entering of said order. Said board shall cause a copy of such order, duly certified, to be immediately filed for record in the office of the county recorder of each county in which any portion of such lands are situated. If it shall appear, however, that more than one-third of said votes are "Irrigation District No," then a record of that fact shall be duly entered upon the minutes of said board, and all proceedings in regard to the organization of said district shall be void, and the expenses properly incurred thereunder may be collected on the bond provided for in Section 2374. From and after the date of such filing of said order of the board of county commissioners, the organization of such district shall be complete, and the officers thereof shall be entitled to enter immediately upon the duties of their respective offices, upon qualifying according to law, and shall hold such offices, respectively, until their successors are elected and qualified. The board of directors so elected shall meet within thirty days after their election and elect a president, and appoint a secretary and treasurer, who shall perform the duties imposed upon such officers under this title. All officers of the district, except as above

provided, must be residents thereof. Such treasurer shall execute an official bond in the sum of five thousand dollars, to be approved by the board of directors of the district: *Provided*, That when the amount of money in the hands of said treasurer exceeds the sum of five thousand dollars, said board of directors shall require an additional bond in a sum at least double the amount of money in the hands of said treasurer in excess of said five thousand dollars.

Each certificate shall be signed by all the members of the board of election and by both clerks. One of said certificates, with the poll list and tally paper to which it is attached, shall be retained by the chairman of the board of election, and preserved by him for at least six months. 2. The names of the person or persons voted for.
3. The office to fill which each person was voted for.
4. The number of votes given in each precinct to such person or persons.

of appointees, which are in conflict with Sec. 6 as amended by Laws 1907, 484 (see Sec. 2380), providing for filling vacancies by appointment of the remaining directors. The clause requiring the secretary to make out a certificate of election is also omitted because duplicated in Sec. 2380.

Plan of Construction: Issuance of Bonds: Election.

Sec. 2396. As soon as practicable after the organization of any such district the board of directors shall, by a resolution entered on its records, formulate a general plan of its proposed operations, in which it shall state what constructed works or other property it proposes to purchase and the cost of purchasing the same; and further what construction work it proposes to do and how it proposes to raise the funds for carrying out said plan. For the purpose of ascertaining the cost of any such construction work, said board shall cause such surveys, examinations and plans to be made as shall demonstrate the practicability of such plan, and furnish the proper basis for an estimate of the cost of carrying out the same. All such surveys, examinations, maps, plans and estimates, shall be made under the direction of a competent irrigation engineer and certified by him. Said board shall then submit a copy of the same to the State Engineer, and within ninety days thereafter the State Engineer shall file a report upon the same with said board, which report shall contain such matters as, in the judgment of the State Engineer, may be desirable. Upon receiving said report said board of directors shall proceed to determine the amount of money necessary to be raised, and shall immediately thereafter call a special election, at which shall be submitted to the electors of said district possessing the qualifications prescribed by this title, the question whether or not the bonds of said district, or the right to enter into an obligation with the United States in the manner hereinafter provided, in the amount as determined, shall be authorized. Notice of such election must be given by posting notices in three public places in each election precinct in said district at least four weeks before the date of said election, and the publication thereof for the same length of time in some newspaper published in the district, and in case no paper is published in the district, then in a paper published in each county in which the district or any part thereof is located. Such notice must specify the time of holding the election, the amount of bonds proposed to be issued, and, in case such maps and estimates have been made, it shall further state that copies thereof, and in all cases it shall state that said report of the State Engineer, are on file and open to public inspection by the people of the district, at the office of said board and at the office of the State Engineer at the State Capitol. Said election must be held and the results thereof determined and declared in all respects as nearly as practicable in conformity with the provisions of this title governing the election of officers: *Provided*, That no informalities in conducting such an election shall invalidate the same if the election shall have been otherwise fairly conducted. At such election the ballots shall contain

the words "Bonds—Yes" or "Bonds—No," or other words equivalent thereto. If two-thirds of the votes cast are "Bonds—Yes," the board of directors shall cause bonds in said amount to be issued; if more than one-third of the votes cast at any bond election are "Bonds—No," the result of such election shall be so declared and entered of record. And whenever thereafter said board in its judgment deems it for the best interest of the district that the question of the issuance of bonds in said amount, or any other amount, shall be submitted to the electors, it shall so declare of record in its minutes, and may thereupon submit such questions to said electors in the same manner and with like effect as at such previous election.

Historical: Laws 1903, 150, Sec. 15; amended Laws 1907, 484, Sec. 1.

Additional Bond Issue: Where an irrigation district has been regularly organized and has had surveys, maps, plans and estimates made in accordance with the requirements of this section, and a bond issue has been made but the money raised thereon is not sufficient for the completion of the projected works, it is unnecessary to make a new survey and additional maps and plans as a prerequisite to ordering and holding another election authorizing a further bond issue. *Pioneer Irrigation District v. Campbell* (1904) 10 Ida. 150; 77 Pac. 328.

Confirmation of Bond Issue: Proceedings for the confirmation of a

bond issue by an irrigation district may be instituted before the issuance of the bonds in order to procure a judicial determination of their validity, and to facilitate their sale, *Nampa etc. Irr. Dist. v. Brose* (1905) 11 Ida. 474; 83 Pac. 499.

Exclusion of Land From Plan: The owners of land property included in an irrigation district, may waive their rights to obtain water from the general district plan, and may obtain water from other sources, and by means of a different plan, where it is clearly shown that no one residing in the district is in any manner injured or prejudiced thereby, and in such case no part of the bond issue can be apportioned to the excluded land. *Ib.*

Form of Bonds: Contract With United States.

Sec. 2397. The bonds authorized by any vote shall be designated as a series and the series shall be numbered consecutively as authorized. The portion of the bonds of a series sold at any time shall be designated as an issue, and each issue shall be numbered in its order. The bonds of each issue shall be numbered consecutively, commencing with those earliest falling due, and they shall be designated as eleven year bonds, twelve year bonds, etc. They shall be negotiable in form and payable in money of the United States as follows, to-wit: At the expiration of eleven years from each issue, five per cent of the whole number of bonds of such issue; at the expiration of twelve years, six per cent; at the expiration of thirteen years, seven per cent; at the expiration of fourteen years, eight per cent; at the expiration of fifteen years, nine per cent; at the expiration of sixteen years, ten per cent; at the expiration of seventeen years, eleven per cent; at the expiration of eighteen years, thirteen per cent; at the expiration of nineteen years, fifteen per cent; at the expiration of twenty years, sixteen per cent: *Provided*, That such percentages may be changed sufficiently so that every bond shall be in an amount of one hundred dollars or a multiple thereof, and the above provisions shall not be construed to require any single bond to fall due in partial payments. Interest coupons shall be attached thereto, and all bonds and coupons shall be dated on January first or July first next following the date of their authorization and they shall bear interest at a rate of not to exceed seven per cent per annum, payable semi-annually on the first day of January and July of each year. The

principal and interest shall be payable at the place designated therein. Said bonds shall be each of the denomination of not less than one hundred dollars nor more than one thousand dollars, and shall be signed by the president and secretary, and the seal of the board of directors shall be affixed thereto. Coupons attached to each bond shall be signed by the secretary. Said bonds shall express on their face that they were issued by the authority of this title, naming it, and shall also state the number of the issue of which such bonds are a part. The secretary and treasurer shall each keep a record of the bonds sold, their number, the date of sale, the price received, and the name of the purchaser. In case the money raised by the sale of all the bonds be insufficient for the completion of the plans and works adopted, and additional bonds be not voted, it shall be the duty of the board of directors to provide for the completion of said plan by levy of assessment therefor, in the manner hereinafter provided. After such authorization of indebtedness shall have been made by the voters evidenced by such bond election, the board of directors may, instead of issuing bonds in the manner provided in this title, enter into an obligation or contract with the United States for the construction of the necessary works under the provisions of an act of Congress entitled "An act appropriating the receipts from the sale and disposal of public lands in certain States and Territories to the construction of irrigation works for the reclamation of arid lands," approved June 17, 1902, and the rules and regulations thereunder; or the board of directors may issue bonds for a portion of the amount of indebtedness authorized by such bond election and enter into an obligation or contract with the United States to the extent of the remainder of such amount.

Historical: Laws 1907, 484, Sec. 1; amending by adding Sec. 15A, Laws 1903, 150. "Title, naming it", inserted for "act, stating its title and date of approval", line 32, to conform to Code description. "June" inserted for "January" 17, 1902, to correctiv

specify the act referred to, which may be found in U. S. Comp. Stat. (1905 Sup.) 349.

California Legislation: See Henning's Gen. Laws, 568, Sec. 31.

Repayment of Money Advanced by United States.

Sec. 2398. Whenever any amount of money shall have been advanced by the United States for the construction of irrigation works, contemplated under the provisions of this title, by the authority of said act of Congress, the taxing powers of the district, as provided in this title, shall be used to repay into the treasury of the United States the amount of money so advanced in the manner contemplated in this title, and as may be provided in such contract between the directors of said district and the United States; and such levies and assessments shall be made each year under the authority of the district as will return to the treasury of the United States the amount or proportion of such money advanced as may have been agreed to in such contract. The works constructed under the provisions of such contract with the United States shall be controlled and administered by the district in accordance with the provisions of said act of Congress and the regulations thereunder.

Historical: Laws 1907, 484, Sec. 1; amending, by adding Sec. 15B, Laws 1903, 150.

Apportionment of Benefits.

Sec. 2399. Whenever the electors shall have authorized an issue of bonds as hereinbefore provided, the board of directors shall examine each tract or legal subdivision of land in said district, and shall determine the benefits which will accrue to each of such tracts or subdivisions from the construction or purchase of such irrigation works; and the cost of such works shall be apportioned or distributed over such tracts or subdivisions of land in proportion to such benefits; and the amount so apportioned or distributed to each of said tracts or subdivisions shall be and remain the basis for fixing the annual assessments levied against such tracts or subdivisions in carrying out the purposes of this title. Such board of directors shall make, or cause to be made, a list of such apportionment or distribution, which list shall contain a complete description of each subdivision or tract of land of such district with the amount and rate per acre of such apportionment or distribution of cost, and the name of the owner thereof; or they may prepare a map on a convenient scale showing each of said subdivisions or tracts with the rate per acre of such apportionment entered thereon: *Provided*, That where all lands on any map or section of a map are assessed at the same rate a general statement to that effect shall be sufficient. Said list or map shall be made in duplicate and one copy of each shall be filed in the office of the State Engineer, and one copy shall remain in the office of said board of directors for public inspection. Whenever thereafter any assessment is made either in lieu of bonds, or any annual assessment for raising the interest on bonds, or any portion of the principal, or the expenses of maintaining the property of the district, or any special assessment voted by the electors, it shall be spread upon the lands in the same proportion as the assessment of benefits, and the whole amount of the assessment of benefits shall equal the amount of bonds or other obligations authorized at the election last above mentioned.

Historical: Laws 1907, 484 Sec. 1; amending, by adding Sec. 15C, Laws 1903, 150.

Constitutionality: While this section as it stood under the act of 1899, of which the act of 1903 was a substantial re-enactment, was possibly subject to constitutional objection in that it required assessments to be made according to acreage instead of

according to benefits, yet the section, as amended, in connection with other sections of the district law which require assessments to be made according to benefits, and provide for proceedings to contest the question of benefits, remove all constitutional objections. *Pioneer Irr. Dist. v. Bradley* (1902) 8 Ida. 310; 68 Pac. 295.

Same: Hearing.

Sec. 2400. After the board shall have examined the lands in said district, and before proceeding to make the assessment of benefits and the list and apportionment as provided in the last preceding section, they shall give notice to the owners of said lands that they will meet at their office on a day to be stated in said notice for the purpose of making such assessment and list and apportionment. They shall, as far as practicable, give such notice by a postal card mailed or delivered to each of said land owners, and the same shall be mailed or delivered to land owners residing out of the county where said office is located at least ten days before the day fixed for such meeting, and to such as reside in said county it shall be

so mailed or delivered at least six days before the time for such meeting. For the purpose of giving notice to non-residents and such owners as it is not reasonably practicable to notify personally or by mail as aforesaid, the notice shall be published in some newspaper published in the same county two weeks before the time of such meeting. At such meeting the board shall proceed to hear all parties interested who may appear, and they shall continue in session from day to day until the assessment is completed. They shall hear all evidence offered, including any maps or surveys which any owners of lands may produce, and they may classify the lands in such way that the assessment when completed shall be just and equitable. Any person interested who shall fail to appear before the board shall not be permitted thereafter to contest said assessment or any part thereof except upon a special application to the court in the proceedings for confirmation of said assessment, showing reasonable excuse for failing to appear before said board of directors. In case any land owner makes objection to said assessment or any part thereof before said board, and said objection is overruled by the said board, and the land owner does not consent to the assessment as finally determined, such objection shall, without further proceedings, be regarded as appealed to the District Court and to be heard at the said proceedings to confirm as aforesaid.

Historical: Laws 1907, 484, Sec. 1;
amending by adding Sec. 15D, Laws
1903, 150.

Confirmation of Proceedings.

Sec. 2401. The board of directors of the irrigation district shall file in the District Court of the county in which their office is situated a petition, praying in effect that the proceedings aforesaid may be examined, approved and confirmed by the court. The petition shall state generally that the irrigation district was duly organized and the first board of directors elected, that due and lawful proceedings were taken to issue bonds in an amount to be stated, and that said assessment, list and apportionment were duly made and a copy of said assessment, list and apportionment shall be attached to said petition, but the petition need not state other facts showing such proceedings: *Provided*, That after the organization of the district is complete, a petition may be filed for the confirmation of the proceedings so far, or after the authorization of any issue of bonds such petition may be so filed, and where the procedure is by separate petitions for the confirmation of different portions of said proceedings, subsequent proceedings may be in the name of re-opening of the same case, but shall not be considered as authorizing any rehearing of the matter theretofore heard and decided.

Same: Notice: Rules of Procedure.

Sec. 2402. The court or judge shall fix the time for the hearing of said petition, and shall order the clerk of the court to give and publish a notice of the filing of said petition. The notice shall be

given and published in a newspaper published in the same county for four successive weeks. The notice shall state the time and place fixed for the hearing of the petition, and the prayer of the petition, and that any person interested in the subject matter of said petition may, on or before the day fixed for the hearing thereof, demur to or answer said petition. None of the pleadings in said matter need be sworn to. Every material statement of the petition not controverted by answer must be taken as true, and every person or party failing to answer the petition shall be deemed to have admitted all the material allegations of the petition. Same: Hearing and Confirmation.

Sec. 2403. Upon the hearing of such special proceedings, the court shall examine all of the proceedings set up in the petition, and may ratify, approve and confirm the same or any part thereof, and in case of a petition to confirm said assessment, list, apportionment and distribution, the court shall hear all objections either filed in said proceedings or brought up from the hearing before the board of directors as aforesaid, and for that purpose any person desiring to be heard upon objections overruled by the board of directors, shall state the substance of said objections and the ruling of the board in his answer. The court shall disregard every error, irregularity or omission which does not affect the substantial rights of any party, and if the court shall find that said assessment, list and apportionment are in any substantial matter erroneous or unjust, the same shall not be returned to said board, but the court shall proceed to correct the same so as to conform to this title and the rights of all parties in the premises, and the final order or decree of the court may approve and confirm such proceedings in part, and disapprove other parts of said proceedings; and in case the proceedings for the organization of the district and the issue of bonds are approved, the court shall correct all the errors in the assessment, apportionment and distribution of costs as above provided, and render a final decree approving and confirming all of the said proceedings. In case of the approval of the organization of the district and the disapproval of the proceedings for issuing bonds, the district shall have the right to institute further proceedings for the issue of bonds de novo. The costs of the special proceedings may be allowed and apportioned among the parties thereto in the discretion of the court.

Proceedings for Confirmation: On proceedings for the confirmation of the organization of an irrigation dis-

trict and of the bonds issued by it, the court may examine and determine the legality and validity of, and approve and confirm each and all of the proceedings for the organization of such

district from and including the petition for its organization, together with all other proceedings which may affect the legality or validity of the

bonds, and the order for the sale thereof. *Nampa etc. Irr. Dist. v. Brose* (1905) 11 Ida. 474; 83 Pac. 499.

Sale of Bonds.

Sec 2404. The board may sell said bonds from time to time, in such quantities as may be necessary and most advantageous, to raise money for the construction of said canals and works, the acquisition of said property and rights, and otherwise to carry out the object and purposes of this title. Before making any sale the board shall, by resolution, declare its intention to sell a specified amount of the bonds, and if said bonds can then be sold at their face value and accrued interest, they may be sold without advertisement, otherwise said resolution shall state the day and hour and place of such sale, and shall cause such resolutions to be entered on the minutes, and notice of sale to be given by publication thereof at least four weeks in three newspapers published in the State of Idaho, one of which shall be a newspaper published in the county in which the office of the board of directors is situated, if there be a newspaper published in said county, and in other newspapers at their discretion. Said notice shall state that sealed proposals will be received by the board at their office for the purchase of the bonds until the day and hour named in the resolution. At the time appointed the board shall open the proposals and award the purchase of the bonds to the highest responsible bidder, or may reject all bids; but in case no bids are received, or all bids are rejected, at the time stated in the advertisement, it shall not be again necessary to advertise the sale of the same bonds, but they may be sold at any time until cancelled: *Provided*, Said board shall in no event sell any of the said bonds for less than the par or face value thereof and accrued interest. If, for any reason, the duly authorized bonds of a district cannot be sold, or if at any time it shall be deemed for the best interests of the district to withdraw from sale all or any portion of an authorized bond issue, the board of directors may, in their discretion, cancel the same and they may levy assessments to the amount of the bonds cancelled: *Provided*, That the revenue derived from said assessments must be employed for the same purpose as was contemplated by the bond authorization; but no levy shall be made to pay for work or material, payment for which was contemplated by bonds which have been authorized, until bonds to the amount of said assessment have been cancelled. Assessments made in lieu of bonds cancelled shall be collected in the same manner, and shall have the same force and effect, as assessments levied under any provision of this title: *Provided*, That such assessment shall not, during any one year, exceed ten per cent of the total bond issue authorized by such district, unless a greater assessment shall be authorized by a majority vote of the qualified electors of the district voting at a general election or a special election called for that purpose, said special election to be held in the manner provided in Section 2391.

Whenever, after ten years from the issuance of said bonds, said fund shall amount to the sum of ten thousand dollars, the board of directors may direct the treasurer to pay such an amount of said bonds not due as the money in said fund will redeem, at the lowest value at which they may be offered for liquidation, after advertising for at least four weeks in some newspaper published in the county, and in other newspapers which said board may deem, advisable, for sealed proposals for the redemption of said bonds. Said proposals shall be opened by the board in open meeting, at a time to be named in the notice, and the lowest bid for said bonds must be accepted: *Provided*, That no bond shall be redeemed at a rate above par. In case the bids are equal, the lowest numbered bond shall have the preference. In case none of the holders of said bonds shall desire to have the same redeemed, as herein provided for, said money shall be invested by the treasurer under the direction of the board, in United States bonds, or the bonds or warrants of the state, or municipal or school bonds, which shall be kept in said bond fund and may be used to redeem said district bonds whenever the holders thereof may desire.

The secretary of the board must compute and enter in a separate column of the assessment book the respective sums, in dollars and cents, to be paid as an assessment on the property therein enumerated. When collected, the assessment shall be paid into the district treasury, and shall constitute a special fund, to be called "Bond fund of Irrigation District." In case any assessment should be made for the purpose contemplated by a bond authorization, it shall be entered in a separate column of the assessment book in the same manner as the bond fund; and when collected shall constitute the "Construction Fund of Irrigation District."

If any such assessment becomes delinquent the treasurer shall collect the same with the penalties added, as provided for delinquent county and State taxes.

Historical: Laws 1903, 150, Sec. 29;

During the first seven days of August the treasurer must commence to publish the delinquent list and the publication shall continue four weeks, and must contain the names of the persons and a description of the property delinquent at the time, and the amount of assessment and penalties, and the costs due opposite each name and description. After said publication shall have been made for the

first time, the treasurer shall collect twenty-five cents additional to the assessments and penalties on each description of land published. The treasurer must append and publish with the delinquent list a notice that unless the assessments delinquent together with penalties and costs are paid, the real property upon which said assessments are made will be sold at public auction, at a time and place therein specified. The publication must be made in some newspaper published in said district, if it can be so published, and if it can not be so published, then in some newspaper published in the county in which the office of the directors is situated; and if it can not be so published, then by posting in not less than three public places in said district, one of which shall be at the door of the office of said board. When the district is the purchaser the duplicate certificate shall be filed with the secretary. Any irrigation district as a purchaser of any land at any such delinquent tax sale, shall be entitled to the same rights as a private purchaser, and the title so acquired by the district, subject to the rights of redemption herein provided, may be conveyed by deed, executed and acknowledged by the president and the secretary of the board: *Provided*, That authority to so convey must be conferred by resolution of the board, entered on its minutes.

Redemption: When and How Made.

Sec. 2415. Redemption can be made at any time within one year from the date of the sale. Redemption may be made by paying to the treasurer the amount for which the property was sold, together with ten per cent penalty and one per cent per month thereon. The treasurer shall thereupon deliver to the person redeeming a certificate of redemption, stating the description of the land sold, the name

of the owner as it appeared on the assessment roll, and the amount paid on such redemption, and shall note the redemption on his list of sales. When such certificate of redemption shall be presented to the county recorder where the land is situated, he shall mark the property as redeemed in his record of such sales. The treasurer must pay the amount received on such redemption to the person holding the certificate of sale, upon presentation thereof with satisfactory proof of ownership. When the district is purchaser, it may assign any certificate of sale to any person, within one year after the sale, upon receipt of the amount for which the property was sold to the district, with interest from the date of sale. If no redemption be made within a year after said sale, the treasurer shall, upon request, execute a deed to the holder of the certificate, which deed shall recite and contain the matters required in deeds for property sold for county and State taxes, and when so executed and delivered shall have the same effect.

Consolidation of Districts.

Sec. 2438. Whenever the boards of directors of any two or more irrigation districts which are contiguous, deem it for the best interests of their respective districts that the same be consolidated into a single district, such boards of directors may petition the board of county commissioners for an order for an election, to vote upon the question of such consolidation, which petition shall state in detail the terms upon which such consolidation is proposed to be made. Upon receiving such petitions said board of county commissioners shall request the State Engineer to investigate the conditions of such districts, and all questions affecting such proposed consolidation, and he shall make a report of the result of such investigations to the board of county commissioners, not more than ninety days after such request is received. At the time said report upon the matter is made, said board of county commissioners, if deemed advisable, shall make an order fixing the time for an election in said districts to vote upon the question of such proposed consolidation, which time shall not be less than thirty nor more than sixty days after the date of said report. Notice of said election shall be published as required for notice of election in Section 2374 of this title; and the said boards of directors shall make all necessary arrangements for such election in their respective districts as provided in this title for other elections.

Within ten days after such returns are received by said clerk, the said board of county commissioners shall meet and canvass the same. If it appears that a majority of all the votes cast in each of said districts is "Consolidation—Yes," said board shall make an order, and enter the same of record in its minutes, establishing said consolidated district, giving its boundaries and designation, and in detail the terms under which the consolidation has been effected. and dividing said consolidated district into three divisions, and shall appoint some person qualified under this title, to act as director for each of said divisions of said district until the next general election for the election of officers, when a board of directors shall be elected as provided in Section 2378: *Provided, however, That the organiza-*

tion of such district shall not take effect until the first Tuesday of the January following said order of its establishment.

If the date provided by law for the election of directors shall come between the date of said order of the board of county commissioners and said first Tuesday of January, then in making such order said board shall designate the board of directors of one of the consolidated districts as a board to take charge of said election, and a director shall in that case be elected for each said division of said consolidated district, and in that case no appointment of directors shall be made by said board of county commissioners. If, however, upon such canvass by said board of county commissioners, it appears that a majority of the votes cast in any district thus proposed to be consolidated is "Consolidation—No," then a record of that fact shall be entered in the same minutes of said board of county commissioners, and all the proceedings had under this section shall be void.

Sec. 2446. The board of county commissioners shall meet on the Monday next succeeding such election, and proceed to canvass the votes cast for it, and if upon such canvass it appears that a majority of the votes cast are for "Drainage District—Yes", the board shall have an order entered upon their minutes, and declare such territory duly organized as "Drainage District No. (here insert number), of (here insert name of county), of the State of Idaho," and shall declare the three persons receiving respectively the highest number of votes to be duly elected as a board of commissioners of such drainage district. Contract and Bond for Construction.

Sec. 2463. After the organization of any drainage district, the commissioners of such drainage district shall proceed as soon as they may deem expedient in the construction of said improvements; and in carrying on said construction or any extensions thereof they shall have full charge and management thereof, and shall have the power to employ such assistance as they may deem necessary and purchase all materials that may be necessary in the construction and carrying on of the work of said improvements, and shall have power to let the whole or any portion of said work to any responsible contractor; and shall in such case enter into all agreements with such contractor that may be necessary in the premises: *Provided*, That in case the whole or any portion of said improvements is let to any contractor, said commissioners shall require said contractor to give a bond in double the amount of the contract price of the whole, or of the portion of said works covered by said contract, with two or more sureties to be approved by the board of commissioners of said drainage district, and running to said district as obligee therein, conditioned for the faithful and accurate performance of said contract by said contractor, his executors, administrators or assigns, according to the terms and conditions of said agreement, and shall cause said

Change of Route: Assessment of Damages.

Sec. 2464. The work on said improvement shall begin at a point or at points to be determined by said commissioners, and said work shall be completed with all expedition possible, and said board of commissioners of such drainage district, or any contractor thereunder, shall have no power whatever to change such route or system of improvements or the manner of doing the work therein so as to make any radical changes in said improvements, without the written consent of all the land owners to be benefited thereby, and of the land owners who may be damaged thereby. In case any substantial changes in said system of improvement, or the manner and construction thereof, shall be deemed necessary by said board of commissioners at any time during the progress thereof, and the written consent to such changes cannot be procured from said land owners, then said commissioners, for and on behalf of said district, shall file a petition in the District Court of the county within which said district is located, setting forth therein the changes which they deem necessary to be made in the plans or manner of the construction of said improvement, and praying therein to be permitted to make such changes, and upon the filing thereof the court shall cause a summons to be served, setting forth the prayer of said petition under the seal of the said court, which summons shall be served in the same manner as the service of summons in the case of the original petition. upon all the land owners or others having any lien or interest therein appearing of record in said district, and any or all of said parties so served may appear in said cause and submit their objections thereto, and after the time for the appearance of all said parties has expired, the court shall proceed to hear said petition at once without further delay, and if it appears during the course of said proceedings that the property rights of any of said land owners will be affected by such proposed change in said improvements, then the court, after having passed upon all preliminary questions as in

the original proceedings, may call a jury to be impanelled in the manner provided by Title 3 of Part 1 of the Code of Civil Procedure, and upon the final hearing of said cause the jury shall return a verdict finding the amount of damages, if any, sustained by all persons and corporations, the same as upon the original petition, by reason of such proposed change, and the amount of compensation to be paid to any person or corporation therefor, and for any additional right of way that may be necessary to be appropriated.

Connection by Private Drains.

Sec. 2466. Any person or corporation owning land within said district shall have a right to connect any private drains or ditches for the proper drainage of such land with said system, and in case any person or corporation shall desire to drain such lands into said system, and shall find it necessary, in order to do so, to procure the right of way over the land of another, or others, and if consent thereto can not be procured from such person or persons, then such land owner may present in writing a request to the board of commissioners of said district, setting forth therein the necessity of being able to connect his private drainage with said system, and pray therein that said system be extended to such point as he may designate in said writing, and immediately thereon said board of commissioners shall cause a petition to be filed in the District Court, for and in the name of said drainage district, requesting, in said petition, that said system be extended as requested, setting forth therein the necessity thereof and praying that leave be granted by the board to extend the system in accordance with the prayer of said petition, and the proceedings in such case, upon the presentation of such petition and the hearing thereof, shall be, in all matters, the same as in the hearing and presentation of the original petition

for the establishment of the original system of drainage in said district, as far as applicable. The costs in such proceedings shall be paid from the assessment of benefits to be made on the lands of the person or persons benefited by such extension, and the assessment and compensation for the right of way, damages and benefits, and payment of damages and compensation, and the collection of the assessments for benefits, shall be the same as in the proceedings under the original petition, and the construction of the said extension shall be made under the same provisions as the construction of the original improvement; and all things that may be done or performed in connection therewith shall be, as near as may be applicable, in accordance with the provisions already set forth herein for the establishment and construction of said original improvement: *Provided*, That such petitioner or petitioners shall, at the time of filing such petition by said drainage commissioners, enter into a good and sufficient bond to said drainage district, in the full penal sum of five hundred dollars with two or more sureties to be approved by the court, conditioned for the payment of all costs in case the prayer of said petition should not be granted, which bond shall be filed in said cause.

Historical: Laws 1903, 256, Sec. 21.

Comparative Legislation: See Washington: Bal. An. Code, Sec. 3735.

Connection of District With Lower District.

Sec. 2467. In case of the establishment of a drainage district and system of drainage under the provisions of this title above any other district that may theretofore have been established, and above any other system of drainage that may have theretofore been constructed in said district, and in case said district to be established above may desire to connect its drainage system with the lower or servient district, the latter district shall be made a party to the proceedings for the establishment of such system, and the petition to be filed in the District Court for the establishment of the system of drainage in said upper district shall, in addition to the facts hereinbefore provided and required to be set forth therein, set forth the fact that said lower system in said lower district is necessary to be used as an outlet for the system of drainage of said upper district, and that the same will be a sufficient outlet and will afford sufficient capacity to carry the drainage of both said upper and lower districts; and in case said system of said lower district will be required to be enlarged by widening or deepening the same, or both, in order to give sufficient outlet to said upper district and afford sufficient drainage for said upper and lower districts, then the plans and specifications for enlarging the system of said lower district shall be filed with said petition in addition to the other data hereinbefore provided for in this title. All the land owners in said lower district, or any person claiming any interest therein as mortgagee or otherwise, shall be made parties defendant in said petition, and the proceedings therein as to the assessment of damages and compensation for land taken, if any be necessary to be taken in enlarging said lower system, shall be the same as in the establishment of systems of drainage in the lower or servient district as hereinbefore provided for; but the jury,

in addition to the facts to be found by them as provided for in the establishment of a drainage system in the lower district, shall find and determine whether said lower system, when improved according to the plans and specifications filed with the said petition, will afford sufficient drainage for both said upper and lower districts, which finding shall be made by the jury before considering any other question at issue in said proceedings, and in case said jury should find that the system of said lower district when improved as proposed in said petition would not be sufficient, then, in that case, said finding shall terminate the proceedings, and no further proceedings in said case shall be had, and the costs of said proceedings shall be paid as costs in other proceedings, as hereinbefore provided for; but in such case the finding of said jury shall not terminate the objects of said upper district or operate to disorganize the same, but said upper district may begin new proceedings for the establishment of a system of drainage with some new outlet provided therein. All costs for the enlarging or improving of said lower system that may be required, shall be assessed to the land owners in the upper district according to the benefits to be derived from the construction of said entire system, and no additional cost shall be thrown upon the lower district, and all compensation for taking any right of way that may be necessary to be taken in enlarging said lower system, and all damages occurring therefrom, if any, to the land owners of said lower district, shall be ascertained and paid in the same manner as hereinbefore provided for the adjustment of compensation and damages in the establishment of drainage systems in lower districts. Said lower district, by and through its board of commissioners, may appear in said cause and show therein any injury it may sustain as a district by reason of the additional cost of maintenance of said lower system as improved and enlarged, and such fact shall be determined in said cause, and the jury shall find the amount of the increased costs of maintenance per annum, which will be sustained by said lower district by reason of said enlarging or improving of the same, and judgment shall be rendered in favor of said lower district against said upper district for such amount as found, and the same shall be paid each year as the cost of construction is paid as provided for in this title, and the amount so paid shall be held by said lower district as an additional fund for the maintenance of its said system, as improved and enlarged by said upper district.

Historical: Laws 1903, 256, Sec. 22. The words "the latter district," in line 7, and "and no further proceedings," in line 38, are inserted to complete the sense as indicated by the context.

Comparative Legislation: See Washington: Bal. An. Code, Sec. 3736.

Apportionment of Cost of Maintenance.

Sec. 2468. The board of commissioners of any drainage district organized under the provisions of this title shall, on or before the first day of January of each year, make an estimate of the cost of maintenance of the drainage system constructed in such district, which estimate shall include the costs of making any necessary repairs that it might become necessary to make in the maintenance of such system. Such estimate shall be made for the succeeding year,

and the amount so estimated shall be certified by the board of commissioners to the auditor of the county in which such district is located on or before said date, and the amount thereof shall be apportioned to the land owners in such district benefited by said improvement in proportion to the maximum benefits originally assessed, and such amount shall be added to the general taxes of such land owners and collected therewith.

Historical: Laws 1903, 256, Sec. 24.

Comparative Legislation: See Washington: Bal. An. Code, Sec. 3738.

Water Course as Part of System.

Sec. 2469. The whole or any portion of any natural water course, which drains any district established under this title, or the whole or any portion of any ditch or drainage system already constructed or partially constructed prior to the passage of this title, may be improved and completed as a system under the provisions of this title: *Provided*, That in the improvement of any natural water course the rights of the public therein for the purpose of navigation shall not be in any wise impaired.

Application of Section: This section and the act of which it is a part refers only to the separate property of the wife, and the management and control thereof, and does not empower a married woman to bind herself personally for the payment of a debt that was not contracted for her own use, or for the use and benefit of her separate estate, or in connection with the control and management thereof, or in conducting business connected therewith. Bank of Commerce v. Baldwin (1906) 12 Ida. 202; 85 Pac. 497.

Creation of Liability: In order for a married woman to create a charge against her separate estate for a debt not contracted for her use, nor for the benefit of such separate property, it must be made a charge in rem by mortgage or pledge of the property or in some manner known to the law as constituting a lien upon property; such a charge cannot be created by a mere representation of the woman

that she owns a certain amount, class or character of property. Ib.

Repeal: The act of which this section is a part expressly repeals Rev. St. Secs. 2498 and 2499. Sec. 2499 provided for the appointment of a trustee in case of mismanagement by the husband. Decisions under the repealed Sec. 2498, which gave the husband the management and control of the separate property of the wife during coverture, except in the sale or the creation of liens on the same, were as follows: The separate property of the wife could be pledged for the debts of the husband only by an instrument in writing signed by both husband and wife and duly acknowledged. Dernham & Kaufman v. Rowley (1896) 4 Ida. 753; 44 Pac. 643. But the purchaser of property from a married woman was estopped in a suit for the purchase price to interpose the defense that the contract of sale was not made in the prescribed manner where he used and consumed the property. Karlson v. Hanson & Karlson, etc. Co., (1904) 10 Ida. 361; 78 Pac. 1080.

The section was held to refer only to the voluntary creation of liens or incumbrances and did not preclude a married woman from contracting for the erection of improvements on her separate property and thereby subjecting the same to liability to a lien. Bassett v. Beam (1894) 4 Ida. 106; 36 Pac. 501.

Separate Property of Husband.

Sec. 2679. All property owned by the husband before marriage, and that acquired by gift, bequest, devise or descent is his separate property.

Community Property.

Sec. 2680. All other property acquired after marriage by either husband or wife, including the rents and profits of the separate property of the husband and wife, is community property, unless by the instrument by which any such property is acquired by the wife it is provided that the rents and profits thereof be applied to her sole and separate use; in which case the management and disposal of such rents and profits belong to the wife, and they are not liable for the debts of the husband.

Historical: Rev. St. 1887, Sec. 2497. See 4 Ter. Ses. (1867) 65, Sec. 2.

Application: This section is not limited to a community created in this State or to one composed of persons, who, having been married elsewhere, come within the State, and become domiciled here, but protects a non-resident wife of a man who comes into this state and acquires property here. Jacobson v. Bunker Hill etc. Co (1891) 3 Ida. 126; 26 Pac. 396.

Construction With Sec. 4479: This section must be construed with Sec. 4479 under which the rents, issues and profits of the separate property of the wife are exempt from execution against the husband. Thorn v. Anderson (1900) 7 Ida. 421; 63 Pac. 592.

What Constitutes Community Property: Property purchased in the name of the wife partly with funds of her separate estate and

partly with money borrowed during the existence of the community, is the separate property of the wife to the extent of which funds of her separate estate were used, and community property to the extent to which the borrowed money was used, in its purchase. N. W. etc. Bank v. Rauch (1900) 7 Ida. 152; 61 Pac. 516. And the husband cannot encumber such of the property as was purchased with the money borrowed during **coverture**. *Ib.*

Property conveyed to the wife during coverture and occupied by the husband and wife as a residence, is presumed to be community property in the absence of any showing that it is the separate property of the wife. Stowell v. Tucker (1900) 7 Ida. 312; 62 Pac. 1033.

Mining property held under a grant from the United States may be community property. Jacobsen v. Bunker Hill etc. Co. (1891) 3 Ida. 126; 26 Pac. 396.

Actions Concerning Community Property: A complaint to recover community property which alleges that the property was acquired during coverture, and was the community property of the parties, is sufficient without further stating that the property was not obtained by "gift, bequest, devise, or descent." *Ib.*

In an action against a wife to fore-

close a mortgage on community property where the husband, being a necessary party to such action, is not served with process, the judgment, being void as to the husband, is also void as to the wife. *Vermont Loan & Trust Co. v. McGregor* (1897) 5 Ida. 510; 51 Pac. 104.

In an action to foreclose a mortgage, where it appears from the pleadings that the notes and mortgage were executed by both husband and wife, the presumption is that the premises were community property unless the record discloses that such premises were the separate property of either the husband or the wife. *Id.*

In an action to foreclose a mortgage, executed by husband and wife, failure to allege that the mortgaged property or any part thereof is the separate estate of the wife, or that the debts were created for the benefit of her separate estate, raises a presumption that said debts are debts of the husband, and that such property is community property. *Strode v. Miller* (1900) 7 Ida. 16; 59 Pac. 893.

In an action upon an account by a married woman, the fact that the account sued upon is community property is a proper defense. *Holton v. Sand Point Lbr. Co.* (1901) 7 Ida. 573; 64 Pac. 889.

Inventory of Wife's Property.

Sec. 2681. A full and complete inventory of the separate personal property of the wife may be made out and signed by her, acknowledged or proved in the manner required by law for the acknowledgment or proof of a conveyance of real property by an unmarried woman, and recorded in the office of the recorder of the county in which the parties reside.

Same—Debts of Husband: In or-

der to charge the separate property of the wife with liability for a debt, it must be alleged and proven that the debt was incurred for the use or benefit of her separate property, or was contracted by her for her own use and benefit; debts contracted by the husband for his own benefit, or for the use of his family, cannot subject the separate property of the wife to liability therefor. *Dernham & Kaufmann v. Rowley* (1896) 4 Ida. 753; 44 Pac. 643; *Holt v. Girdley* (1900) 7 Ida. 416; 63 Pac. 188.

Husband's Control of Community Property.

Sec. 2686. The husband has the management and control of the community property, with the like absolute power of disposition (other than testamentary) as he has of his separate estate; but such power of disposition does not extend to the homestead or that part of the common property occupied or used by the husband and wife as a residence.

Historical: Rev. St. 1887, Sec. 2505. See 4 Ter. Ses. (1867) 65, Sec. 9; 13 Ter. Ses. (Feb. 5, 1885) 137, Sec. 1. The act of the 4th session gave the husband the entire management and control and absolute power of disposition of the common property. The act of the 13th session required the joinder of the wife in the conveyance of any property of a married person occupied as a residence or homestead, or any common property of the husband and wife.

Control by Husband: The action of a wife in voluntarily separating from her husband with the intention of suing for a division of the common property, does not change the character of that property so as to divest the husband of the right to

dispose thereof under this section, and a sale made by the husband in good faith and for an adequate consideration after such separation, is as valid as if no separation had taken place. *Ray v. Ray* (1874) 1 Ida. 566.

Where community property is not a homestead nor occupied as a residence, the husband may convey the same without his wife's signature, and the validity of such conveyance is not affected by the joinder of the wife therein and her acknowledgment thereto being defectively taken. *Wilson v. Wilson* (1899) 6 Ida. 597; 57 Pac. 708.

Same—Disposition of Residence: The homestead occupied by husband and wife as a residence is common property of the marital community, and the husband alone cannot convey or encumber it, so long as it continues to be the residence of himself and wife, but it is in his power to change its character as a residence at any time without the consent or the co-operation of the wife. *Law v. Spence* (1897) 5 Ida. 244; 48 Pac. 282.

Curtesy and Dower Abolished.

But if the parent or guardian of the child, or either of them, is a non-resident of the county where the application is made, such non-resident parent or guardian may execute his consent in writing, and acknowledge the same before any officer authorized by the laws of this State to take acknowledgments of deeds, which consent being filed in the court where the application is made, is deemed a sufficient appearance on the part of such non-resident.

STOCK AND STOCKHOLDERS.

Section	Section
2745. Personal liability of stockholders.	2748. Same: By married woman.
2746. Issuance of certificates.	2749. Same: By non-resident stockholders.
2747. Transfer of shares.	

Note: Increase or diminution of capital stock: Sec. 2773.

Personal Liability of Stockholders.

Sec. 2745. Each stockholder of a corporation is individually and personally liable for its debts and liabilities to the full amount unpaid upon the par or face value of the stock or shares owned by him. Any creditor of the corporation may institute actions against any of its stockholders jointly or severally, and in such action the court must determine the amount unpaid upon the stock held or owned by each defendant, and a several judgment must be entered against him for a sum not exceeding such amount. Nothing in this title must be construed to render any stockholder individually or personally liable, as such stockholder, for debts or liabilities of the corporation, either at the suit of a creditor or for assessments or calls, to an amount exceeding the balance unpaid upon his stock, or the difference between the amount that has been actually paid upon his stock and the par or face value thereof, except when so liable on the ground of fraud or misrepresentation, or concealment, or for neglect or misconduct as an officer, agent, stockholder or member of the corporation. No corporation shall issue any stock as paid up, in whole or in part, or credit any amount, assessment or call as paid upon any of its stock, except for money, property, labor or services actually received by the corporation, or actually paid upon the indebtedness of the corporation as provided in this section, to the full value of the amount credited upon such stock. If any stockholder of any insolvent corporation pays the full amount unpaid upon the stock held by him, as above defined, upon the overdue debts of the corporation, incurred while he was such stockholder, he is relieved from any further personal liability upon his stock, but not from any liability for fraud, neglect or misconduct. The liability of each stockholder is determined by the amount of stock or shares owned by him at the time the debt or liability was incurred by the corporation; and such liability is not released or discharged by any subsequent transfer of stock. When such liability does not arise upon contract it shall be deemed to be incurred when judgment thereof is obtained against the corporation. The term stockholder, as used in this section, applies not only to such persons as appear by the books of the corporation to be such, but also to every equitable owner of stock, although the same appears on the books in the name of another; and, also, to every person who has advanced the installments or purchase money, or subscribed for stock, in the name of a minor, so long as the latter remains a minor; and, also, to every guardian of trustee who volun-

tarily invests any trust funds in the stock. Trust funds in the hands of a guardian or trustee are not liable under the provisions of this section, by reason of any such investment; nor is the person for whose benefit such investment is made responsible in respect to the stock until he becomes competent and able to control the same; but the responsibility of the guardian or trustee making the investment continues until that period, or while the investment continues. Stock held as collateral security, or by a trustee who is not the beneficial owner, or in any other representative capacity without a beneficial interest, does not make the holder thereof a stockholder within the meaning of this section, except in the cases above mentioned, so as to charge him with the debts or liabilities of the corporation, but the pledgor, or person, or estate represented is to be deemed the stockholder, as respects such liability. Members of corporations not organized for profit and having no capital stock are not individually or personally liable for its debts or liabilities, unless such liability is imposed by the by-laws of the corporation, and then only to the extent so imposed; any such liability may be enforced, to the extent imposed by the by-laws, by joint or several actions against members, as before provided. The liability of each stockholder of a corporation not formed under the laws of this State, but doing business within the State, is the same as the liability of stockholders of corporations organized under the laws of this State.

All corporations doing business in this State, whether organized under the laws of this State or some other State, desiring to avail themselves of the provisions of this section, shall cause to be written or printed after the corporate name, on its stock certificates, letter and bill heads, and all its official documents the word "limited"; also, after the corporate signature to all official or public documents the word "limited."

Historical: Rev. St. 1887, Sec. 2609 (see 1 Ter. Ses. (1864) 543, Sec. 16); amended Laws 1890-91, 172, Secs. 1, 2; re-enacted Laws 1899, 115, Secs. 1, 2.

Application to Existing Corporations—Constitutionality: The liability of a shareholder in a corporation under this section and the following sections, which provide for an assessment against the stock of a corporation, is substantially the same as the liability imposed upon shareholders by the corporation act of 1875 (Rev. Laws 1874-75, p. 618) except that by this section, and the sections providing for an assessment, an additional remedy to the remedy by action authorized by the former act, is given.

Consequently these provisions of the Revised Statutes are not, as applied to pre-existing corporations, an unconstitutional impairment of the contract rights of the shareholders in such corporations. Sparks v. Lower Payette Ditch Co. (1892) 3 Ida. 306; 29 Pac. 134.

Same — Insolvent Corporations: Stockholders in a corporation are not liable to creditors under this section as amended, where the corporation became insolvent and went out of business prior to the enactment of the amendment, but their liability is governed by the terms of the original section prior to the amendment. Aulbach v. Dahler (1896) 4 Ida. 654; 43 Pac. 322.

Liability to Assessment: This section refers to the personal liability of stockholders, and not to the liability of stock to assessments made necessary, not only to carry out the purposes for which the corporation was created, but to preserve its property. Hall v. Eagle Rock & Willow Creek Water Co. (1897) 5 Ida. 551; 51 Pac. 110.

Issuance of Certificates.

Sec. 2746. All corporations for profit must issue certificates for stock when fully paid up, signed by the president and secretary, and may provide, in their by-laws, for issuing certificates prior to the full payment, under such restrictions and for such purposes as their by-laws may provide.

Transfer of Shares.

Sec. 2747. Whenever the capital stock of any corporation is divided into shares, and certificates therefor are issued, such shares of stock are personal property, and may be transferred by indorsement by the signature of the proprietor, or his attorney, or legal representative, and delivery of the certificate; but such transfer is not valid except between the parties thereto, until the same is so entered upon the books of the corporation as to show the name of the parties by and to whom transferred, the number and designation of the shares, and the date of the entry. Corporations may, by by-laws, provide that no transfer of their stock shall be made upon their books until all indebtedness to the corporation of the person in whose name the stock stands, whether for assessments, calls or otherwise, is paid.

Transfer—Necessity of Registration: The liability of stockholders of a corporation to creditors imposed by Rev. St. Sec. 2609, is not affected by sale of the stock, unless the transfer is entered on the books of the corporation as prescribed by this section. *Aulbach v. Dahler* (1896) 4 Ida. 654; 43 Pac. 322.

Same: By Married Woman.

Sec. 2748. Shares of stock in corporations, held or owned by a married woman, may be transferred by her, her agent or attorney, without the signature of her husband, in the same manner as if such married woman were a *feme sole*. All dividends payable upon any shares of stock of a corporation held by a married woman, may be paid to such married woman, her agent or attorney, in the same manner as if she were unmarried, and it is not necessary for her husband to join in a receipt therefor; and any proxy or power given by a married woman touching any shares of stock of any corporation, owned by her, is valid and binding without the signature of her husband, the same as if she were unmarried.

Same: By Non-Resident Stockholders.

Sec. 2749. When shares of stock in a corporation are owned by

a non-resident of the State, the president, secretary or directors of the corporation, before entering any transfer of the shares on its books, or issuing certificate therefor to the transferee, may require satisfactory evidence that the non-resident owner was alive at the date of the transfer, and if such satisfactory evidence be not furnished, may require a bond of indemnity, with two sureties, satisfactory to the officers of the corporation, or approved by the Judge of the District Court of the district in which the principal office of the corporation is situate, conditioned to protect the corporation against any liability to the heirs or legal representatives of the owner of the shares, in case of his or her death before the transfer; and if such evidence or bond be not furnished when required, as herein provided, neither the corporation nor any officer thereof is liable for refusing to enter the transfer on the books of the corporation.

Unlawful Assessment—Action: In an action against a corporation for

the wrongful selling of stock of a shareholder, the burden is on the corporation to show a compliance with this section before attempting to assess and sell the plaintiff's stock, by showing that one-fourth of its stock had been subscribed, and the complaint in such an action is not demurrable for failure to allege that one-fourth of the stock had not been subscribed. Corcoran v. Sonora etc. Co. (1902) 8 Ida. 651; 71 Pac. 127.

Limitation on Assessments.

Sec. 2751. No one assessment must exceed ten per cent of the amount of the capital stock named in the articles of incorporation, except in the cases in this section otherwise provided as follows:

1. If the whole capital of a corporation has not been paid up, and the corporation is unable to meet its liabilities or to satisfy the claims of its creditors, the assessment may be for the full amount unpaid upon the capital stock; or if a less amount is sufficient, then it may be for such a percentage as will raise that amount;

2. The directors of railroad corporations may assess the capital stock in installments of not more than ten per centum per month, unless in the articles of incorporation it is otherwise provided;

2. The collection of the previous assessment has been enjoined; or,

3. The assessment falls within the provisions of one of the subdivisions of the last preceding section.

Filing of Articles and Designation of Agent.

Sec. 2792. Every corporation not created under the laws of this State must, before doing business in this State, file with the county recorder of the county in this State in which is designated its principal place of business in this State, a copy of the articles of incorporation of said corporation, duly certified to by the Secretary of State of the State in which said corporation was organized, and a copy of such articles of incorporation duly certified by such county recorder, with the Secretary of State, paying to the latter the same fees as are provided by law to be paid for filing original articles of incorporation. Such corporation must also within three months from the time of commencement to do business in this State, designate some person in the county in which the principal place of business of such corporation in the State is conducted, upon whom process issued by authority of or under any law of this State may be served, and within the time aforesaid must file such designation in the office of the Secretary of State, and in the office of the clerk of the District Court for such county, and a copy of such designation certified by either of said officers, must be evidence of such appointment. It is lawful to serve on such person so designated any process issued as aforesaid, and such service must be deemed a valid service thereof. Such notice and designation of agent on whom process may be served, shall run from the time of filing the same as herein provided, until his successor is appointed by such filing, or said office becomes vacant by resignation filed by such agent in the office in which his appointment is filed, or by his death, or removal from such county, and in case of such vacancy said corporation shall, within sixty days thereafter, refill said office as herein provided.

No contract or agreement made in the name of, or for the use or benefit of, such corporation prior to the making of such filings as first herein provided, can be sued upon or enforced in any court of this State by such corporation. Such corporation cannot take or hold title to any realty within this State prior to making such filings, and any pretended deed or conveyance of real estate to such corporation prior to such filings shall be absolutely null and void. Any and all officers, agents and representatives of said corporation, or persons claiming to be officers or agents of the same, who shall make or attempt to make any contract or agreement, or contract any indebtedness, in the name of such corporation, or for its use and benefit, before such original filings are made, or while such corporation is in default upon filing a reappointment as hereby provided, shall be, jointly and severally, personally liable upon and for all such contracts and agreements as principal contractors.

Every such corporation which fails to comply with the provisions of this section shall be denied the benefit of the statutes of the State limiting the time for the commencement of civil actions, and any limitations in such statutes shall only run in favor of any such cor-

poration during such time as such person duly designated, as aforesaid, upon whom such service can be made, shall be within the State: *Provided*, That foreign corporations complying with the provisions of this section shall have all the rights and privileges of like domestic corporations, including the right to exercise the right of eminent domain, and shall be subject to the laws of the State applicable to like domestic corporations.

Historical: Rev. St. 1887, Sec. 2653. (See 10 Ter. Ses. (1879) 3, Sec. 5); amended Laws 1903, 49, Sec. 1. Omitting "and every such corporation now doing business within this State must within three months after the taking effect of this act", as now obsolete.

California Legislation: See Civ. Code 1872, Sec. 403, note, Sec. 1; Deering's Code, *ib.*; repealed 1905.

Application: A foreign corporation that manufactures farm machinery in another State and sells the same to citizens of this State on orders taken by a foreign agent, subject to its approval, and ships machinery into the State to the purchaser, is engaged in interstate commerce and need not comply with the provisions of this section. *Belle City Manufacturing Co. v. Frizzell* (1905) 11 Ida. 1; 81 Pac. 58.

Effect of Non-Compliance: A foreign corporation which fails to comply with the requirements of this section, cannot maintain a suit in any of the courts of the State for breach or violation of a contract entered into during the time the corporation has failed to comply therewith. *Katz v. Herrick* (1906) 12 Ida. 1; 86 Pac. 873.

The fact that this statute points out certain penalties against non-complying foreign corporations but does not

specifically declare contracts entered into in violation of the statute to be void, does not indicate that the contracts of non-complying foreign corporations are to be deemed valid. *Ib.*

Venue of Actions: By complying with this section and designating an agent for the service of process, a foreign corporation obtains the same rights as a citizen so far as the venue of an action against it is concerned, but no superior rights, and it may therefore be sued in a justice's court of the precinct in which an injury to property committed by it occurs, although the residence of the agent whom it designates is in another county. *Webster v. Oregon Short Line Ry.* (1898) 6 Ida. 312; 55 Pac. 661.

A foreign corporation which complies with the requirements of the statute is entitled to a trial within the county where its principal place of business is located, the same as is a domestic corporation. (Overruled, *post.*) *Easley v. New Zealand Ins. Co.* (1894) 4 Ida. 205; 38 Pac. 405.

Foreign corporations doing business in this State do not acquire, by complying with this section and designating an agent for service of process, a fixed residence in this State so as to be entitled to be sued in the county in which such agent resides, but such corporations are, for the purpose of jurisdiction, non-residents of the State and may be sued in the District Court in any county designated in the complaint. (*Easley v. Ins. Co.* 4 Ida. 205; 38 Pac. 405; overruled). *Boyer v. No. Pac. Ry.* (1901) 8 Ida. 74; 66 Pac. 826.

Proof of Service: Proof of service of summons on a foreign corporation by delivery of a copy to the president, without showing any designation by the corporation of the president as its agent for the service of process, is fatally defective. *Applington v. G. V. B. Mining Co.* (1898) 6 Ida. 216; 55 Pac. 241.

Enumeration of Powers.

Sec. 2796. Every railroad corporation has power:

First. To cause such examination and surveys to be made as may be necessary to the selection of the most advantageous route for the railroad; and for such purposes their officers, agents, and employees may enter upon the lands or waters of any person, subject to liability for all damages which they do thereto;

Second. To receive, hold, take, and convey, by deed or otherwise, as a natural person, such voluntary grants and donations of real estate and other property which may be made to it to aid and encourage the construction, maintenance, and accommodation of such railroad;

Third. To purchase, or by voluntary grants or donations to receive, enter, take possession of, hold, and use all such real estate and other property as may be necessary for the construction and maintenance of such railroad, and for all stations, depots, and other purposes necessary to successfully work and conduct the business of the road;

Fourth. To lay out its road, not exceeding nine rods wide, and to construct and maintain the same, with a single or double track, and with such appendages and adjuncts as may be necessary for the convenient use of the same: *Provided*, That any such railroad corporation may take and hold any right of way or other property, of whatever width or extent that it may acquire under the laws of Congress;

Fifth. To construct its road across, along or upon any stream of water, water course, navigable stream, street, avenue or highway, or across any railway, canal, ditch or flume which the route of its road intersects, crosses or runs along, in such manner as to afford security for life and property; but the corporation must restore the stream or water course, road, street, avenue, highway, railroad, canal, ditch or flume thus intersected to its former state of usefulness as near as may be, or so that the railroad shall not unnecessarily impair its usefulness or injure its franchise;

Sixth. To cross, intersect, join or unite its railroad with any other railroad, either before or after construction, at any point upon its route, and upon the grounds of such other railroad corporation with the necessary turnouts, sidings and switches, and other conveniences in furtherance of the objects of its connections; and every corporation whose railroad is, or shall be hereafter, intersected by any new railroad, must unite with the owners of such new railroad in forming such new intersections and connections, and grant facilities therefor. And if the two corporations cannot agree upon the amount of compensation to be made therefor, or the points or the manner of such crossings, intersections and connections, the same must be ascertained and determined as is provided in the Code of Civil Procedure;

Seventh. To purchase lands, timber, stone, gravel or other materials to be used in the construction and maintenance of its road,

and all necessary appendages and adjuncts, or acquire them in the manner provided in the Code of Civil Procedure for the condemnation of lands; and to change the line of its road in whole or in part whenever a majority of the directors so determine, as is provided hereinafter, but no such change must vary the general route of such road as contemplated in its articles of incorporation;

Eighth. To carry persons and property on their railroad and receive tolls or compensation therefor;

Ninth. To erect and maintain all necessary and convenient buildings, stations, depots, fixtures and machinery for the accommodation and use of their passengers, freight and business;

Bridging Navigable Streams.

Sec. 2798. Any railroad corporation heretofore duly organized and incorporated under the laws of this State, or of the United States, or of any other State or Territory, or which may hereafter be duly incorporated and organized under the laws of this State, or of the United States, or of any other State or Territory, and authorized to do business in this State and to construct and operate railroads therein, shall have, and hereby is given, the right to build and construct, possess and own, bridges across the navigable streams and waters within this State, over or across which the projected line or lines of railway of such railroad corporation, or either of them, will run: *Provided*, That said bridges are to be constructed in good faith for the purpose of being made a part of the constructed line of said railroad, or a part of any of the line thereof to be constructed and in course of construction, and to be used by such railroad corporation as a part of its line of railroad so constructed, or to be constructed,

for the more convenient, expeditious and safe operation thereof: *And provided further*, That such bridges shall be so constructed as to not interfere with, impede or obstruct the navigation of such stream or navigable waters, and shall comply with, and be subject to, the Acts of Congress relating to navigable streams, and the rules and regulations of the executive departments.

Construction of Extensions and Branches.

Sec. 2799. Any railroad corporation chartered by or organized under the laws of this State, or of any State or Territory, or under the laws of the United States, and authorized to do business in this State, may extend its railroad from any point named in its charter or articles of incorporation, or may build branch roads, either from any point on its line of road or from any point on the line of any other railroad connecting, or to be connected, with its road, the use of which other road between such points and the connection with its own road, such corporation shall have secured by lease or agreement for a term of not less than ten years from its date. Before making any such extension, or building any such branch road, such corporation shall, by resolution of its directors or trustees, to be entered in the record of its proceedings, designate the route of such proposed extension or branch by indicating the place from and to which said railroad is to be constructed, and the estimated length of such railroad, and the name of each county in this State through or into which it is constructed or intended to be constructed, and file a copy of such record, certified by the president and secretary, in the office of the Secretary of State, who shall indorse thereon the date of filing thereof and record the same. Thereupon such corporation shall have all the rights and privileges to make such extension or build such branch, and receive aid thereto, which it would have had if it had been authorized in its charter or articles of incorporation.

Historical: Laws 1899, 81, Sec. 1;
re-enacting Laws 1890-91, 124, Sec. 1.

Consolidation, Sales and Leases.

Sec. 2800. Any such railroad corporation may consolidate its stock, franchises and property with any other railroad corporation, whether within or without the State, when such other railroad corporation does not own any competing line of railroad, upon such terms as may be agreed upon, and become one corporation, by any name selected, which, within this State, shall possess all of the powers, franchises, and immunities, including the right of further consolidation with other corporations under this section, and be subject to all the liabilities and restrictions such as such corporations peculiarly possess, or were subject to at the time of consolidation by the laws then in force applicable to them or either of them. Articles stating the terms of consolidation shall be approved by each corporation by a vote of the stockholders owning a majority of the stock, in person or by proxy, at the regular annual meeting thereof, or a special meeting called for that purpose in the manner provided by the by-laws of the respective consolidating corporations, or by the consent, in writing,

of such stockholders annexed to such articles; and a copy thereof, with a copy of the records of such approval or such consent, and accompanied by lists of their stockholders and the numbers of shares held by each, duly certified by the respective presidents and secretaries, with the respective corporate seals of such corporations affixed, shall be filed for record in the office of the Secretary of State before any such consolidation shall have any validity or effect.

Any railroad corporation whose line is wholly or in part within this State, whether chartered by or organized under the laws of this State, or of any other State or Territory, or of the United States, may lease or purchase and operate the whole or any part of the railroad or any other railroad corporation, together with the franchises, powers, immunities and all other property or appurtenances appertaining thereto; (or any railroad company may sell or lease the whole or any part of its railroads or branches within or without this State, constructed, or to be constructed, together with all property and rights, privileges and franchises pertaining thereto, to any railroad company organized or existing pursuant to the laws of the United States or of this State, or of any other state or Territory of the United States); and all such purchases or leases heretofore made or entered into are for all intents and purposes hereby ratified and confirmed: *Provided*, That in no case shall the capital stock of the company formed by such consolidation exceed the sum of the capital stock of the companies so consolidated, at the par value thereof, nor shall any bonds or other evidences of debt be issued as a consideration for or in connection with such consolidation.

road or other corporations consolidating with foreign corporations do not thereby become foreign corporations: Const. Art. 11, Sec. 14.

Extensions Into the State.

Sec. 2801. Any railroad corporation chartered by or organized under the laws of the United States, or of any State or Territory, whose constructed railroad shall reach or intersect the boundary line of this State at any point, may extend its railroad into the State from any such point or points to any place or places within this State, and may build branches from any point on such extension. Before making such extension, or building any such branch road, such corporation shall, by resolution of its directors or trustees, to be entered in the record of its proceedings, designate the route of such proposed extension or branch by indicating the place from and to which such extension or branch is to be constructed, and the estimated length of such extension or branch, and the name of each county in this State through or into which it is constructed or intended to be constructed, and file a copy of such record, certified by the president and secretary, in the office of the Secretary of State, who shall indorse thereon the date of filing thereof and record the same. Thereupon such corporation shall have all the rights and privileges to make such extension, or build such branch, and receive such aid thereto as it would have had had it been authorized so to do by articles of incorporation duly filed in accordance with the laws of this State. It shall be the duty of railroad companies, when intersecting or crossing any other rail-

road in this State, to so arrange their sidetracks or switches that cars or freight may be readily transferred from one track to the other at the option of the shipper.

Historical: Laws 1899, 81, Sec. 3; re-enacting Laws 1890-91, 124, Sec. 3.

Application and Construction of Preceding Sections.

Sec. 2802. The three preceding sections shall not apply to any corporations before such corporations shall have filed an acceptance of the provisions of the State Constitution, as provided in Section 7, of Article 11, of the Constitution, nor shall anything in said sections contained ever be so construed as to exempt any railroad property from taxation.

Map and Profile.

Sec. 2803. Every railroad corporation in this State must, within a reasonable time after its road is finally located, cause to be made a map and profile thereof, and of the land acquired for the use thereof, and the boundaries of the several counties through which the road may run, and file the same in the office of the Secretary of State; and also like maps of the parts thereof located in different counties, and file the same in the office of the recorder of the county in which such parts of the road are, there to remain of record forever. The maps and profiles must be certified by the chief engineer, the acting president and secretary of such company, and copies of the same, so certified and filed, be kept in the office of the secretary of the corporation, subject to examination by all parties interested.

Altering Location.

Sec. 2804. If, at any time after the location of the line of the railroad and the filing of the maps and profiles thereof, as provided in the preceding section, it appears that the location can be improved, the directors may, as provided in subdivision 7, of Section 2796, alter or change the same, and cause new maps and profiles to be filed, showing such changes, in the same offices where the originals are on file, and may proceed, in the same manner as the original location was acquired, to acquire and take possession of such new line, and must sell or relinquish the lands owned by them for the original location within

five years after such change. No new location as herein provided, must be run so as to avoid any points named in their articles of incorporation.

Time for Commencing and Completing Construction.

Sec. 2805. Every railroad corporation must, within two years after filing its original articles of incorporation, begin the construction of its road, and must every year thereafter complete and put in full operation at least five miles of its road, until the same is fully completed; and upon its failure so to do, for the period of one year, its right to extend its road beyond the point then completed is forfeited.

Crossings and Intersections.

Sec. 2806. Whenever the track of one railroad intersects or crosses the track of another railroad, whether the same be a street railroad, wholly within the limits of a city or town, or other railroad, the rails of either or each road must be so cut and adjusted as to permit the passage of the cars on each road with as little obstruction as possible; and in case the persons or corporations owning the railroads cannot agree as to the compensation to be made for cutting and adjusting the rails, the condemnation of the right of way over the one for the use of the other road may be had in proceedings under the Code of Civil Procedure, and the damages assessed and the right of way granted as in other cases.

Sec. 2808. Whenever the track of such railroad crosses a railroad or highway, such railroad or highway may be carried under, over, or on a level with the track as may be most expedient; and in cases where an embankment or cutting necessitates a change in the line of such railroad or highway, the corporation may take such additional

lands and materials as are necessary for the construction of such road or highway on such new line. If such other necessary lands cannot be had otherwise, they may be condemned as provided in the Code of Civil Procedure; and when compensation is made therefor, the same becomes the property of the corporation.

Sec. 2812. Every railroad corporation must furnish on the inside of its passenger cars, sufficient room and accommodations for all passengers to whom tickets are sold for any one trip, and for all persons presenting tickets entitling them to travel thereon; and when fare is taken for transporting passengers on any baggage, wood, gravel or freight car, the same care must be taken and the same responsibility is assumed by the corporation as for passengers on passenger cars.

Historical: Rev. St. 1887, Sec. 2678.

California Legislation: Same: Civ.

Code 1872, Sec. 484; Deering's Code, ib.; Kerr's Code, ib.

Erection and Maintenance of Fences.

Sec. 2814. Railroad corporations must make and maintain a good and sufficient fence on either or both sides of their track or property, whenever the line of their road at any time passes through or along, or abuts upon, or is contiguous to, private property, or enclosed land in the actual possession of another. Railroad corporations paying to the owner of the land through or along which their road is located, an agreed price, for making and maintaining such fence, or paying the cost of such fence with the award of damages allowed for the right of way for such railroad, are relieved and exonerated from all claims for damages arising out of the killing or maiming any animals of persons who thus fail to construct and maintain such fence; and the owners of such animals are responsible for any damages or loss which

may accrue to such corporation from such animals being upon their railroad track, resulting from the non-construction of such fence, unless it is shown that such loss or damage occurred through the negligence or fault of the corporation, its officers, agents, or employees.

Historical: Rev. St. 1887, Sec. 2679. There is some little doubt as to whether or not this section was intended to be repealed by the following section. In view of the peculiar language of the repealing clause of the act from which the following section is taken (See Laws 1907, 324, Sec. 5), and the fact that there does not seem to be any irreconcilable conflict between the sections, it was thought best to preserve this section, and leave to the Legislature the duty of repealing it specifically, if such is its intent.

California Legislation: Similar: Civ. Code 1872, Sec. 486; Deering's Code, ib.; Kerr's Code, ib.

Object of Section: This statute is a general police regulation, designed not merely for the benefit of the adjoining owners, but for the protection of property in domestic animals generally and for the safety of passengers who would be exposed to peril by

collision with cattle coming upon the track. The company is under a general obligation to the public and not a limited obligation to adjoining land owners, and, when in default for not complying with the provisions of this statute, it is liable for injuries to cattle unlawfully upon the adjoining lands and coming therefrom upon its tracks. *Johnson v. Oregon Short Line Ry. Co.* (1900) 7 Ida. 355; 63 Pac. 112.

Duty to Fence: Railroads must make and maintain good and sufficient fences on both sides of their tracks where they pass through private land, whether the owner has fenced his land or not. *Patrie v. O. S. L. Ry.* (1899) 6 Ida. 448; 56 Pac. 82. The words, "private property", include a homestead entry and the road must be fenced when it passes along lands occupied under such an entry. *Johnson v. O. S. L. Ry.* (1900) 7 Ida. 355; 63 Pac. 112.

Same: Liability for Damages.

Sec. 2815. Every railroad company operating any steam or electric railroad in this State, shall erect and maintain lawful fences not less than four feet high on each side of its road, where the same passes through, along or adjoining enclosed or cultivated fields or enclosed lands, with proper and necessary openings and gates therein, and farm crossings; and also construct and maintain cattle guards at all highway crossings where fences are required as aforesaid, suitable and sufficient to prevent horses, cattle, mules or other animals from getting on the railroad.

Until such fences, openings, gates, farm crossings and cattle guards shall be duly made and maintained, such corporation shall be liable to pay all damages which shall be done by its agents, engines or cars, to horses, cattle, mules or other animals on said road, or by reason of any horse, cattle, mule or other animals escaping from or coming upon said lands, fields or enclosures occasioned in either case by the failure to construct or maintain such fences or cattle guards, regardless of whether the persons operating or in charge of such engines or cars were negligent or not. But after such fences, gates, farm crossings and cattle guards shall be duly made and maintained, such corporation shall not be liable for any such damages unless negligently or wilfully done.

If any corporation aforesaid fail, neglect or refuse for and during the period of three months after the completion of its road through or along the fields or enclosures hereinbefore named, to erect and maintain any fence, opening gates, farm crossings or cattle guards as herein required, and after having received not less than thirty days' notice requiring them so to do, then the owner of such fields or enclosures may erect and maintain such fences, opening gates, farm crossings and cattle guards, and shall thereupon have a right

to sue and recover from such corporation in any court of competent jurisdiction, the full value of the same: *Provided*, That no recovery can be had on account of stock injured or killed which came upon said highway by reason of failure to keep such gates closed.

Historical: Laws 1907, 324, Sec. 1. See historical note to preceding section.

Constitutionality: The statute which this section repealed (Rev. St. Sec. 2680) was held unconstitutional because it made the railroad liable for

killing an animal without any proof of negligence or of violation of statutory duty. *Catril v. Union Pac. Ry. Co.* (1889) 2 Ida. 576; 21 Pac. 416; *Jones v. O. S. L. Ry.* (1899) 6 Ida. 441; 56 Pac. 76.

Crossings and Cattle Guards.

Sec. 2816. It shall be the duty of every railroad company whose line runs through or across any desert or other unoccupied territory, to keep and maintain suitable crossings and cattle guards, wherever any public highway or publicly traveled road crosses the same, and to place gates at convenient intervals not exceeding four miles apart, for the crossing of the same wherever there are no roads within such distances.

Historical: Laws 1907, 324, Sec. 2.

Claim for Damages.

Sec. 2817. Any person claiming damages under the two preceding sections must serve notice of their claim in writing and signed by such person, or by his authorized agent, upon the nearest station agent of such railroad company, within thirty days after the alleged damage is done, and all suits for such damages must be commenced, and summons served therein, within six months after service of such notice.

Historical: Laws 1907, 324, Sec. 3.

Recovery of Attorneys' Fees.

Sec. 2818. In all suits under the three preceding sections, if the plaintiff recover any damages, he shall also be entitled to recover reasonable attorneys' fees not exceeding ten per cent upon the amount recovered, together with his costs of suit.

Disposal of Carcass.

Sec. 2820. In case of maiming or killing any cattle, sheep or hog, the body of the animal belongs to the company, unless the owner elects, within twelve hours, to take the same in satisfaction or reduction of damages. The company may proceed to take care of and preserve the body of such animal, and must, unless taken by the owner, take off enough of the hide to show distinctly any brands on such animal, also both ears, including the hide between the ears, and in such way as to keep the ears together and the pieces of hide so taken off, and the ears of each animal, must be attached together and preserved for at least three months for inspection at the station house nearest to the place where such killing or maiming occurred. For every failure so to keep any such pieces of hide and ears for inspection, the company, in addition to the damages to the owner, forfeits one hundred dollars, to be recovered in an action in the name of the State, in any court of competent jurisdiction, one-half to be paid into the school fund of the county, and the residue to the informer.

Application to Individuals: This section and the two following sections apply only to corporations furnishing water to cities, etc., and have no application to contracts between an individual and a city for furnishing such water, and an individual who so contracts, is not obliged to furnish the

city, water free of charge for fire purposes, as is provided in case of corporations by the next session. Jack v. Village of Grangeville (1903) 9 Ida. 291; 74 Pac. 969.

Fixing Water Rates.

Sec. 2839. All persons, companies, or corporations supplying water to towns and cities, must furnish pure, fresh and healthful water to the inhabitants thereof for family use, business houses, lawns and all domestic purposes so long as their supply permits, without distinction of person, upon demand in writing therefor, under such reasonable rules and regulations as the person, company, or corporation supplying water, may, from time to time, establish, and at such rates as established in the manner hereinafter specified; and must also furnish water to the extent of its means in case of fire, or other great necessity, at reasonable rates established in the manner hereinafter specified.

The rates to be charged for water must be determined by commissioners to be selected as follows: Two by the town or city authorities, or when there are no town or city authorities, then by the board of county commissioners of the county, the two said commissioners so selected to be taxpayers of such town or city; said town or city authorities must, within ten days after the appointment of the two commissioners so selected, give notice in writing to said person, company, or corporation supplying water, of the appointment of such commissioners and the names of each, and within thirty days thereafter two other commissioners, taxpayers of said town or city, must be selected by the person, company or corporation supplying water, and in case a majority of the four commissioners so selected cannot agree on the rates to be fixed, they must select a fifth commissioner, who must also be a taxpayer of such town or city, and if they cannot agree upon a fifth commissioner, then the probate judge of the county, must, within ten days after notice to him by said commissioners, that they are unable to agree upon a fifth commissioner, select a fifth commissioner qualified as aforesaid. The decision of a majority of the commissioners thus selected must fix and determine the rates to be charged for water for all the uses and purposes heretofore specified, for the ensuing three years from the date of such decision, and until new rates are established as herein provided. The decision of such commissioners so selected must be made within ninety days from the date such board of water commissioners is complete: *Provided*, That any person, company, or corporation supplying water, and failing or refusing within the time above specified to appoint such commissioners so required of them, shall forfeit the sum of one hundred dollars per day for every day thereafter and until such commissioners are appointed: *Provided, further*, That nothing in this section contained shall relieve said town or city authorities from their duty to appoint the commissioners herein specified within a reasonable time after the granting of a franchise to any person, company, or corporation to supply water as aforesaid: *Provided, further*, That said commissioners shall receive a reasonable compensation for their services in establishing such water rates, one-half of said sum to be paid by the town or city, and one half by such person, company, or corporation supplying water: *Provided, further*, That said commissioners shall be empowered to incur any other expense that may be necessary to aid them in establishing such water rates, and one-half of such expense shall be paid by the city or town, and the other half by such person, company, or corporation supplying water.

Suits at law may be brought against such company by a member or members thereof for loss sustained if payment is withheld after such loss becomes due. The officer or officers of such company who shall wilfully neglect or refuse to perform the duties imposed upon them by the provisions of this chapter, shall be liable in their individual capacity to the persons sustaining such loss.

Admission of Foreign Corporations.

Sec. 2914. It shall be lawful for such companies to insure property only within this State until such time as such company shall have at least five million dollars at risk, and then the board of directors may determine in what State or States, other than the State of Idaho, it shall do business and apply for admittance to such other State or States. Any mutual co-operative insurance company organized under the law of any other State similar in form and in substance to this chapter, may be admitted to do business in this State by the insurance department of the State, upon making a showing that it is legally incorporated under the laws of its own State, and has complied with the conditions of such laws, and has at least five million dollars of insurance in force, and the proper insurance commissioner of such State shall certify that he believes such company solvent, doing a good business, officered by men of integrity and standing, and that it is entitled to the confidence of the public, and upon such company procuring a request and application for membership of one hundred persons, citizens of this State having property that they desire to have insured, and paying a fee of twenty-five dollars to the Insurance Commissioners of this State: *Provided, always,* That the insurance commissioner and the laws of the State where such company applying for admission is domiciled, shall grant to the mutual co-operative companies of this State, organized under this or similar laws, like rights and privileges under in substance the same rules and restrictions.

Policies: Amounts and How Issued.

Sec. 2915. Such companies may issue policies on all kind of in-

surable real and personal property as herein provided against loss or damage by fire, lightning, tornado, cyclone and windstorm, and the fidelity of persons, for any length of time as may be determined upon by such company in its by-laws. It shall not issue policies on any one risk or hazard to exceed one thousand dollars until there is three hundred thousand dollars insurance in force, when policies of two thousand dollars may be issued; or issue policies for more than two thousand dollars on any one risk until there is one million dollars insurance in force, when policies of three thousand dollars may be issued; or issue policies for more than three thousand dollars on any one risk until there is two million dollars insurance in force, when policies may be issued in the discretion of the company: *Provided*, No real property shall be insured for more than three-fourths its value. Should the amount of insurance decrease below any of the figures above enumerated, the amount of the policy must be correspondingly reduced upon its renewal or within three months from the time that the amount of insurance falls below the foregoing figures. All policies shall be signed by the president and secretary, and each policy holder shall be furnished with the by-laws of the company. Should the amount of insurance of any company created under this chapter decrease below one hundred thousand dollars, the president of such company shall at once call a meeting of the members to consider the matter of disorganizing.

Historical: Laws 1903, 74, Sec. 11.

Assessments: How Made.

Sec. 2916. All assessments shall be determined by proper classification and rating of the property insured, so that each member will be assessed according to the greater or less risk of the property insured to the hazard insured against. An assessment may be made on the members, due and payable within thirty days thereafter, to enable the company to provide for losses and expenses necessary in the conducting of its business, whenever the board of directors so determine. No assessment shall be made on a member for liabilities incurred prior to his or her membership. Any member may be excluded from the benefits of insurance during all the time in which he or she may be in default of payment of an assessment, and the acceptance of such assessment after the same has become delinquent, shall not in any manner make the company liable for any loss or damage that may have occurred during the period that such policy was suspended. Any member shall not be liable directly to any other member for such other member's loss or damage, but the liability of a member shall be solely and exclusively through the channel and process of an assessment, and the amount of such assessment shall be only his pro rata share in proportion to the amount of insurance carried and rate on the same of all losses and expenses, making reasonable allowances and deductions for uncollectible and unpaid assessments.

Historical: Laws 1903, 74, Sec. 12.

Payment of Losses.

Sec. 2917. Losses shall become due and payable in sixty days after

their adjustment. Said adjustment shall be made within sixty days after losses occur.

Historical: Laws 1903, 74, Sec. 13.

Arbitration of Losses.

Sec. 2918. In the event of a dispute between the company and a member respecting whether there has been a loss, and the adjustment of the same, the matter shall, at the request of the company, or such member, be submitted to arbitrators, one of whom shall be selected by the company and one by the member, and such two so chosen shall select a third, all of whom shall be disinterested, and shall take and subscribe an oath to that effect. A decision of a majority shall be final and binding on all parties.

Withdrawal of Member.

Sec. 2919. Any member of such company may withdraw therefrom at any time by giving the company notice thereof in writing, and paying his or her share of all claims or liabilities for losses or expenses then existing against the company, surrendering his or her policy, and paying such cancellation fee as may be provided, not exceeding one dollar as the board of directors may provide, in case the sum collected at the time the member takes out insurance is such as to justify for a reasonable short rate return premium, and the action of the board of directors in that respect shall be final; but no member, his or her heirs, executors, administrators or assigns can avoid liability to such company for their pro rata share of the unpaid claims against the company accruing while a member. Such company may, for good and sufficient reasons apparent to it, cancel any policy by giving the member notice to that effect and releasing him or her from further assessments, and thereupon such member shall send in his or her policy to the company.

Certificate of Authority.

Sec. 2922. Such department, if it thinks necessary, or one deputized by it, having no interest in an insurance company and unprejudiced, may make an examination into the affairs of such company, and for such purposes shall have access to all the books and files of the company, and may examine the officers and other witnesses under oath. If such company is doing business in accordance with and under the provisions of this chapter, and is solvent and properly managed, the insurance department shall furnish such company and its authorized agents a certificate stating that such company has complied with the provisions of this chapter, and is authorized to do business for the ensuing year unless such certificate is sooner revoked. If, upon such examination, it shall appear to the department that the condition of such company does not justify it continuing in business, it must apply to the District Court of the county where the principal office of such company is located, for an order requiring such company to show cause why it should not be closed. For examining the company's annual report and issuing certificate it shall be paid \$..... and for each agent's certificate \$.....

Sec. 2923. It shall not be lawful for such company or agent to do business without authority given them by the insurance department. Any person who shall act or attempt to act for or on behalf of any such company in any capacity as agent, officer or otherwise, in the procuring or attempting to procure or solicit business without said company having first complied with the provisions of this chapter (except soliciting the original signatures to the articles of incorporation and applications for membership necessary to organize a company), shall, on conviction thereof, be found guilty of a misdemeanor, and be fined in any sum not exceeding five hundred dollars or committed to the county jail not exceeding six months, or punished by both such fine and imprisonment.

2938. Application of article.	2942. Filing and license fees.
2939. Conditions precedent to doing business.	2943. Notice to county recorders.
2940. Certificate of authority.	2944. Failure to pay judgment for- feits authority.
2941. Reimbursement for premium paid by officers.	

Application of Article.

Sec. 2938. This article shall apply to all surety companies doing business in this State, whether organized for the purpose of issuing surety, guaranty or indemnity bonds, guaranteeing the fidelity of persons in private offices, employment or positions of trust, and contracts, or for acting as surety on any such bonds, or whether acting as surety on bonds as provided in Section 2947.

Historical: Laws 1905, 394, Sec. 3. This article embraces the whole of the 1905 law, which specifically amended laws 1899, 337, but, as in- dicated by the foregoing section, ap- plied equally to Laws 1899, 187. The object of the 1905 law was to bring both forms of surety companies under	the same rules as to qualifications, and to subject both to the jurisdiction of the Insurance Commissioner. Article 2 of this chapter includes the remain- ing sections of the general surety com- pany law (1899, 337) while Article 3 includes the sections which are left of the fidelity insurance law (1899,
---	--

187). The sections of the latter law omitted from Article 3 are inconsistent with, or covered by, the provi-

sions of this article, and are therefore, by the terms of this section, superseded.

Conditions Precedent to Doing Business.

Sec. 2939. Every such company must be authorized under the laws of the State where incorporated, and under its charter or articles of incorporation, to become surety upon such bond, undertaking, obligation, recognizance or guaranty; must have a fully paid-up and safely invested and unimpaired capital of at least two hundred and fifty thousand dollars; must have good available assets exceeding its liabilities, which liabilities for the purpose of this chapter shall be taken to be its capital stock, its outstanding debts, and a premium reserve at the rate of fifty per centum of the current annual premiums on such outstanding bonds, undertakings, recognizances and obligations of like character in force.

Such company must, before beginning to do business in this State, file with the Secretary of State a certified copy of its charter or articles of incorporation, and must also designate an agent resident within this State upon whom process may be served, in compliance with the statutes of this State relating to foreign corporations doing business within this State. Such company shall, at the time of filing its charter or articles or incorporation with the Secretary of State, make application, in writing to the State Insurance Commissioner, to be authorized to do business in this State under this chapter, and shall pay the fee hereinafter provided and shall, at the time of such application, and also, on or before the 30th day of April of each year, file with the State Insurance Commissioner a statement, verified under oath, made up to December 31st preceding, stating the amount of its paid-up cash capital, particularizing each item of investment, the amount of premiums upon existing bonds, undertakings, recognizances and obligations of like character in force upon which it is surety, the amount of liability for unearned portions thereof estimated at the rate of fifty per centum of the current annual premiums on each such bond, undertaking, recognizance and obligation in force and stating the amount of its outstanding obligations of all kinds.

Such company, if it be organized under the laws of any other State shall, before any certificate of authority to do business in this State shall issue, deposit with the Treasurer of this State, money, bonds or other securities to be approved by the Insurance Commissioner, to the actual value of not less than twenty-five thousand dollars. Said money, bonds or other securities so deposited, shall be for the benefit of the holders of the obligations of such company, to remain with said Treasurer in trust to answer any default of said company as surety upon any such obligation, established by final judgment, upon which execution may lawfully be issued against said company, such company, however, at all times to have the right to collect the interest, dividends and profits upon such securities, and from time to time to withdraw such securities or portions thereof, substituting therefor others of equally good character and value, to the satisfaction of said Commissioner, and such securities shall not be sold under any process against such company until after forty days notice to said company specifying the date, place and manner of such sale,

and the process under which and the purposes for which it is to be made, accompanied by a copy of such process. The State of Idaho shall be held responsible for the safety of all deposits made under the provisions of this section. Such company shall not be permitted to withdraw from the State Treasurer such deposit of moneys, bonds or other securities, for a period of one year after discontinuing business within this State, or while any suit is pending or any judgment against said company in this State shall remain unpaid. Said deposit shall at all times be maintained at said sum of twenty-five thousand dollars or more, and for a failure, for a period of forty days after notice by the Insurance Commissioner, given by registered letter addressed to the president of said company at its home office, to replenish and so maintain the same, the authority of said company to do business in this State shall be revoked by the Insurance Commissioner.

Historical: Laws 1899, 337, Sec. 2; amended Laws 1905, 394, Sec. 1. Omitting the provision requiring surety companies doing business in the State

at the time of the passage of the act to deposit securities on or before April 30, 1905, such provision being now obsolete.

Certificate of Authority.

Sec. 2940. The State Insurance Commissioner, upon due proof that such company possesses the qualifications specified in this article, and that it has in all things complied with the laws of this State relating to surety companies or applicable thereto, shall issue to such company a certificate authorizing said company to do business until and including April 30th, thence next ensuing, and thereafter such certificate shall issue on April 30th as hereinbefore provided, for a period of one year. Said certificate shall be evidence of the authority of such company to do business in this State, and to become and to be accepted as sole surety on all private bonds and contracts, and on all bonds, undertakings, recognizances and obligations required or permitted by law, of the charter, ordinances, rules or regulations of any municipality, board, body, organization or public officer and of the solvency and credit of such company for all authorized purposes and its sufficiency as such surety.

Historical: Laws 1899, 337, Sec. 3; amended Laws 1905, 394, Sec. 1, first

part of section. The last part comprises the following section.

Reimbursement for Premiums Paid by Officers.

Sec. 2941. Any judge, court or officer, whose duty it is to pass upon the account of any assignee, trustee, receiver, guardian, executor, administrator or other fiduciary required by law to give bond or undertaking as such, and whenever such assignee, receiver, trustee, guardian, executor, administrator or other fiduciary, has given bond or undertaking with a surety company or companies as surety or sureties thereon, as herein provided, shall allow, in the settlement of the account of such assignee, receiver, trustee, guardian, executor, administrator or other fiduciary a reasonable premium subject to the limitations hereinafter provided, paid to any such company or companies for becoming his surety on such bond or undertaking. In all other cases, where, by the provisions of this chapter a corporate surety or guarantor is given or required, except notaries public, the premium to be paid to any such company or companies for becoming

such surety or guarantor shall be paid out of the general funds of the divisions of government by or for which the person giving such bond or undertaking was appointed or elected: *Provided, however,* that the premium shall in no case exceed in the aggregate one-half of one per cent per annum on the amount of such bond or undertaking: *Provided, also,* That such company or companies have complied, and shall continue to comply, with the laws of this State relative to such companies.

Historical: Laws 1899, 337, Sec. 3; | part of section; the first part comprises the preceding section.
amended Laws 394, 1905, Sec. 1. Last

Filing and License Fees.

Sec. 2942. All surety companies doing business in this State shall pay fifty dollars to the State Insurance Commissioner at the time of filing their articles of incorporation with the Secretary of State, and shall take a receipt therefor, in duplicate, and file such duplicate with the Secretary of State. Such companies shall likewise pay to the Insurance Commissioner, annually in advance, a license fee of fifty dollars, on or before April 30th of each year, and no certificate of authority to do business for such year shall be issued unless such annual fee be paid. License money so collected shall be paid by the Insurance Commissioner to the State Treasurer, and a receipt therefor taken, in duplicate, one to be filed with the State Auditor, and the other preserved in the office of such Insurance Commissioner. All moneys so paid shall be placed to the credit of the general fund.

amended Laws 1905, 394, Sec. 1.

Notice to County Recorders.

Sec. 2943. Whenever any surety company, not organized under the laws of the State of Idaho, shall have complied with the laws of this State as in this chapter and as otherwise by law provided, it shall be the duty of the Insurance Commissioner of this State, on the first day of the next succeeding month, to send to the county recorder of each county in this State, a notice, stating that such surety company has complied with the laws of this State, and is authorized to write risks of the kind and character authorized in its certificate of authority, to do business, stating therein in general terms, the risks authorized to be written by such company. Such notice shall be issued by said Insurance Commissioner over his signature and seal of office, and shall be received in evidence as a sufficient justification of such surety, and of its authority to do business in this State until the end of the insurance year in which the same may have been issued, or until notice be given of withdrawal from, or of cancellation of its license to do business in, this State. Duty of Officer: An officer taking an acknowledgment is not required to

see the person sign the instrument nor to witness the instrument, but is required to ascertain whether or not the party acknowledges the instrument as his or her obligation or contract, and as having been executed by him or her. First Natl. Bk. of Hailey v. Glenn (1904) 10 Ida. 224; 77 Pac. 623.

Acknowledgment by Married Woman.

Sec. 3129. The acknowledgment of a married woman to any instrument in writing shall be taken and certified to in the same manner and form as that of a single person, and must be substantially in the form prescribed by Section 3131.

Historical: Laws 1907, 5, Sec. 1.

Repeal: This section repeals Rev. St. Secs. 2956 and 2960. The repealed sections provide that "the acknowledgment of a married woman to an instrument purporting to be executed by her, must not be taken, un-

less she is made acquainted by the officer with the contents of the instrument on an examination without the hearing of her husband; nor certified, unless she thereupon acknowledges to the officer that she executed the instrument, and that she does not wish

to retract such execution", and prescribe a corresponding form of certificate:

Decisions construing the repealed sections are as follows:

2956—Cited: Christenson v. Hollingsworth (1898) 6 Ida. 87; 53 Pac. 211.

Conveyance of Husband: A conveyance of common property occupied by husband and wife is invalid, where none of the requirements of this section are complied with by the officer taking the acknowledgment. Wilson v. Wilson (1899) 6 Ida. 597; 57 Pac. 708.

Sufficiency of Acknowledgment: A certificate of acknowledgment which shows that the acknowledgment of the husband was taken separate and apart from the wife, and that the wife's acknowledgment was not taken separate and apart from the husband, is void. Where the contents of an instrument are explained to a married woman and she states that it is all right with her if it is with her husband, and that whatever he does or says is all right, the notary is justified in attaching his certificate of acknowledgment thereto. First Natl. Bk. of Hailey v. Glenn (1904) 10 Ida. 224; 77 Pac. 623.

Validity of Certificate: Where a certificate of acknowledgment is regular in form, its validity will be sustained in the absence of clear and convincing proof that the provisions of this section were not complied with. Gray v. Law (1899) 6 Ida. 559; 57 Pac. 435.

2960—Cited: Co-op. etc. Assoc. v. Green (1897) 5 Ida. 660; 51 Pac. 770; Gray v. Law (1899) 6 Ida. 559; 57 Pac. 435; First Natl. Bk. of Hailey v. Glenn (1904) 10 Ida. 224; 77 Pac. 623.

Substantial Compliance Sufficient: The certificate of acknowledgment need not follow the exact words of the statute, but it is sufficient if it substantially complies therewith. Christensen v. Hollingsworth (1898) 6 Ida. 87; 53 Pac. 211; N. W. & Pac. Hypotheek Bk. v. Rauch (1898) 5 Ida. 752; 51 Pac. 764; Curtis v. Bunnell etc. Co. (1898) 6 Ida. 298; 55 Pac. 659.

A certificate stating that the notary apprised the wife of the contents of the instrument, of her rights, and of the effect of signing the same, and that she did then freely and voluntarily, separate and apart from her husband, sign and acknowledge said instrument, is sufficient. N. W. & Pac. Hypotheek Bk. v. Rauch (1898) 5 Ida. 752; 51 Pac. 754.

Prior Instruments Not Affected.

Sec. 3146. The legality of the execution, acknowledgment, proof, form, or record of any conveyance or other instrument made before this Code goes into effect, executed, acknowledged, proved, or recorded, is not affected by anything contained in this chapter, but depends for its validity and legality upon the laws in force when the act was performed.

Sec. 3148. Any instrument affecting the title to real property which heretofore or on or before sixty days after the adjournment of the Legislature of the State of Idaho for 1909, is copied into the proper book of record, kept in the office of any county recorder, imparts notice of its contents to subsequent purchasers and incumbrancers, notwithstanding any defect, omission, or informality in the execution of the instrument, or in the certificate of acknowledgment thereof; but nothing herein affects the rights of previous purchasers or incumbrancers. Duly certified copies of the record of any such instrument may be read in evidence with like effect as copies of an instrument duly acknowledged and recorded, provided it be first shown that the original instrument was genuine.

Historical: Rev. St. 1887, Sec. 2976; amended Laws 1907, 28, Sec. 1. "1909" inserted for "1907". This is a general curative provision, common to many codes, and should be made to refer to the present Code, rather than to the laws of 1907. Hence the change.

a purchaser in good faith within the meaning of this section: but one who purchases vacant property and procures an abstract of title which fails to show a previous conveyance, because the same was not recorded, and pays the purchase price without any knowledge of such previous conveyance, is a purchaser in good faith, and is entitled to the property as against the holder of the prior unrecorded deed. *Froman v. Sec. 3164. Every instrument, other than a will, affecting an estate in real property, including every charge upon real property, or upon its rents or profits, made with intent to defraud prior or subsequent purchasers thereof, or incumbrancers thereon, is void as against every purchaser or incumbrancer, for value, of the same property, or the rents or profits thereof.

California Legislation: Same Civ.

Grantee Must Be Privy to Fraud.

Sec. 3165. No instrument is to be avoided under the last section, in favor of a subsequent purchaser or incumbrancer having notice thereof at the time his purchase was made, or his lien acquired, unless the person in whose favor the instrument was made was privy to the fraud intended.

Power of Revocation: When Deemed Executed.

Sec. 3166. Where a power to revoke or modify an instrument affecting the title to, or the enjoyment of, an estate in real property, is reserved to the grantor, or given to any other person, a subsequent grant of, or charge upon, the estate, by the person having the power of revocation, in favor of a purchaser or incumbrancer for value, operates as a revocation of the original instrument, to the extent of the power, in favor of such purchaser or incumbrancer.

Same.

Sec. 3167. Fraudulent Transfers of Personality.

Sec. 3168. All deeds of gift, all conveyances and all transfers or assignments, verbal or written, of goods, chattels or things in action, made in trust for the use of the person making the same, are void as against the creditors, existing or subsequent, of such person.

Historical: Rev. St. 1887, Sec. 3019. 1 Ter. Ses. (1864) 540, Sec. 11.

California Legislation: See Civ. Code 1872, Sec. 1231; Deering's Code, ib.; Kerr's Code, ib.

Void Transfers: An assignment in trust to secure a certain creditor by permitting him to keep sufficient proceeds to pay his debts, accompanied by a contemporaneous parol agreement, that any excess of such pro-

ceeds above the amount sufficient to pay the creditor shall belong to the grantor, is void as against creditors of the grantor. *Johnson v. Sage* (1896) 4 Ida. 758; 44 Pac. 641.

Valid Transfers: A conveyance made by a decedent to his daughter, without intent to defraud and not in trust, does not come under the provisions of this section. *Brown v. Perrault* (1898) 5 Ida. 728; 51 Pac. 752.

Transfers in Fraud of Creditors.

Sec. 3169. Every transfer of property, or charge thereon made, every obligation incurred, and every judicial proceeding taken, with intent to delay or defraud any creditor or other person of his demands, is void against all creditors of the debtor and their successors in interest, and against any person upon whom the estate of the debtor devolves in trust for the benefit of others than the debtor.

Historical: Rev. St. 1887, Sec. 3020. See 1 Ter. Ses. (1864) 540, Sec. 18.

California Legislation: Same: Civ. Code 1872, Sec. 3439; Deering's Code, ib.; Kerr's Code, ib.

Void Transfers: An assignment of property made partly for the reason that the assignor feels that his creditors may levy on the proceeds of the property, is void as against creditors of the assignor. *Johnson v. Sage* (1896) 4 Ida. 758; 44 Pac. 641. If a

transfer is made with intent to evade payment of debts and such intent is known to the transferee, such transfer is void. *Sears v. Lydon* (1897) 5 Ida. 358; 49 Pac. 122.

Same—Evidence: Under this section a great latitude of inquiry on the issue of fraud is permissible, and any facts which tend to prove an intent to delay or defraud a creditor, are pertinent and proper. *Harkness v. Smith* (1891) 3 Ida. 221; 28 Pac. 423.

Same: Delivery and Change of Possession.

Sec. 3170. Every transfer of personal property other than a thing in action, and every lien thereon, other than a mortgage when allowed by law, is conclusively presumed, if made by a person having at the time the possession or control of the property, and not accompanied by an immediate delivery and followed by an actual and continued change of possession of the things transferred, to be fraudulent, and therefore void, against those who are his creditors while he remains in possession, and the successors in interest of such creditors, and against any persons on whom his estate devolves in trust for the benefit of others than himself, and against purchasers or incumbrancers in good faith subsequent to the transfer.

Historical: Rev. St. 1887, Sec. 3021. See 1 Ter. Ses. (1864) 540, Sec. 15.

California Legislation: Similar: Civ. Code 1872, Sec. 3440; Deering's Code, ib.; additional provisions as amended: Kerr's Code, ib.

Cited: *Brown v. Perrault* (1898) 5 Ida. 728; 51 Pac. 752.

Application: Where the property is not at the time of the sale in the possession or under the control of the vendor, this section has no applica-

tion. *Cornwell v. Mix* (1893) 3 Ida. 687; 34 Pac. 893.

Scope of Inquiry: The sole inquiry in this case is whether there has been an immediate delivery followed by actual and continued change of possession. No question of intent, bona fides or notice is relevant. *Harkness v. Smith* (1891) 3 Ida. 221; 28 Pac. 423.

Sufficiency of Delivery: No fixed rule can be established as a test for determining what the "immediate delivery" or "actual possession" required by the statute mean, but the questions are matters of fact to be determined by the jury from the evidence in each particular case. *Simons v. Daly* (1903) 9 Ida. 87; 72 Pac. 507. The statute does not refer to the place where the goods are situated, but to actual and continual change of possession, and does not require the goods sold to be removed in all cases from the place where situated when sold. *Hazard v. Cole* (1869) 1 Ida. 276.

Where the property is at the time of sale in the custody of a third person, and the sale is made in good faith, notice to the third person is sufficient to constitute a delivery. *Lufkins v. Collins* (1886) 2 Ida. 150; 7 Pac. 95.

Where horses pledged to secure a debt are at the time of the pledge in the possession of a third person who was to range the same for the winter, and the pledger tells such third person in the presence of all the parties, to hold them for the pledgee, and such person takes the horses to the range and delivers them to the pledgee in the spring, the latter paying for their care during the winter, there is a sufficient delivery and change of possession to satisfy the statute. *Murphy v. Braase* (1893) 3 Ida. 544; 32 Pac. 208.

A worked on the ranch for B and had a room in B's house in town. B gave A a cream separator in settlement of a debt. A removed the separator from the ranch to his room in B's house. Held, that there was a sufficient delivery and change of possession. *Rapple v. Hughes* (1904) 10 Ida. 338; 77 Pac. 722.

Effect of Retaking: Where there is an actual sale and delivery with change of possession, the subsequent act of the prior owner in wrongfully taking possession of the property does not defeat the purchaser's title as against a subsequent purchaser. *Couch v. Montgomery* (1899) 6 Ida. 669; 59 Pac. 16. But where property, without legal excuse, is replaced in the same apparent relation to the vendor after delivery, and there is no manifest and continued change of possession, the transfer is void. *Harkness v. Smith* (1891) 3 Ida. 221; 28 Pac. 423.

Insufficient Delivery: Where the assignor retains the property under the same control and management, the assignment is void as against creditors. *Johnson v. Sage* (1896) 4 Ida. 758; 44 Pac. 641.

L sold a quantity of wheat to H and M; before delivery or change of possession thereof, and twenty days after the sale, the wheat was levied upon under an execution issued in an action against L. Held, that the sale to H and M was void as to creditors. *Hallett v. Parrish* (1897) 5 Ida. 496; 51 Pac. 109.

Where a tenant holds personal property on the demised premises for his landlord and the latter assigns the same to a third person, who leaves it on the demised premises for the tenant to hold until a certain day, and the property is seized upon an execution before that day, there is, at the time of the execution, no such delivery and change of possession as to vest title in the third person. *Coombs v. Collins* (1899) 6 Ida. 536; 57 Pac. 310.

Seizure Under Attachment: An officer sued for wrongfully seizing property under an invalid writ of attachment, may protect himself from being mulcted in exemplary damages, by showing that the goods seized under the writ were recently in the possession of the defendant, and that there was no such change of possession as is required by this section. *Sears v. Lydon* (1897) 5 Ida. 358; 49 Pac. 122.

Fraud is a Question of Fact.

Sec. 3171. In all cases arising under the provisions of this title, except as otherwise provided in the last section, the question of fraudulent intent is one of fact, and not of law; nor can any transfer or charge be adjudged fraudulent solely on the ground that it was not made for a valuable consideration.

Historical: Rev. St. 1887, Sec. 3022. 1 Ter. Ses. (1864) 540, Sec. 20.

California Legislation: Similar: Civ. Code 1872; Sec. 3443; Deering's Code, ib.; additional provisions as amended: Kerr's Code, ib.

Cited: *Brown v. Perrault* (1898) 5 Ida. 728; 51 Pac. 752.

Question of Fact: The determination of what constitutes immediate change of possession and delivery is purely a question of fact to be de-

terminated by the jury, or the court in case a jury is waived, from all the evidence in the particular case. *Rap-ple v. Hughes* (1904) 10 Ida. 338; 77 Pac. 722.

The intent with which a transfer in fraud of creditors is made, is not established so much by attempting to ascertain the actual intent in the mind of the debtor, but rather by the facts

and circumstances under which the transfer was made, and from which the law imputes a fraudulent motive. *California etc. Min. Co. v. Manley* (1905) 10 Ida. 786; 81 Pac. 50.

Voluntary Transfers: A conveyance made for a mere nominal consideration, when attacked as fraudulent, will be subjected to the rules applicable to voluntary transfers. *Ib.*

Title of Purchaser Not Impaired.

Sec. 3172. The provisions of this chapter do not in any manner affect or impair the title of a purchaser for a valuable consideration unless it appears that such purchaser had previous notice of the fraudulent intent of his immediate grantor, or of the fraud rendering void the title of such grantor.

Historical: Rev. St. 1887, Sec. 3023. 1 Ter. Ses. (1864) 540, Sec. 21.

Bona Fide Transfers: The transfer of stock by a married woman, as authorized by Rev. St. Sec. 2612, although procured by duress and coer-

cion on the part of her husband, is good where the transferee is a bona fide holder for value, without notice or knowledge of such duress or coercion. *Bryan v. Montandon* (1898) 6 Ida. 352; 55 Pac. 650.

Definition of Homestead.

Sec. 3173. The word homestead as used in this title includes within its meaning: The dwelling house in which the claimant resides, and the land on which the same is situated and located as in this title provided; also the proceeds thereof in the event of a voluntary sale, and also the insurance thereon, if any, in the event of a loss.

Historical: Laws 1897, 10, Sec. 1; re-enacted Laws 1899, 293, Sec. 1, inserting Sec. 3060 in Rev. St. 1887. The insertion was unnecessary as the section supersedes Rev. St. Sec. 3035, which defined a homestead as "the dwelling house in which the claimant resides, and the land on which the same is situated, selected as in this title provided."

California Legislation: See Civ. Code 1872, Sec. 1237; similar

'through "provided" as amended: Deering's Code, ib.; Kerr's Code, ib.

Exemption in Hotel: The fact that the homestead is occupied in whole or in part as a hotel, does not deprive it of any of the immunities prescribed by the statute, so long as it is used and occupied by the owner as a home and residence of himself and family, and it is within the limitations of the statute as to value. *Kissel v. Clemens* (1899) 6 Ida. 444; 56 Pac. 84.

From What Property Selected.

Sec. 3174. If the claimant be married, the homestead may be selected from the community property, or the separate property of the husband, or with the consent of the wife from her separate property. When the claimant is not married, but is the head of a family, the homestead may be selected from any of his or her property.

Historical: Rev. St. 1887, Sec. 3036.

California Legislation: Different: Civ. Code 1872, Sec. 1238; same as amended except "within the meaning

of section twelve hundred and sixty-one" inserted after "family": Deering's Code, ib.; Kerr's Code, ib.

Same: From Separate Property of Wife.

Sec. 3175. The homestead cannot be selected from the separate

property of the wife without her consent, shown by her making the declaration of homestead.

Historical: Rev. St. 1887, Sec. 3037.

California Legislation: Similar: Civ. Code 1872, Sec. 1239; same as amend-

ed except "or joining in making" inserted after "making," line 2; Deering's Code, ib.; Kerr's Code, ib.

Exemption From Execution.

Sec. 3176. The homestead is exempt from execution or forced sale, except as in this title provided.

Historical: Rev. St. 1887, Sec. 3038. See 1 Ter. Ses. (1864) 575, Sec. 1.

California Legislation: Same: Civ. Code 1872, Sec. 1240; Deering's Code, ib.; Kerr's Code, ib.

Cited: Wright v. Westheimer (1891) 3 Ida. 232; 28 Pac. 430.

Same: To What Judgments Subject.

Sec. 3177. The homestead is subject to execution or forced sale in satisfaction of judgments obtained:

1. Before the declaration of homestead was filed for record, and which constitute liens upon the premises; or in an action in which an attachment was levied upon the premises before the filing of such declaration;

2. On debts secured by mechanic's, laborer's or vendor's liens upon the premises;

3. On debts secured by mortgages upon the premises, executed and acknowledged by the husband and wife or by an unmarried claimant;

4. On debts secured by mortgages upon the premises, executed and recorded before the declaration of homestead was filed for record.

Historical: Rev. St. 1887, Sec. 3039. See 1 Ter. Ses. (1864) 575, Sec. 2.

Cited: Wright v. Westheimer (1891) 3 Ida. 232; 28 Pac. 430.

Lien Against Homestead: A judgment lien is not divested by the act of the defendant or his wife in subsequently filing a declaration of homestead on the premises subject to the

lien. Smith v. Richards (1889) 2 Ida. 498; 21 Pac. 419.

Where a homestead is sold and the proceeds invested in another home, an attachment levied on the new home prior to filing declaration of homestead covering the new home, is effectual to create a lien thereon. Wright v. Westheimer (1891) 3 Ida. 232; 28 Pac. 430.

A mortgage lien cannot be defeated by a declaration of homestead made after the lien attaches. Law v. Spence (1897) 5 Ida. 244; 48 Pac. 282.

Conveyance of Homestead.

Sec. 3178. The homestead of a married person cannot be conveyed or incumbered unless the instrument by which it is conveyed or incumbered is executed and acknowledged by both husband and wife.

Historical: Rev. St. 1887, Sec. 3040. See 1 Ter. Ses. (1864) 575, Sec. 2.

California Legislation: Same: Civ. Code 1872, Sec. 1242; Deering's Code, ib.; Kerr's Code, ib.

Rule of Evidence: This and the following sections are in the nature of

rules of evidence and are subject to the same principles as the statute of frauds, and the rules of equitable estoppel and waiver apply to oral sales of the homestead. Grice v. Woodworth (1904) 10 Ida. 459; 80 Pac. 912.

Abandonment of Homestead.

Sec. 3179. A homestead can be abandoned only by a declaration

of abandonment, or a grant or conveyance thereof, executed and acknowledged:

1. By the husband and wife, if the claimant is married;
2. By the claimant, if unmarried.

Historical: Rev. St. 1887, Sec. 3041. See 1 Ter. Ses. (1864) 575, Sec. 2.

v. Woodworth (1904) 10 Ida. 459; 80 Pac. 912.

Ineffectual Conveyance: An attempted conveyance of a homestead made by one spouse without the other joining therein, is ineffectual to constitute abandonment. Mellen v. McManis (1904) 9 Ida. 418; 75 Pac. 98.

Same: When Effectual.

Sec. 3180. A declaration of abandonment is effectual only from the time it is filed in the office in which the homestead was recorded.

Historical: Rev. St. 1887, Sec. 3042. **California Legislation:** Same: Civ.

Code 1872, Sec. 1244; Deering's Code, ib.; Kerr's Code, ib.

First. The husband or wife when the claimant is a married person;

Second. Every person who has resided on the premises with him or her and under his or her care and maintenance either:

1. His or her minor child, or the minor child of his or her deceased wife or husband;
2. A minor brother or sister, or the minor child of a deceased brother or sister;
3. A father, mother, grandfather or grandmother;
4. The father, mother, grandfather or grandmother of a deceased husband or wife;

Mode of Selection.

Sec. 3198. In order to select a homestead, the husband or other head of a family, or in case the husband has not made such selection, the wife, must execute and acknowledge, in the same manner as a conveyance of real property is acknowledged, a declaration of homestead, and file the same for record.

Selection by Widow: A widow hav-

ing children dependent on her for support, may exercise her homestead right after the death of her husband, during the course of administration of his estate. Coughanour v. Hoffman's estate (1887) 2 Ida. 290; 13 Pac. 231.

Insufficient Declaration: A declaration of homestead which is not acknowledged and certified as required

by statute, does not create a homestead right in the property. *Burbank*

v. Kirby (1898) 6 Ida. 210; 55 Pac. 295.

Contents of Declaration.

Sec. 3199. The declaration of homestead must contain:

1. A statement showing that the person making it is the head of a family; or, when the declaration is made by the wife, showing that her husband has not made such declaration, and that she therefore makes the declaration for their joint benefit;
2. A statement that the person making it is residing on the premises, and claims them as a homestead;
3. A description of the premises;
4. An estimate of their actual cash value.

Cited: *Wright v. Westheimer* (1891) 3 Ida. 232; 28 Pac. 430.

Sufficiency of Declaration: It is requisite that a declaration of homestead should contain substantially the statements set forth in Section 3071 of the Revised Statutes, and where the declaration is made by the wife, the husband living, it should state that the husband "has not made such declaration, and that she therefore makes the declaration for their joint benefit".

Wilcox v. Deere (1897) 5 Ida. 545; 51 Pac. 98.

A declaration of homestead which describes certain town lots, and also one hundred sixty acres of farm land, alleging that "on a portion of which the claimant with family is residing", is void for indefiniteness. *Wilcox v. Deere* (1897) 5 Ida. 545; 51 Pac. 98.

A declaration of homestead which states that the declarant is married and that he actually resides on the premises therein described with his family, which consists of a wife and two children, is sufficient, although it does not expressly state that the declarant is the head of a family. *Mellen v. McMannis* (1904) 9 Ida. 418; 75 Pac. 98.

Declaration Must Be Recorded.

Sec. 3200. The declaration must be recorded in the office of the recorder of the county in which the land is situated.

Declaration of Homestead.

Sec. 3201. From and after the time the declaration is filed for record, the premises therein described constitute a homestead. If the selection was made by a married person from the community property; the land, on the death of either of the spouses, vests in the survivor, subject to no other liability than such as exists or has been created under the provisions of this title; in other cases, upon the death of the person whose property was selected as a homestead, it shall go to his heirs or devisees, subject to the power of the probate court to assign the same for a limited period to the family of the decedent; but in no case shall it be held liable for the debts of the owner, except as provided in this title.

Mining claims hereafter located upon veins or lodes of quartz, or other rock in place bearing any of the metals or other valuable deposits mentioned in Section 2320 of the Revised Statutes of the United States, may extend to three hundred feet on each side of the middle of the vein or lode: *Provided*, That when the locators have set stakes, posts or monuments described in the following section, to indicate the line of the vein, ledge or lode, such stakes, posts or monuments must be taken, for the purpose of such location, to mark correctly the line thereof, and such line must not afterwards be changed so as to affect rights acquired, or interfere with any locations made, subsequent thereto.

Historical: Rev. St. 1887, Sec. 3100. (11 Ter. Ses. (1881) 262, Sec. 1); amended Laws 1895, 25, Sec. 1; re-

Location Monument and Notice.

Sec. 3207. The locator, at the time of making the discovery of such

vein or lode, must erect a monument at such place of discovery, upon which he must place his name, the name of the claim, the date of discovery and distance claimed along the vein each way from such monument. Within ten days from the date of discovery, he must mark the boundaries of his claim by establishing at each corner thereof and at any angle in the side lines, a monument, marked with the name of the claim and the corner or angle it represents; also at the time of so marking his boundaries, he must post at his discovery monument his notice of location in which must be stated: First, the name of the locator; second, the name of the claim; third, the date of discovery; fourth, the direction and distance claimed along the ledge from the discovery; fifth, the distance claimed on each side of the middle of the ledge; sixth, the distance and direction from the discovery monument to such natural object or permanent monument, if any such there be, as will fix and describe in the notice itself the location of the claim, and seventh, the name of the mining district, county and State. When from any cause, a monument cannot be safely planted at the true corner or angle, it may be placed as near thereto as practicable, and so marked as to indicate the place of such corner or angle. Monuments may be made of any such material or form as will readily give notice, and when of posts or trees, they must be hewn and marked upon the side facing towards the discovery, and must be at least four inches square or in diameter. Monuments must be at least four feet high above the ground, and trees must be so hewn as to readily attract attention. At the time the locator so marks the boundaries of his claim, he may do so in any direction that will not interfere with rights or claims which existed prior to his discovery.

Historical: Rev. St. 1887, Sec. 3101. (See 11 Ter. Ses. (1881) 262, Secs. 2 and 3); amended Laws 1895, 25, Sec. 2; re-enacted Laws 1899, 237; Sec. 2; amended Laws 1899, 440, Sec. 1.

Necessity of Discovery: A vein or lode must be discovered before a valid location can be made thereon; one cannot locate a quartz claim on porphyry, granite, limestone or quartzite unless he has previously discovered a vein or lode. (Concur. op.) *Ambergris Min. Co. v. Day* (1906) 12 Ida. 108; 85 Pac. 109.

Location by Agent: An agent for the locator may do the things required by this section in locating a claim. *Dunlap v. Pattison* (1895) 4 Ida. 473; 42 Pac. 504.

Sufficiency of Notice: The location notice must describe the claim by reference to some natural object or permanent monument which will identify the claim and will furnish a reasonable certainty that the locus of the claim has not been, and cannot well be, changed; the reference must be such as will enable a skilled engineer to identify the claim without reference to contiguous claims, the location of which are uncertain, and the courses and distances from the permanent monument to the discovery

stakes or corner stakes, must be stated with reasonable accuracy. *Brown v. Levan* (1896) 4 Ida. 794; 46 Pac. 661.

A location which is tied to a natural object or permanent monument, described as the mouth of Big Canyon, and which fixes the discovery stake at 600 feet from such monument, without indicating the direction from the point of discovery, is void. *Clearwater Short Line Ry. v. San Garde* (1900) 7 Ida. 106; 61 Pac. 137.

A located mining claim is a natural object or landmark, or fixed object which may be referred to in the location notice. *Morrison v. Regan* (1902) 8 Ida. 291; 67 Pac. 955.

Where a location certificate contains a reference to a land mark, it should not be declared insufficient upon the mere inspection of the certificate and in the absence of evidence, unless it clearly fails to identify the claim. *Morrison v. Regan* (1902) 8 Ida. 291; 67 Pac. 955.

A location notice describing the claim as "Commencing at this stake and notice which is situated about 300 feet in a northwesterly direction from the Minnesota mine; that it is an extension of the Red Jacket mine and running thence along the vein or lode in an easterly direction to a similar stake and notice," is sufficient. *Ib.*

Shaft Must Be Sunk.

Sec. 3208. Within sixty days after such location, the locator or his assigns must sink a shaft upon the lode to the depth of at least ten feet from the lowest part of the rim of such shaft to the surface, and of not less than sixteen square feet area. Any excavation which shall cut such vein ten feet from the lowest part of the rim of such shaft and which shall measure one hundred and sixty cubic feet in extent shall be considered a compliance with this provision. Any located claim upon which work has been done in compliance with the above requirements is not, unless abandoned, subject to relocation for a period of ninety days from and after the date of location.

Historical: Laws 1899, 237, Sec. 3; re-enacting Laws 1895, 25, Sec. 3.

Time Essential: The work required to be done must be performed within the time limited as a condition precedent to the vesting of the title; a

neglect in this respect cannot be cured by the performance of the work after the time limited, but before the institution of an adverse claim. *Kramer v. Settle* (1873) 1 Ida. 485.

Notice Must Be Recorded.

Sec. 3209. Within ninety days after the location of the claim the locator or his assigns must file for record in the office of the county recorder of the county, or of the deputy recorder of the mining district in which the claim is situated, a substantial copy of his notice of location.

Historical: Laws 1899, 237, Sec. 4; re-enacting Laws 1895, 25, Sec. 4.

Record of Additional Certificate.

Sec. 3210. If at any time the locator of any mining claim heretofore or hereafter located, or his assigns, shall apprehend that his original certificate was defective, erroneous, or that the requirements of the law had not been complied with before filing, or shall be desirous of changing the surface boundaries, or of taking any part of an overlapping claim which has been abandoned, or in case the original certificate was made prior to the passage of this law, and he shall be desirous of securing the benefits of this chapter, such locator or his assigns may file an additional certificate subject to the conditions of this chapter, and to contain all that this chapter requires an original certificate to contain: *Provided*, That such amended location does not interfere with the existing rights of others at the time when such amendment is made.

Historical: Laws 1899, 237, Sec. 5; re-enacting Laws 1895, 25, Sec. 5.

Amended Locations: An amended location may be made by any one having authority to make the same, and such authority need not be in writing. *Morrison v. Regan* (1902) 8 Ida. 291; 67 Pac. 955.

The proviso of this section that amended locations do not interfere with the existing rights of others at the time of amendment, only applies to changes of boundaries or to cases where part of an overlapping claim which has been abandoned is taken

in, and does not apply to amended locations by which the surface boundaries are not changed, or where no part of an overlapping claim is taken in. *Morrison v. Regan* (1902) 8 Ida. 291; 67 Pac. 955.

An amended certificate may cure a defective or erroneous original certificate and relates back to the date of the original certificate, unless such original is absolutely void, or where the rights of others have intervened between the date of the original and amended locations. *Ib.*

Affidavit of Performance of Labor.

Sec. 3211. Within sixty days after any time set or period allowed for the performance of labor, or making improvements upon any lode or placer claim, the person in whose behalf such work or improvement is performed, or some person for him, must make and record an affidavit in substance as follows:

State of Idaho, County of....., ss.

Before me the subscribed, personally appeared, who being first duly sworn says that at leastdollars worth of work for improvements were performed or made uponclaim, situate in mining district, county of....., State of Idaho: That such expenditure was made by, for, or at the expense of, owner of said claim, for the purpose of holding said claim; all stakes, monuments or trees marking boundaries of said claim are in proper place and positions.

Subscribed and sworn to before me this.....day of..... 19.....

The fee for administering the oath and recording the foregoing affidavit, when taken before the county recorder or deputy mining recorder, shall be fifty cents; the fee for recording the same when the oath is taken before any other officer authorized to administer oaths shall be fifty cents.

Such affidavit, or a certified copy thereof in case the original is lost, shall be prima facie evidence of the performance of such labor. The failure to file such affidavit shall be considered prima facie evidence that such labor has not been done.

Historical: Rev. St. 1887, Sec. 3101;
amended Laws 1899, 237, Sec. 6;
amended Laws 1899, 440, Sec. 2.

Location of Abandoned Claim.

Sec. 3212. The location of abandoned claims shall be done in the same manner as if the location were of a new claim; but the locator may, instead of sinking a new discovery shaft, sink the original discovery shaft ten feet deeper than it was at the time of his location, or he may drive the open cut, or tunnel ten feet further along the course of the lead, lode or vein, and must erect new posts or monuments.

Historical: Laws 1899, 237, Sec. 7;
re-enacting Laws 1895, 25, Sec. 7.

Notice Must Claim Only One Location.

Sec. 3213. No location notice shall claim more than one location, whether the location is made by one or several locators, and if it purport to claim more than one location it is absolutely void.

Historical: Laws 1899, 237, Sec. 8;
re-enacting Laws 1895, 25, Sec. 8.

Security to Surface Owners: Injunction.

Sec. 3214. When the right to mine is in any case separate from the ownership or right of occupancy of the surface ground, the owners or rightful occupants of the surface ground may demand satisfactory security from the miners, and if refused or not given, may enjoin such miners from working such ground until such security is

given. The court granting the writ of injunction shall fix the amount and nature of the security.

Historical: Laws 1899, 237, Sec. 10; re-enacting Laws 1895, 25, Sec. 10.

Appointment of Deputy Recorders.

Sec. 3215. For the convenience of prospectors and locators, the county recorders of the several counties must appoint a deputy at any place where they may deem it necessary, and at all places more than twenty miles distant from an existing office, whenever ten or more mining locators interested petition for the appointment of a deputy. Upon failure of any recorder to appoint a deputy for ten days after the petition in writing has been presented to him, the resident miners in such district may appoint, temporarily, one of their number to act as recorder for the district, whose record shall be as valid as if made by the deputy, and must be entered by the recorder as hereinafter required: *Provided*, That whenever at any time afterwards, the recorder has appointed a deputy for such district or place, the authority of the person elected by the resident miners ceases.

Historical: Rev. St. 1887, Sec. 3103, (see 11 Ter. Ses. (1881) 262, Sec. 4); amended Laws 1895, 25, Sec. 9; re-enacted Laws 1899, 237, Sec. 9.

Appointment of Sub-Deputy: A deputy recorder has no power to ap-

point another deputy to act in his place, and an affidavit sworn to before the deputy so appointed by him would be void. *Van Buren v. McKinley* (1901) 8 Ida. 93; 66 Pac. 936.

Affidavit of Locators.

Sec. 3216. At or before the time of presenting a location notice for record, whether it be for a quartz or placer claim, one of the locators named in the same must make and subscribe an affidavit, in writing on or attached to the notice, substantially in the following form, to-wit:

State of Idaho, County of....., ss:

I,, do solemnly swear that I am a citizen of the United States of America (or have declared my intentions to become such), and that I am acquainted with the mining ground described in this notice of location, and herewith called theledge, lode or claim; that the ground and claim therein described or any part thereof has not, to the best of my knowledge and belief, been located according to the laws of the United States and of this State, or if so located, that the same has been abandoned or forfeited by reason of the failure of such former locators to comply in respect thereto with the requirements of said laws, and (in the case of quartz claims) that I have opened new ground to the extent or depth of ten feet as required by the laws of Idaho.

Validity of Section: This section in requiring an affidavit to a location notice prescribes a reasonable regu-

lation and is not in conflict with the United States Revised Statutes, Sec. 2322. *Van Buren v. McKinley* (1901) 8 Ida. 93; 66 Pac. 936.

Necessity of Affidavit: The affidavit as required by this section is necessary to a valid location. *Ib.*

Who May Make Affidavit: An agent or attorney in fact may locate a mining claim for his principal and may

make the affidavit required by this section. *Dunlap v. Pattison* (1895) 4 Ida. 473; 42 Pac. 504.

Manner of Recording Notices: Fees.

Sec. 3217. The location notice herein required to be recorded must be recorded by the deputy appointed for the district, or the person appointed for that purpose as above provided (when the legal fee therefor is tendered) in a book kept for that purpose. Said book must be indexed, with the names of all the locators arranged in alphabetical order, according to the family or surname of each. The fee to be tendered for making such record, administering the oath to the locator and certifying the same, for indexing the names appearing on the notice, and to include recording the notice by the recorder as hereinafter required, and the annexing by said recorder, is two dollars, which fee must be equally divided between the recorder and the deputy or the person acting under an election as hereinbefore provided, and no other additional sum of money must be demanded or received by either of them, for any services connected with the recording of any location notice made pursuant to the requirements of this chapter.

Transmission of Notices to County Recorder.

Sec. 3218. The deputy recorder of mining claims of each district, or the person elected as hereinbefore provided to make the record in case of the failure of the recorder to appoint a deputy, must, at least once in each month, transmit to the recorder at the county seat, all the notices of location filed with him for record and not previously transmitted, which must at once be recorded by said recorder, in a book to be kept in his office, to be known as the "Book of Mining Claims." The names of all persons appearing in every notice of location must be indexed by the recorder, said names being arranged in said index in alphabetical order, according to the first letter of the surname of said locators.

Historical: Rev. St. 1887, Sec. 3106, 11 Ter. Ses. (1881) 262, Sec. 7.

Same: Transmission to Deputies.

Sec. 3219. It shall be the duty of the county recorder of the several counties of this State, within fourteen days after receiving them, to transmit to the deputy mining recorder of the district wherein the claims located are situated, all location notices, both quartz and placer, which shall not have been already recorded in the office of the deputy mining recorder. It shall be the duty of such deputy mining recorder to record in his records all such notices received by him, and he shall receive as compensation therefor from the recorder sending them, one-half the fee authorized by law to be charged for the recording of mining claims. After recording such notices the deputy mining recorder shall return the same to the county recorder.

Historical: Laws 1903, 290, Sec. 1. "Recorder" inserted for "clerk", line 8, to correctly express the sense.

Seal of Deputies: Limitation on Powers.

Sec. 3220. The deputy recorders provided for in this chapter, are not, by virtue of the provisions hereof, authorized to perform any other than the special duties herein specified. They must keep an official seal, and the records in their custody are public records, but the seal of a deputy recorder must not be attached to any paper except for the purpose of authenticating certificates attached to transcripts of the records in his custody as deputy recorder.

Within fifteen days after making the location, the locator must make an excavation upon the claim of not less than one hundred cubic feet, for the purpose of prospecting the same. Within thirty days after the location, the locator must file for record in the office of the recorder of the county, or the deputy recorder of the mining district in which the claim is situated, a substantial copy of his copy of notice of location, to which must be attached an affidavit such as is required in case of quartz claims.

Sec. 3225. When the owner, claimant, or occupant of any mine or mining claim desires to work the same, and it is necessary, to enable him to do so successfully and conveniently, that he have a right of way for any of the purposes mentioned in the foregoing sections, if such right of way cannot be acquired by agreement with the claimant or owner of the lands or claims over, under, through, across or upon which he seeks to acquire such right of way, he may commence an action in the District Court in and for the county in which such right

of way, or some part thereof, is situated, by filing a verified complaint containing a particular description of the character and extent of the right sought, a description of the mine or claim of the plaintiff, and of the mine or claim and lands to be affected by such right of way or privilege, with the name of the occupant or owner thereof. He may also set forth any tender of compensation that he may have made, and demand the relief sought.

If upon the hearing of such motion, and the affidavits and proofs offered by the respective parties, the judge shall be of the opinion that the plaintiff has made a prima facie case entitling him to the relief demanded in the complaint, or any part thereof, he shall appoint three commissioners, who must be disinterested persons, residents of the county, to assess the damages resulting to the claims, mines, or lands of the defendant. But if such commissioners are not applied for and appointed, or their award is not approved by the judge or court, or if an appeal is taken from their award as hereinafter provided, the action shall be tried and determined by the court, and the provisions of the Code of Civil Procedure applicable thereto shall govern the proceedings therein as in other civil actions. Either party shall be entitled to a jury trial and may move for a new trial and appeal as in other cases.

Effect of Appeal: Bond and Deposit of Damages.

Sec. 3233. The prosecution of an appeal from the award of the commissioners or from the judgment of the District Court does not hinder, delay or prevent the plaintiff from exercising all the rights and privileges granted by the award or judgment, if he deposit with the clerk of the District Court the full amount of the damages awarded or adjudged the defendant, and execute and deliver to the clerk

a bond with sufficient sureties to be approved by the clerk, in an amount to be fixed by the Judge of the District Court, conditioned to pay to the defendant any additional amount, over and above the amount so deposited that the defendant may recover, and all costs to which he may be entitled under the provisions of this chapter. At any time after such deposit and before the final determination of the action the defendant may, upon demand, receive from the clerk the amount so deposited, but his acceptance of the same, or any part thereof, shall bar any further prosecution of the appeal, and shall be deemed an acquiescence and consent to the award and judgment, and the defendant shall not be entitled to any costs subsequent to the judgment.

MINING TUNNELS.

Section	Section
3236. Right to cross located claims.	3239. Burden of proof as to discovered vein.
3237. Owner of intersected claim may inspect tunnel.	
3238. Title to ore taken from intersected claim.	

Right to Cross Located Claim.

Sec. 3236. Any person or company who has or who may hereafter have a tunnel or cross-cut, the mouth of which is located upon his own ground or upon ground in his lawful occupation, shall have the

right to drive and continue the same through and across any located or patented claim in front of the mouth of the tunnel, but not to follow or drive upon any vein belonging to the owner of such claim.

Historical: Laws 1899, 442, Sec. 1.

Comparative Legislation: See Colo. Mill's An. Stat. Vol. 3, Sec. 3141a.

Constitutionality and Validity: This act, in granting to owners of ground having a tunnel located thereon, the right to run the same through the claims of others on payment of actual damages, is not subject to the objection of depriving any person of property without due process of law. *Baillie v. Larson* (1905)

138 Fed. Rep. 177.

The enactment of this law is authorized by United States Revised Statutes, Sec. 2338, (U. S. Comp. St. 1901, p. 1436), providing that, as a condition of sale of mineral lands, the local legislature of any State may prescribe rules for working mines, involving easements, drainage and other necessary means to their complete development. *Ib.*

Owner of Intersected Claim May Inspect Tunnel.

Sec. 3237. Each tunnel or cross-cut may be driven and worked for the purpose of drainage and for the purpose of reaching and working mining ground of the tunnel owner beyond the intersected claim. The owner or owners of any vein or any claim or claims so intersected, or his duly authorized agent, shall have the right to enter such tunnel upon application to the owner or owners or person in charge of said tunnel, without resorting to any process of law, for the purpose of making a survey and inspecting such vein or veins as may be crossed within the boundary lines of such intersected claim, and if the owner or owners of such tunnel shall, by bulk-heading, damming back, or in any manner, prevent the inspection or survey herein provided for, or if such owner or owners shall in any manner prevent the natural drainage of water from such intersected claim or claims without the consent of the owner or owners thereof, it shall work a forfeiture of all rights granted under the preceding section.

Title to Ore Taken From Intersected Claim.

Sec. 3238. If any ore, the property of the owner of the claim intersected or crossed, be extracted in driving such tunnel, it shall be the property of the owner of the vein from which it was taken and the owner of the tunnel shall be liable for all actual damages or injury done to the owner of the claim crossed by his tunnel.

Burden of Proof as to Discovered Vein.

TITLE 9

WATER RIGHTS AND IRRIGATION

Chapter

1. General provisions.
2. Appropriation of water.
3. Distribution of water among appropriators.
4. Distribution to consumers.

Chapter

5. Fixing water rates.
6. Rights of way.
7. Maintenance and repair of ditches.

Note: Two acts passed in 1881 were the basis of the irrigation law of the State for a number of years. The act of Feb. 10, 1881, (Laws 1881, 267) regulated the appropriation of water, requiring the posting of notices at the point of diversion and the recording of the same as in the case of mining claims, and prescribing the manner of procuring rights of way by proceedings before the county commissioners. The act of Feb. 7 (Laws 1881, 273) regulated the distribution of water through water masters whose election and duties were therein provided for. The provisions of these two acts were substantially perpetuated in the Rev. St. 1887, Civ. Code, Title 9 (Secs. 3155-3205). A new act covering the appropriation of water and providing for fixing water rates by the District Court was enacted in 1895 (Laws 1895, 174). This act was in part re-enacted and in part repealed by the act of Feb. 25, 1899 (Laws 1899, 380) which added several new provisions to the law and gave to the county commissioners jurisdiction to fix water rates. The appropriation provisions of the 1899 law were repealed by Laws 1903, 223, which, for the first time, departed from the old system of posting and recording notices of appropriation, placing the matter in the hands of the State Engineer. The act of 1903, with such sections of the 1899 and earlier laws as are still in force, comprise the subject matter of this title.

The present Idaho appropriation law is based on the statutes of Wyoming and Colorado. The first twelve sections follow the "Wyoming System". See Rev. St. Wyo. 1899, Secs. 917 et seq. Under the "Colorado System," for the purpose of adjudicating the priority of rights to the use of water, the courts have original jurisdiction. Mill's An. Stat. Colo. Vol. 1, page 149, Sec. 2399. In this respect the Idaho law follows that of Colorado. Under the Wyoming System such jurisdiction is vested in a board of control. Rev. Stat. Wyo. 1899, Secs. 857 et seq.

Other provisions bearing on the irrigation laws may be found as follows. Appointment, qualifications, and general duties of the State Engineer. Secs. 149-160. Carey Act lands: Secs. 1613-1642. Irrigation districts: Secs. 2372-2443. Water and canal corporations and water users' associations: Secs. 2838-2844. Penal provisions of the irrigation law: Secs. 7144-7149.

CHAPTER 1.

GENERAL PROVISIONS.

Section

3240. Nature of property in water.
3241. Measurement of water.
3242. Right acquired by appropriation.
3243. Appropriation must be for beneficial purpose.
3244. Use of natural channels.
3245. Priority.
3246. Same: Waste, seepage and spring waters.

Section

3247. Change in point of diversion.
3248. Change in course of ditch prohibited when.
3249. Right of ditch owners to divert water.
3250. Domestic purposes defined.
3251. Completion defined.

Nature of Property in Water.

Sec. 3240. Water being essential to the industrial prosperity of the State, and all agricultural development throughout the greater portion of the State depending upon its just apportionment to, and economical use by, those making a beneficial application of the same, its control shall be in the State, which, in providing for its use, shall equally guard all the various interests involved. All the waters of the State, when flowing in their natural channels, including the waters of all natural springs and lakes within the boundaries of the State are declared to be the property of the State, whose duty it shall be to supervise their appropriation and allotment to those diverting the same therefrom for any beneficial purpose, and the right to the use of any of the waters of the State for useful or beneficial purposes is recognized and confirmed; and the right to the use of any of the public waters which have heretofore been or may hereafter be allotted or beneficially applied, shall not be considered as being a property right in itself, but such right shall become the complement of, or one of the appurtenances of, the land or other thing to which, through necessity, said water is being applied; and the right to continue the use of any such water shall never be denied or prevented from any other cause than the failure on the part of the user thereof to pay the ordinary charges or assessments which may be made to cover the expenses for the delivery of such water.

Historical: Laws 1901, 191, Sec. 9b.

Cross Reference: Use of water a public use: Const. Art. 15, Sec. 1.

Rights to Ditches: Possessory rights to ditches and to the use of water may each have an existence independent of the other. A ditch may be conveyed, reserving the water right, or the water may be conveyed, reserving the ditch. *Ada Co. Farmers' Irr. Co. v. Farmers' Canal Co.* (1898) 5 Ida. 793; 51 Pac. 990.

Nature of Water Right: The

clause of this section which provides that the right of the water user shall not be considered as being a property right in itself but shall become a complement, or one of the appurtenances, of the land on which the water is applied, does not deprive or divest the right to the use of water of any of the qualities of elements of property it otherwise might have. (Concur. op. Sullivan, C. J., dissents.) *Hard v. Boise City Irr. etc. Co.* (1904) 9 Ida. 589; 76 Pac. 331.

Measurement of Water.

Sec. 3241. A cubic foot of water per second of time shall be the legal standard for the measurement of water in this State, and it shall be the duty of the State Engineer to devise a simple, uniform system for the measurement and distribution of water.

Historical: Laws 1899, 380, Secs. 1, 21.

Right Acquired by Appropriation.

Sec. 3242. The right to the use of the waters of rivers, streams, lakes, springs, and of subterranean waters, may be acquired by appropriation.

Historical: Laws 1899, 380, Sec. 2. See Rev. St. 1887, Sec. 3155.

California Legislation: Similar: Civ.

Code 1872, Sec. 1410; Deering's Code, ib.; Kerr's Code, ib.

Appropriation Must Be for Beneficial Purpose.

Sec. 3243. The appropriation must be for some useful or bene-

ficial purpose, and when the appropriator or his successor in interest ceases to use it for such purpose, the right ceases.

Historical: Laws 1899, 380, Sec. 3. Rev. St. 1887, Sec. 3156.

California Legislation: Same except "such a purpose" for "such purpose": Civ. Code 1872, Sec. 1411; Deering's Code, ib.; Kerr's Code, ib.

Application to Use: Where persons appropriated water sufficient to irrigate 480 acres of land in 1872, and from that year until 1886 used the

water so appropriated in the irrigation of only 200 acres of the land, when they put into cultivation 150 acres more, their right to all the water appropriated, so far as the same was necessary to irrigate the entire 480 acres, was thereby preserved. *Hall v. Blackman* (1902) 8 Ida. 272; 68 Pac. 19.

Use of Natural Channels.

Sec. 3244. The water appropriated may be turned into the channel of another stream and mingled with its water, and then reclaimed; but in reclaiming it the water already appropriated by another must not be diminished.

Historical: Rev. St. 1887, Sec. 3158.

California Legislation: Same: Civ.

Code 1872, Sec. 1413; Deering's Code, ib.; Kerr's Code, ib.

Priority.

Sec. 3245. As between appropriators, the first in time is first in right.

Historical: Laws 1899, 380, Sec. 4. Rev. St. 1887, Sec. 3159.

California Legislation: Same except "the one first" for "the first": Civ. Code 1872, Sec. 1414; Deering's Code, ib.; Kerr's Code, ib.

Cross Reference: Right of priority and preferences as between domestic, irrigation and mining uses: Const. Art. 15, Sec. 3. Priority of right between persons who have settled on land with the view of receiving water for agricultural purposes under a sale, rental or distribution, is subject to reasonable limitations as to the quantity of water used and the time of use: Const. Art. 15, Sec. 5.

Riparian Rights Repudiated: A prior appropriator of water has a right to the use thereof which is superior to the claim of a riparian proprietor not based upon appropriation but on the doctrine of riparian rights. (Berry, J., dissents.) *Drake v. Earhart* (1890) 2 Ida. 750; 23 Pac. 541.

Priorities: The first appropriation of water for useful or beneficial purposes gives the prior right thereto, and the right once vested will be protected and upheld unless abandoned. *Malad Valley Irr. Co. v. Campbell* (1888) 2 Ida. 411; 18 Pac. 52; *Geertson v. Barrack* (1892) 3 Ida. 344; 29 Pac. 42; *Dunniway v. Lawson* (1898) 6 Ida. 28; 51 Pac. 1032. The doctrine of priority must be applied although its application may be harsh and unjust in the particular case. *Kirk v. Bartholomew* (1892) 3 Ida. 367; 29 Pac. 40.

The right of a prior appropriator of water to the use of the same to the extent of his appropriation is not defeated by his having, through mistake, used a portion of the water on land belonging to another. *Mahoney v. Neiswanger* (1899) 6 Ida. 750; 59 Pac. 561.

Extent of Right: One who first appropriated all the waters of a creek, and since the appropriation continually used the same for the purpose of irrigating his lands, is entitled to all of said waters, to the extent of the capacity of his ditches, necessary to the proper irrigation of his lands, as against subsequent locators. *Hillman v. Hardwick* (1891) 3 Ida. 255; 28 Pac. 438.

Date of Priority: When two persons as partners appropriated water sufficient to irrigate 480 acres of land, owned by them as tenants in common, in 1872, and actually irrigated 200 acres of land until 1886, when they severed their interests, one taking the uncultivated portion and the other the cultivated, the rights of each to their respective shares of the water appropriated by them jointly, dates from 1872. *Hall v. Blackman* (1902) 8 Ida. 272; 68 Pac. 19.

Where one settled on unsurveyed lands and, during the year of such settlement, opened up an old ditch which had been constructed and used by a previous settler, put in a head-gate and conveyed waters of a stream 150 feet to and upon the lands claimed by him, and in the following year ex-

tended the ditch so as to better distribute the water over his claim, the water right so acquired dates from the time when the water was actually delivered upon the ground for the use of which it was diverted, and the priority thereby acquired was not broken by a subsequent sale of the claim, ditch and water right, and transfer of possession to the vendee. *Brown v. Newell* (1906) 12 Ida. 166; 85 Pac. 385.

Protection of Right: Where the prior appropriation and right to the use of water is established, the appropriator is entitled to have sufficient of the unappropriated waters flow

down to his point of diversion to supply his right, and an injunction against an interference therewith is proper protective relief. *Moe v. Harger* (1904) 10 Ida. 302; 77 Pac. 645.

Decree Establishing Priority: Where priority of appropriation, the amount of water appropriated and the beneficial use thereof have been established, the court, in its decree establishing such facts, cannot go further and dictate the manner in which the appropriator shall use the water, so long as it is adapted to a beneficial purpose. *McGinness v. Stanfield* (1898) 6 Ida. 372; 55 Pac. 1020.

Same: Waste, Seepage and Spring Waters.

Sec. 3246. All ditches now constructed or which may hereafter be constructed for the purpose of utilizing seepage, waste or spring water of the State, shall be governed by the same laws relating to priority of right as those ditches, canals, and conduits constructed for the purpose of utilizing the waters of running streams.

Historical: Laws 1899, 380, Sec. 23.

Change in Point of Diversion.

Sec. 3247. The person entitled to the use of water may change the place of diversion, if others are not injured by such change; and may extend the conduit by which the diversion is made to places beyond that where the first use was made.

Historical: Laws 1899, 380, Sec. 11. See Rev. St. 1887, Sec. 3157.

California Legislation: Same except "of water", line 1, omitted and "ditch, flume, pipe or aqueduct" for "conduit": Civ. Code 1872, Sec. 1412; Deering's Code, ib.; Kerr's Code, ib.

Change in Diversion or Use: A person entitled to the use of water may change the place of diversion or place of use so long as others are not injured by the change. *Hard v. Boise City Irr. etc. Co.* (1904) 9 Ida. 589; 76 Pac. 331. But the change cannot be made if others are injured thereby. *Walker v. McGinness* (1902) 8 Ida. 540; 69 Pac. 1003; *Hill v. Standard Min. Co.* (1906) 12 Ida. 223; 85 Pac. 907.

Extent of Right: The right to change the place of diversion includes cases in which the use of the water amounts to its absorption, or is such as to imply notice to subsequent appro-

priators that such change may reasonably be expected, but excludes appropriations to be used at a specific place for the purpose of operating machinery and other works, where the water is used and then returned to the stream practically undiminished in quantity, when such change will damage a subsequent appropriator. *Last Chance Min. Co. v. Bunker Hill etc. Min. Co.* (1892) 49 Fed. Rep. 430.

Transfer of Rights: Users of water from a ditch or canal acquire a property right therein which they may transfer to other lands under such ditch or canal, or may sell and transfer to a purchaser who may also transfer the same to other lands under the ditch and canal, so long as the change does not interfere with the rights of others. (*Sullivan, C. J.*, dissents.) *Hard v. Boise City Irr. etc. Co.* (1904) 9 Ida. 589; 76 Pac. 331.

Change in Course of Ditch Prohibited When.

Sec. 3248. Whenever any ditch or canal has been constructed for the purpose of conveying water and selling the same for irrigating purposes, it is unlawful for the owner or owners of said ditch or canal to change the line of said ditch or canal so as to prevent or interfere with the use of water from said ditch or canal, by any one

who, prior to the proposed change, had used water for irrigating purposes from said ditch or canal.

Historical: Rev. St. 1887, Sec. 3189, middle portion of section. The first portion prescribed the priorities of settlers in the use of water from a ditch in a manner different from Laws 1899, 380, Sec. 20, (Code Sec. 3290),

and the remaining portion fixed the duty of ditch owners in the furnishing of water and their liability for failure to do so, which are covered by Secs. 15, 18 of the act of 1899 (Code Secs. 3306, 7149).

Right of Ditch Owners to Divert Water.

Sec. 3249. The proprietors of any ditch, canal or conduit, or other works for the carriage of water, whose right relative to the quantity of water they shall be entitled to divert by means of such works shall have been established by any decree of court, shall be entitled to such quantity measured at the point of diversion, subject, however, to all prior rights.

Historical: Laws 1899, 380, Sec. 32.

Domestic Purposes Defined.

Sec. 3250. The phrase "domestic purposes" as contained in this title shall be construed to include water for the household, and a sufficient amount for the use of domestic animals kept with and for the use of the household.

Historical: Laws 1899, 380, Sec. 12. First part of section; the remainder is superseded by Laws 1903, 223.

Completion Defined.

Sec. 3251. By completion, is meant conducting the waters to the place of intended use.

Historical: Laws 1899, 380, Sec. 7. Rev. St. 1887, Sec. 3162.

California Legislation: Same: Civ. Code 1872, Sec. 1417; Deering's Code, ib.; Kerr's Code, ib.

Water Rights Acquired Under Chapter.

Sec. 3252. All rights to divert and use the waters of this State for beneficial purposes shall hereafter be acquired and confirmed under

the provisions of this chapter. And after the passage of this title, all the waters of this State shall be controlled and administered in the manner herein provided.

Historical: Laws 1903, 223, Sec. 41. Omitting the concluding clause which repeals all conflicting legislation.

Cited: Sand Point Water & Light Co. v. Panhandle etc. Co. (1905) 11 Ida. 405; 83 Pac. 347.

Repeal: This section repeals prior appropriation acts which provided in substance for the posting and recording of a notice and the commencement and completion of diversion works within a reasonable time. For the purpose of historical reference, the following notes of decisions under the old appropriation law are given:

Date of Appropriation: One who posts and records his notice of intention to appropriate water, and within sixty days thereafter commences work on his diversion works, and continues the prosecution of the same with reasonable diligence, is entitled to have his appropriation date from the posting of notice, and his right is prior and superior to the rights of any subsequent appropriator claiming either by posting notice and compliance with the statute or by the natural diversion and application of

the water. Sand Point Water & Light Co. v. Panhandle etc. Co. (1905) 11 Ida. 405; 83 Pac. 347.

Mode of Appropriation: A person desiring to appropriate water may do so either by naturally diverting the water and applying it to a beneficial use, or he may pursue the statutory method of posting and recording his notice and commencing to prosecute his work within the statutory time. *Ib.*

Beneficial Application of Water: The appropriator is entitled to a reasonable time within which to get his land in cultivation and to make application of the water to the land, and what constitutes a reasonable time is a question of fact dependent upon the circumstances in each particular case. *Conant v. Jones* (1893) 3 Ida. 606; 32 Pac. 250.

A party who appropriated water to run a sawmill, but failed, for fourteen years after posting his notice, to erect or put into operation such sawmill, failed to proceed with reasonable diligence and lost his right to the water appropriated. *Stickney v. Hanrahan* (1907) 7 Ida. 424; 63 Pac. 189.

Application to Appropriate Water.

Sec. 3253. For the purpose of regulating the use of the public waters and of establishing by direct means the priority of right to such use, any person, association or corporation hereafter intending to acquire the right to the beneficial use of the waters of any natural streams, springs or seepage waters, or lakes or other public waters in the State of Idaho, shall, before commencing the construction, enlargement or extension or change in the point of diversion of the ditch, canal, or other distributing works, or performing any work in connection with said construction or proposed appropriation or the diversion of any waters into a natural channel, make an application to the State Engineer for a permit to make such appropriation.

Such application must set forth: (1) The name and postoffice address of the applicant, (2) the source of the water supply, (3) the nature of the proposed use, (4) the location and description of the proposed ditch channel or other work and the amount of water to be diverted and used, (5) the time required for the completion of construction of such works, which in no case shall exceed five years from the date of approval of the application, (6) the time required for the complete application of the water to the proposed use, which must be within four years after the date set for the completion of such works.

The application shall be accompanied by a plan and map in duplicate of the proposed works for the diversion and application of the water to a beneficial use, showing the character, location and

dimensions of the proposed reservoirs, dams, canals, ditches, pipe lines, and all other works proposed to be used by them in the diversion of the water, and the area and location of the lands proposed to be irrigated.

If such application is filed by a corporation it shall state (1) the amount of its capital stock, how much thereof has been actually paid in, and the names and places of residence of its directors, and (2) the financial resources of the corporation or person making the application, and the means by which the funds necessary to construct the proposed works are to be provided. If for the generation of power or any other purpose than irrigation or domestic use, the purpose for which it is proposed to be used, the nature, location, character, capacity and estimated cost of the works, and whether the water used is to be and will be returned to the stream, and if so, at what point on the stream.

In case the proposed right of use is for agricultural purposes, the application shall give the legal subdivisions of land proposed to be irrigated, with the total acreage to be reclaimed as near as may be: *Provided*, That no one shall be authorized to divert for irrigation purposes more than one cubic foot of water per second for each fifty acres of land to be so irrigated, unless it can be shown to the satisfaction of the State Engineer that a greater amount is necessary: *Provided, further*, That the plan of irrigation submitted shall provide for the distribution of water to within not more than one mile of each legal subdivision of the land proposed to be reclaimed by the use of such water: *Provided, also*, That in the case of all ditches designed to have a capacity of ten cubic feet per second or less, such map showing the location of such ditch, and the place of use of such water, or the location of the lands to be irrigated, may be upon blanks furnished by the State Engineer.

No permit shall issue under any application filed hereafter until the applicant shall have deposited with the State Engineer a filing fee of one dollar, if the quantity of water claimed is one cubic foot or less per second, and if the quantity of water claimed is in excess of one cubic foot per second, the fee to be so deposited by the applicant shall be increased ten cents for each additional cubic foot or fraction thereof: *Provided*, That no filing fee shall be required in the case of any application which is in effect a refiling of a previous application upon which the required fee was paid at the time of the original filing. The State Engineer shall make and keep in a suitable book a record of all filing fees received in connection with applications for permits to appropriate public waters, and said record shall set out: (1) The name of the applicant, (2) the number of the application, (3) the quantity of water filed on, (4) the amount of the fee received, and (5) the date of receipt of said fee.

Historical: Laws 1903, 223, Sec. 1;
amended Laws 1905, 357, Sec. 1.

Same: Examination: Permit: Commencement of Work: Bond.

Sec. 3254. On receipt of the application, which shall be of a form prescribed by the State Engineer, it shall be the duty of that officer to make an indorsement thereon of the date of its receipt, and to

make a record of such receipt in some suitable book in his office. It shall be his duty to examine said application and ascertain if it sets forth all the facts necessary to show the location, nature and amount of the proposed use. If upon such examination, the application is found defective, it shall be the duty of the State Engineer to return the same for correction within thirty days from the receipt of such application, and the date of such return, with the reason therefor, shall be indorsed on the application, and a record made thereof in a book kept for recording the receipt of such applications. A like record shall be kept of the date of the return of corrected applications, but such corrected applications shall be returned to the State Engineer within a period of sixty days from the date indorsed thereon by the State Engineer: *Provided*, That if it be returned after such period of sixty days, such corrected application shall be treated in all respects as an original application. All applications which shall comply with the provisions of this chapter and with the regulations of the State Engineer's office shall be numbered consecutively, and shall be recorded in a suitable book kept for that purpose, and it shall be the duty of the State Engineer to approve all applications, made in proper form, which contemplate the application of water to a beneficial use.

The approval of an application shall be indorsed thereon, and a record made of such indorsement in the State Engineer's office. The application so indorsed shall constitute a permit, and shall be returned to the applicant, and he shall be authorized, on receipt thereof, to proceed with the construction of the necessary works for the diversion of such water, and to take all steps required to apply the water to a beneficial use and to perfect the proposed appropriation. In his indorsement of approval on any application, the State Engineer shall require that actual construction work shall be completed within a period of five years from the date of such approval, and that one-fifth of such work of construction shall be done within one-half the period of time allowed for the completion of such works. He may limit the application to a less period of time for the completion of such works than is asked for, and likewise the perfecting of the proposed right for a less period than is named in the application, and such indorsement shall give the date when such work shall be completed, also the date when beneficial application of the water to be diverted by such works shall be made for the purpose intended.

Any applicant feeling himself aggrieved by the indorsement made by the State Engineer upon his application may appeal therefrom to the District Court of the county in which the point of diversion of the proposed appropriation shall be situated. Such appeal shall be taken within sixty days from the return of the application by the State Engineer, and shall be perfected when the applicant shall have filed in the office of the clerk of such District Court a copy of the application, certified by the State Engineer as a true copy, together with the petition to such court, setting forth the appellant's reason for appeal. Such appeal shall be heard and determined upon such competent proof as shall be adduced by the appellant, and such like proofs as shall be adduced by the State Engineer or some person duly authorized in his behalf.

The maps accompanying such applications must contain the name of the proposed work, and, when it is possible, the number of the permit. They must in addition, have the name or names of the applicant or applicants, and when the proposed works have a capacity of more than twenty-five second feet, a certificate of the surveyor giving the date of the survey, his name and postoffice address. It shall be the duty of the State Engineer to examine these maps or plats, and to ascertain if they agree with the description contained in the application, and when found to agree, to approve the same, file one copy in his office and return the other, approved, to the party filing them.

Every holder of a permit which shall be issued under the terms and conditions of an application filed hereafter, appropriating twenty-five cubic feet or less per second, must, within sixty days from the date upon which said permit issues from the office of the State Engineer, commence the excavation or construction of the works by which he intends to divert the water, and must prosecute the work diligently and uninterruptedly to completion, unless temporarily interrupted through no fault of the holder of such permit by circumstances over which he has no control.

Every holder of a permit which shall be issued under the terms and conditions of an application filed hereafter, appropriating more than twenty-five cubic feet per second, must, within sixty days from the date upon which the said permit issues from the office of the State Engineer, file with the State Engineer a bond in an amount to be fixed by the State Engineer, not exceeding ten thousand dollars, in form and sufficiency of sureties to be approved by him, conditioned upon faithfully carrying to completion the works of diversion as specified in said permit; the amount of the bond to be fixed by the State Engineer within the limits hereinbefore prescribed.

The holder of any permit who shall fail to comply with the provisions of this section within the time or times specified, shall be deemed to have abandoned all right under his permit.

Amended Application and Permit.

Sec. 3255. Whenever application has been made for a permit to appropriate water for irrigation, or whenever a permit has been issued and the applicant or permit holder desires to change the place of intended use of the water or correct the description of the lands to be irrigated, he shall file a request therefor with the State Engineer, who shall thereupon note the application on the record of the original application or permit, and shall issue a new permit, noting the amendment therein, and specifying that it is issued as an amendment to the original. The right to the use of water under the amended permit shall date from the time of the original permit: *Provided*, An additional amount of water is not asked for, and except where the rights of others are adversely affected by such changes, in which case it shall date from the filing of the application for the amendment.

Historical: Laws 1907, 314, Sec. 1.

Contest for Cancellation of Permit.

Sec. 3256. If the holder of a permit, at the expiration of one-half the time set for the completion of such works, shall not have completed at least one-fifth the work of construction as contemplated in the application for such permit to construct such works, any person or persons holding any permit for the diversion of waters from the same stream (such permit post dating the permit for the diversion of water through such unfinished works as aforesaid) may, on or after such date set for the doing of one-fifth of such work of construction, enter contest against such prior permit, and petition the State Engineer to cancel the same. Such contestant shall file with the State Engineer a petition in duplicate clearly setting forth the facts in relation to the condition of the unfinished work under the permit which is sought to be cancelled. Each copy of the petition shall be certified to by a well known and competent engineer. Thereupon the State Engineer shall file one copy of said petition in his office and immediately forward the other copy by registered mail to the holder of the permit which is sought to be cancelled by the petitioner, or, if said permit be held in the names of two or more persons as shown by the records of the office of the State Engineer, then such copy of such petition shall be forwarded by registered mail to the person whose name first appears upon the records of the State Engineer's office as one of the holders of the contested permit.

The person to whom such copy of such petition is sent must, within sixty days from the date upon which such copy of such petition is mailed from the office of the State Engineer, file with said State Engineer an affidavit to the effect that one-fifth of the work of construction had been done under the contested permit at the time when the contestant filed his petition with the State Engineer. Such affidavit must be supported by the certificate of a well known and competent engineer to the effect that, in his opinion, the statements made in such affidavit are true and correct.

If such affidavit and certificate be not filed in the office of the State Engineer as hereinbefore required, the State Engineer shall forthwith proceed to cancel such contested permit and shall cause his order of cancellation to be spread upon the record copy of such permit as shown by the records of his office: *Provided*, That if the State Engineer be satisfied that the contestee has not received the copy of contestant's petition, as hereinbefore required to be sent by registered mail, then an examination of the works under the contested permit shall be made by the State Engineer, or by some one duly authorized by him to act in his stead, as hereinafter provided.

Upon receipt of the affidavit of the contestee and the certificate in support of the same made by a well known and competent engineer as hereinbefore required, the State Engineer, at the expense of the contestant, shall make or cause to be made an examination of the works under such contested permit, and if after such examination, the State Engineer is satisfied that the allegations made in the contestant's petition are true and correct, he shall forthwith proceed to cancel such contested permit, and shall cause his order of cancellation to be spread upon the record copy of such permit as shown by the records of his office, but if he be satisfied, after such examination,

that the statements made in the contestee's affidavit are true and correct, then he shall deny the contestant's petition. Any construction work done by the contestee after the filing of contestant's petition with the State Engineer shall be disregarded by that official in rendering his decision, and if he deem it necessary, he may require the contestee to make affidavit setting forth the amount of money expended, the number of men employed, and the amount of work done under the contested permit subsequent to the filing of the contestant's petition.

Upon rendering his decision the State Engineer shall, by registered mail, notify the party against whom such decision may be. Either of the parties feeling themselves aggrieved by the action of the State Engineer may appeal therefrom to the District Court of the county in which the point of diversion of the works in question is situated. Such appeal shall be taken within sixty days from the receipt of the notice of such action of the State Engineer, and if the petitioner to such State Engineer shall file the appeal, the holder of the permit in question shall be the defendant, and if the holder of such permit which has been cancelled shall be the appellant, the party who petitioned for such cancellation shall become the defendant in such appeal, and such appeal shall be perfected when the appellant shall have filed in the office of the clerk of such District Court, a copy of such petition to the State Engineer, and a copy of the decision of such Engineer, certified to by such Engineer as true copies, together with the petition to such court setting forth the appellant's reason for appeal.

Proof of Completion.

Sec. 3257. On or before the date set for the completion of works for the diversion and application of water under any permit, the holder of such permit, or his assigns, shall be prepared to submit proof of the completion of such works to the State Engineer. Such holder of such permit shall first notify the State Engineer that he is prepared to submit such proof of completion of such works. Such notice to the State Engineer shall be given by registered mail at least sixty days before the date set for the completion of such works, and shall be on a form furnished by such Engineer, and shall state (1) the name of the person or corporation holding the permit under which such works are constructed, (2) the postoffice address of such person or the place of business of such corporation, (3) the number of such permit, and the date set for the completion of such works under the same, (4) the use for which said water is intended, (5) whether or not such works will be fully completed on the date set for such completion, and the amount of water which such works are capable of conducting to the place of intended use in accordance with the plans of the same accompanying the application for such permit, (6) if for irrigation, the amount and description of the lands for which said water is available according to such plans. In case of all canals or other works designed to divert and carry more than fifty cubic feet per second of water, the facts set forth in such notice to the State

Engineer shall be certified to by a well known and competent irrigation engineer.

Upon receipt of such notice by the State Engineer, he shall immediately order its publication for a period of four weeks in some newspaper designated by the person sending such notice and published in the county in which such works are situated. Such published notice shall also state the date when such proof of completion shall be submitted to such Engineer, and the place where the same shall be submitted, and such publication shall be at the expense of the person making such proof.

Such person or persons establishing such proof of completion may offer the affidavits of competent engineers in relation to the grades, dimensions and capacity of such works, and the amount and location of land to which water can be delivered for irrigation. The State Engineer may, in the case of canals designed to divert fifty cubic feet per second or more, demand that profiles and cross-sections, showing the grade and the finished condition of such works, be filed with him in support of the claims which may be made in relation to the finished condition of such works, by the person or persons holding such permit. And in the case of works capable of diverting, on the date set for such completion, the full amount of water for which such works were intended, such State Engineer shall have authority to order the water turned into such works for the purpose of measuring the same.

Engineer to Report on Work: Issuance of Certificate.

Sec. 3258. On or before the date set for receiving such proof of completion, the State Engineer shall make or cause to be made a full inspection and examination of the works constructed, and shall make or cause to be made a report on their condition, ascertaining and stating whether or not they conform to the terms of the application and permit, and are capable of diverting the amount of water intended, and he shall ascertain how much water such works are capable of diverting and conducting to the place of intended use at the time of such proof of completion. He shall issue a certificate to the holder of such permit or his assigns, which certificate shall set forth (1) the name of the holder of the permit under which the works were constructed, (2) the number of such permit, (3) the date of the application for the same, (4) the postoffice address of such holder, (5) the condition of such works, (6) the purpose for which they were constructed, (7) the quantity of water which can be diverted by the same and conducted to the place of intended use, (8) and if such water is to be used for irrigation, a description of the lands for which water is made available by such works. The State Engineer shall file such report, and make a record in books kept in his office for the purpose, of all the facts in relation to the condition of such works, and their capacity on the date of such proof of completion.

Whenever it shall be desired to enlarge or extend existing works, or complete works not completed on the date set for such completion, all applications for a permit to make such enlargement, extension or

completion shall be filed with the State Engineer, the same as for original construction, and the priority of all rights resulting from such enlargement, extension or completion shall relate to such application.

Appeal From Engineer's Decision.

Sec. 3259. Whenever any person or persons feel themselves aggrieved by the determination of the State Engineer in relation to the question of completion of works constructed under a permit issued by him, such person or persons may appeal to the courts: *Provided*, That such appeal shall be taken within sixty days from the date of the certificate relating to such completion by such Engineer, and shall be perfected when the appellant shall have filed in the office of the clerk of the District Court a copy of the certificate, certified by the State Engineer as a true copy, together with the petition to such court setting forth the appellant's reason for appeal. Such appeal shall be heard and determined upon such competent proof as shall be adduced by the appellant, and such like proofs as shall be adduced by the State Engineer or some person authorized in his behalf.

Historical: Laws 1903, 223, Sec. 6.

Proof of Application to Beneficial Use.

Sec. 3260. On or before the date set for the beneficial use of waters diverted under the provisions of this chapter, which in no case shall be more than four years from the date set for the completion of any canal or other works designed to divert and conduct the public waters of the State to a place of use, or the date for the enlargement or extension or the completion of works for such purpose, the person or persons using such water shall submit proof that they have used such water for the beneficial purpose for which the diversion of such water was intended. Such user of such water shall first notify the State Engineer that he is prepared to prove that such water has been beneficially applied to the purpose for which it was intended. Such notice to the State Engineer shall state (1) the name and post-office address of such user, (2) the use to which such water has been applied, (3) the amount used, (4) the place of such use, and, if for irrigation, the description by legal subdivisions of the lands so irrigated, (5) the name of the canal or ditch or other works by which such water is conducted to such place of use, (6) the relation or understanding upon which the right to take water from such works is based, (7) the source of supply from which such water is diverted, and, (8) the date of the priority which such user is prepared to establish. Such notice and such written proof as may be required to be submitted by such user shall be upon forms furnished by the State Engineer, and such statements shall be sworn to by such user and be supported by the affidavits of two disinterested witnesses.

Upon receipt of such notice by the State Engineer, he shall order its publication in some newspaper designated by such user and published in the county in which the major portion of such land is situated, for a period of four weeks, and shall fix a date when such proof

shall be submitted and name a place where such proof will be received. Such date shall be subsequent to the completion of such publication, and such Engineer shall, on or before the date set for such final proof, examine, or cause to be examined, (1) the place where such water is used, and, if the use is for irrigation, he shall ascertain the area and location of the land irrigated and the nature of all the improvements which have been made as a direct result of such use, (2) the capacities of the ditches or canals or other means by which such water is conducted to such place of use, and the quantity of water which has been beneficially applied for irrigation or other purposes. The State Engineer or the person making such examination under the direction of such Engineer shall also, on the date set for such final proof, receive the written statements made by the person or persons submitting such proof, and the affidavits of the witnesses, which statements and affidavits, together with a report of the investigation which he is instructed to make, shall be forwarded at once to the State Engineer: *Provided*, That whenever several of such final proofs shall be offered from the same locality, such Engineer shall arrange, whenever practicable, to have such notices for publication combined, and to have such examinations made by the same person and on the same date, as near as may be, with a view of minimizing the expense of taking such proofs, and such publication shall be at the expense of the person or persons submitting such proof.

Historical: Laws 1903, 223, Sec. 7.

Issuance of License: Priority.

Sec. 3261. Upon receipt by the State Engineer of all the evidence in relation to such final proof, it shall be his duty to carefully examine the same, and if he is satisfied that the law has been fully complied with and that the water is being used at the place claimed and for the purpose for which it was originally intended, he shall issue to such user or users a license confirming such use. Such license shall be issued under the seal of the office of the State Engineer, and shall state the name and postoffice address of such user, the purpose for which such water is used, the quantity of water which may be used, which in no case shall be an amount in excess of the amount that has been beneficially applied. If such use is for irrigation, such license shall give a description, by legal subdivisions, of the land which is irrigated by such water. Such license shall bear the date of the application for, and the number of, the permit under which the works from which such water is taken were constructed; the date of the completion of such works; the capacity of such works on such date of completion; the date when proof of beneficial use of such water was made, and also the date of the priority of the right confirmed by such license, which shall be the date of the application for the permit for the construction of the works from which such water is taken, and to which such right relates. All the licenses which relate to the same permit and which bear the same date of priority shall be numbered alike, and shall belong to the same class, and all the rights relating to the same source of supply shall be numbered numerically in the order of the priority of such rights: *Provided*, That whenever proof of the beneficial application of water shall be offered subsequent to the date

stated in the permit when such beneficial application shall be made, such proof shall be taken, and if satisfactory to the State Engineer, a license shall be issued by such Engineer the same as though such proof had been made before such date fixed for such beneficial application, but the priority of the right established by such proof shall not date back to the date of the application for the permit to which such right would relate under the provisions of this chapter, but shall bear a date which shall be subsequent to the date of such application, a time equal to the difference between the date set in such permit for such beneficial application of such water and the date of such proof.

Historical: Laws 1903, 223, Sec. 8.

Effect of License.

Sec. 3262. Such license shall be binding upon the State as to the right of such licensee to use the amount of water mentioned therein, and shall be prima facie evidence as to such right; and all rights to water confirmed under the provisions of this chapter, or by any decree of court, shall become appurtenant to, and shall pass with a conveyance of, the land for which the right of use is granted. The right to continue the beneficial use of such waters shall never be denied nor prevented for any cause other than the failure, on the part of the user or holder of such right, to pay the ordinary charges or assessments which may be made or levied to cover the expenses for the delivery or distribution of such water, or for other reasons set forth in this title: *Provided*, That when water is used for irrigation, no such license or decree of the court allotting such water shall be issued confirming the right to the use of more than one second foot of water for each fifty acres of land so irrigated, unless it can be shown to the satisfaction of the State Engineer in granting such license, and to the court in making such decree, that a greater amount is necessary, and neither such licensee nor any one claiming a right under such decree, shall at any time be entitled to the use of more water than can be beneficially applied on the lands for the benefit of which such right may have been confirmed, and the right to the use of such water confirmed by such license shall always be held subject to the local or community customs, rules and regulations which may be adopted from time to time by a majority of the users from a common source of supply, canal or lateral from which such water may be taken, when such rules or regulations have for their object the economical use of such water.

Historical: Laws 1903, 223, Sec. 9.

Fees of Engineer.

Sec. 3263. Upon the issuance of a certificate by the State Engineer in relation to the completion of any canal, ditch or other works constructed under the provisions of this chapter, a fee, to cover the expense of the examination of such works, shall be paid to the State Engineer by the person or persons submitting the proof of such completion. For all ditches or canals having a capacity of ten cubic feet per second or less, such fee shall be five dollars. For all ditches or canals having a capacity of more than ten cubic feet per second, such

fee shall be at the rate of thirty cents for each second foot of such capacity. For examining the ditches and lands of the user at the time of making final proof of the application of water, a fee of two dollars shall be paid to the State Engineer, at the time of making such proof, for each legal subdivision of forty acres or fraction thereof to which such water may have been applied. For examining the ditches or other works and the place where such water is used, when such use is not for irrigation, a fee of five dollars shall be paid the State Engineer at the time of making such examination and taking the proof of such use: *Provided*, That in the case of water used for irrigation, where two or more users whose lands join or who take water from the same common lateral, join in the publication of the notice of their intention to make such proof of application, a fee of one dollar for each legal subdivision of forty acres or fraction thereof receiving such water shall be paid to the State Engineer at the time of making such proof. For making certified copies of any papers on file in his office, the State Engineer shall charge a fee at the rate of twenty cents per folio. All fees received by the State Engineer under the provisions of this chapter shall be recorded in a fee book, and shall at once be turned over to the State Treasurer and placed in the general fund of the State.

amended Laws 1905, 174, Sec. 1.

Abandonment: Change of Plan of Use.

Sec. 3264. All rights to the use of water acquired under this chapter or otherwise, shall be lost and abandoned by a failure, for the term of five years, to apply it to the beneficial use for which it was appropriated, and when any right to the use of water shall be lost through non-use or abandonment, such right to such water shall revert to the State and be again subject to appropriation under this chapter: *Provided*, That any person owning any land to which water has been made appurtenant either by a decree of the court or under the provisions of this chapter, may voluntarily abandon the use of such water in whole or in part on the land which is receiving the benefit of the same, and transfer the same to their land. Such person desiring to change the place of use of such water shall first make application to the State Engineer, stating fully in such application the reasons for making such transfer. Such application shall describe the land, the use of the water on which is to be abandoned, and shall describe the land to which it is desired to have such right transferred, and if such water is to be conducted to such land through another canal or lateral or from a different point of diversion than the one described in the license or decree of the court confirming such right, such facts shall be fully set out in such application, and, if the State Engineer shall require it, a plat showing the location of such land and ditches or canals or points of diversion shall be furnished by such applicant, and upon receipt of such application, the State Engineer shall examine the same and shall, provided no one shall be injured by the transfer, issue to such applicant, under the seal of his office, a certificate authorizing such transfer, which certificate shall state the

name of the applicant, and shall contain a copy of the license or an abstract of the decree confirming the right to the use of the water upon the land from which it is desired to transfer such right, and a description of the land to which such right is transferred. A fee of one dollar shall be paid the State Engineer by such applicant for such certificate of transfer issued by him, and such application shall be recorded by the State Engineer in a book for that purpose, and a notice that such transfer has been authorized shall be sent by the State Engineer to the water commissioner of the district in which such land is situated, and such water commissioner shall notify the water master of the stream furnishing water for the irrigation of such lands of the transfer of such use, and such water master shall not thereafter divert, on to the lands the water for which has been so abandoned, any of such water, but shall divert such water from such stream so that it may be used on the lands to which such right has been transferred: *Provided, further,* That any person or persons who are owners by decrees of court or by appropriation of a water right, and who have, with reasonable diligence, annually increased the beneficial use of the water covered by such water right, or who do hereafter, with reasonable diligence, annually increase the beneficial use of the water held under such water right, shall not be subject to the penalties of abandonment and loss by non-use of such water right, as provided in this section.

amended Laws 1905, 27, Sec. 1;
amended Laws 1907, 507, Sec. 1.

Protest Against License: Appeal From Decision.

Sec. 3265. Any person desiring to protest against the statements made by the person or persons submitting proof of the beneficial application of water in the published notice of their intention to submit such proof, shall file a statement with the State Engineer on or before the date set for such proof, stating clearly the reason for such protest, and stating the reason, if any, why a license should not be issued confirming the right claimed. Such protest shall be based solely upon the statements in such notice and shall be sworn to by such protestant.

In issuing a license confirming any right to use water for beneficial purposes, the State Engineer shall be governed in his actions by the records relating to works from which such water is taken which may be on file in his office, and by the reports of the examination of such works, the place where such water is used, and the extent of such use as made by such Engineer or his representative. Such license may confirm such claim in whole or in part, or such license may be refused, such determination depending upon the extent to which such claim is supported by such records, and such examination of the conditions relating to such use made on the ground under the authority of such State Engineer. If the State Engineer shall refuse to issue a license, the reasons for such refusal shall be recorded in a book kept for the purpose: *Provided,* That any one feeling himself aggrieved by the statements contained in the license issued by the State Engineer, or his refusal to issue such license, may appeal therefrom to the District Court of the county in which the place of use

of the water claimed shall be situated. Such appeal shall be taken within sixty days from the date of such license or the refusal to issue such license, and shall be perfected when the appellant shall have filed in the office of the clerk of such District Court a copy of the license, or, if such license shall not have been issued, a copy of the statement made by the State Engineer giving the reasons why such license was not issued, a copy of the protests against the issuing of such license filed in the State Engineer's office, and a copy of the report of the examination of the place of use of such water made under the authority of the State Engineer, and of other documentary proof in relation to such use which may be filed in the office of such Engineer. Such copies of licenses, reports, protests and other proof shall be certified by the State Engineer as true copies. Such copies shall be filed in the office of such clerk together with a petition to such court setting forth the appellant's reason for appeal. Such appeal shall be heard and determined upon such competent proof as shall be adduced by the appellant, and such like proofs as shall be adduced by the State Engineer or some person duly authorized in his behalf.

State Engineer to Examine Streams.

Sec. 3266. It shall be the duty of the State Engineer, or some qualified assistant, to proceed, as soon as may be after the passage of this chapter, to make an examination of the streams of the State (beginning with those whose waters have not yet been allotted), and the works diverting water therefrom, said examination to include the measurement of the discharge of said streams and the carrying capacity of the various ditches and canals diverting water therefrom; an examination of the irrigated lands, and an approximate measurement of the lands irrigated or susceptible of irrigation from the various ditches and canals, which said observations and measurements shall be reduced to writing and made a matter of record in his office, and it shall be the duty of the State Engineer to make, or cause to be made, a map or plat on a scale of not less than one inch to the mile, showing, with substantial accuracy, the course of the stream, the location of each ditch or canal diverting water therefrom, and the legal subdivisions of land which have been irrigated, and he shall also note on such map the lands which are susceptible of irrigation from the ditches and canals already constructed. Such examination shall be made as rapidly as possible to include all the streams used for irrigation in the State. The State Engineer shall indicate on such map the lands the water rights for which have been adjudicated by the courts, noting on each tract the number of the priority of such rights, and whenever an application for a permit to appropriate water from a stream shown on such map shall be allowed, such Engineer shall indicate on such map the line of such canal or ditch or other works, and indicate by appropriate colors the lands to be irrigated by such works, and shall note thereon the number of such permit. Whenever proof is made that water has been beneficially applied from such works to any of such lands, and license shall be issued for the same as in this chapter provided, the number of such license so issued shall be at once noted on such map on the subdivision of such lands

to which such license shall relate, and all these and other facts relating to the development of irrigation on such stream shall be carefully posted on such map.

Historical: Laws 1903, 223, Sec. 33.

Constitutionality: It is the duty of the State Engineer to examine streams and diversion works, beginning with streams the waters of which have not been adjudicated by decree of court. The work to be done by the Engineer under this section is to be paid for by

the State and is partly for the purpose of making a permanent record of the water appropriations and rights to the use thereof. The section is constitutional. *Boise Irr. etc. Co. v. Stewart* (1904) 10 Ida. 38; 77 Pac. 25, 321.

There shall be appointed one water commissioner for each of the water divisions by this chapter created, who shall be appointed by the Governor, with the consent of the Senate, and who may be removed for cause. Said water commissioners shall each be appointed to hold office for a period of six years, or until their successors are appointed and shall have qualified, one commissioner retiring and his successor being appointed each odd numbered year: *Provided*, That the present commissioners shall hold office until the expiration of their respective terms. Such water commissioners shall possess such theoretical knowledge of the science of hydraulics as will enable them to supervise the construction of such measuring devices as may be necessary to place in any ditch, canal or stream for the proper measurement of the water. They shall be acquainted with the streams of their divisions and shall be capable of instructing the water master who may be placed in charge of such streams in all matters in relation to the distribution of the water of such streams in accordance with the priorities of the rights of those using such waters.

He shall also, under the general supervision of the State Engineer, execute the laws relative to the distribution of water in accordance with the rights of priority of appropriation. He shall also, when so directed by the State Engineer, receive proof of completion, and make inspection and examination as provided in Section 3258 of this title, of works for the diversion and application of water under any permit, where the point of diversion of said works is located within the boundaries of his division; and he shall also, when so directed by the State Engineer, receive proof of beneficial use of waters diverted under the provisions of this title in cases where the majority of the lands benefited by the diversion works in question lie within the boundaries of his division.

Historical: Laws 1903, 223, Sec. 19; amended Laws 1905, 357, Sec. 3.

Same: Compensation.

Sec. 3271. Each water commissioner shall be paid ten dollars per day for every day actually consumed in the performance of his duties as such water commissioner: *Provided*, That no commissioner shall be employed in the duties of his office for more than one hundred and eighty days during each year. For services performed as member

of the Board of Irrigation he shall be paid by the State Treasurer, upon warrants drawn by the State Auditor for the time actually spent in performing his duties as a member of such board, as shown by an itemized bill certified to by the State Engineer. For services performed in supervising the distribution of the public waters of the streams within his division, he shall be paid by the county in which such duties are performed, and shall present a sworn statement to the board of county commissioners, at a regular meeting of said board, which statement shall show the time spent and the duties performed, and the said board shall pay such bill by issuing to said commissioner a warrant drawn on the current expense fund of the county.

Sec. 3273. There is hereby constituted a State Board of Irrigation, composed of the State Engineer and the water commissioners of the three water divisions. Said board shall have an office with the State Engineer in the Capitol at Boise, and shall hold one meeting each year for the transaction of such business as may come before it, which meeting shall begin on the first Monday in March: *Provided*, No meeting of said board shall exceed five days. The State Engineer shall be ex-officio president of said board, and shall have the right to vote on all questions coming before it, and a majority of all the members of the said board shall constitute a quorum to transact business: *Provided*, That all acts of said board shall be approved by a majority of its members. The commissioner of water division No. 3 shall be the secretary of the State Board of Irrigation, and it shall be his duty to keep a full, true and complete record of the transactions of said board. Such meeting of such State Board of Irrigation may be held at any place in the irrigated portion of the State which may be selected by the State Engineer for such meeting, and such Board of Irrigation shall provide rules and regulations in relation to making of proof of completion of works constructed under the provisions of this title, and of the proof of application of the water as provided for in this title, and shall also devise all needful rules for the distribution of water from the streams in accordance with the priorities of the rights of the users thereof. And such commissioners shall, on or before the first day of December of each year, submit to the State Engineer a report of work done by them in their districts, and shall recommend such changes in the irrigation laws and rules and regula-

tions governing the diversion of waters as would, in their judgment, be beneficial to the people of the State.

Creation of Water Districts.

Sec. 3274. The Board of Irrigation shall divide the State into water districts, said water districts to be so constituted as to secure the best protection to the claimants for water, and the most economical supervision on the part of the State. The water districts which shall be first created are those which will embrace the streams whose waters have already been allotted by the District Court, the distribution of which shall, by the provisions of this chapter, be under the control of the water commissioners of the divisions in which such stream or streams are situated. Other districts shall be created from time to time as the appropriations and priorities thereof from the streams of this State shall be confirmed or adjudicated: *Provided*, That when any company or association owning irrigation works whose water supply is not distributed under a sale or rental thereof, shall petition the water commissioner to appoint a water master to take charge of the distribution of the water from such works, such water master shall be appointed, and he shall deliver to each user the quantity of water to which he may be entitled; and such water master so appointed shall be paid for such services in the manner provided in Sections 3279 and 3280: *Provided*, In the case of a stream whose waters have been allotted, when the distance between the extreme points of diversion of such stream is not more than thirty miles, the users of water from such stream may elect a water master to distribute the water of such stream, and fix his compensation therefor in the manner provided in the following section for the election of water masters.

Appointment and Duties of Water Masters.

Sec. 3275. For each water district created under the provisions of this chapter, there shall be appointed, on or before the first day of March of each year, one water master, who shall be appointed by the commissioner of the division in which the water district is situated. Each water master shall hold office for one year, or until his successor is appointed and shall have qualified. The said water commissioner may, at any time, remove any water master for failure to perform his duty as such water master, upon complaint in that respect being made to him in writing.

Before entering upon the duties of his office, said water master shall take and subscribe an oath before some officer authorized by the laws of the State to administer oaths, to faithfully perform the duties of his office, and shall file, with the clerk of the District Court in the county in which said water master resides, said oath and his official bond in the penal sum of five hundred dollars, with not less than two sureties, to be approved by the judge of the probate court of the county in which he resides, and conditioned for the faithful dis-

charge of the duties of his office: *Provided*, That any vicinity or neighborhood, the inhabitants of which use the waters of any ditch, stream or spring for the purpose of irrigation, or have or claim a common right to the waters of any ditch, stream or spring for such purpose, provided the waters so claimed or used have not been allotted to the individual users thereof, shall constitute a water district, and a majority of such water users having such common right may, annually on the third Monday of February at a meeting of such inhabitants, elect a water master for such district whose duty it shall be to superintend the distribution of such waters among those having such common right, or accustomed to participate in such common use. The water master of the district, or if there be no water master, or upon his failure or neglect to do so, any six residents of the district entitled to such common right, must give three days' public notice of the time and place of such election, by placing printed or written notices thereof in three of the most public places in the district. Said meeting must be opened at ten o'clock in the forenoon, and the majority of those present who are entitled to such common right may organize the same and determine the manner of such election, and whether the same shall be by ballot or otherwise.

The water master must execute to the county in which his district is situated, and file in the office of the county recorder for the benefit of any person who may be injured by his wanton or illegal act or omission as such, a bond in the sum of five hundred dollars, with two sufficient sureties which shall be approved by the judge of the probate court of the county in which such district is situated, and conditioned for the faithful and impartial discharge of his duties as water master of his district, and any person so injured may have an action on such bond in his own name for his actual damages. Such water master may employ one or more deputies as authorized by the inhabitants of his district claiming such common right as aforesaid, and he is liable for their wanton or illegal acts upon his official bond, and before entering upon their duties the water master and his deputies must take and subscribe an oath, before any magistrate, to faithfully discharge the duties of their office, and they may receive such compensation, to be paid in such manner, as may be agreed upon with such users, and shall have the same power as the water masters appointed by the water commissioners under the provisions of this section. Said elected water master shall be under the direction and authority of the said water commissioner.

Such water master and his deputies must regulate the distribution of water among the several ditches of his district, and among the several water users who are entitled and accustomed to the use thereof, according to their respective rights and necessities, and when the quantity of water is not sufficient to afford a full supply to those entitled or accustomed to use the same, according to the usage of the district, such water master and his deputies must regulate the quantity used by each person, and the time at and during which each person may use the same; and such customs or usage must be upheld by the said water commissioners and by the courts of the State, when such customs have for their object the economical distribution of the waters of such district: *Provided*, Nothing in this

section must be so construed as to interfere with the vested rights of individuals, companies or corporations, or in any manner to interfere with the rights of individuals, companies or corporations, to the use and control of water, the right to the use of which is or may be their private property.

Historical: Laws 1903, 223, Sec. 24.

Duties of Water Master: The water master cannot be required to go beyond the provisions of the decree to ascertain whether or not the same is supported by the findings or whether

there is a conflict between the findings and decree, but he can look only to the decree for his instructions as to the amount of water to be distributed to each claimant. *Stethem v. Skinner* (1905) 11 Ida. 374; 82 Pac. 451.

Reports of Water Masters.

Sec. 3276. All water masters shall make reports to the water commissioner of their division as often as may be deemed necessary by said commissioner. Said reports shall contain the following information: The amount of water necessary to supply all the ditches, canals and reservoirs of the district; the amount of water actually coming into the district to supply such ditches, canals or reservoirs, whether such supply is on the increase or decrease; what ditches, canals and reservoirs are at times without their proper supply, and the probability as to what the supply will be during the period before the next report will be required, and such other information as the water commissioner of the division may suggest. Said water commissioner shall carefully file and preserve such reports, and shall from them ascertain what ditches, canals and reservoirs are, and what are not, receiving their proper supply of water, and if it shall appear that in any district of that division, any ditch, canal or reservoir is receiving water whose priority post-dates that of the ditch, canal or reservoir in another district as ascertained from his register, he shall at once order such post-date ditch, canal or reservoir shut down, and the water given to the elder ditch, canal or reservoir, his orders being directed at all times to the enforcement of priority of appropriation, according to his tabulated statement of priorities, to the whole division, and without regard to the district within which the ditches, canals or reservoirs may be located. The reports of water masters to the water commissioners of irrigation shall be filed and kept in the office of the State Engineer.

Historical: Laws 1903, 223, Sec. 25.

Distribution of Water.

Sec. 3277. It shall be the duty of said water master to divide the water in the natural stream or streams of his district among the several ditches taking water therefrom, according to the prior rights of each respectively in whole or in part, and to shut and fasten, or cause to be shut and fastened, under the direction of the water commissioner of his water district, the headgates of ditches heading in any of the natural streams of the district, when, in times of scarcity of water, it is necessary so to do by reason of priority of rights of others taking water from the same stream or its tributaries.

which is penal in effect, constitutes
Sec. 7148a of the Penal Code.

When Water Master Shall Begin Work.

Sec. 3278. Said water masters shall not begin their work until they have been called upon by two or more owners or managers of ditches, or persons controlling ditches, in the several districts, by application in writing, stating that there is a necessity for the use of water, and they shall not continue performing services after the necessity therefor shall cease.

Historical: Laws 1903, 223, Sec. 27.

Water Master May Employ Assistants.

Sec. 3279. Said water master shall have power, in case of emergency, with the approval of the water commissioner, to employ suitable assistants to aid him in the discharge of his duties, who shall take the same oath as the water master, and shall obey his instructions, and shall be entitled to not to exceed three dollars per day for every day they are employed, to be paid upon certificates of the water commissioner in the same manner as provided for the payment of water masters: *Provided*, That not more than one assistant shall be appointed to each twenty miles of the stream whose waters have been allotted.

Historical: Laws 1903, 223, Sec. 28.

Compensation of Water Masters.

Sec. 3280. Water masters herein provided for, shall each be entitled to pay at the rate of not to exceed four dollars per day, for each day he shall be actually employed in the duties of his office. Said water master shall make up a sworn statement, which shall be approved by the water commissioner, and shall show the number of days said water master has devoted to the distribution of such water, and the number of days his assistant or assistants have devoted to the same purpose, and such statement shall also show the volume of water, stated in cubic feet per second, he has, by virtue of the allotment of said waters, delivered to each user each day, and shall describe the lands to which said water was so delivered. The pay for the services of said water master and his assistants shall be a charge against the land of the users to which said water was so delivered, the expense for said services being first divided between all classes as to priority of allotment or decree, in the proportion which the number of days such water is received by all users in the same class of priority of allotment or decree, bears to the whole number of days said water master is engaged in distributing said water; the amount charged to each user in the same class of priority of allotment or decree, bearing the same proportion to the amount charged to all users in the same class of priority of allotment or decree, as the volume of water delivered to each user bears to the whole amount delivered to all of like class of priority of allotment or decree, by the said water master and his assistants. This statement, which shall show the proper distribution of the said expenses among the various users, shall be filed with the auditor and recorder of the county or counties in which the said water was delivered: *Provided*, That when any portion of the allotted waters is distributed by said water master to the canal of any duly organized canal company, the amount of the expense chargeable for

such services shall be a charge against such canal, and the amount of such charge to be paid by the county in the manner herein provided, shall be charged as a tax against such canal, which tax shall be collected in the manner provided by law for the collection of other taxes, and no canal in this State shall be exempt from the payment of such tax.

Historical: Laws 1903, 223, Sec. 29;
amended Laws 1907, 482, Sec. 1.

Same: Payment and Collection from Water-Users.

Sec. 3281. A bill, based upon such statement, for the services performed by the said water master and his assistants, shall be presented at a regular meeting of the board of county commissioners, who shall order a warrant issued to said water master or his assistants on the current expense fund of the county. The auditor and recorder of said county shall add to the amounts charged to the land of the users, and to such ditches to which said water was delivered, to the taxes of said land or ditches as may be levied for the following year, which shall be collected along with other taxes, and turned into the current expense fund of the county.

Historical: Laws 1903, 223, Sec. 30.
"Levied" inserted before "for the following year" to complete the sense.

Headgates and Measuring Devices.

Sec. 3282. The appropriator of any of the public waters of the State shall maintain, to the satisfaction of the water commissioner of the district in which such appropriation is made, a substantial headgate at the point where the water is diverted, which shall be of such construction that it can be locked and kept closed by the water master or other officer in charge; and such appropriator shall construct and maintain, when required by the water commissioner, a rating flume or other measuring device as near the head of such ditch as is practicable, for the purpose of assisting the water master in determining the amount of water that may be diverted into said ditch from the stream. Plans for such rating flumes or other measuring devices shall be furnished by the State Engineer. It shall also be the duty of those taking water from a stream whose waters have been allotted, to place at suitable intervals on said stream, under the direction of the water commissioner of the division in which such stream is situated, suitable measuring devices, so that the flow of such stream may be properly measured. If any user or appropriator of public waters that may or may not have been allotted, should neglect or refuse to put in such headgates or measuring devices as will provide for the proper distribution of said water according to the rights of the several parties entitled to the use thereof, after ten days' notice to do so by the water commissioner, it shall be the duty of said commissioner to put in such headgates, flumes or measuring devices, at the expense of the county where the expense is incurred, and said water commissioner shall make up a sworn statement of the cost of such headgates, flumes or measuring devices, which shall be presented to the board of county commissioners at their first regular meeting after the performance of such work, and said county commissioners

shall present a bill of costs to the owners of said ditch or ditches: *Provided*. That if the owner of any such ditch shall refuse or neglect for ten days after the presentation of such bill of costs to pay the same, or any other charge made against such ditch or the owner thereof under the provisions of this chapter, the water commissioner shall order the headgate of such ditch closed and locked, and such headgate shall remain closed and locked until such charge or charges shall be paid.

Historical: Laws 1899, 223, Sec. 31.

Rules Governing Distribution of Water.

Sec. 3283. Such water commissioner shall, in the distribution of water from the streams to the canals, be governed by this title and the practices followed by the irrigators on the various streams and under the various ditches in his division, where such practices have for their object the economical use of the common water supply, but, for the better discharge of his duties, he shall have full authority to enforce such other regulations as may be devised by the Board of Irrigation as will secure the equal and fair distribution of water, and tend to reduce the waste or loss from seepage or evaporation during irrigation to the minimum, or increase the efficiency of the quantities allotted to the irrigators.

DISTRIBUTION TO CONSUMERS.

Section	Section
3284. Appointment of water master.	3289. Company to furnish water on demand.
3285. Injuring ditch or headgate.	3290. Application for water.
3286. Water companies to furnish headgates and measuring devices.	3291. Sale or rental constitutes a dedication .
3287. Division of land into classes by priority.	3292. Consumer's title not affected by transfer of ditch.
3288. Companies to deliver water as agreed: Users from common lateral.	3293. Liability for waste of water.

Appointment of Watermaster.

Sec. 3284. It shall be the duty of those owning or controlling any ditch, canal or conduit to appoint a superintendent, or water master, whose duty it shall be to measure the water from such ditch, canal or conduit through the outlets of those entitled thereto, according to his or her pro rata share.

Historical: Laws 1899, 380, Sec. 17.

Injuring Ditch or Headgate.

Sec. 3285. Any person who, without the consent of the water master of the district, diverts any water from the ditch or channel where it was placed, or caused, or left to run by the water master or his deputies, or who shuts or opens any ditch, gate or dam with intent so to divert any water, and thereby deprive any person of the use of the same during any part of the time he is entitled to such use, or

who, without the consent of the water master, cuts any ditch or the banks thereof, or breaks or destroys any gate or flume, is liable in a civil action to any person injured thereby in three times the actual damage sustained in consequence of any such wrongful act or acts.

Historical: Rev. St. 1887, Sec. 3205. 11 Ter. Ses. (1881) 275. Omitting the words "is guilty of a misdemeanor",

which are superseded by Laws 1899, 336, Sec. 3 (Code Sec. 7144b) defining the same offense.

Water Companies to Furnish Headgates and Measuring Devices.

Sec. 3286. Any person, association or corporation delivering or distributing water under any fixed annual charge or rental, shall provide the necessary gates and measuring devices to render possible and practicable a measurement of the quantity of water being delivered to any consumer (or number of consumers using a common lateral or distributing ditch); and the price charged for the annual use of the water so distributed shall be in proportion to the quantity of water delivered from the works of such person, association or corporation. Such measuring devices shall be of such a character, and provided with such gauges or scales, that the quantity of water being delivered at any time can be ascertained by inspection; and shall be of such general plan as shall meet with the approval of the State Engineer, who shall inspect any such devices whenever possible to ascertain their character, and he shall furnish such general information and instructions to any consumer, or the water master of any number of consumers of water, as may be necessary to enable him to ascertain the quantity of water flowing through any such measuring device.

Historical: Laws 1897, 127, Sec. 2. Omitting the provisos; the first was repealed by the general repealing clause of Laws 1899, 408, Sec. 59; the second was temporary in its application, and the third, providing for the

publication of regulations and appeals to the District Court, conflicts with the scheme of control by the county commissioners prescribed by Laws 1899, 380.

Division of Land Into Classes by Priority.

Sec. 3287. When any ditch, canal, or reservoir delivering or distributing water to several users, has one or more rights or priorities by reason of enlargements made from time to time, the right of the land being irrigated by such works shall be divided into classes; rights of the first class belonging to those lands reclaimed between the dates of the first and second priorities or rights of such works; rights of the second class belonging to those lands reclaimed between the dates of the second and third priorities of such works; rights of any other class being determined in like manner; but all the rights belonging to the same class shall be equal and subject alike to the regulations of their respective class.

Historical: Laws 1901, 191, Sec. 9a.

Companies to Deliver Water as Agreed: Users From Common Lateral.

Sec. 3288. Any person, association or corporation which may contract to deliver a certain quantity of water to any party or parties, shall deliver the same to such party or parties, together with a reasonable and necessary allowance for loss by evaporation and seepage,

at some convenient point on the main ditch, canal or reservoir of said person, association or corporation, or on any branch or lateral thereof belonging to the owner or owners of such ditch, canal or reservoir. Where two or more parties take water from said ditch, canal or reservoir at the same point, to be conveyed to their respective premises for any distance through the same lateral or distributing ditch, such parties shall, on or before April first of each year, select some person to have charge during the succeeding season of the distribution of water from such lateral, whose duty it shall be to ascertain and see that the amount of water to which each of the parties interested is entitled is properly apportioned and distributed. It shall be his further duty to see that the said person, association or corporation contracting to furnish such water shall deliver the amount as provided in this section; and, in case of dispute between such person and the said person, association or corporation as to the quantity of water to be delivered, or the amount actually delivered, the matter shall be referred to the State Engineer. The parties entitled to said water shall keep their ditches and laterals in good condition for carrying and distributing the same. In case the parties entitled to the use of water as in this section stated shall neglect or refuse to perform the duties imposed upon them by this section, they shall have no cause for damage against the person, association or corporation furnishing said water for failure to properly furnish and distribute the same.

The amount to be paid by said party or parties for the delivery of said water, which amount may be fixed by contract, or may be as provided by law, is a first lien upon the land for the irrigation of which said water is furnished and delivered. But if the title to said tract of land is in the United States or the State of Idaho, then the said amount shall be a first lien upon any crop or crops which may be raised upon said tract of land, which said lien shall be recorded and collected as provided by law for other liens in this State. And any mortgage or other lien upon such tracts of land that may hereafter be given, shall in all cases be subject to the lien for price of water as provided in this section.

Historical: Laws 1895, 174, Sec. 17. This section was not included in or covered by Laws 1899, 380, and does not seem to conflict therewith. It is

therefore retained, although opinions may differ as to whether it is still in force.

Company to Furnish Water on Demand.

Sec. 3289. Any person, company or corporation owning or controlling any canal or irrigation works for the distribution of water under a sale or rental thereof, shall furnish water to any person or persons owning or controlling any land under such canal or irrigation works for the purpose of irrigating such land or for domestic purposes, upon a proper demand being made and reasonable security being given for the payment thereof: *Provided*, That no person, company or corporation shall contract to deliver more water than such person, company or corporation has a title to, by reason of having complied with the laws in regard to the appropriation of the public waters of this State.

Historical: Laws 1899, 380, Sec. 19.

Cross Reference: Penalty for neglect to deliver water: Sec. 7149.

Action to Compel Delivery: An applicant for the use of water who has complied with the provisions of this act and who is refused water, although the company has sufficient unsold water to supply him, is entitled to a writ of mandate to compel the delivery of water. *Bardsley v. Boise Irr. Co.* (1901) 8 Ida. 155; 67 Pac. 428. But the complaint must allege a demand and must tender compensation or security for the payment of the charges for delivery: it is insuffi-

cient to allege that the plaintiff offered to secure the payment of such charges. *Ib.*

Remedies of Water Company: This section does not repeal Rev. St. Sec. 3203 (Code Sec. 3311), and a water company which delivers water to a consumer without demanding prepayment of the charges therefor, may sue at law to recover the amount of such charges already earned by it, but cannot shut off the consumer's water because he refuses to make payment. *Shelby v. Farmers' etc. Ditch Co.* (1905) 10 Ida. 723; 80 Pac. 222.

Application for Water.

Sec. 3290. Any person or persons owning or controlling land which has or has not been irrigated from any such canal, shall on or before January first of any year, inform the owner or person in control of such canal whether or not he desires the water from said canal for the irrigation of land during the succeeding season, stating also the quantity of water needed. In distributing water from any such canal, ditch or conduit during any season, preference shall be given to those applications for water for land irrigated from said canal the preceding season, and a surplus of water, if any there be, shall be distributed to the lands in the numerical order of the applications for it. But no demand for the purchase of a so called "perpetual water right", or any contract fixing annual charges or the quantity of water to be used per acre, shall be imposed as a condition precedent to the delivery of water annually as provided in this chapter; but the consumer of water shall be the judge of the amount and the duty of the water required for the irrigation of his land; and the annual charges to be made and to be fixed under the further provisions of this title, shall hereafter be based upon the quantity of water delivered to consumers, and shall not in any case depend upon the number of acres irrigated by means of such amount of water delivered.

Historical: Laws 1899, 380, Sec. 20.

Cited: *Bardsley v. Boise Irr. etc. Co.* (1901) 8 Ida. 155; 67 Pac. 428.

Application: This section has no application to a case where all prior applications for water have been supplied and the ditch company still has

water for rental and distribution, and in such case an applicant may enforce the delivery of water, although he did not make his application prior to January 1st. *Helphry v. Perrault* (1906) 12 Ida. 451; 86 Pac. 417.

Sale or Rental Constitutes a Dedication.

Sec. 3291. Whenever any waters have been or shall be appropriated or used for agricultural or domestic purposes under a sale, rental or distribution thereof, such sale, rental or distribution shall be deemed an exclusive dedication to such use upon the tract of land for which such appropriation or use has been secured, and, whenever such waters so dedicated shall have once been sold, rented or distributed to any person who has settled upon or improved land for agricultural purposes with the view of receiving the benefit of such water under such dedication, such person, his heirs, executors, administrators, successors or assigns, shall not thereafter be deprived of the annual use of the same when needed for agricultural or do-

mestic purposes upon the tract of land for which such appropriation or use has been secured, or to irrigate the land so settled upon or improved, upon payment therefor, and compliance with such equitable terms and conditions as to the quantity used and times of use as may be prescribed by law. "Domestic purposes" shall not be construed to include any manner of land irrigation. Any person, association or corporation violating any of the provisions of this section, shall be liable for all damage to any party or parties injured thereby, which damage shall be determined by the proper court.

Historical: Laws 1895, 174, Sec. 14. This and the following section are not included in or covered by Laws 1899, 380. But they do not conflict with any provision of that act and are therefore retained.

Cross Reference: Similar provision: Const. Art. 15, Sec. 4.

Conditions of Use—Determination: The terms and conditions upon which a person is to be entitled to the use of water from a ditch or canal company are to be determined by the courts. *Wilterding v. Green* (1896) 4 Ida. 773; 45 Pac. 134.

Consumer's Title Not Affected by Transfer of Ditch.

Sec. 3292. When any payment is made under the terms of a contract, by means of which payment a perpetual right to the use of water necessary to irrigate a certain tract of land is secured, said water right shall forever remain a part of said tract of land, and the title to the use of said water can never be affected in any way by any subsequent transfer of the canal or ditch property or by any foreclosure or any bond, mortgage or other lien thereon; but the owner of said tract of land, his heirs or assigns, shall forever be entitled to the use of the water necessary to properly irrigate the same, by complying with such reasonable regulations as may be agreed upon, or as may from time to time be imposed by law. And said payment for said water right shall be a release of any bond or mortgage upon the canal property of the person or company from whom such right is purchased or their successors or assigns, to the amount of such water right thus purchased and paid for, and said person or company from whom such water right is purchased shall furnish to the party or parties purchasing such right, a release, or a good and sufficient bond for a release, from said mortgage, or bonded indebtedness to the amount of the water right thus purchased.

Historical: Laws 1895, 174, Sec. 16.

Liability for Waste of Water.

Sec. 3293. No person entitled to the use of water from any such ditch or canal, must, under any circumstances, use more water than good husbandry requires for the crop or crops that he cultivates; and any person using an excess of water, is liable to the owner of such ditch or canal for the value of such excess; and in addition thereto, is liable for all damages sustained by any other person, who would have been entitled to the use of such excess of water, as fixed by this section.

Application to County Commissioners.

Sec. 3294. The county commissioners of each county now organized, and of each county to be hereafter organized in this State, shall, at their regular session in January of each year and at such other sessions as they in their discretion may deem proper, hear and consider all applications which may be made to them by any party or parties interested in either furnishing or delivering for compensation, or by any person or persons using or consuming, water for irrigation or other beneficial purpose or purposes from any ditch, canal or conduit, the whole or any part of which shall be in such county, which application shall be supported by such affidavit as the applicant or applicants may present, showing reasonable cause for such board of county commissioners to proceed to fix a maximum rate of compensation for water thereafter delivered from such ditch, canal or conduit within such county: *Provided*, That when any ditch, canal or conduit shall extend into two or more counties, the county commissioners of each of such counties shall fix the maximum rate for water used in that county.

Sec. 3295. Every such board of county commissioners shall, upon examination of such affidavit or affidavits, or from the oaths of witnesses thereto, if they find that the facts sworn to show the application to be in good faith, and that there are reasonable grounds to believe that unjust rates of compensation are, or are likely to be, charged or demanded for water from such ditch, canal or conduit, enter an order fixing a day not sooner than ten days thereafter, nor later than twenty days (a special meeting may be called for that purpose), when they will hear all parties interested in such water works aforesaid, or in procuring water therefrom, for any of the said purposes as well as all documentary or oral evidence or depositions taken according to law, touching said ditch or other water works aforesaid, and the cost of furnishing water therefrom.

Historical: Laws 1899, 380, Sec. 27.

Service of Notice of Hearing.

Sec. 3296. At the time so fixed all persons interested as aforesaid, on either side of the controversy, in lands which may be irrigated by such ditch or other water works aforesaid, may appear by themselves or by their agents or attorneys, and said commissioners shall then proceed to take action in the matter of fixing such rates of compensation for the delivery of water: *Provided*, The applicant or appli-

cants, if the application be made by a party or parties as aforesaid desirous of procuring water, shall, within ten days from the time of entering the said order fixing the hearing, cause a copy of such order, duly certified, to be delivered to the owner or owners of such ditch, canal or conduit or to the president, secretary, or agent of the company, if it be owned by a corporation or association having such officers; if any such owner cannot be found, a copy shall be left at the usual place of business of the company of which he is such officer, or at his residence if such company have no place of business. And if such ditch or water works aforesaid shall be owned by several owners, not being an incorporated company, it shall be sufficient to serve such notice by delivering a copy to a majority of them. If the applicant be the owner or party controlling such ditch, canal or conduit, such notice shall be given by causing printed copies of such order in hand bill form, in conspicuous type, to be posted securely in ten or more places throughout the county and section watered by such ditch or other water works aforesaid, if the water be used for irrigation. The person or persons making such services or posting such printed copies shall make affidavit of the manner in which the same has been done, which affidavit shall be filed with the board of county commissioners. Depositions mentioned in the preceding section to be used before said commissioners shall be taken by any officer in the State authorized by law to take depositions, upon reasonable notice being given to the opposite party of the time and place of taking the same.

Historical: Laws 1899, 380, Sec. 28.

Conduct of Hearing: Order: Appeal.

Sec. 3297. Said board of commissioners may adjourn or postpone any hearing from time to time as may be found necessary; but when in session they shall hear and examine all legal testimony or proofs offered by any party interested as aforesaid, as well as concerning the original cost and present value of the works and structure of such ditch, canal or conduit, as well as the cost and expense of maintaining and operating the same, and all matters which may affect the establishment of reasonable maximum rates for water to be furnished and delivered therefrom, and they may issue subpoenas for witnesses which subpoenas shall be served in the same manner in which subpoenas are served in civil cases; and said board may also issue subpoenas for the production of all books and papers required before them. The District Court of the proper county, or the Judge thereof in vacation, may, in case of refusal to obey the subpoenas of the board of county commissioners, compel obedience thereto, or punish for refusal to obey after hearing, as in cases of attachment for contempt of such District Court. Upon hearing and considering all the evidence and facts and matters involved in the case, said board of county commissioners shall enter an order describing the ditch, canal or conduit, or other water works in question, with sufficient certainty, and fixing a just and reasonable maximum rate of compensation for water thereafter delivered from such ditch or other water works as last aforesaid, within the county in which such commissioners act; and such rate shall not be changed within one year from the time when such rate shall be so fixed: *Provided*, That an appeal may be

taken to the District Court from any act, order or proceeding of the board by any person or corporation aggrieved thereby, as in other cases under the general statute of the State of Idaho, governing appeals from an order or proceeding of the board of county commissioners.

confers jurisdiction upon the District Court to hear appeals from orders of boards of county commissioners fixing water rates. *Rust v. Stewart* (1901) 7 Ida. 558; 64 Pac. 222.

Matters Considered in Fixing Rate.

Sec. 3298. In fixing the rates at which water shall be furnished, the board of commissioners shall take into consideration the cost of the works, the expense of keeping the same in repair, and all other conditions that affect the cost of delivering the same. Whenever it shall appear to the board of county commissioners from competent evidence that any consumer or consumers of water distributed through any ditch or canal, is entitled to the distribution or use of any water therefrom, at not to exceed a proportionate amount of the actual cost of maintenance and operation of said ditch or canal, they shall, upon request of such person or persons so entitled, fix the rate per cubic foot per second to be charged to such consumer or consumers for the current year.

Rights of Land Owners to Water.

Sec. 3299. All persons, companies, and corporations, owning or claiming any lands situated on the banks or in the vicinity of any stream, are entitled to the use of the waters of such stream for the purpose of irrigating the land so held or claimed.

Riparian Rights Repudiated: In the dissenting opinion in *Drake v. Earhart*, supra, Justice Berry cited

this section in support of the application of the doctrine of riparian rights to the irrigation law, but the majority of the court, without citing this section, declared in effect that the doctrine of riparian rights has no place in the jurisprudence of this State.

Right to Right of Way.

Sec. 3300. When any such owners or claimants to land have not sufficient length of frontage on a stream to afford the requisite fall

for a ditch, canal, or other conduit on their own premises for the proper irrigation thereof, or where the land proposed to be irrigated is back from the banks of such stream, and convenient facilities otherwise for the watering of said lands cannot be had, such owners or claimants are entitled to a right of way through the lands of others, for the purposes of irrigation: *Provided*, That in the making, constructing, keeping up, and maintenance of such ditch, canal or conduit, through the lands of others, the person, company, or corporation, proceeding under this section, and those succeeding to the interests of such person, company, or corporation, must keep such ditch, canal, or other conduit in good repair, and are liable to the owners or claimants of the lands crossed by such work or aqueduct, for all damages occasioned by the overflow thereof, or resulting from any neglect or accident (unless the same be unavoidable) to such ditch or aqueduct.

Sec. 3301. Where the owners of any spring, or the appropriators thereof, or of any stream, desire to conduct the waters thereof to any lands for purposes of irrigation, or to any city or town for the use of the inhabitants thereof, or to any factory, or to any distant place, with the intent to apply the same to a beneficial use, and to accomplish such object it is necessary to cross with ditches, flumes or other conduit, the lands owned or occupied by others than the owners or appropriators of such spring or stream, the right of way over and across the lands of others for conducting said water may be acquired in the manner above provided.

Historical: Rev. St. 1887, Sec. 3185,

Same: Over State Lands.

Sec. 3302. The right of way over and upon any and all lands owned or controlled by the State of Idaho is hereby granted to any and all persons for the purpose of constructing and maintaining any ditch, canal, conduit or other works for the diversion or carrying of water for any beneficial use: *Provided*, That no property shall be taken under the provisions of this section until a just compensation shall be paid therefor, to be ascertained in the manner prescribed by law for the taking of private property for a public use.

vised Statutes, Sec. 5212, authorizes an action in the District Court to condemn State lands for a public use. *Hollister v. State* (1903) 9 Ida. 8; 71 Pac. 541.

Right of Way for Riparian Proprietors.

Sec. 3303. All persons, companies and corporations, owning or having the possessory title or right to lands adjacent to any stream, have the right to place in the channel or upon the banks or margin of the same, dams or other machines for the purpose of raising the

waters thereof to a level above the banks, requisite for the flow thereof to and upon such adjacent lands; and the right of way over and across the lands of others, for conducting said waters, may be acquired in the manner prescribed in the following section.

sections." Those sections were superseded by the following section.

Right of Eminent Domain.

Sec. 3304. In case of the refusal of the owners or claimants of any lands, through which any ditch, canal or conduit is proposed to be made or constructed, to allow passage thereof, the person or persons desiring the right of way may proceed as in the law of eminent domain.

Historical: Laws 1899, 380, Sec. 14.

Cross Reference: Law of eminent domain: Secs. 5210-5229.

Right to Cross Ditches.

Sec. 3305. Any person, company, or corporation, owners of any ditch, flume or other conduit, cannot lawfully deny to any other person, company or corporation the right to cross their right of way with another ditch, flume or conduit either upon a higher or lower level, where the same can be done in a convenient and safe manner: *Provided*, That such second person, company or corporation shall be liable for all damages that may accrue from the construction of such ditch, flume, or other conduit across the conduit of another.

Historical: Laws 1899, 380, Sec. 10. last half of section. The first portion applied only to appropriations made prior to the law of 1899, and that law, in so far as it relates to the subject of appropriation, is repealed by the law of 1903, 223. The portion of the section retained is generalized, so as to

apply to "any person, company or corporation" and all ditches, whereas it referred strictly to "such" persons and ditches, i. e. ditches existing prior to the 1899 law. It did not seem feasible to preserve the section in its literal, restrictive form, and the principle is thought applicable to all ditches.

Ditches to Be Kept Full.

Sec. 3306. Every person, company or corporation owning or controlling any ditch, canal or conduit for the purpose of irrigation shall, during the time from April first to the first day of November of each year, keep a flow of water therein, sufficient to the requirements of such persons as are properly entitled to the use of water therefrom: *Provided, however*, That when the public streams or other natural water sources from which the water is obtained is too low and inadequate for that purpose, then such ditch, canal or conduit shall be kept with as full a flow of water therein as may be practic-

able, subject, however, to the rights of priority from the streams or other natural sources as provided by law.

Maintenance of Embankments.

Sec. 3308. The owner or owners of any irrigating ditch, canal or conduit shall carefully keep and maintain the embankments thereof in good repair, in order to prevent the water from wasting during the irrigation season, and shall not at any time permit a greater quantity of water to be turned into said ditch, canal or conduit than the banks thereof will easily contain or than can be used for beneficial or useful purposes; it being the meaning of this section to prevent the wasting and useless discharge and running away of water.

Bridges Over Ditches.

Sec. 3310. All owners of any ditch, canal, or conduit, or any other means for conveying water, shall build substantial bridges not less than sixteen feet wide, and with boards not less than two inches in thickness (unless the same shall be on a county or State road, when such boards shall not be less than three inches thick), at all places where any county or State road crosses the same, or any road kept open and used by any neighborhood of people for their benefit and convenience. In case of neglect or refusal of such owners to build such bridges as above required, after a notice of ten days being given by the said board of county commissioners of the proper county, said board shall proceed to the construction of the same, and shall collect the cost thereof together with the costs of suit: *Provided*, That after

said bridge shall have been constructed across any county or State road in accordance with the provisions of this section, it shall thereafter be maintained at the public expense.

Repair of Community Ditches.

Sec. 3311. Where a ditch is common property, or there is a common right to the use of the water of a ditch without payment therefor, and any labor or materials are necessary for the repair or cleaning of the ditch, or any gate or flume thereon or thereunto belonging, the water master of the district may make a fair pro rata assessment of labor or materials against the inhabitants of the district claiming the use of such water, according to the benefits received by each; and if any person so assessed neglects or refuses, for the period of three days after notice so to do from the water master or his deputy, to furnish his just proportion of the necessary labor or materials, according to such assessment, he must pay his pro rata in cash to be recovered, with costs, in an action by the water master in his own name.

Remedy of Water Company: This section is not repealed by Laws 1899, 380, and a water company which delivers water to a consumer without obtaining prepayment of the charges

therefor, cannot shut off the consumer's water because of his refusal to pay such charges, but may maintain an action to recover the amount of the charges. *Shelby v. Farmers' etc. Ditch Co.* (1905) 10 Ida. 723; 80 Pac. 222.

Change of Lateral Ditch.

Sec. 3311a. Where any lateral ditch has heretofore been, or may hereafter be, constructed across the lands of another, the person or persons owning or controlling the said land, shall have the right at their own expense to change said lateral ditch to any other part of said land, but such change must be made in such a manner as not to impede the flow of the water therein, or to otherwise injure any person or persons using or interested in such lateral ditch.

Prohibited Agreements: An agreement to hold a mortgage for an individual indebtedness when said mortgage has been included in a subsequent co-partnership mortgage which has been satisfied, is contrary to the provisions of this section. *Ib.*

The lien of a mortgage cannot be extended beyond its terms so as to secure a debt not named therein, or to hypothecate property not covered by the mortgage, except by a compliance with the provisions of this section; but this does not preclude the mortgagor from waiving the statute of limitations as to the mortgage debt by indorsing an acknowledgment to pay

the debt on the note and mortgage. *Moulton v. Williams* (1899) 6 Ida. 424; 55 Pac. 1019.

Parties to an usurious contract secured by a trust deed, cannot remove the usurious character of the transaction by an agreement between themselves, and thus make the trust deed a lien for interest and costs as against a junior mortgagee, who is not a party to the agreement and whose rights will be prejudiced thereby. *Madsen v. Whitman* (1902) 8 Ida. 762; 71 Pac. 152.

Estoppel: Where a stranger to a mortgage purchases the mortgaged property, and agrees that the mortgage shall stand as security for the purchase price, the provisions of this section have no application, and the purchaser is estopped to deny the validity of the agreement although it is not executed in conformity to this section. *Burke Land etc. Co. v. Definition: The transfer in trust mentioned by this section is one which creates a trust and absolutely conveys title from the grantor, and not a deed of trust which hypothecates the property for the payment of the debt. *Brown v. Bryan* (1898) 6 Ida. 1; 51 Pac. 995.

What Constitutes a Mortgage: A deed absolute on its face and a separate agreement bearing the same date as the deed, for a re-conveyance of the same tract of land to the grantor upon payment of the consideration named in the deed, by a specified time, constitute together a mortgage. *Kelley v. Leachman* (1892) 3 Ida. 392; 29 Pac. 849; (1893) 3 Ida. 629; 33 Pac. 44; *Wilson v. Thompson* (1896) 4 Ida. 679; 43 Pac. 557.

Defeasance May Be Shown by Parol.

Sec. 3392. The fact that a transfer was made subject to defeasance on a condition, may, for the purpose of showing such transfer to be a mortgage, be proved (except as against a subsequent purchaser or incumbrancer for value and without notice), though the fact does not appear by the terms of the instrument.

ter "mortgage", line 2: Civ. Code 1872, Sec. 2934; same as amended: Deering's Code, ib.; Kerr's Code, ib.

Same: Not Notice to Mortgagor.

Historical: Rev. St. 1887, Sec. 3359.

California Legislation: Same: Civ. Code 1872, Sec. 2935; similar as

Second. It is acknowledged or proven, as grants of real estate, and the mortgage, or a true copy thereof, is filed for record with the county recorder of the county where such property is located and kept.

Power of Sale in Mortgagor: While a mortgagor may retain possession of the mortgaged property provided the mortgage is executed and recorded as required by law, yet, if the mortgagee permits the mortgagor not only to retain possession but to sell the property at retail without also requiring the proceeds of sale to be applied in reduction of the debt, the mortgage is void as against attaching creditors of the mortgagor. *Lewiston Nat. Bank v. Martin* (1890) 2 Ida. 784; 23 Pac. 920.

While a mortgage on a stock of goods which permits the mortgagor to remain in the full and free use and enjoyment of the same, is void in that it permits him to sell the goods in the usual course of trade, yet such a mortgage is valid when it covers wood corded and standing in the forest where it has been cut. *Meyer v. Munro* (1903) 9 Ida. 46; 71 Pac. 969.

Filing and Indexing of Mortgage.

Sec. 3409. Upon the receipt of any such instrument the recorder

shall indorse on the back the time of receiving it, and shall file the same in his office, to be kept there for the inspection of all persons interested, and the recorder shall keep a book in which shall be entered a minute of all mortgages of personal property. Such book shall be ruled off into separate columns, with heads as follows: "Time of reception," "Name of mortgagor," "Date of instrument," "Amount secured," "When due," "Property mortgaged," "Before whom sworn to and acknowledged," and "Remarks." The proper entry shall be made under each of such heads, and the recorder shall receive the sum of fifty cents, and no more, for filing any such mortgage, which amount he may demand before filing any such mortgage: *Provided*, That property in transit from the possession of the mortgagee to the county in which the mortgagor resides, or to a location for use, shall, for a reasonable length of time for such transportation, be considered as located in the county to which the same is being removed: *Provided, further*, That if the mortgagee receive and retain actual possession of the property mortgaged, he may omit the filing of his mortgage during the continuance of such actual possession.

Stipulation for Possession by Mortgagee: This section recognizes the right of a mortgagor to contract with the mortgagee for the possession by the latter of the mortgaged property, and a mortgage is not rendered invalid by reason of a clause authorizing the mortgagee upon named contingencies, to take possession of the

mortgaged property. First Nat. Bank of St. Anthony v. Steers (1904) 9 Ida. 516; 75 Pac. 225.

Same—Action by Mortgagee: Where a chattel mortgage contains a stipulation authorizing the mortgagee to take possession of the property upon certain contingencies therein named, the mortgagee, upon the occurrence of such a contingency, may maintain an action of claim and delivery to recover possession of the property. *Ib.*

Removal From County.

Sec. 3410. When mortgaged personal property is thereafter removed from the county wherein it was situated at the time of the execution of the mortgage by the written consent of the mortgagee, it is, except as between the parties to the mortgage, exempt from the operations thereof, unless, either (1) the mortgagee, within ten days after such removal, cause the mortgage to be recorded in the county to which the property has been removed, or (2) the mortgagee, within ten days after such removal, take possession of the mortgaged property.

Attachment of Mortgaged Property.

Sec. 3411. All mortgaged personal property may be attached at the suit of any creditor of the mortgagor; such creditor, however, must pay or tender to the mortgagee, the amount due him on such mortgage before the officer making such attachment is entitled to the actual possession of such property. When the property thus attached and redeemed by the creditor is sold by the officer under due legal proceedings, he must:

First. Pay to such creditor the amount advanced by him to pay the mortgage with lawful interest thereon;

Second. Pay all costs appertaining to the judgment, execution and sale;

Third. Pay the judgment creditor the amount of his judgment, and the surplus, if any, to the judgment debtor.

If the creditor of the mortgagor prefer he may cause to be attached the equity of redemption to the mortgagor. Such attachment is made by serving upon the mortgagor and the mortgagee a copy of the writ of attachment, together with a notice signed by the officer that the interest of the mortgagor in such property is attached. When the sale of such equity is made on execution obtained by such attaching creditor, the proceeds must be applied to the payment of the costs and the satisfaction of the judgment, and the remainder, if any, paid to the judgment debtor. The purchaser at such sale is entitled to the possession of the property subject, however, to the rights of the mortgagee.

Payment by Creditor — Effect: Where a creditor, in order to subject

the mortgaged property of his debtor to the payment of his claim, pays the amount of the mortgage to the mortgagee, the mortgage is discharged and the creditor cannot thereafter enforce the same. *Baumgartner v. Vollmer* (1897) 5 Ida. 340; 49 Pac. 729.

Modes of Foreclosure.

Sec. 3412. Any mortgage of personal property, when the debt to secure which the mortgage was given is due, may be foreclosed by notice and sale as hereinafter provided, or it may be foreclosed by action in the District Court having jurisdiction in the county in which the property is situated.

Foreclosure by Notice and Sale: Affidavit.

Sec. 3413. In proceeding to foreclose by notice and sale, the mortgagee, his agent or attorney, must make an affidavit stating the date of the mortgage, the names of the parties thereto, a full description of the property mortgaged, and the amount due thereon. Such affidavit must be placed in the hands of the sheriff of the county or the constable in the precinct where the property is located, together with a notice signed by the mortgagee, his agent or attorney, requiring such officer to take the mortgaged property into his possession and sell the same.

Historical: Rev. St. 1887, Sec. 3391. (See 13 Ter. Ses. (1885) 74, Sec. 7); Laws 1905, 129, Sec. 1.

Remedies Exclusive: The mode of foreclosure prescribed by this section

and the foreclosure by action authorized by Rev. St. Sec. 4520, are the exclusive modes of foreclosure; a power of sale contained in a mortgage is void, and does not authorize the mort-

gagee to foreclose summarily by exercising such power. *Rein v. Callaway* (1901) 7 Ida. 634; 65 Pac. 63.

Sheriff Protected: Where the affidavit and notice are regular in form, the sheriff is bound to execute the

same, and will be protected in such execution without determining whether or not the mortgage on which the affidavit and notice are issued is valid. *Blumauer-Frank Drg. Co. v. Branstetter* (1895) 4 Ida. 557; 43 Pac. 575.

Service of Affidavit.

Sec. 3414. The affidavit must be personally served upon the mortgagor, or other person having possession of the mortgaged property, in the same manner as is provided by law for the service of a summons. At the time of such service of the affidavit, the officer must also serve a notice signed by himself, setting forth a full description of the property, the amount claimed to be due by the mortgagee, and the time and place of sale: *Provided, however,* That if the mortgagor or other person interested, cannot be found within the county wherein the mortgage is being foreclosed, and has no agent therein known to the officer, the general notice of sale directed in the next section is sufficient service upon all parties interested.

Title of Purchaser: Bill of Sale.

Sec. 3416. The purchaser at such sale takes all the interest which the mortgagor had in the mortgaged property at the time of the execution of the mortgage, and the officer selling must execute to him a bill of sale of the property, which must set forth the date of the mortgage, the names of the parties thereto, the date of sale, a description of the property, and the amount paid therefor.

Return of Sale.

Sec. 3417. Contest—Production of Affidavit: In an action to contest the right to fore-

close a chattel mortgage, the court is not authorized to order the defendants to file the original affidavit in the mortgage foreclosure proceedings, unless it is made to appear that they have the affidavit in their possession, and fail or refuse to produce the same upon demand. *Murphy v. Contest of Foreclosure.

Sec. 3418. The right of the mortgagee to foreclose, as well as the amount claimed to be due, may be contested in the District Court by any person interested in so doing, for which purpose an injunction may issue if necessary.

an injunction, but the action may be maintained without an injunction. *Murphy v. Russell & Co.* (1901) 8 Ida. 133; 67 Pac. 421.

Contest by Creditor: An attaching creditor may contest the validity of the mortgage on which the foreclosure is based. *Blumaur-Frank Drg. Co. v. Branstetter* (1895) 4 Ida. 557; 43 Pac. 575.

Unauthorized Removal or Sale of Property.

Sec. 3419. If the mortgagor of any property mortgaged in pursuance of the provisions of this chapter, while such mortgage remains unsatisfied in whole or in part, wilfully removes from the county or counties where the mortgage is recorded, destroys, conceals, sells, or in any manner disposes of, the property mortgaged, or any part thereof, without consent of the holder of said mortgage, he is guilty of larceny, and such sale or transfer is void.

Oral Consent: Under a territorial

statute which was substantially similar to this section with the exception that it required the "written consent" of the mortgagee to a sale, it was held that oral evidence of the mortgagee's consent was admissible to sustain the sale as between vendee and vendor in the absence of any objection by the mortgagee to the sale. *Mills v. Glennon* (1885) 2 Ida. 105; 6 Pac. 116.

Time Allowed to Record Mortgage.

Sec. 3420. The mortgagee is allowed one day for every twenty miles or fraction thereof of the distance between his residence and the county recorder's office where such mortgage is to be recorded, to conform to the provisions of this chapter, before any subsequent incumbrance, sale or seizure, under any process, is effectual to hold or bind the mortgaged property.

Waiver of Lien.

Sec. 3442. Where a buyer of real property gives to the seller a written contract for payment of all or part of the price, an absolute transfer of such contract by the seller waives his lien to the extent of the sum payable under the contract, but a transfer of such contract in trust to pay debts, and return the surplus, is not a waiver of the lien.

Every person who, while lawfully in possession of an article of personal property, renders any service to the owner thereof, by labor, or skill, employed for the protection, improvement, safe keeping, or carriage thereof, has a special lien thereon, dependent on possession, for the compensation, if any, which is due him from the owner, for such service. Livery or boarding or feed stable proprietors, and persons pasturing livestock of any kind, have a lien, dependent on possession, for their compensation in caring for, boarding, feeding or pasturing such livestock. If the liens as herein provided are not paid within sixty days after the work is done, service rendered, or feed or pasturing supplied, the person in whose favor such special lien is created may proceed to sell the property at public auction, after giving ten days' public notice of the sale by advertising in some newspaper published in the county where such property is situated, or if there be no newspaper published in the county then by posting notices of the sale in three of the most public places in the county, for ten days previous to such sale. The proceeds of the sale must be applied to the discharge of the lien and costs; the remainder if any must be paid over to the owner.

Lien for Service: A party placed in charge of mining property consisting of both personal and real estate, has a lien on the personal property for the value of his services so long as he re-

mains in possession. *Idaho Comstock etc. Co. v. Lundstrum* (1903) 9 Ida. 257; 74 Pac. 975.

Where two or three tenants in common in possession of personal property employ another to care for and protect the property, the latter is entitled to a lien dependent on possession for his pay for his services in caring for the same, but is not entitled to a lien on real property for the care and protection of either the real estate or the personal property. *Williamson v. Moore* (1905) 10 Ida. 749; 80 Pac. 227.

Sec. 3447. A person who makes, alters, or repairs any article of personal property, at the request of the owner, has a lien on the same

for his reasonable charges for work done and materials furnished, and may retain possession of the same until the charges are paid. If not paid within two months after the work is done, the person may proceed to sell the property at public auction, by giving ten days' public notice of the sale by advertising in some newspaper published in the county in which the work was done; or, if there be no newspaper published in the county, then by posting up notices of the sale in three of the most public places in the town where the work was done, for ten days previous to the sale. The proceeds of the sale must be applied to the discharge of the lien and the cost of keeping and selling the property; the remainder, if any, must be paid over to the owner thereof.

12. Instruments made negotiable by indorsement.

Note: The first twelve chapters of this title constitute the "Uniform Negotiable Instrument Law" which is a codification of the law governing negotiable instruments. It is here reproduced without any change being made in the classification or arrangement of sections, except that "chapters" are substituted for "Articles". In 1900 this law had been adopted in the following fifteen States, besides the District of Columbia, viz: New York, Massachusetts, Connecticut, Rhode Island, Maryland, Tennessee, Virginia, North Carolina, Florida, Wisconsin, Colorado, Washington, Oregon, Utah and North Dakota. Later statistics are not available. So much of Title 13 of the Civil Code, Rev. St. 1887, as treated of the subjects contained in these chapters is deemed repealed regardless of its consistency or inconsistency with the subject matter of these chapters, because to have retained it would have destroyed the uniformity which it was the object of the Uniform Negotiable Instrument Law to attain.

For negotiable warehouse receipts see Secs. 1486, 1487, 1491. Negotiable county bonds: Pol. Code, Tit. 11, Chap. 2, Art. 6. Negotiable municipal bonds: Pol. Code, Tit. 13, Chaps. 12, 13, 14.

Requirements of Negotiable Instruments.

Sec. 3458. An instrument to be negotiated must conform to the following requirements:

First. It must be in writing and signed by the maker or drawer.

Second. Must contain an unconditional promise or order to pay a sum certain in money.

Third. Must be payable on demand or at a fixed or determinable future time.

Fourth. Must be payable to the order of a specified person or to bearer; and,

Fifth. Where the instrument is addressed to a drawee, he must be named or otherwise indicated therein with reasonable certainty.

Historical: Laws 1903, 380, Sec. 1.

When Sum Payable Is a Sum Certain.

Sec. 3459. The sum payable is a sum certain within the meaning of this title; although it is to be paid:

First. With interest; or,

Second. By stated installments; or,

Third. By stated installments, with a provision that upon default in payment of any installment, the whole shall become due; or,

Fourth. With exchange, whether at a fixed rate or at the current rate; or,

Fifth. With costs of collection or an attorney's fee, in case payment shall not be made at maturity.

Historical: Laws 1903, 380, Sec. 2.

When Unqualified Order Is Unconditional.

Sec. 3460. An unqualified order or promise to pay is unconditional within the meaning of this title, though coupled with:

First. An indication of a particular fund out of which reimbursement is to be made, or a particular account to be debited with the amount; or,

Second. A statement of the transaction which gives rise to the instrument. But an order or promise to pay out of a particular fund is not unconditional.

Historical: Laws 1903, 380, Sec. 3.

When Payable at a Determinable Future Time.

Sec. 3461. An instrument is payable at a determinable future time, within the meaning of this title, which is expressed to be payable:

First. At a fixed rate period after date or sight; or,

Second. On or before a fixed or determinable future time specified therein; or,

Third. On or at a fixed period after the concurrence of a specified event, which is certain to happen, though the time of happening be uncertain.

An instrument payable upon a contingency is not negotiable, and the happening of the event does not cure the defect.

Historical: Laws 1903, 380, Sec. 4.

Provisions Which Do Not Affect Negotiability.

Sec. 3462. An instrument which contains an order or promise to do an act in addition to the payment of money is not negotiable. But

the negotiable character of an instrument otherwise negotiable is not affected by a provision which:

First. Authorizes the sale of collateral securities in case the instrument be not paid at maturity; or,

Second. Authorizes a confession of judgment if the instrument be not paid at maturity; or,

Third. Waives the benefit of any law intended for the advantage or protection of the obligor; or,

Fourth. Gives the holder an election to require something to be done in lieu of payment of money.

But nothing in this section shall validate any provision or stipulation otherwise illegal.

Historical: Laws 1903, 380, Sec. 5.

Facts Which Do Not Affect Validity.

Sec. 3463. The validity and negotiable character of an instrument are not affected by the fact that:

First. It is not dated; or,

Second. Does not specify the value given, or that any value has been given therefor; or,

Third. Does not specify the place where it is drawn or the place where it is payable; or,

Fourth. Bears a seal; or,

Fifth. Designates a particular kind of current money in which payment is to be made.

But nothing in this section shall alter or repeal any statute requiring in certain cases the nature of the consideration to be stated in the instrument.

Historical: Laws 1903, 380, Sec. 6.

When Instrument Is Payable on Demand.

Sec. 3464. An instrument is payable on demand:

First. Where it is expressed to be payable on demand, or at sight, or on presentation; or,

Second. In which no time for payment is expressed.

Where an instrument is issued, accepted or indorsed when overdue, it is, as regards the person so issuing, accepting or indorsing it, payable on demand.

Historical: Laws 1903, 380, Sec. 7.

When Instrument Is Payable to Order.

Sec. 3465. The instrument is payable to order where it is drawn payable to the order of a specified person or to him or his order. It may be drawn payable to the order of:

First. A payee who is not maker, drawer or drawee; or,

Second. The drawer or maker; or,

Third. The drawee; or,

Fourth. Two or more payees jointly; or,

Fifth. One or some of several payees; or,

Sixth. The holder of an office for the time being.

Where the instrument is payable to order, the payee must be named or otherwise indicated therein with reasonable certainty.

Historical: Laws 1903, 380, Sec. 8.

When Instrument Is Payable to Bearer.

Sec. 3466. The instrument is payable to bearer:

First. When it is expressed to be so payable; or,

Second. When it is payable to a person named therein or bearer; or,

Third. When it is payable to the order of a fictitious or non-existing person, and such fact was known to the person making it so payable; or,

Fourth. When the name of the payee does not purport to be the name of any person; or,

Fifth. When the only or last indorsement is an indorsement in blank.

Historical: Laws 1903, 380, Sec. 9.

Language of Instrument.

Sec. 3467. The negotiable instrument need not follow the language of this title, but any terms are sufficient which clearly indicate an intention to conform to the requirements thereof.

Historical: Laws 1903, 380, Sec. 10.

Date Deemed to Be True.

Sec. 3468. When the instrument or an acceptance or any indorsement thereon is dated, such date is deemed prima facie to be the true date of the making, drawing, acceptance or indorsement, as the case may be.

Historical: Laws 1903, 380, Sec. 11.

Effect of Ante-Dating and Post-Dating.

Sec. 3469. The instrument is not invalid for the reason only that it is ante-dated or post-dated, provided this is not done for an illegal or fraudulent purpose. The person to whom an instrument so dated is delivered acquires the title thereto as of the date of delivery.

Historical: Laws 1903, 380, Sec. 12.

Blank Date May Be Filled by Holder.

Sec. 3470. When an instrument expressed to be payable at a fixed period after date is issued undated, or where the acceptance of an instrument payable at a fixed period after sight is undated, any holder may insert therein the true date of issue or acceptance, and the instrument shall be payable accordingly. The insertion of a wrong date does not avoid the instrument in the hands of a subsequent holder in due course; but as to him, the date so inserted is to be regarded as the true date.

Historical: Laws 1903, 380, Sec. 13.

Completion of Instrument by Holder.

Sec. 3471. Where the instrument is wanting in any material particular, the person in possession thereof has a prima facie authority to complete it by filling up the blanks therein. And a signature on a blank paper delivered by a person making the signature in order that the paper may be converted into a negotiable instrument operates as a prima facie authority to fill it up as such for any amount. In order,

however, that any such instrument when completed may be enforced against any person who became a party thereto prior to its completion, it must be filled up strictly in accordance with the authority given and within a reasonable time. But if any such instrument after completion is negotiated to a holder in due course, it is valid and effectual for all purposes in his hands, and he may enforce it as if it had been filled up strictly in accordance with the authority given and within a reasonable time.

Historical: Laws 1903, 380, Sec. 14.

Unauthorized Negotiation of Incomplete Instrument.

Sec. 3472. Where an incomplete instrument has not been delivered it will not, if completed and negotiated without authority, be a valid contract in the hands of any holder, as against any person whose signature was placed thereon before delivery.

Historical: Laws 1903, 380, Sec. 15.

Delivery Essential to Validity.

Sec. 3473. Every contract on a negotiable instrument is incomplete and revocable until delivery of the instrument for the purpose of giving effect thereto. As between immediate parties, and as regards a remote party other than a holder in due course, the delivery, in order to be effectual, must be made either by or under the authority of the party making, drawing, accepting or indorsing, as the case may be; and in such case the delivery may be shown to have been conditional or for a special purpose only, and not for the purpose of transferring the property in the instrument.

But where the instrument is in the hands of a holder in due course, a valid delivery thereof by all parties prior to him so as to make them liable to him, is conclusively presumed. And where the instrument is no longer in the possession of a party whose signature appears thereon, a valid and intentional delivery by him is presumed until the contrary is proved.

Historical: Laws 1903, 380, Sec. 16.

Rules of Construction.

Sec. 3474. Where the language of the instrument is ambiguous, or there are omissions therein, the following rules of construction apply:

First. Where the sum payable is expressed in words and also in figures and there is a discrepancy between the two, the sum denoted by the words is the sum payable; but if the words are ambiguous or uncertain, reference may be had to the figures to fix the amount;

Second. Where the instrument provides for the payment of interest, without specifying the date from which interest is to run, the interest runs from the date of the instrument, and if the instrument is undated, from the issue thereof;

Third. Where the instrument is not dated, it will be considered to be dated as of the time it was issued;

Fourth. When there is conflict between the written and printed provisions of the instrument, the written provisions prevail;

Fifth. Where the instrument is so ambiguous that there is doubt

whether it is a bill or a note, the holder may treat it as either, at his election;

Sixth. Where a signature is so placed upon the instrument that it is not clear in what capacity the person making the same intended to sign, he is to be deemed an indorser;

Seventh. Where an instrument containing the words "I promise to pay" is signed by two or more persons, they are deemed to be jointly and severally liable thereon.

Historical: Laws 1903, 380, Sec. 17.

Use of Assumed Name.

Sec. 3475. No person is liable on the instrument whose signature does not appear thereon, except as herein otherwise expressly provided. But one who signs in a trade or assumed name will be liable to the same extent as if he had signed in his own name.

Historical: Laws 1903, 380, Sec. 18.

Signature by Agent.

Sec. 3476. The signature of any party may be made by a duly authorized agent. No particular form of appointment is necessary for this purpose; and the authority of the agent may be established as in other cases of agency.

Historical: Laws 1903, 380, Sec. 19.

Liability of Agent.

Sec. 3477. Where the instrument contains, or a person adds to his signature, words indicating that he signs for or on behalf of the principal, or in a representative capacity, he is not liable on the instrument if he was duly authorized; but the mere addition of words describing him as an agent, or as filling a representative character without disclosing his principal, does not exempt him from personal liability.

Historical: Laws 1903, 380, Sec. 20.

Signature by Procuration.

Sec. 3478. A signature by "procuration" operates as notice that the agent has but limited authority to sign, and the principal is bound only in case the agent in so signing acted within the actual limits of his authority.

Historical: Laws 1903, 380, Sec. 21.

Indorsement by Corporation or Infant.

Sec. 3479. The indorsement or assignment of the instrument by a corporation or by an infant passes the property therein, notwithstanding that from want of capacity the corporation or infant may incur no liability thereon.

Historical: Laws 1903, 380, Sec. 22.

Forged Signature.

Sec. 3480. Where a signature is forged or made without the authority of the person whose signature it purports to be, it is wholly inoperative, and no right to retain the instrument, or to give a dis-

charge therefor, or to enforce payment thereof against any party thereto, can be acquired through or under such signature, unless the party against whom it is sought to enforce such right is precluded from setting up the forgery or want of authority.

Historical: Laws 1903, 380, Sec. 23.

CHAPTER 2.
CONSIDERATION.

- Section
- 3481. Presumption of consideration.
 - 3482. Value defined.
 - 3483. Holder for value defined.
 - 3484. Same: Holder having lien.

- Section
- 3485. Failure of consideration as defense.
 - 3486. Accommodation indorser defined: Liability.

Presumption of Consideration.

Sec. 3481. Every negotiable instrument is deemed prima facie to have been issued for a valuable consideration, and every person whose signature appears thereon to have become a party thereto for value.

Historical: Laws 1903, 380, Sec. 24.

Value Defined.

Sec. 3482. Value is any consideration sufficient to support a simple contract. An antecedent or pre-existing debt constitutes value, and is deemed such, whether the instrument is payable on demand or at a future time.

Historical: Laws 1903, 380, Sec. 25.

Holder for Value Defined.

Sec. 3483. Where value has at any time been given for the instrument, the holder is deemed a holder for value in respect to all parties who became such prior to that time.

Historical: Laws 1903, 380, Sec. 26.

Same: Holder Having Lien.

Sec. 3484. Whether the holder has a lien on the instrument, arising either from contract or by implication of law, he is deemed a holder for value to the extent of his lien.

Historical: Laws 1903, 380, Sec. 27.

Failure of Consideration as Defense.

Sec. 3485. Absence or failure of consideration is a matter of defense as against any person not a holder in due course, and partial failure of consideration is a defense pro tanto, whether the failure is an ascertained and liquidated amount or otherwise.

Historical: Laws 1903, 380, Sec. 28.

Accommodation Indorser Defined: Liability.

Sec. 3486. An accommodation party is one who has signed the instrument as maker, drawer, acceptor, or indorser, without receiving value therefor, and for the purpose of lending his name to some other person. Such a person is liable on the instrument to a holder for

value, notwithstanding such holder at the time of taking the instrument knew him to be only an accommodation party.

Historical: Laws 1903, 380, Sec. 29.

CHAPTER 3. NEGOTIATION.

Section	Section
3487. When instrument is negotiated.	3498. Indorsement by several payees.
3488. Indorsement: How made.	3499. Instrument payable to cashier: Indorsement.
3489. Indorsement must be of entire instrument.	3500. Misspelled names: Indorsement.
3490. Kinds of indorsements.	3501. Indorsement in representative capacity.
3491. Special and blank indorsements defined.	3502. Presumption of negotiation before maturity.
3492. Blank indorsement converted into special.	3503. Presumption as to place of indorsement.
3493. Restrictive indorsement defined.	3504. Continuation or negotiability.

3495. Qualified indorsement: Effect.	3506. Transfer without indorsement.
3496. Conditional indorsement: Effect.	3507. Reissue and negotiation.
3497. Liability under special indorsement.	

When Instrument Is Negotiated.

Sec. 3487. An instrument is negotiated when it is transferred from one person to another in such manner as to constitute the transferee the holder thereof; if payable to bearer, it is negotiated by delivery; if payable to order, it is negotiated by the indorsement of the holder, completed by delivery.

Historical: Laws 1903, 380, Sec. 30.

Indorsement: How Made.

Sec. 3488. The indorsement must be written on the instrument itself or upon a paper attached thereto. The signature of the indorser, without additional words, is a sufficient indorsement.

Historical: Laws 1903, 380, Sec. 31.

Indorsement Must Be of Entire Instrument.

Sec. 3489. The indorsement must be an indorsement of the entire instrument. An indorsement which purports to transfer to the indorsee a part only of the amount payable, or which purports to transfer the instrument to two or more indorsee severally, does not operate as a negotiation of the instrument. But where the instrument has been paid in part, it may be indorsed as to the residue.

Historical: Laws 1903, 380, Sec. 32.

Kinds of Indorsements.

Sec. 3490. An indorsement may be either in blank or special; and it may also be either restrictive or qualified or conditional.

Historical: Laws 1903 380, Sec. 33.

Special and Blank Indorsements Defined.

Sec. 3491. A special indorsement specifies the person to whom or to whose order the instrument is to be payable; and the indorsement of such indorsee is necessary to the further negotiation of the instrument. An indorsement in blank specifies no indorsee, and an instrument so indorsed is payable to bearer, and may be negotiated by delivery.

Historical: Laws 1903, 380, Sec. 34.

Blank Indorsement Converted Into Special.

Sec. 3492. The holder may convert a blank indorsement into a special indorsement by writing over the signature of the indorser in blank any contract consistent with the character of the indorsement.

Historical: Laws 1903, 380, Sec. 35.

Restrictive Indorsement Defined.

Sec. 3493. An indorsement is restrictive which either:

First. Prohibits the further negotiation of the instrument; or,

Second. Constitutes the indorsee the agent of the indorser; or,

Third. Vests the title in the indorsee in trust for or to the use of some other person. But the mere absence of words implying power to negotiate does not make an indorsement restrictive.

Historical: Laws 1903, 380, Sec. 36.

Rights Under Restrictive Indorsement.

Sec. 3494. A restrictive indorsement confers upon the indorsee the right:

First. To receive payment of the instrument.

Second. To bring any action thereon that the indorser could bring:

Third. To transfer his rights as such indorsee, where the form of the indorsement authorizes him to do so.

But all subsequent indorsees acquire only the title of the first indorsee under the restrictive indorsement.

Historical: Laws 1903, 380, Sec. 37.

Qualified Indorsement: Effect.

Sec. 3495. A qualified indorsement constitutes the indorser a mere assignor of the title to the instrument. It may be made by adding to the indorser's signature the words "Without recourse" or any words of similar import. Such an indorsement does not impair the negotiable character of the instrument.

Historical: Laws 1903, 380, Sec. 38.

Conditional Indorsement: Effect.

Sec. 3496. Where an indorsement is conditional, a party required to pay the instrument may disregard the condition, and make a payment to the indorsee or his transferee, whether the condition has been fulfilled or not. But any person to whom an instrument so indorsed is negotiated, will hold the same, or the proceeds thereof, subject to the rights of the person indorsing conditionally.

Historical: Laws 1903, 380, Sec. 39.

Liability Under Special Indorsement.

Sec. 3497. Where an instrument, payable to bearer, is indorsed specially, it may nevertheless be further negotiated by delivery; but the person indorsing specially is liable as indorser to only such holders as to make title through his indorsement.

Historical: Laws 1903, 380, Sec. 40.

Indorsement by Several Payees.

Sec. 3498. Where an instrument is payable to the order of two or more payees or indorsees who are not partners, all must indorse unless the one indorsing has authority to indorse for the others.

Historical: Laws 1903, 380, Sec. 41.

Instrument Payable to Cashier: Indorsement.

Sec. 3499. Where an instrument is drawn or indorsed to a person, as "cashier" or other fiscal officer of a bank or corporation, it is deemed prima facie to be payable to the bank or corporation of which he is such officer, and may be negotiated by either the indorsement of the bank or corporation, or the indorsement of the officer.

Historical: Laws 1903, 380, Sec. 42.

Misspelled Names: Indorsement.

Sec. 3500. Where the name of the payee or indorsee is wrongly designated or misspelled, he may indorse the instrument as therein described adding, if he think fit, his proper signature.

Historical: Laws 1903, 380, Sec. 43.

Indorsement in Representative Capacity.

Sec. 3501. Where any person is under obligation to indorse in a representative capacity, he may indorse in such terms as to negative personal liability.

Historical: Laws 1903, 380, Sec. 44.

Presumption of Negotiation Before Maturity.

Sec. 3502. Except where an indorsement bears date after the maturity of the instrument, every negotiation is deemed prima facie to have been effected before the instrument was overdue.

Historical: Laws 1903, 380, Sec. 45.

Presumption as to Place of Indorsement.

Sec. 3503. Except where the contrary appears, every indorsement is presumed prima facie to have been made at the place where the instrument is dated.

Historical: Laws 1903, 380, Sec. 46.

Continuation of Negotiability

Sec. 3504. An instrument negotiable in its origin continues to be negotiable until it has been restrictively indorsed or discharged by payment or otherwise.

Historical: Laws 1903, 380, Sec. 47.

Striking Out Indorsement.

Sec. 3505. The owner may at any time strike out any indorsement which is not necessary to this title. The indorser whose indorsement is struck out, and all indorseees subsequent to him, are thereby relieved from liability on the instrument.

Historical: Laws 1903, 380, Sec. 48.

Transfer Without Indorsement.

Sec. 3506. When the holder of an instrument payable to his order transfers it for value without indorsing it, the transferer vests in the transferee such title as the transferer had therein, and the transferee acquires, in addition, the right to have the indorsement of the transferer. But for the purpose of determining whether the transferee is a holder in due course, the negotiation takes effect as of the time when the indorsement is actually made.

Historical: Laws 1903, 380, Sec. 49.

Re-Issue and Negotiation.

Sec. 3507. Where an instrument is negotiated back to a prior party, such party may, subject to the provisions of this title, re-issue and further negotiate the same; but he is not entitled to enforce payment thereof against any intervening party to whom he was personally liable.

Historical: Laws 1903, 380, Sec. 50.

Suit by and Payment to Holder.

Sec. 3508. The holder of a negotiable instrument may sue thereon in his own name and payment to him in due course discharges the instrument.

Historical: Laws 1903 380, Sec. 51.

Holder in Due Course Defined.

Sec. 3509. A holder in due course, is a holder who has taken the instrument under the following conditions:

- First. That the instrument is complete and regular upon its face;
- Second. That he became the holder of it before it was overdue, and without notice that it had been previously dishonored, if such was the fact;
- Third. That he took it in good faith and for value;
- Fourth. That at the time it was negotiated to him he had no no-

tice of any infirmity in the instrument or defect in the title of the person negotiating it.

Historical: Laws 1903, 380, Sec. 52.

Same: Delay in Negotiation.

Sec. 3510. Where an instrument payable on demand is negotiated an unreasonable length of time after its issue, the holder is not deemed a holder in due course.

Historical: Laws 1903, 380, Sec. 53.

Same: Notice Before Full Payment.

Sec. 3511. Where the transferee receives notice of any infirmity in the instrument or defect in the title of the person negotiating the same before he has paid the full amount agreed to be paid therefor, he will be deemed a holder in due course only to the extent of the amount theretofore paid by him.

Historical: Laws 1903, 380, Sec. 54.

When Title is Defective.

Sec. 3512. The title of a person who negotiates an instrument is defective within the meaning of this title when he obtained the instrument, or any signature thereto, by fraud, duress, or force and fear, or other unlawful means, or for an illegal consideration, or when he negotiates it in breach of faith, or under such circumstances as amount to fraud.

Historical: Laws 1903, 380, Sec. 55.

What Constitutes Notice of Infirmity.

Sec. 3513. To constitute notice of an infirmity in the instrument or defect in the title of the person negotiating the same, the person to whom it is negotiated must have had actual knowledge of the infirmity or defect, or knowledge of such facts that his action in taking the instrument amounted to bad faith.

Historical: Laws 1903, 380, Sec. 56.

Title and Rights of Holder in Due Course.

Sec. 3514. A holder in due course holds the instrument free from any defect of title of prior parties, and free from defenses available to prior parties among themselves, and may enforce payment of the instrument for the full amount thereof against all parties liable thereon.

Historical: Laws 1903, 380, Sec. 57.

Defenses to Negotiable Instruments.

Sec. 3515. In the hands of any holder other than a holder in due course, a negotiable instrument is subject to the same defenses as if it were non-negotiable. But a holder who derives his title through a holder in due course, and who is not himself a party to any fraud or illegality affecting the instrument, has all the rights of such former holder in respect of all parties prior to the latter.

Historical: Laws 1903, 380, Sec. 58.

Presumption as to Holding in Due Course.

Sec. 3516. Every holder is deemed *prima facie* to be a holder in due course; but when it is shown that the title of any person who has negotiated the instrument was defective, the burden is on the holder to prove that he or some person under whom he claims acquired the title as a holder in due course. But the last mentioned rule does not apply in favor of a party who became bound on the instrument prior to the acquisition of such defective title.

Historical: Laws 1903, 380, Sec. 59.

Historical: Laws 1903, 380, Sec. 60.

Liability of Drawer.

Sec. 3518. The drawer by drawing the instrument admits the existence of the payee and his then capacity to indorse, and engages that on due presentment the instrument will be accepted or paid, or both, according to its tenor, and that if it be dishonored, and the necessary proceedings on dishonor be duly taken, he will pay the amount thereof to the holder, or to any subsequent indorser who may be compelled to pay it. But the drawer may insert in the instrument an express stipulation negotiating or limiting his own liability to the holder.

Second. The existence of the payee and his then capacity to indorse.

Historical: Laws 1903, 380, Sec. 62.

Signature in Blank Deemed Indorsement.

unless he clearly indicates by appropriate words his intention to be bound in some other capacity.

Historical: Laws 1903, 380 Sec. 63.

Same.

Sec. 3521. Where a person, not otherwise a party to an instrument, places thereon his signature in blank before delivery, he is liable as indorser in accordance with the following rules:

Second. That he has a good title to it;

Third. That all prior parties had capacity to contract;

Fourth. That he has no knowledge of any fact which would impair the validity of the instrument or render it valueless.

But when the negotiation is by delivery only, the warranty extends in favor of no holder other than the immediate transferee.

The provisions of subdivision three of this section do not apply to persons negotiating public or corporate securities, other than bills and notes.

Historical: Laws 1903, 380, Sec. 65.

Warranty Implied From Indorsement.

Historical: Laws 1903, 380, Sec. 66.

Liability of Indorser: The undertaking of an indorser is conditional; that is, his promise is that he will pay provided payment shall first have been

Place for Sending Notice.

Sec. 3565. Where a party has added an address to his signature notice of dishonor must be sent to that address; but if he is not given such address, then the notice must be sent as follows:

First. Either to the postoffice nearest to his place of residence, or to the postoffice where he is accustomed to receive his letters; or,

Second. If he lives in one place, and has his place of business in another, notice may be sent to either place; or,

Third. If he is sojourning in another place, notice may be sent to the place where he is sojourning.

Historical: Laws 1903, 380, Sec. 109.

Same: Parties Bound.

Sec. 3567. Where the waiver is embodied in the instrument itself, it is binding upon all parties, but where it is written above the signature of an indorser, it binds him only.

Historical: Laws 1903, 380, Sec. 110.

Waiver of Protest.

Sec. 3568. A waiver of protest, whether in the case of a foreign bill of exchange or other negotiable instrument, is deemed to be a waiver not only of a formal protest, but also of a presentment and notice of dishonor.

Historical: Laws 1903, 380, Sec. 111.

Notice Dispensed With.

Sec. 3569. Notice of dishonor is dispensed with when, after the exercise of reasonable diligence, it cannot be given to, or does not reach, the parties sought to be charged.

Historical: Laws 1903, 380, Sec. 112.

Excuses for Delaying Notice.

Sec. 3570. Delay in giving notice of dishonor is excused when the delay is caused by circumstances beyond the control of the holder and not imputable to his default, misconduct or negligence. When the cause of delay ceases to operate, notice must be given with reasonable diligence.

Historical: Laws 1903, 380, Sec. 113.

Second. Where the drawee is a fictitious person or a person not having capacity to contract.

Third. Where the drawer is the person to whom the instrument is presented for payment.

Fifth. Where the drawer has countermanded payment.

Historical: Laws 1903, 380, Sec. 114.

Notice to Indorser Not Required: When.

Sec. 3572. Notice of dishonor is not required to be given to an indorser in either of the following cases:

Historical: Laws 1903, 380, Sec. 115.

Notice of Non-Payment Unnecessary: When.

Sec. 3573. Where due notice of dishonor by non-acceptance has been given, notice of a subsequent dishonor by non-payment is not necessary, unless in the meantime the instrument has been accepted.

Historical: Laws 1903, 380, Sec. 116.

Failure to Give Notice of Non-Acceptance: Effect.

DISCHARGE OF NEGOTIABLE INSTRUMENTS.

Section

- 3576. When instrument is discharged.
- 3577. Discharge of person secondarily liable.
- 3578. Payment by party secondarily liable.
- 3579. Renunciation of rights by holder.

Section

- 3580. Cancellation by mistake: Burden of proof.
- 3581. Alteration of instrument.
- 3582. Material alteration defined.

When Instrument Is Discharged.

Sec. 3576. A negotiable instrument is discharged:

First. By payment in due course by or on behalf of the principal debtor.

Second. By payment in due course by the party accommodated, where the instrument is made or accepted for accommodation;

Third. By the intentional cancellation thereof by the holder;

Fourth. By any other act which will discharge a simple contract for the payment of money;

Fifth. When the principal debtor becomes the holder of the instrument at or after maturity in his own right.

Historical: Laws 1903, 380, Sec. 119.

Discharge of Person Secondarily Liable.

Sec. 3577. A person secondarily liable on the instrument is discharged:

First. By an act which discharges the instrument;

Second. By the intentional cancellation of his signature by the holder;

Third. By the discharge of a prior party;

Fourth. By a valid tender of payment made by a prior party;

Fifth. By a release of the principal debtor, unless the holder's right of recourse against the party secondarily liable is expressly reserved.

Sixth. By any agreement binding upon the holder to extend the time of payment, or to postpone the holder's right to enforce the instrument, unless made with the assent of the party secondarily liable, or unless the right of recourse against such party is expressly reserved.

Historical: Laws 1903, 380, Sec. 120.

Payment by Party Secondarily Liable.

Sec. 3578. Where the instrument is paid by a party secondarily liable thereon, it is not discharged; but the party so paying it is remitted to his former rights as regards all prior parties, and he may strike out his own and all subsequent indorsements, and again negotiate the instrument, except:

First. Where it is payable to the order of a third person, and had been paid by the drawer; and,

Second. Where it was made or accepted for accommodation, and has been paid by the party accommodated.

Historical: Laws 1903, 380, Sec. 121.

Renunciation of Rights by Holder.

Sec. 3579. The holder may expressly renounce his rights against any party to the instrument before, at, or after its maturity. An absolute and unconditional renunciation of his rights against the principal debtor made at or after the maturity of the instrument discharges the instrument. But a renunciation does not affect the rights of a holder in due course without notice. A renunciation must be in writing, unless the instrument is delivered up to the person primarily liable thereon.

Historical: Laws 1903, 380 Sec. 122.

Cancellation by Mistake: Burden of Proof.

Sec. 3580. A cancellation made unintentionally or under a mistake, or without the authority of the holder, is inoperative; but where an instrument or any signature thereon appears to have been cancelled, the burden of proof lies on the party who alleges that the can-

cellation was made unintentionally, or under a mistake or without authority.

Historical: Laws 1903, 380, Sec. 123.

Alteration of Instrument.

Sec. 3581. Where a negotiable instrument is materially altered without the assent of all parties liable thereon, it is avoided, except as against a party who has himself made, authorized or assented to the alteration and subsequent indorsers.

But when an instrument has been materially altered and is in the hands of a holder in due course, not a party to the alteration, he may enforce payment thereof according to its original tenor.

Historical: Laws 1903, 380, Sec. 124.

Material Alteration Defined.

Sec. 3582. Any alteration which changes:
First. The date;
Second. The sum payable, either for principal or interest,
Third. The time or place of payment;
Fourth. The number or the relations of the parties;
Fifth. The medium of currency in which payment is to be made;
Or which adds a place of payment where no place of payment is specified, or any other change or addition which alters the effect of the instrument in any respect, is a material alteration.

Historical: Laws 1903, 380, Sec. 125.

Historical: Laws 1903, 380, Sec. 126.

Same: Operation.

Sec. 3584. A bill of itself does not operate as an assignment of the funds in the hands of the drawee available for the payment thereof, and the drawee is not liable on the bill unless and until he accepts the same.

Historical: Laws 1903, 380, Sec. 127.

Same: How Addressed.

Sec. 3585. A bill may be addressed to two or more drawees jointly, whether they are partners or not; but not to two or more drawees in the alternative or in succession.

Inland and Foreign Bills.

Sec. 3586. An inland bill of exchange is a bill which is, or on its face purports to be, both drawn and payable within this State. Any other bill is a foreign bill. Unless the contrary appears on the face of the bill, the holder may treat it as an inland bill.

Historical: Laws 1903, 380, Sec. 129.

When Bill May Be Treated as Note.

Sec. 3587. Where in a bill, drawer and drawee are the same person, or where the drawee is a fictitious person, or a person not having capacity to contract, the holder may treat the instrument, at his option, either as a bill of exchange or a promissory note.

Historical: Laws 1903, 380, Sec. 130.

Referee in Case of Need.

Sec. 3588. The drawer of a bill and any indorser may insert thereon the name of a person to whom the holder may resort in case of need, that is to say, in case the bill is dishonored by non-acceptance or non-payment. Such person is called the referee in case of need. It is in the option of the holder to resort to the referee in case of need or not, as he may see fit.

Definition.

Sec. 3589. The acceptance of a bill is the signification by the drawee of his assent to the order of the drawer. The acceptance must be in writing and signed by the drawer. It must not express that the drawee will perform his promise by any other means than the payment of money.

Historical: Laws 1903, 380 Sec. 132.

Acceptance on Bill May Be Required.

Sec. 3590. The holder of a bill presenting the same for acceptance may require that the acceptance be written on the bill, and if such request is refused, may treat the bill as dishonored.

Historical: Laws 1903, 380, Sec. 133.

Acceptance on Separate Paper.

Sec. 3591. Where an acceptance is written on a paper other than the bill itself, it does not bind the acceptor except in favor of a person to whom it is shown and who, on the faith thereof, receives the bill for value.

Historical: Laws 1903, 380, Sec. 134.

Promise to Accept Before Drawing.

Sec. 3592. An unconditional promise in writing to accept a bill before it is drawn is deemed an actual acceptance in favor of every person who, upon the faith thereof, receives the bill for value.

Historical: Laws 1903, 380, Sec. 135.

Time in Which to Accept.

Sec. 3593. The drawee is allowed twenty-four hours after presentment in which to decide whether or not he will accept the bill; but the acceptance, if given, dates as of the day of presentation.

Historical: Laws 1903, 380, Sec. 136.

Failure to Return Bill Deemed an Acceptance.

Sec. 3594. Where a drawee to whom a bill is delivered for acceptance destroys the same, or refuses within twenty-four hours after such delivery, or within such other period as the holder may allow.

to return the bill accepted or non-accepted to the holder, he will be deemed to have accepted the same.

Historical: Laws 1903, 380, Sec. 137.

When Bill May Be Accepted.

Sec. 3595. A bill may be accepted before it has been signed by the drawer, or while otherwise incomplete, or when it is overdue, or after it has been dishonored by a previous refusal to accept, or by non-payment. But when a bill payable after sight is dishonored by non-acceptance and the drawee subsequently accepts it, the holder, in the absence of any different agreement, is entitled to have the bill accepted as of the date of the first presentment.

Historical: Laws 1903, 380, Sec. 138.

General and Qualified Acceptance.

Sec. 3596. An acceptance is either general or qualified. A general acceptance assents without qualification to the order of the drawer. A qualified acceptance in express terms varies the effect of the bill as drawn.

Historical: Laws 1903, 380, Sec. 139.

When Acceptance Is General.

Sec. 3597. An acceptance to pay at a particular place is a general acceptance unless it expressly states that the bill is to be paid there only and not elsewhere.

Historical: Laws 1903, 380, Sec. 140.

When Acceptance Is Qualified.

Sec. 3598. An acceptance is qualified, which is:

1. Conditional, that is to say, which makes payment by the acceptor dependent on the fulfillment of a condition therein stated;
2. Partial, that is to say, an acceptance to pay part only of the amount for which the bill is drawn;
3. Local, that is to say, an acceptance to pay only at a particular place;
4. Qualified as to time;
5. The acceptance of some one or more of the drawees, but not of all.

Historical: Laws 1903, 380, Sec. 141.

Refusal or Acceptance of Qualified Acceptance.

Sec. 3599. The holder may refuse to take a qualified acceptance, and if he does not obtain an unqualified acceptance, he may treat the bill as dishonored by non-acceptance. Where a qualified acceptance is taken, the drawer and indorsers are discharged from liability on the bill, unless they have expressly or impliedly authorized the holder to take a qualified acceptance or subsequently assent thereto. When the drawer or an indorser receives notice of a qualified acceptance, he must within a reasonable time express his dissent to the holder, or he will be deemed to have assented thereto.

Historical: Laws 1903, 380, Sec. 142.

Presentment for Acceptance: When Necessary.

Sec. 3600. Presentment for acceptance must be made:

1. Where the bill is payable after sight, or in any other case where presentment for acceptance is necessary in order to fix the maturity of the instrument; or,

2. Where the bill expressly stipulates that it shall be presented for acceptance; or,

3. Where the bill is drawn payable elsewhere than at the residence or place of business of the drawee. In no other case is presentment for acceptance necessary in order to render any party to the bill liable.

Historical: Laws 1903, 380, Sec. 143.

Bill Must Be Presented or Negotiated.

Sec. 3601. Except as herein otherwise provided, the holder of a bill which is required by the next preceding section to be presented for acceptance must either present it for acceptance or negotiate it within a reasonable time.

If he fail to do so, the drawer and all endorsers are discharged.

1. Where a bill is addressed to two or more drawers who are not partners, presentment must be made to them all, unless one has authority to accept or refuse acceptance for all, in which case presentment may be made to him only.

2. Where the drawee is dead, presentment may be made to his personal representative;

3. Where the drawee has been adjudged a bankrupt or an insolvent or has made an assignment for the benefit of creditors, presentment may be made to him or to his trustee or assignee.

Historical: Laws 1903, 380, Sec. 145.

Same.

Sec. 3603. A bill may be presented for acceptance on any day on which negotiable instruments may be presented for payment under the provisions of Sections 3529 and 3542 of this title.

When Saturday is not otherwise a holiday, presentment for acceptance may be made before 12 o'clock noon on that day.

Historical: Laws 1903, 380, Sec. 146.

Lack of Time to Present Bill for Acceptance.

Sec. 3604. Where the holder of a bill drawn payable elsewhere than at the place of business or the residence of the drawee has not time, with the exercise of reasonable diligence, to present the bill for acceptance before presenting it for payment on the day that it falls due, the delay caused by presenting the bill for acceptance before presenting it for payment is excused, and does not discharge the drawers and indorsers.

Historical: Laws 1903, 380, Sec. 147.

Excuses for Failure to Present for Acceptance.

Sec. 3605. Presentment for acceptance is excused and a bill may be treated as dishonored by non-acceptance, in either of the following cases:

1. Where the drawee is dead, or has absconded or is a fictitious person or a person not having capacity to contract by bill;
2. Where after the exercise of reasonable diligence, presentment cannot be made;
3. Where although presentment has been irregular, acceptance has been refused on some ground.

Historical: Laws 1903, 380, Sec. 148.

Dishonor by Non-Acceptance.

Sec. 3606. A bill is dishonored by non-acceptance:

1. When it is duly presented for acceptance and such an acceptance as is prescribed by this title is refused or cannot be obtained; or,
2. Where a presentment for acceptance is excused and the bill is not accepted.

Historical: Laws 1903, 380, Sec. 149.

Same: Bill Must Be Treated as Dishonored.

Sec. 3607. Where a bill is duly presented for acceptance and is not accepted within the prescribed time, the person presenting it must treat the bill as dishonored by non-acceptance, or he loses the right of recourse against the drawer and indorsers.

Historical: Laws 1903, 380, Sec. 150.

Dishonor: Recourse Against Drawers.

Sec. 3608. When a bill is dishonored by non-acceptance, an immediate right of recourse against the drawers and indorsers accrues to the holders, and no presentment for payment is necessary.

Historical: Laws 1903, 380, Sec. 151.

Unaccepted Foreign Bill Must Be Protested.

Sec. 3609. Where a foreign bill appearing on its face to be such is dishonored by non-acceptance, it must be duly protested for non-acceptance, and where such a bill which has not previously been dishonored by non-acceptance is dishonored by non-payment, it must be duly protested for non-payment. If it is not so protested, the drawer and indorsers are discharged. Where a bill does not appear on its face to be a foreign bill, protest thereof, in case of dishonor, is unnecessary.

Historical: Laws 1903, 380, Sec. 152.

Form of Protest.

Sec. 3610. The protest must be annexed to the bill, or must contain a copy thereof, and must be under the hand and seal of the notary making it, and must specify:

1. The time and place of presentment;
2. The fact that presentment was made and the manner thereof;
3. The cause and reason for protesting the bill;

4. The demand made and the answer given, if any, or the fact that the drawee or acceptor could not be found.

Historical: Laws 1903, 380, Sec. 153.

Who May Make Protest.

Sec. 3611. Protest may be made by:

1. A notary public; or,
2. By any respectable resident of the place where the bill is dishonored, in the presence of two or more creditable witnesses.

Historical: Laws 1903, 380, Sec. 154.

When Protest Must Be Made.

Sec. 3612. When the bill is protested, such protest must be made on the day of its dishonor, unless delay is excused as herein provided. When a bill has been duly noted, the protest may be subsequently extended as of the date of the noting.

Historical: Laws 1903, 380, Sec. 155.

Place of Protest.

Sec. 3613. A bill must be protested at the place where it is dishonored, except that when a bill drawn payable at the place of business or residence of some person other than the drawee, has been dishonored by non-acceptance, it must be protested for non-payment at the place where it is expressed to be payable, and no other presentment for payment to, or demand on, the drawee is necessary.

Historical: Laws 1903, 380, Sec. 156.

Protest for Non-Acceptance and for Non-Payment.

Sec. 3614. A bill which has been protested for non-acceptance may be subsequently protested for non-payment.

Sec. 3615. Where the acceptor has been adjudged a bankrupt or an insolvent or has made an assignment for the benefit of creditors, before the bill matures, the holder may cause the bill to be protested for better security against the drawer and indorsers.

Historical: Laws 1903, 380, Sec. 158.

When Protest Is Dispensed With.

Sec. 3616. Protest is dispensed with by any circumstances which would dispense with notice of dishonor. Delay in noting or protesting is excused when the delay is caused by circumstances beyond the control of the holder and not imputable to his default, misconduct, or negligence. When the cause of delay ceases to operate, the bill must be noted or protested with reasonable diligence.

Historical: Laws 1903, 380, Sec. 159.

Sec. 3617. Where a bill is lost or destroyed, or is wrongly detained

from the person entitled to hold it, protest may be made on a copy or written particulars thereof.

Where a bill of exchange has been protested for dishonor by non-acceptance, or protested for better security, and is not overdue, any person not being a party already liable thereon, may, with the consent of the holder, intervene and accept the bill *supra* protest for the honor of any party liable thereon, or for the honor of the person for whose account the bill is drawn. The acceptance for honor may be for part only of the sum for which the bill is drawn, and where there has been an acceptance for honor for one party, there may be a further acceptance by a different person for the honor of another party.

Historical: Laws 1903, 380, Sec. 161.

Same: How Made.

Same: Notarial Act of Honor.

Sec. 3630. The notarial act of honor must be founded on a declaration made by the payee for honor or by his agent in that behalf declaring his intention to pay the bill for honor and for whose honor he pays.

Historical: Laws 1903, 380, Sec. 178.

Same: Different Holders: Title.

Sec. 3636. Where two or more parts of a set are negotiated to different holders in due course, the holder whose title first accrues is, as between such holders, the true owner of the bill. But nothing in this section affects the rights of a person who in due course accepts or pays the part first presented to him.

Historical: Laws 1903, 380, Sec. 179.

Same: Indorsement to Different Persons.

Same: Discharge.

3658. Private nuisance.
3659. When not a nuisance.

Section

3660. Liability of successive owners for continuing nuisance.
3661. Abatement does not preclude action.

Nuisance Defined

Sec. 3656. Anything which is injurious to health, or is indecent or offensive to the senses, or an obstruction to the free use of property, so as to interfere with the comfortable enjoyment of life or property, or unlawfully obstructs the free passage or use, in the customary manner, of any navigable lake, or river, stream, canal or basin, or any public park, square, street, or highway, is a nuisance.

Historical: Rev. St. 1887, Sec. 3620.

California Legislation: See Civ. Code 1872, Sec. 3439; "bay" inserted after "river", line 5; Deering's Code, ib.; Kerr's Code, ib.

Cross Reference: Similar provision in criminal law: Sec. 6910.

What Constitutes a Nuisance: When one constructs a ditch across a public street in such way as to render the

street unsafe or inconvenient for travel, and maintains the same without a bridge, he is guilty of maintaining a nuisance. *City of Lewiston v. Booth* (1893) 3 Ida. 692; 34 Pac. 809.

The herding of a large band of sheep near the homes of settlers, thereby creating an offensive smell, is a nuisance. *Sweet v. Ballentyne* (1902) 8 Ida. 431; 69 Pac. 995.

Public Nuisance.

Sec. 3657. A public nuisance is one which affects at the same time an entire community or neighborhood, or any considerable number of persons, although the extent of the annoyance or damage inflicted upon individuals may be unequal.

Historical: Rev. St. 1887, Sec. 3621.

California Legislation: Similar: Civ. Code 1872, Sec. 3480; same as amended: Deering's Code, ib.; Kerr's Code, ib.

Cross Reference: Booms or weirs so constructed as to prevent passage of logs constitute a public nuisance. Sec. 873. Maintenance of a public nuisance a misdemeanor: Sec. 6912.

Private Nuisance.

Sec. 3658. Every nuisance not included in the definition of the last section is private.

Historical: Rev. St. 1887, Sec. 3622.
California Legislation: Same: Civ.

Code 1872, Sec. 3481; Deering's Code, ib.; Kerr's Code, ib.

When Not a Nuisance.

Sec. 3659. Nothing which is done or maintained under the express authority of a statute can be deemed a nuisance.

Historical: Rev. St. 1887, Sec. 3623.

California Legislation: Same: Civ.

Code 1872, Sec. 3482; Deering's Code, ib.; Kerr's Code, ib.

Liability of Successive Owners for Continuing Nuisance.

Sec. 3660. Every successive owner of property who neglects to abate a continuing nuisance upon, or in the use of, such property, created by a former owner, is liable therefor in the same manner as the one who first created it.

Historical: Rev. St. 1887, Sec. 3624.

California Legislation: Same: Civ.

Code 1872, Sec. 3483; Deering's Code, ib.; Kerr's Code, ib.

Abatement Does Not Preclude Action.

Sec. 3661. The abatement of a nuisance does not prejudice the right of any person to recover damages for its past existence.

Historical: Rev. St. 1887, Sec. 3625.

California Legislation: Same: Civ.

Code 1872, Sec. 3484; Deering's Code, ib.; Kerr's Code, ib.

CHAPTER 2.

PUBLIC NUISANCES.

Section	Section
3662. Not legalized by prescription.	3666. Abatement by public body or officer.
3663. Remedies.	3667. Abatement by private person.
3664. Indictment or information.	
3665. Action by private person.	

Not Legalized by Prescription.

Sec. 3662. No lapse of time can legalize a public nuisance, amounting to an actual obstruction of public right.

Historical: Rev. St. 1887, Sec. 3630.

California Legislation: Same: Civ.

Code 1872, Sec. 3490; Deering's Code, ib.; Kerr's Code, ib.

No lapse of time can give a prescriptive right to maintain a nuisance. *City of Lewiston v. Booth* (1893) 3 Ida. 692; 34 Pac. 809.

Prescriptive Right Not Acquired:

Remedies.

Sec. 3663. The remedies against a public nuisance are:

1. Indictment or information;
2. A civil action; or,
3. Abatement.

Historical: Rev. St. 1887, Sec. 3631.

"Or information inserted on the authority of Laws 1889, 125, Sec. 4 (Code Sec. 7658).

California Legislation: Same: Civ.

Code 1872, Sec. 3491; Deering's Code, ib.; Kerr's Code, ib.

Application: This section makes no distinction as to the remedy to abate nuisances which are a crime per se and those which are not such a crime. *Redway v. Moore* (1892) 3 Ida. 312; 29 Pac. 104.

Indictment or Information.

Sec. 3664. The remedy by indictment or information is regulated by the Penal Code.

Historical: Rev. St. 1887, Sec. 3632. "Or information" inserted on the authority given in the note to the preceding section.

California Legislation: Same: Civ. Code 1872, Sec. 3492; Deering's Code, ib.; Kerr's Code, ib.

Action by Private Person.

Sec. 3665. A private person may maintain an action for a public nuisance if it is specially injurious to himself, but not otherwise.

Historical: Rev. St. 1887, Sec. 3633.

California Legislation: Same: Civ. Code 1872, Sec. 3493; Deering's Code, ib.; Kerr's Code, ib.

Private Actions: A private person may sue to abate or restrain the continuance of a public nuisance, provided he alleges and shows that such nuisance is especially injurious to himself. Thus a person whose property is rendered undesirable as a residence and thereby depreciated in value because of the maintenance of a house of prostitution in the neighborhood, may sue to enjoin the continued maintenance of the same as a nuisance. *Redway v. Moore* (1892) 3 Ida. 312; 29 Pac. 104. A private person who is especially injured by the maintenance of obstruction in a navigable

river may sue to abate the same. *Small v. Harrington* (1904) 10 Ida. 499; 79 Pac. 461. But a reasonable obstruction in a navigable stream, which merely impairs navigation but does not destroy it, cannot be enjoined at the suit of a private person. *Ib.*

Same—Pleading: A private person who sues to abate a public nuisance, must allege by positive averment in his complaint sufficient facts to show special injury to himself. *Redway v. Moore* (1892) 3 Ida. 312; 29 Pac. 104.

Res Adjudicata: The trial and acquittal of a party charged in criminal proceedings with the construction of a nuisance in a navigable stream, is not a bar to a civil action to enjoin the nuisance. *Small v. Harrington* (1904) 10 Ida. 499; 79 Pac. 461.

Abatement by Public Body or Officer.

Sec. 3666. A public nuisance may be abated by any public body or officer authorized thereto by law.

Historical: Rev. St. 1887, Sec. 3634.

California Legislation: Same: Civ.

Code 1872, Sec. 3494; Deering's Code, ib.; Kerr's Code, ib.

Abatement by Private Person.

Sec. 3667. Any person may abate a public nuisance which is specially injurious to him, by removing, or, if necessary, destroying, the thing which constitutes the same, without committing a breach of the peace, or doing unnecessary injury.

Historical: Rev. St. 1887, Sec. 3635.

California Legislation: Same: Civ.

Code 1872, Sec. 3495; Deering's Code, ib.; Kerr's Code, ib.

CHAPTER 3. PRIVATE NUISANCES.

Section

3668. Remedies for private nuisances.

3669. Abatement: When allowed.

Section

3670. Same: When notice is required.

Remedies for Private Nuisances.

Sec. 3668. The remedies against a private nuisance are:

1. A civil action; or,
2. Abatement.

Historical: Rev. St. 1887, Sec. 3640.

California Legislation: Same: Civ. Code 1872, Sec. 3501; Deering's Code, ib.; Kerr's Code, ib.

Cross Reference: Actions for nuisance: Sec. 4529.

Abatement, When Allowed.

Sec. 3669. A person injured by a private nuisance may abate it

by removing, or, if necessary, destroying, the thing which constitutes the nuisance, without committing a breach of the peace, or doing unnecessary injury.

Historical: Rev. St. 1887, Sec. 3641.		Code 1872, Sec. 3502; Deering's Code,
California Legislation: Same: Civ.		ib.; Kerr's Code, ib.

Same: When Notice Is Required.

Sec. 3670. Where a private nuisance results from a mere omission of the wrongdoer, and cannot be abated without entering upon his land, reasonable notice must be given to him before entering to abate it.

Historical: Rev. St. 1887, Sec. 3642.		Code 1872, Sec. 3503; Deering's Code,
California Legislation: Same: Civ.		ib.; Kerr's Code, ib.

INDEX TO POLITICAL AND CIVIL
CODES

INDEX TO POLITICAL AND CIVIL CODES

[This index is a condensation of so much of the General Index contained in Volume 2 as pertains to the Political and Civil Codes. Because of the bulk of this volume it has been found impossible to duplicate the General Index, or even to completely duplicate such portions thereof as apply to these Codes, as was originally intended. Therefore, this index is topical rather than sectional, classifying the sections only under their main topical heads, avoiding duplication, and "lumping" under a single line, the subject matter of an entire chapter or article, wherever practicable. Under the longer and more involved headings, as "Elections," "Negotiable Instruments," "Roads," "Schools," etc., the full index is preserved. The use of the General Index in Volume 2, in preference to this one, is recommended when both volumes are at hand.]
